COMMITTEE MEETINGS

The committee meetings were each held prior to the Board of Regents meeting via teleconference as follows:

- Academic Affairs November 6, 2017 2:00 p.m. CST
- Planning and Construction November 7, 2017 10:30 a.m. CST
- Finance and Audit November 9, 2017 10:30 a.m. CST

ACADEMIC AFFAIRS COMMITTEE

Committee Members

Regent Jaime Garza, Committee Chair; Regent Rossanna Salazar; Regent Veronica Edwards

Call to Order

The Academic Affairs Committee of the Texas State University System was called to order on November 6, 2017 at 2:05 p.m. CST by Committee Chair Jaime Garza. The meeting was held telephonically.

Present

Regent Jaime Garza, Committee Chair; Regent Rossanna Salazar; Regent Veronica Edwards

Also Present

Dr. John Hayek, Vice Chancellor for Academic Affairs; Mr. Mike Wintemute, Deputy Vice Chancellor for Marketing and Communications; Ms. Carole Fox, System Director of Audits and Analysis; Ms. Carol Treadway, Director of Administration; various component campus representatives

Absent

None

Discussion Items

Committee Chair Jaime Garza called on Dr. John Hayek to present the agenda items.

Dr. Hayek presented LU: New Mission Statement. The committee approved the item to be taken to the full Board.

Dr. Hayek presented TXST: The 2017-2023 University Plan. The committee approved the item to be taken to the full Board.

Dr. Hayek presented LIT: New Environmental Technology Certificate Level I. The committee approved the item to be taken to the full Board.

Dr. Hayek presented LIT: New Child Care and Development Certificate Level I. The committee approved the item to be taken to the full Board.

Dr. Hayek presented LIT: New Child Care Administrator's Certificate Level II. The committee approved the item to be taken to the full Board.

Dr. Hayek presented TSUS: Certified Enrollment Report. The committee approved the item to be taken to the full Board.

Dr. Hayek presented SRSU: SRSU - Rio Grande College Castroville Campus. This item was informational only, no action was taken.

Dr. Hayek presented TSUS: Preliminary Enrollment Report. This item was informational only, no action was taken.

Dr. Hayek presented TSUS: Chancellor's Fellows Updates. This item was informational only, no action was taken.

Dr. Hayek presented TSUS: Christmas Mountains Update. This item was informational only, no action was taken.

Dr. Hayek presented TSUS: Online Education Report. This item was informational only, no action was taken.

Dr. Hayek briefly outlined the Consent Agenda items, which consisted of:

SHSU: Degree Title Change/CIP Code Change—Master of Arts in Band Conducting

SRSU: Transfer of the Department of Industrial Technology to the College of Agricultural and Natural Resource Sciences

TXST: Delete the Criminal Justice Baccalaureate Majors in Corrections and in Law Enforcement

LSC-O: Program Modification for CERT Able Bodied Seaman

LSC-PA: Creation of a New Academic Department – General Education and Developmental Studies Department

TSUS: Curriculum Changes

TSUS: Out-of-State/Out-of-Country Course Offerings

Adjournment

There being no further business before the Committee, Committee Chair Jaime Garza adjourned the meeting at 2:41 p.m. CST.

PLANNING AND CONSTRUCTION COMMITTEE

Committee Members

Regent Bill Scott, Committee Chair; Regent David Montagne; Regent Donna Williams

Call to Order

The Planning and Construction Committee of the Texas State University System was called to order on November 7, 2017 at 10:35 a.m. CST by Committee Chair Bill Scott. The meeting was held telephonically.

Present

Regent Bill Scott, Committee Chair

Also Present

Regent Rossanna Salazar; Student Regent Kaitlyn Tyra; Dr. Brian McCall, Chancellor; Mr. Peter Graves, Vice Chancellor for Contract Administration; Mr. Rob Roy Parnell, Associate Vice Chancellor for Facilities; Mr. Mike Wintemute, Deputy Vice Chancellor for Marketing and Communications; Mr. Daniel Harper, Deputy Vice Chancellor for Finance; Ms. Donna Bryce, Senior Contract Administrator; Ms. Carol Treadway, Director of Administration; various component campus representatives

Absent

Regent David Montagne; Regent Donna Williams

Discussion Items

Committee Chair Bill Scott called on Mr. Peter Graves to present the agenda items.

Mr. Graves presented SHSU: Approval of Master Plan Update. The committee approved the item to be taken to the full Board.

Mr. Graves presented TXST: Design Development Documents for Blanco Hall Renovations. The committee approved the item to be taken to the full Board.

Chancellor McCall made a comment that Regents Garza, Reaser, and Williams said that had they been able to attend the meeting, they would have been for Chair Salazar being re-elected and Vice-Chair Scott as well.

XX. MISCELLANEOUS

A walk-on item on the miscellaneous agenda was considered:

2018-17 TSUS: Resolution Honoring Dr. Roland K. Smith and Naming Him Vice Chancellor for Finance, *Emeritus*

Upon motion of Regent Salazar, seconded by Regent Scott, with all Regents voting aye, it was ordered that the attached Resolution honoring Dr. Roland K. Smith and naming Him Vice Chancellor for Finance, *Emeritus* is approved.

Resolution Honoring Dr. Roland K. Smith

WHEREAS, Dr. Roland K. Smith, a native Son of Texas, born in nearby Sweetwater and raised in Roscoe by his parents—Eva (nee Cliburn) of Denson Springs, a teacher (and cousin to the great pianist Van Cliburn), who taught him the enduring and edifying benefits of an education, and Kerby Smith, the son of a farmer and a gas station owner, who taught him the values of honesty and hard work; and,

WHEREAS, Dr. Roland K. Smith, was a Roscoe High School “Plowboy” and a baseball player of considerable skill, who received his B.B.A., M.B.A. (Management and Statistics) and Ph.D. (Educational Administration) from the University of Texas and his C.P.A. credential from the Texas State Board of Public Accountancy—earning the doctorate and C.P.A. certificate while working full-time and helping to raise a family; and,

WHEREAS, Dr. Roland K. Smith is a devoted and loving husband to Ruth (nee Miller), his wife of 47 years, whom he met at a drugstore in Roscoe; father to Kerby and Ambyr and her husband, Anthony Lostracco; and, grandfather to Parry Ann and Hutton Kate; and,

WHEREAS, Dr. Roland K. Smith, having served on the faculty at Alvin Junior College, is the third of four generations of teachers in his family, the first being his grandfather, who attended Southwest Texas Normal School; the second his mother, an alumna of Stephen F. Austin State Teacher’s College; and the fourth his daughter; and,

WHEREAS, Dr. Roland K. Smith has devoted his life and career to higher education, rising to the highest professional levels: Controller and Director of Administrative Services at the College of the Mainland in Texas City (13 years); Vice President for Business Affairs (14 years) and Interim President (2 years) at Austin Community College; and Vice President for Business Affairs (10 years) and Interim President (2 years) at Stephen F. Austin State University; and,

WHEREAS, Dr. Roland K. Smith, during his twelve-year tenure as Texas State University System Vice Chancellor for Finance, served with great distinction, providing principled leadership in both matters of finance and policy, such as: restructuring of the System’s debt, which yielded savings of over \$43 million; improvement of the System’s credit rating, effecting millions more in savings; instituting a “commercial paper” program; writing the investment policy; preparing and managing complex budgets; testifying before the Texas legislature; and serving on Texas Higher Education Coordinating Board Committees; and,

WHEREAS, Dr. Roland Smith possesses extraordinary abilities and qualities, including a brilliant mind and the ability to communicate his knowledge; deeply-imbedded ethical values and courage, speaking his mind when he believes something is wrong, even when he knows that silence is a safer course; an engaging and approachable personality, a dignified demeanor and temperament that reassures and encourages, always collegial and humorous, optimistic and compassionate; and wisdom borne of a lifetime of achievement and service to others;

NOW, THEREFORE, BE IT RESOLVED that the Board of Regents of the Texas State University System enthusiastically and unanimously adopt this Resolution, thanking Dr. Roland Smith, a gentleman of the first order and a proud Texan, who has dedicated his life to education and public service, for his loyalty and many contributions to the Texas State University System and to the State of Texas; for all who have known him are the better for it.

BE IT FURTHER RESOLVED that Dr. Roland K. Smith be hereby conferred and forever hold the title of "Vice Chancellor for Finance, *Emeritus*," together with all privileges and perquisites associated with such status in the Board's *Rules and Regulations*.

Adopted by the Board of Regents of the Texas State University System this seventeenth day of November, 2017 on the campus of Sam Houston State University in Huntsville, Texas.

2018-18 TSUS: Conferring of Regents' Professor Award

Upon motion of Regent Scott, seconded by Regent Amato, with all Regents voting aye, upon the recommendation of the Board of Directors of the Texas State University System Foundation and nomination by the university president, it was ordered that:

1. The Regents' Professor Award be conferred, in perpetuity, upon Gary W. Beall, Ph.D.
2. The Regents' Professor medallion be presented to him; that he have the right to wear such medallion at appropriate events; and that he be recognized as having received this award; and,
3. The attached resolution be adopted; presented to him; and forever recorded and preserved in the minutes of this Board of Regents.

Resolution designating Gary W. Beall as Regents' Professor

Whereas, the Board of Regents of the Texas State University System has determined that it would advance the cause of higher education in the State of Texas and contribute to the public good of the state to create the Office of *Regents' Professor*; and,

Whereas, the purpose of the Office is to recognize exceptional and outstanding members of the professoriate who have achieved excellence in teaching, research, publication, and community service; demonstrating in performance of their duties, an unwavering dedication to their students, universities, and communities; and,

Whereas, the Office of *Regents' Professor* is a lifetime designation bestowed by the Board of Regents upon tenured faculty members who have been acknowledged by their peers and students as exceptional, and recommended by the Texas State University System Foundation Board of Directors, the Chancellor, and the University President; and,

Whereas, Gary W. Beall, Ph.D., Professor of Chemistry and Biochemistry, came to Texas State University in 2001 following a successful career in government and industry; has served as Associate Dean for Research and Commercialization in the College of Science and Engineering; has played a key role in developing the university's Ph.D. program in Materials Science, Engineering and Commercialization and, as part of that program, team-teaches a two-course sequence on entrepreneurial skills with the McCoy College of Business Administration; and,

Whereas, Dr. Beall, is internationally recognized for his work on nuclear waste disposal; is recognized as an expert in wastewater treatment and is a pioneer in the field of polymer nanocomposites; has served as a distinguished adjunct professor at King Abdulziz University and actively collaborates with Al Farabi Kazakh National University in Kazakhstan and Suez Canal University in Egypt; has, during his time at Texas State University, published more than 120 peer-reviewed journal articles, two book chapters, one book, received 11 patents and secured \$4.5 million in external funding; and,

Whereas, Dr. Beall, has mentored numerous master's and doctoral students and has advised several successful business plan student teams at the world-renowned Rice business plan competition; has been recognized by Texas State University as International Professor, Formosa Professor and Presidential Fellow; has participated in dozens of committees within the university; and,

Whereas, Dr. Beall, by his qualities of service and character, has brought great honor to Texas State University, the Texas State University System, and the great State of Texas;

Now, Therefore Be It Resolved on this 17th day of November 2017, that Gary W. Beall, Ph.D., be designated a *Regents' Professor* and forever hold said title, including all honors, rights, and privileges appurtenant thereto.

2018-19 TSUS: Conferring of Regents' Student Scholar Award (Ananda Diener)

Upon motion of Regent Scott, seconded by Regent Amato, with all Regents voting aye, upon the recommendation of the Chancellor and nomination by the university president, it was ordered that:

1. The Regents' Student Scholar Award be conferred, in perpetuity, upon Texas State University student Ananda Diener;
2. The Regents' Scholar medallion be presented to her along with a scholarship of \$2,500; that she have the right to wear such medallion at graduation and other appropriate events; and that she be recognized at graduation as having received this award; and,
3. The attached resolution be adopted; presented to her; and forever recorded and preserved in the minutes of this Board of Regents.

Resolution designating Ananda Diener as Regents' Student Scholar

Whereas, Ananda Diener has excelled at the highest academic levels at Texas State University, achieving a perfect 4.00 cumulative grade point average as a double major in Chemistry and Biology; earning Dean's List status every semester; and receiving prestigious academic awards and scholarships, including the College of Science and Engineering Mariel M. Muir Endowed Science Scholarship and the Durrenberger Scholarship for Women in Science; being named Outstanding Chemistry Student each year since enrolling at Texas State University; and,

Whereas, Ananda Diener has exhibited commendable campus involvement and leadership in co-curricular activities, having served on the STEM Student Advisory Board, where she works to enhance the involvement of students in the STEM fields in campus and community projects, including STEM Fair Day at San Marcos High School; and,

Whereas, Ananda Diener has demonstrated outstanding campus and community volunteerism, including service as a Member of the Texas State University Chapter of the American Chemical Society, where she led activity booths in San Marcos and Austin during National Chemistry Week, coordinated and participated in the Bobcat Build community service project, and led activities for American Chemistry merit badge day for the Boy Scouts of America in Bastrop; and,

Whereas, Ananda Diener has earned the respect of her fellow students, professors, and the dean and senior administration at Texas State University, exhibiting intelligence, outstanding work ethic, enthusiasm for learning, caring for others, and commitment to service;

Now, Therefore Be It Resolved on this 17th day of November 2017, that Ananda Diener be hereby designated and forever hold the title of Regents' Student Scholar, for her exceptional academic achievements and her dedication to the service of others.

2018-20 TSUS: Conferring of Regents' Student Scholar Award (Kendra Ireland)

Upon motion of Regent Tinsley, seconded by Regent Amato, with all Regents voting aye, upon the recommendation of the Chancellor and nomination by the university president, it was ordered that:

1. The Regents' Student Scholar Award be conferred, in perpetuity, upon Sam Houston State University student Kendra Ireland;
2. The Regents' Scholar medallion be presented to her along with a scholarship of \$2,500; that she have the right to wear such medallion at graduation and other appropriate events; and that she be recognized at graduation as having received this award; and,
3. The attached resolution be adopted; presented to her; and forever recorded and preserved in the minutes of this Board of Regents.

Resolution designating Kendra Ireland as Regents' Student Scholar

Whereas, Kendra Ireland has excelled at the highest academic levels at Sam Houston State University, by achieving a perfect 4.00 cumulative grade point average in Chemistry, earning Dean's List and President's List accolades every semester; and receiving several prestigious academic awards and scholarships, including the REPSOL Student Innovation Award, the A.J. Koinm Best Freshman Essay Award, and, for three consecutive years, the Sam Houston State University Chemistry Scholarship; and,

Whereas, Kendra Ireland has exhibited commendable campus involvement and leadership in co-curricular activities, having served as a member of the national leadership honor society Sigma Alpha Pi, a member of Chi Alpha Christian Fellowship, a member of Sam Houston State University's Kats in Support of Shelters organization; serving as a teaching assistant in the university's undergraduate chemistry labs and as a student supervisor in the university's recreational sports center; and,

Whereas, Kendra Ireland, who graduated from high school in Maine as Salutatorian, has been recognized by the faculty of Sam Houston State University for her intelligence, diligence, time management skills and maturity; has been described by her teachers as goal-oriented, serious about her studies, and eager to receive feedback; and,

Whereas, Kendra Ireland has earned the respect of her fellow students, professors, and the dean and senior administration at Sam Houston State University, exhibiting intelligence, an exceptional work ethic, enthusiasm for learning, caring for others, and commitment to service;

Now, Therefore Be It Resolved on this 17th day of November 2017, that Kendra Ireland be hereby designated and forever hold the title of Regents' Student Scholar, for her exceptional academic achievements and her dedication to the service of others.

Chairman Salazar noted that the final item under the miscellaneous section has been moved to the end of the day's agenda.

XXI. CAMPUS UPDATE

Chairman Salazar called on Dr. Heather Thielemann to present a campus update for Sam Houston State University.

XXII. TSUS FOUNDATION UPDATE

Mr. Mike Wintemute, Executive Director of the Foundation, made a presentation to the Board regarding the current status of Foundation funds, awards and scholarships.

XXIII. CONSENT AGENDA

Chairman Salazar asked if there were any items that Regents wanted to remove from the Consent Agenda. No items were removed from the Consent Agenda.

2018-21 TSUS: Approval of Consent Agenda

Upon motion of Chairman Salazar, seconded by Regent Scott, with all Regents voting aye, it was ordered that all items in the Consent Agenda are approved.

XXIV. GENERAL MOTIONS

Chairman Salazar outlined one general informational item regarding the schedule of upcoming board meetings:

February 15-16, 2018	Lamar University
May 24-25, 2018	Texas State University – Round Rock Campus
August 16 -17, 2018	Austin
November 15 -16, 2018	Sam Houston State University

XXV. PUBLIC COMMENTS

Chairman Salazar called for public comments. There were no public comments.

XXVI. RECESS TO EXECUTIVE SESSION

Chairman Salazar recessed the Board to Executive Session at 12:04 p.m. CST in accordance with *Chapter 551* of the *Texas Government Code* to discuss legal, real estate and personnel issues.

XXVII. RECONVENE IN OPEN SESSION

The Board reconvened in open session at 1:35 p.m. CST on Friday, November 17, 2017. Upon reconvening, no action was taken on the miscellaneous item referenced above.

XXVIII. ADJOURNMENT

Chairman Salazar adjourned the meeting at 1:36 p.m. CST.

Attested by:
Brian McCall, Ph.D.
Chancellor and Secretary to the Board

CONSENT/APPENDIX

CONSENT – ACADEMIC AFFAIRS

SHSU: Degree Title Change/CIP Code Change—Master of Arts in Band Conducting

Sam Houston State University is authorized to implement the following changes in the School of Music (2060) within the College of Fine Arts and Mass Communication (08 1142) to be implemented September 1, 2018:

- 1) To change the title of the Master of Arts with a major in Band Conducting (50.0906.00) to a Master in Arts with a major in Band Studies; and
- 2) To change the CIP Code from 50.0906.00 (Conducting) to 50.0912 (Music Pedagogy).

Explanation

The Sam Houston State University School of Music requests to change the name of the Master of Arts in Band Conducting to Master of Arts in Band Studies. The proposed name change will align the intent of the degree's name and the major as a general Master's degree. This comes at the suggestion of our accrediting body, the National Association of Schools of Music (NASM). The previous name, which included the term "Conducting", implied and was confused as an applied conducting degree. The new name, which includes the term "Studies", better represents the pedagogical nature of the degree content. Consequently, the proposed name change more accurately reflects the focus of the program than does the current name. The name change does not involve changes to the content or delivery of the degree.

In conjunction with the requested title change, the School of Music also request a new CIP code classification from 50.0906.00 (Conducting) to 50.0912 (Music Pedagogy) for better alignment as per the reasons stated above.

SRSU – Transfer of the Department of Industrial Technology to the College of Agricultural and Natural Resource Sciences

Sul Ross State University is authorized to transfer the Department of Industrial Technology from the College of Education and Professional Studies to the College of Agricultural and Natural Resource Sciences.

Explanation

The Department of Industrial Technology is currently housed in the College of Education and Professional Studies. The department offers one degree: The Bachelor of Science degree in Industrial Technology [CIP Code: 15.0612.00]. There are currently twenty-three majors. In Summer, 2017, the Dean of the College of Agricultural and Natural Resource Sciences petitioned the President of the University to transfer the department to the college because of the strong service role Industrial Technology plays in the Agricultural Science major. The transfer strengthens the Industrial Technology program by integrating the degree into both the Animal Science and Natural Resource Management degrees. The University Administration requests authorization to transfer the Department of Industrial Technology to the College of Agricultural and Natural Resource Sciences.

TXST: Delete the Criminal Justice Baccalaureate Majors in Corrections and in Law Enforcement

Texas State University is authorized to close and phase-out the Bachelor of Science in Criminal Justice majors in Criminal Justice Corrections and in Criminal Justice Law Enforcement, retaining a single major in Criminal Justice.

Explanation

The School of Criminal Justice seeks to be on the forefront of preparing its graduates for an increasingly demanding and competitive job market where analytical and critical thinking skills are in high demand. In response to employer preferences for applicants who are well rounded and in possession of diverse skills and proficiencies, the School proposes a redesign of its baccalaureate curriculum to provide students with more opportunities to tailor their individual plans of study to personal interests and professional aspirations.

To better understand the labor market climate and the needed curriculum changes, an employer recruitment survey was administered during the Annual Criminal Justice Career Fair hosted by the School of Criminal Justice and Career Services held on February 9, 2016. Of the 21 participating agencies completing the survey, only three expressed a preference for the currently available criminal justice majors in the School.

With this survey information and discussions with an external review team during the School’s Academic Program Review, the faculty completed a curriculum review which concluded a restructure of the baccalaureate curriculum to offer only one major – the Bachelor of Science in Criminal Justice (B.S.C.J.) major in Criminal Justice, and to redesign this major to include a broad set of electives. Included in this Academic Program Review, was a faculty review of the currently available Criminal Justice baccalaureate degree programs in the state which revealed that most programs are available under the title “Criminal Justice.” Below is the list of Criminal Justice baccalaureate programs in Texas.

Texas Universities	Major Name	Degree(s)
Angelo State University	CRIMINAL JUSTICE	BA, BS
Lamar University	CRIMINAL JUSTICE	BA, BS
Midwestern State University	CRIMINAL JUSTICE	BSCJ
Prairie View A&M University	CRIMINAL JUST-JUVENILE JUSTICE	BSCJ

Sul Ross State University	CRIMINAL JUSTICE	BS
Sul Ross State University Rio Grande College	CRIMINAL JUSTICE	BS
Tarleton State University	CRIMINAL JUSTICE	BS

Tarleton State University	CRIMINAL JUSTICE ADMINISTRATION	BAAS
Texas A&M International University	LAW ENFORCEMENT	BSCJ
Texas A&M University-Central Texas	CRIMINAL JUSTICE	BS
Texas A&M University-Commerce	CRIMINAL JUSTICE	BACJ, BSCJ
Texas A&M University-Corpus Christi	CRIMINAL JUSTICE	BS
Texas A&M University-Kingsville	CRIMINAL JUSTICE	BA
Texas A&M University-Kingsville	CRIMINOLOGY	BS
Texas A&M University-San Antonio	CRIMINOLOGY AND CRIMINAL JUSTICE	BS
Texas A&M University-Texarkana	CRIMINAL JUSTICE	BSCJ
Texas Southern University	ADMINISTRATION OF JUSTICE	BS
Texas State University	CRIMINAL JUSTICE	BSCJ
Texas State University	CRIMINAL JUSTICE CORRECTIONS	BSCJ
Texas State University	CRIMINAL JUSTICE LAW ENFORCEMENT	BSCJ
Texas Woman's University	CRIMINAL JUSTICE	BA, BS
The University of Texas at Arlington	CRIMINOLOGY AND CRIMINAL JUSTICE	BA, BCRCJ
The University of Texas at Brownsville	CRIMINAL JUSTICE	BS
The University of Texas at Brownsville	CRIMINOLOGY AND CRIMINAL JUSTICE	BSCJ
The University of Texas at Dallas	CRIMINOLOGY	BS
The University of Texas at El Paso	CRIMINAL JUSTICE	BA
The University of Texas at San Antonio	CRIMINAL JUSTICE	BA
The University of Texas at Tyler	CRIMINAL JUSTICE	BS
The University of Texas of the Permian Basin	CRIMINAL JUSTICE	BS
The University of Texas of the Permian Basin	CRIMINOLOGY	BA
The University of Texas Rio Grande Valley	CRIMINAL JUSTICE	BSCJ
University of Houston-Clear Lake	CRIMINOLOGY	BS
University of Houston-Downtown	CRIMINAL JUSTICE	BAAS, BS
University of Houston-Victoria	CRIMINAL JUSTICE STUDIES	BS
University of North Texas	CRIMINAL JUSTICE	BS
University of North Texas at Dallas	CRIMINAL JUSTICE	BS
West Texas A&M University	CRIMINAL JUSTICE	BA, BS

The School therefore intends to phase out the major in Criminal Justice Corrections and the major in Criminal Justice Law Enforcement over the course of the next six years to allow current students the option of finishing their degree plan or changing to the restructured major in Criminal Justice. The Law Enforcement and Corrections majors will be closed to new students as of fall 2018, and then will be inactivated for all students effective summer 2024.

All Criminal Justice faculty were included in the decision to restructure and close the programs. No faculty or staff will be adversely affected by the closures, and no courses will be eliminated. All current students will be informed of their options during regular advising sessions this fall.

Lamar State College-Orange: Program Modification for CERT Able Bodied Seaman

Lamar State College-Orange is authorized to modify the certificate program for Able Bodied Seaman as outlined below.

Explanation

Change the name of the degree to Certificate in Ordinary Seaman/BST. This change is dictated by the Coast Guard due to its requirements for sea time. The degree titled as Able Bodied Seaman would require students to spend a specified time at sea, which LSC-O cannot accommodate at this time. Changing the degree name to Ordinary Seaman/BST eliminates the sea time requirement.

The name change does not affect the courses approved by the Regents on August 18, 2017.

- NAUT 1372 Seamanship I
- NAUT 1374 Basic Safety and Survival Training
- NAUT 1471 Introduction to Ships and Shipping
- NAUT 2274 Basic Stability and Ship Construction
- NAUT 2471 Terrestrial and Coastal Navigation

Prior to implementation in spring 2018, the college will notify the Texas Higher Education Coordinating Board.

LSC-PA: Creation of a New Academic Department – General Education and Developmental Studies Department

Lamar State College-Port Arthur is authorized to combine the Developmental Education, Liberal Arts, and Mathematics and Science Departments and create the General Education and Developmental Studies Department, effective immediately.

Explanation

Combining the Developmental Education, Liberal Arts, and Mathematics and Science Departments to create the General Education and Developmental Studies Department will place the responsibility for aligning the content and learning outcomes of developmental education courses with academic transfer courses under a single administrator. It will also make class scheduling more consistent and ensure that faculty, specialized classrooms, and laboratories are used efficiently. The Department Chair will be responsible for maintaining, revising, and evaluating the Academic Core Curriculum.

TSUS: Curriculum Changes

Recommendation

The proposed Course Additions, Deletions and Changes for the following Texas State University System components are approved.

COMPONENT	COURSE ADDITIONS	COURSE DELETIONS	COURSE CHANGES
Lamar University	3	2	1
Sam Houston State University	0	0	0
Sul Ross State University	0	0	3
Texas State University	0	0	0
Lamar Institute of Technology	0	0	0
Lamar State College – Orange	7	0	0
Lamar State College – Port Arthur	0	0	0
Sul Ross State University Rio Grande College	1	0	1

In accordance with the System *Rules and Regulations, Chapter III, Section 1.(10) Curriculum Matters, Subsection 1.(10)3 Course additions, deletions, and changes* shall be submitted to the Board of Regents for approval.

- (49) Assumes student enrolled in 1 course with travel expenses of \$3,375.00 and other expenses of \$774.00 for undergraduate students and \$924.00 for graduate students. Typical enrollment was in 1 course at a total cost of \$4,149.00 for undergraduate and \$4,299.00 for graduate students.

CONSENT – FINANCE AND AUDIT

TSUS: Operating Budget and Related Adjustments

Recommendation

The proposed Operating Budget and Related Adjustments for the Texas State University System components are approved.

Background

The Texas State University System *Rules and Regulations (Chapter III, Paragraph 1.32)* requires certain budget adjustments be submitted to the Board of Regents for approval.

Total Requested Budget Adjustments This Period	88,714

TSUS: Quasi Endowment Reports

Recommendation

The “Proposed Quasi Endowments” included in the accompanying Quasi Endowment Reports for The Texas State University System components are approved.

Background

Approval of the reports will establish the proposed quasi endowments as listed on the reports.

Sam Houston State University

TSUS: CONSENT: Ratification: Tuition Rates for Non-credit Courses at Lamar State College – Port Arthur, Lamar State College – Orange, Lamar Institute of Technology

1. The tuition rates for non-credit workforce education courses for the 2016-2017 academic year in the accompanying schedule titled “Non-Credit Workforce Education Courses 2016-2017” are ratified.
2. The Presidents of Lamar State College – Port Arthur, Lamar State College – Orange, and Lamar Institute of Technology are hereby delegated interim authority to establish tuition rates for the non-credit workforce education courses, subject to ratification by the Board of Regents at the November Board of Regents Meeting following the conclusion of the applicable academic year.

Explanation

Pursuant to the Texas Higher Education Coordinating Board’s Guidelines for Instructional Programs in Workforce Education (GIPWE), the Texas Higher Education Coordinating Board permits public two-year colleges to receive contact hour formula funding for students enrolled in approved non-credit workforce education courses that award Continuing Education Units (CEUs). Tuition for workforce continuing education courses offered for CEUs must be established by the institution's governing board.

The institution's board may delegate interim authority for establishment of tuition. However, the institution's board must at least annually ratify or approve any changes in tuition.

Delegation authority was authorized by the Board of Regents at the May 2016 Board of Regents Meeting for the 2016-2017 academic year.

TSUS: Investment Consultant Contract Extension

Texas State University and Sul Ross State University are authorized to execute an extension of the existing contracts for investment consultant services with Bayshore Capital Advisors.

Explanation

Pursuant to TSUS Investment Policy for Operating Funds and Endowment Funds, any initial, renewal or extension of an Investment Consultant contract must be made by order of the Board of Regents.

The current contracts for Investment Consultant services for Texas State University and Sul Ross State University expire on November 30, 2017.

Texas State University System Administration issued a Request for Proposal for System Investment Consultant Services in September 2017. The anticipated completion date of the solicitation is February 2018.

Authorization of an extension of the existing agreement allows System Administration to complete the solicitation without interruption in the operations at Texas State University and Sul Ross State University.

CONSENT – CONTRACTS

LU: Enrollment Management Contract with Ruffalo Noel Levitz to Provide Enrollment Management Consulting Services

Lamar University is authorized to enter into an Enrollment Management Contract (for a term of two years with three one-year renewal options) with Ruffalo Noel Levitz to provide enrollment management consulting services at a total cost not to exceed \$2,150,000.

Explanation

Lamar University will acquire the services of Ruffalo Noel Levitz to provide enrollment management consulting effective November 15, 2017.

The Enrollment Management Contract represents the most cost-effective approach to the procurement of enrollment consulting services.

Lamar University is requesting authorization to contract with Ruffalo Noel Levitz for consulting services for a maximum of five years.

Costs are broken down as follows: cost for the initial two-year period shall not exceed \$770,090 and cost for any subsequent one-year renewal option shall not exceed \$340,545 per renewal option. All costs associated with increase in services or products during the initial period and renewal options shall not exceed \$358,275, so that the total cost of the initial two-year period plus the three one-year renewal options shall not exceed \$2,150,000.

Lamar University will pay for the Contract with Designated University Funds.

AGREEMENT BETWEEN LAMAR
UNIVERSITY AND
RUFFALO NOEL LEVITZ, LLC

This Agreement to provide Enrollment Management Services (“Work”) is made and entered into effective as of November 15, 2017 (“Effective Date”) by and between Lamar University (“University” or “Client”), an Agency and Institution of Higher Education authorized under the laws of the State of Texas and Ruffalo Noel Levitz, LLC (“Contractor” or “RNL”).

In consideration of the mutual promises and covenants contained in the Agreement, University and Contractor agree as follows:

1. **TERM** – The initial term of this Agreement will be for two (2) year(s) and will begin on the Effective Date and expire December 1, 2019. University will have the option to renew this Agreement for three (3) additional one (1) year term(s) for a not to exceed amount of \$2,150,000 for the life of the contract, including the three additional one-year terms. University may extend the Contract up to 30 days, under the current Contract pricing, terms and conditions. Such extension must be submitted by the University to the vendor in writing not less than three (3) weeks prior to the end of the current Contract term. Prior to the end of the initial contract term, or during a 30 day agreed extension period, the parties may extend the contract up to an additional 60 days under the same or adjusted pricing, terms and conditions as agreed. In no event will the contract extend more than 90 days beyond the initial term.
2. **STATEMENT OF WORK** – Contractor agrees to perform the Work as more particularly described in the **Scope of Work** for attached and incorporated for all purposes.
3. **PERMITS AND LICENSES** – Contractor agrees to obtain and keep in effect all necessary permits, licenses and notices required for its performance under this Agreement, and will post or display in a prominent place the permits, licenses and notices as required by Applicable Laws.
4. **STANDARD OF PERFORMANCE** – Contractor agrees to use its best efforts, skill, diligence, judgment, and abilities to perform the Work in accordance with the standards specified in this Agreement, **Attachment A Scope of Work**, the highest standards of Contractor's business, and all Applicable Laws.
5. **PAYMENT TERMS** – University will pay for Work performed under this agreement in accordance with Texas Government Code; section 2251 “Prompt Payment”.
 - 5.1 No work shall commence until such time as a valid signed purchase order is received. Invoices that are submitted without a purchase order number and issued before the commencement of work will be subject to loss of payment.
 - 5.2 **The purchase order number must be on the invoice(s) or the invoice(s) will be returned to your company for revision, which will delay payment.**
 - 5.3 The amount due to Contractor will be paid upon receipt of an invoice that details the date of service, describes the Work performed, and provides supporting documentation relating to the

MEMBER THE TEXAS STATE UNIVERSITY SYSTEM

Work. The Contractor must sign the invoice and submit to University.

- 5.4 University, an agency of the State of Texas, is exempt from Texas Sales & Use Tax on the Work in accordance with Section 151.309, *Texas Tax Code*, and Title 34 *Texas Administrative Code* ("TAC") Section 3.322.
 - 5.5 Within ten calendar days after termination of this Agreement, Contractor will submit any outstanding invoice(s) ("Final Invoice(s)") to the University Department that ordered the Work, which will set forth all amounts due and remaining unpaid to Contractor and upon approval of the Final Invoice(s) by University, University will pay to Contractor the amount due.
 - 5.6 Notwithstanding any provision to the contrary, University will not be obligated to make any payment to Contractor if any one or more of the following conditions exist:
 - 5.6.1 Contractor is in breach or default under this Agreement; or
 - 5.6.2 Any part of the payment is attributable to Work, which is not performed in accordance with this Agreement provided; however, payment will be made as to the part attributable to Work, which is performed in accordance with this Agreement.
 - 5.7 No partial payment made will be or construed to be final acceptance or approval of that part of the Work to which the partial payment relates or relieve Contractor of any of its obligations under this Agreement.
 - 5.8 The acceptance of Final Payment(s) constitutes a waiver of all claims by Contractor except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice(s).
 - 5.9 Except for the obligation of University to pay Contractor certain amounts pursuant to the terms of this Agreement, University will have no other liability to Contractor or to anyone claiming through or under Contractor by reason of the execution or performance of this Agreement. Notwithstanding any obligation or liability of University to Contractor, no present or future agent, officer, director, employee, or regent of University or of the institutions comprising The Texas State University System, or anyone claiming under University, has or will have any personal liability to Contractor or to anyone claiming through or under Contractor by reason of the execution or performance of this Agreement.
6. **INDEPENDENT CONTRACTOR** – Contractor recognizes that it is engaged as an independent contractor and acknowledges that University has no responsibility to provide transportation, insurance, vacation or other fringe benefits normally associated with employee status. Contractor, in accordance with its status as an independent contractor, covenants and agrees that it will conduct itself consistent with that status, that it will neither hold itself out as, nor claim to be an officer, partner, employee or agent of University, and that it will not make any claim, demand or application to or for any right or privilege applicable to an officer, representative, employee or agent of University, including unemployment insurance benefits, social security coverage or retirement benefits. Contractor agrees to make its own arrangements for any fringe benefits as it may desire and agrees that it is responsible for all income taxes required by Applicable Laws. All of Contractor's employees providing the Work to University will be deemed employees solely of Contractor and will not be deemed for any purposes whatsoever employees, agents or borrowed servants of, acting for or on behalf of, University. No acts performed or representations, whether oral or written, made by Contractor with respect to third parties

will be binding upon University.

- 7. **LABOR RELATIONS** – Contractor agrees to take immediate and reasonable steps to continue its provision of the Work under this Agreement in the event of any labor dispute or other action involving its employees.
- 8. **INSURANCE** – Contractor, consistent with its status as an independent contractor, will carry, and will cause its subcontractors to carry, at least the following insurance in a form, with companies and in amounts (unless otherwise specified) as University may require:

- 8.1 workers' compensation insurance coverage for each of Contractor's employees employed on this project. Contractor must meet the statutory requirements of the Tex. Lab. Code, 401.011(44); and

- 8.2 Commercial General Liability and Property Damage Insurance limits of not less than:

Bodily Injuries (including accidental death)	\$1,000,000
Per Occurrence	\$1,000,000
Property Damage	\$1,000,000

- 8.3 Commercial Automobile Liability Insurance Limits, covering all owned, non-owned or hired automobiles of not less than:

Bodily Injuries (including accidental death)	\$1,000,000
Per Occurrence	\$1,000,000
Property Damage	\$1,000,000

- 8.4 Excess and/or Umbrella Liability \$1,000,000

- 8.5 Cyber and Privacy Insurance \$7,000,000
(network and information security coverage, including coverage for failure to prevent unauthorized access to, or use of, data containing private or confidential information of others.)

- 8.6 Such Insurance shall be primary and name The Texas State University System (TSUS), and Lamar University, their Regents and employees added as additional insureds. The additional insured status must cover completed operations as well. This is not applicable to the workers' compensation policy.

The workers' compensation and owners' protective liability policies will provide a waiver of subrogation in favor of the University.

- 8.7 Contractor will deliver to University:

- 8.7.1 Evidence, satisfactory to University, of the existence of all insurance promptly after the execution and delivery of this Agreement and prior to the performance or continued performance of any services to be performed by Contractor under this Agreement.

- 8.7.2 Additional evidence, satisfactory to University, of the continued existence of all insurance not less than thirty days prior to the expiration of any insurance. Insurance policies, with the exception of Workers' Compensation, will name and the evidence will reflect University as an Additional Insured and will provide that the policies will

not be canceled until after thirty days unconditional written notice to University.

8.8 The insurance policies required in this Agreement will be kept in force for the periods specified below:

8.8.1 Commercial General Liability Insurance, Commercial Automobile Liability Insurance, will be kept in force until receipt of Final Payment by University to Contractor; and

8.8.2 Workers' Compensation Insurance and Owner's Protective Liability Insurance will be kept in force until the Work has been fully performed and accepted by University in writing.

9. **ACCESS TO UNIVERSITY FACILITIES** – Contractor and its employees, permitted subcontractors and agents may access only the Areas and those University facilities that are necessary to perform Contractor's duties and obligations under this Agreement and will have no right of access to any other University facilities. Contractor and its Employees, permitted Subcontractors and Agents will not use any University equipment including computers, printers, typewriters, radios, televisions, telephones, desks, chairs, or other equipment, and will not disturb papers or other items on desks or in open drawers or cabinets located on University's premises.

10. **PRESENCE ON UNIVERSITY PREMISES** – Contractor agrees that it will ensure that all of its Employees, Subcontractors and Agents whose duties bring them upon University's premises will obey the rules and regulations that are established by University and TSUS and will comply with reasonable directions University's representatives may give to Contractor.

Contractor is responsible for acts of its Employees, Subcontractors and Agents while on University's premises. Accordingly, Contractor agrees to take all necessary measures to prevent injury and loss to persons and property located on University's premises. Contractor is responsible for all damages to persons or property caused by Contractor or any of its Employees, Subcontractors and Agents. Contractor will promptly repair, in accordance with the specifications of University, any damage that it, or of its Employees, Subcontractors and Agents, may cause to University's premises or equipment. On Contractor's failure to do so, University may repair the damage and Contractor will reimburse University promptly for any and all reasonable expenses incurred in connection with the repair. At its option, University may offset against all amounts due to Contractor any and all reasonable expenses incurred in connection with the repair.

11. **DEFAULT AND TERMINATION** – In the event of a material failure by Contractor to perform in accordance with the terms of this Agreement, University may terminate this Agreement at any time upon giving fifteen (15) days advance written notice to Contractor.

11.1 In addition, if at any time an involuntary petition of bankruptcy is filed against Contractor and not dismissed within thirty days, or if Contractor files a voluntary petition in bankruptcy, takes advantage of any insolvency law, or if a receiver or trustee is appointed and the appointment is not vacated within thirty days, University has the right to terminate this Agreement upon fifteen days advance written notice to Contractor, in addition to any other rights of any nature that University may have at law or in equity.

11.2 Either Party, without cause, may, terminate this Agreement and any Statements of Work at any time upon giving ninety calendar days advance written notice unless agreed in writing otherwise by the parties. Upon termination pursuant to this Section, Contractor is entitled to payment of an amount that will compensate Contractor for Work satisfactorily performed from the time of the last payment to

the termination date in accordance with this Agreement. University is not required to reimburse Contractor for any Work performed or expenses incurred after the termination date.

- 11.3 Termination under this Section does not relieve Contractor or any of its employees, subcontractors or agents from liability for violations of this Agreement or any other act or omission of Contractor.
- 11.4 University is entitled (but not obligated) to cure any default of Contractor and has the right to offset against all amounts due to Contractor any and all reasonable expenses incurred in connection with curative actions.
12. **INDEMNIFICATION** – Subject to the limitations of this Agreement, RNL shall defend, indemnify, and hold Client and its employees, owners, officers and directors harmless from any and all loss, damage, deficiency, claim, or liability arising out of or resulting from breach of its affirmative obligations under this Agreement, and any and all actions, suits, proceedings, demands, assessments, judgments, costs and expenses, including reasonable attorney fees, incident to the foregoing. To the extent permitted by Texas law, Client shall defend, indemnify, and hold RNL and its employees, owners, officers and directors harmless from any and all loss, damage, deficiency, claim, or liability arising out of or resulting from breach of its affirmative obligations under this Agreement, and any and all actions, suits, proceedings, demands, assessments, judgments, costs and expenses, incident to the foregoing.
13. **CONFIDENTIALITY AND SAFEGUARDING OF UNIVERSITY RECORDS; PRESS RELEASES; PUBLIC INFORMATION** – In completing the contracted work under this Agreement, Contractor may (1) create, (2) receive from or on behalf of University, or (3) have access to, records or record systems (collectively, "University Records"). Among other things, University Records may contain social security numbers, credit card numbers, or data protected or made confidential or sensitive by Applicable Laws. If University Records are subject to FERPA, (1) University designates Contractor as a University official with a legitimate educational interest in University Records, and (2) Contractor acknowledges that its improper disclosure or re-disclosure of personally identifiable information from University Records will result in Contractor's exclusion from eligibility to contract with University for at least five (5) years. Contractor represents, warrants, and agrees that it will: (1) hold University Records in strict confidence and will not use or disclose University Records except as (a) permitted or required by this Agreement, (b) required by Applicable Laws, or (c) otherwise authorized by University in writing; (2) safeguard University Records according to reasonable administrative, physical and technical standards (such as standards established by (i) the National Institute of Standards and Technology and (ii) the Center for Internet Security, as well as the Payment Card Industry Data Security Standards) that are no less rigorous than the standards by which Contractor protects its own confidential information; (3) continually monitor its operations and take any action necessary to assure that University Records are safeguarded and the confidentiality of University Records is maintained in accordance with all Applicable Laws, and the terms of this Agreement; and (4) comply with University's rules, policies, and procedures regarding access to and use of University's computer systems. At the request of University, Contractor agrees to provide University with a written summary of the procedures Contractor uses to safeguard and maintain the confidentiality of University Records.
- 13.1 **Notice of Impermissible Use.** If an impermissible use or disclosure of any University Records occurs, Contractor will provide written notice to University within one (1) day after Contractor's discovery of that use or disclosure. Contractor will promptly provide University with all information requested by University regarding the impermissible use or disclosure.
- 13.2 **Return of University Records.** Contractor agrees that within thirty days after the expiration or termination of this Agreement, for any reason, all University Records created or received from or on behalf of University will be (1) returned to University, with no copies retained by

Contractor; or (2), destroyed if return is not feasible. Twenty days before destruction of any University Records, Contractor will provide University with written notice of Contractor's intent to destroy University Records. Within five (5) days after destruction, Contractor will confirm to University in writing the destruction of University Records.

- 13.3 **Disclosure.** If Contractor has need to disclose any University Records to a subcontractor or agent, Contractor will first secure written permission from the University and then require the subcontractor or agent to comply with the same restrictions and obligations as are imposed on Contractor by this Agreement.
- 13.4 **Press Releases.** Except when defined as part of the Work, Contractor will not make any press releases, public statements, or advertisement referring to the Work or the engagement of Contractor as an independent contractor of University in connection with the Work, or release any information relative to the Work for publication, advertisement or any other purpose without the prior written approval of University.
- 13.5 **Public Information.** University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information under the Texas Public Information Act, Chapter 552, Texas Government Code. Contractor is required to make any information created or exchanged with the state pursuant to this contract that is not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state. The following format(s) shall be deemed to be in compliance with this provision: electronic files in Word, PDF, or similar generally accessible format.
- 13.6 **Termination.** In addition to any other termination rights set forth in this Agreement and any other rights at law or equity, if University reasonably determines that Contractor has breached any of the restrictions or obligations set forth in this Agreement, University may immediately terminate this Agreement without notice or opportunity to cure.
- 13.7 **Duration.** The restrictions and obligations under this Section will survive expiration or termination of this Agreement for any reason.
14. **COMPLIANCE WITH LAW** – Each Party shall comply, at its own cost and expense, with the provisions of all state, federal and local laws, ordinances, regulations and orders pertaining to this Agreement and performance of this Agreement; For clarity, both parties agree to abide by all requirements of HIPAA, ARRA, HITECH, FERPA and GLB with respect to all records, information and data governed by such laws, and as applicable to such party. Both Parties shall take all measures necessary to promptly remedy any violations, if any, of any such law, ordinance, rule, regulation or order. The Parties will use all commercially reasonable efforts to assist each other, to the extent required, in the compliance with state, federal and local laws, ordinances, regulations and orders (the “Laws”). If either party (the "Complying Party") requires information from the other party (the "Supplying Party") in order to comply with any federal, state or local law, ordinance, regulation or order; then the Supplying Party shall promptly, but no longer than twenty (20) calendar days, supply the required information following a reasonable request in writing, including by electronic mail. If the Complying Party requires and requests information in writing, with a reasonably adequate description, from the Supplying Party, including by electronic mail (the “Requested Information”) and the Supplying Party does not provide the Requested Information within twenty (20) calendar days after such request, then for purposes of this Agreement, the Complying Party shall not be deemed to be in breach of this Agreement as the result of any failure to comply with any Laws as a result of the Supplying Party’s failure or refusal to provide any Requested Information. To the extent that RNL secures pledges but Client does not fulfill and collect all such pledges secured by RNL and RNL is mandated by law to make payment to any governmental authority, or to the Client, as the result of any guarantee mandated by law (a “Government Mandate”), the Client shall reimburse, and hold RNL harmless from and against any

amounts RNL is required to pay to any governmental authority, or to the Client, pursuant to any Government Mandate. To the extent any particular contractual provisions are required to comply with the provisions of any state, federal and local laws, ordinances, regulations and orders pertaining to this Agreement and performance of this Agreement, if any, they will be set forth on either a Statement of Work, or one or more Regulatory Attachment or similar attachment, exhibit or addendum, executed by the Parties, attached either to this Agreement and incorporated here by this reference or to a Statement of Work. Contractor is aware of, fully informed about and in full compliance with its obligations with all applicable, federal, state and local, laws, regulations, codes, ordinances and orders and with those of any other body or authority having jurisdiction ("**Applicable Laws**"), including Title VI of the *Civil Rights Act of 1964*, as amended (42 USC 2000(D)), Executive Order 11246, as amended (41 CFR 60-1 and 60-2), *Vietnam Era Veterans Readjustment Act of 1974*, as amended (41 CFR 60250), *Rehabilitation Act of 1973*, as amended (41 CFR 60-741), *Age Discrimination Act of 1975*. (42 USC 6101 et seq.), *Non-segregated Facilities* (41 CFR 60-1), *Fair Labor Standards Act of 1938*, Sections 6, 7, and 12, as amended, *Immigration Reform and Control Act of 1986*, *Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals* (PL 95-507), *Americans with Disabilities Act of 1990* (42 USC 12101 et seq.), *Civil Rights Act of 1991*, *Occupational Safety and Health Act of 1970*, as amended (PL 91-596), *Immigration and Nationality Act* (8 *United States Code* 1324a) and all other applicable laws. Contractor represents and warrants that neither Contractor nor any firm, corporation or institution represented by Contractor, nor anyone acting for that firm, corporation or institution, (1) has violated the antitrust laws of the State of Texas, Chapter 15, *Texas Business and Commerce Code*, or federal antitrust laws, or (2) has communicated directly or indirectly the content of Contractor's response to University's procurement solicitation to any competitor or any other person engaged in a similar line of business during the procurement process for this Agreement.

15. COMPLIANCE WITH UNIVERSITY POLICIES – Contractor agrees to comply with all University Policies and Texas State University System Rules and Regulations including but not limited to the following and, at a minimum, shall apply to the Contractor's employees, subcontractors, and agents while on the Lamar University campus:

- a. On-campus driving and parking;
- b. Prohibition on smoking or tobacco use;
- c. Fire safety;
- d. Hazardous Materials;
- e. Drug-free workplace; and,
- f. Prohibition of sexual harassment, or harassment or discrimination race, color, religion, sex, age, disability, national origin, veteran status, sexual orientation or gender identity.

All University Policies and Procedures Statements may be viewed at <https://www.lamar.edu/faculty-staff/policies.html>

All Texas State University System Rules and Regulations may be viewed at <http://gato-docs.its.txstate.edu/jcr:cad6c26-5fbc-4e8d-87df-da945380ffdd/Rules%20Regs%20May%202017.pdf>

16. NONDISCRIMINATION - In their execution of this agreement, all contractors, subcontractors, their respective employees, and others acting by or through them shall comply with all federal, state, University and The Texas State University System policies and laws prohibiting discrimination, harassment, and sexual misconduct. Any breach of this covenant may result in termination of this agreement.

17. PERSONNEL; RESPONSIBILITY FOR INDIVIDUALS PERFORMING WORK; CRIMINAL BACKGROUND CHECKS

- 17.1 Contractor will provide representation that it has conducted the following background checks on its officers and managers dealing with or on the campus:
- 17.1.1 Sex offender and criminal history databases where the above individuals will be placed on the campus, working with or around students;
 - 17.1.2 Criminal history and credit history background checks where the above individuals will be handling money, informational technology, or other security- sensitive areas as determined by University;
 - 17.1.3 Contractor will determine on a case-by-case basis whether each individual assigned to perform the Work is qualified to provide the services.
Contractor will not knowingly assign any individual to provide services on University's premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses.
 - 17.1.4 Contractor will provide University a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University an updated certification letter each time there is a change in the individuals assigned to perform the Work.
18. **UNDOCUMENTED WORKERS** – The *Immigration and Nationality Act* (8 *United States Code* 1324a) ("Immigration Act") makes it unlawful for an employer to hire or continue employment of undocumented workers. The United States Immigration and Customs Enforcement Service has established the Form 1-9 Employment Eligibility Verification Form ("1-9 Form") as the document to be used for employment eligibility verification (8 *Code of Federal Regulations* 274a). Among other things, Contractor is required to: (1) have all employees complete and sign the 1-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the 1-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the 1-9 Form, and complete the certification portion of the 1-9 Form; and (4) retain the 1-9 Form as required by Applicable Laws. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, University may terminate this Agreement. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.
19. **EQUAL OPPORTUNITY** – Pursuant to Applicable Laws, Contractor represents and warrants that it is an equal opportunity employer and does not discriminate on the basis of race, color, religion, national origin, age, mental or physical disability, sexual orientation or gender identity.
20. **TAXES** – Contractor will pay when due all taxes or assessments applicable to Contractor. Contractor will comply with the provisions of all Applicable Laws related to taxes and taxing authority.
21. **INTENTIONALLY OMITTED**
22. **OWNERSHIP OF WORK PRODUCTS INCLUDING INTELLECTUAL PROPERTY** – Unless otherwise expressly provided in a Statement of Work all patents, copyrights, trademarks, service marks, trade dress, software, processes, materials, inventions, designs, code and works of authorship, including derivatives therefrom or thereof, ("IP") now owned by RNL and all IP, other than and excluding the Client Intellectual Property (defined below), resulting or arising from Services rendered under this

Agreement, including all derivatives therefrom or thereof, (collectively the “**RNL Intellectual Property**”) shall be and remain the sole and exclusive property of RNL. “**Client Intellectual Property**” means any IP now owned by Client or subsequently created or acquired by Client in a manner unrelated to this Agreement. “**Work Product**” means any IP created by RNL solely and exclusively for Client in the performance of this Agreement for the sole and exclusive, non-commercial, non-profit use by Client for its own direct benefit in connection with this Agreement. Unless otherwise expressly provided in a Statement of Work, RNL grants to Client a perpetual, royalty-free, non-exclusive, worldwide license to the Work Product, but not derivatives thereof nor of any RNL Intellectual Property, for Client’s, and Client’s affiliate’s, sole and exclusive, non-commercial, non-profit use of the Work Product for their own benefit (and not for the benefit of other non-affiliated third-parties). The parties acknowledge that RNL is willing to use the RNL Intellectual Property for the benefit of Client, but does not by this Agreement, forfeit or lose any right, title or control to, over or in any RNL Intellectual Property or derivatives thereof. Except for the limited license granted above, RNL does not and will not provide its services on a “work for hire” or “work made for hire” basis in connection with this Agreement, and Client acknowledges the same. Client represents and warrants that it will not reproduce, disclose or use RNL Intellectual Property for any purpose, or in any manner, other than as provided in this Agreement or authorized in writing in advance by RNL. RNL represents and warrants that it will not reproduce, disclose or use Client Intellectual Property for any purpose, or in any manner, other than in the performance of this Agreement or as provided in this Agreement or as authorized in writing in advance by Client. Notwithstanding anything to the contrary in this agreement, the Client retains ownership in all Client Intellectual Property, information and data provided to RNL by Client.

23. **PATENT, TRADEMARK, COPYRIGHT, AND OTHER INFRINGEMENT CLAIMS** – Contractor shall indemnify, save and hold harmless the University from and against claims of patent, trademark, copyright, trade secret or other proprietary rights, violations or infringements arising from University’s or Contractor’s use of or acquisition of any services or other items provided to University by Contractor or otherwise to which University has access as a result of Contractor’s performance under Agreement, provided that University shall notify the Contractor of any such claim within a reasonable time of University’s receipt of notice of any such claim. If Contractor is notified of any claim subject to this section, Contractor shall notify University of such claim within five business days of such notice. No settlement of any such claim shall be made by Contractor without University’s prior written approval. Contractor shall reimburse University for any claims, damages, losses, costs, expenses, judgments, or any other amounts, including, but not limited to, attorneys’ fees and court costs, arising from any such claim. Contractor shall pay all reasonable costs of University’s legal counsel and shall also pay costs of multiple counsel, if required, to avoid conflicts of interest.
24. **CONTRACTOR CONFLICT** – Contractor agrees that it will not at any time prior to or during the term of this Agreement, either directly or indirectly, use labor or materials that could or will create any difficulty with other contractors or labor engaged by Contractor or University or with any other party in the construction, maintenance or operation of University or any part thereof.
25. **ASSIGNMENT AND SUBCONTRACTING** – This Agreement is a personal service contract for the service of Contractor, except as specifically provided in Historically Underutilized Business Subcontracting Plan (“HSP”), attached, and incorporated for all purposes. RNL’s interest in this Agreement (including Contractor’s duties and obligations under this Agreement, and the fees due to Contractor under this Agreement) may not be subcontracted, assigned, delegated, or otherwise transferred to a third party, in whole or in part without the prior written consent of the University. Any attempt to do so will (a) not be binding on University; and (b) be a breach of this Agreement for which Contractor will be subject to all remedial actions provided by Applicable Laws, including Chapter 2161, *Texas Government Code*, and 34 TAC Chapter 20, §§20.101 -20.108. The benefits and burdens of this Agreement are assignable by University.

26. **TEXAS FAMILY CODE CHILD SUPPORT CERTIFICATION** – Pursuant to Section 231.006, *Texas Family Code*, Contractor certifies that it is not ineligible to receive the award of or payments under this Agreement and acknowledges that this Agreement may be terminated and payment may be withheld if this certification is inaccurate.
27. **ELIGIBILITY CERTIFICATIONS** – Pursuant to Sections 2155.004 and 2155.006, *Texas Government Code*, Contractor certifies that the individual or business entity named in this Agreement is not ineligible to receive the award of or payments under this Agreement and acknowledges that this Agreement may be terminated and payment withheld if these certifications are inaccurate.
28. **REPRESENTATIONS AND WARRANTIES BY CONTRACTOR** – Contractor warrants, represents, covenants, and agrees that it is duly organized, validly existing and in good standing under the laws of the state of its incorporation or organization and is duly authorized and in good standing to conduct business in the State of Texas, that it has all necessary power and has received all necessary approvals to execute and deliver this Agreement, and the individual executing this Agreement on behalf of Contractor has been duly authorized to act for and bind Contractor.
29. **PAYMENT OF DEBTS OR DELINQUENCY TO THE STATE OF TEXAS** – Pursuant to Sections 2107.008 and 2252.903, *Texas Government Code*, Contractor agrees that any payments owing to Contractor under this Agreement may be applied directly toward any debt or delinquency that Contractor owes the State of Texas or any agency of the State of Texas regardless of when it arises, until the debt or delinquency is paid in full.
30. **FRANCHISE TAX CERTIFICATION** – If Contractor is a taxable entity as defined by Chapter 171, *Texas Tax Code* ("**Chapter 171**"), then Contractor certifies that it is not currently delinquent in the payment of any taxes due under Chapter 171, or that Contractor is exempt from the payment of those taxes, or that Contractor is an out-of-state taxable entity that is not subject to those taxes, whichever is applicable.
31. **PRODUCTS AND MATERIALS PRODUCED IN TEXAS** – If Contractor will provide services under this Agreement, Contractor covenants and agrees that, in accordance with Section 2155.4441, *Texas Government Code*, in performing its duties and obligations under this Agreement, Contractor will purchase products and materials produced in Texas when the products and materials are available at a price and delivery time comparable to products and materials produced outside of Texas.
32. **LOSS OF FUNDING** – Performance by University under this Agreement may be dependent upon the appropriation and allotment of funds by the Texas State Legislature (the "**Legislature**"), allocation of funds by the Board of Regents of The Texas State University System (the "**Board**") or funding availability through a Sponsored Program Funding Agency. If the Legislature fails to appropriate or allot the necessary funds, the Board fails to allocate the necessary funds, or funding is not available through a Sponsored Program Funding Agency, then University will issue written notice to Contractor and University may terminate this Agreement without further duty or obligation hereunder. Contractor acknowledges that appropriation, allotment, and allocation of funds are beyond the control of University.

33. **LIMITATIONS** – In no event shall either party be liable for any special, consequential, exemplary, incidental or similarly designated damages arising out of or in connection with this Agreement. RNL’s liability for any alleged or actual breach of, or claims arising from or related to, this Agreement, or Services to be rendered hereunder, shall be limited as follows: (i) in the event any such liability or claim is covered by an insurance policy secured by RNL, then such liability or claim shall be limited to amount of coverage as determined by the issuer of such policy; and, (ii) in the event any such liability or claim is not covered by an insurance policy secured by RNL, then the liability and claims shall be limited to an amount equal to the amount of fees actually paid by Client to RNL hereunder; provided, however, that the foregoing clause (ii) is not intended, and shall not be deemed, to limit or restrict in any way any coverage or benefits provided under any applicable insurance policy secured by RNL. Client’s liability for any alleged or actual breach of, or claims arising from or related to, this Agreement, other than and excluding claims for payment or reimbursement for or related to Services actually rendered hereunder, shall be limited as follows: (i) in the event any such liability or claim is covered by an insurance policy secured by Client, then such liability or claim shall be limited to amount of coverage as determined by the issuer of such policy; and, (ii) in the event any such liability or claim is not covered by an insurance policy secured by Client, then the liability and claims shall be limited to an amount equal to the amount of fees actually paid by Client to RNL hereunder; provided, however, that the foregoing clause (ii) is not intended, and shall not be deemed, to limit or restrict in any way any coverage or benefits provided under any applicable insurance policy secured by Client. In no event shall RNL (a) be responsible for collection of any funds or pledges (as distinguished from gifts made by payment card) other than any reminder activity included as part of the Services, if any; (b) be responsible for collection of any gifts, other than (I) those gifts made by payment card as discussed above, and (II) any reminder or confirmation activity included as part of the Services, if any; or (c) have or assume any responsibility, custody or control over any Client funds. Notwithstanding the foregoing, in the event any funds are delivered to RNL in error, then such fund will be promptly forwarded to Client.
34. THE PARTIES ARE AWARE THAT THERE ARE CONSTITUTIONAL AND STATUTORY LIMITATIONS ON THE AUTHORITY OF UNIVERSITY (A STATE AGENCY) TO ENTER INTO CERTAIN TERMS AND CONDITIONS THAT MAY BE A PART OF THIS AGREEMENT, INCLUDING THOSE TERMS AND CONDITIONS RELATING TO LIENS ON UNIVERSITY’S PROPERTY; DISCLAIMERS AND LIMITATIONS OF WARRANTIES; DISCLAIMERS AND LIMITATIONS OF LIABILITY FOR DAMAGES; WAIVERS, DISCLAIMERS AND LIMITATIONS OF LEGAL RIGHTS, REMEDIES, REQUIREMENTS AND PROCESSES; LIMITATIONS OF PERIODS TO BRING LEGAL ACTION; GRANTING CONTROL OF LITIGATION OR SETTLEMENT TO ANOTHER PARTY; LIABILITY FOR ACTS OR OMISSIONS OF THIRD PARTIES; PAYMENT OF ATTORNEYS’ FEES; DISPUTE RESOLUTION; INDEMNITIES; AND CONFIDENTIALITY (COLLECTIVELY, THE "**LIMITATIONS**"), AND TERMS AND CONDITIONS RELATED TO THE LIMITATIONS WILL NOT BE BINDING ON UNIVERSITY EXCEPT TO THE EXTENT AUTHORIZED BY THE LAWS AND CONSTITUTION OF THE STATE OF TEXAS.
35. **ENTIRE AGREEMENT; MODIFICATIONS** – This Agreement supersedes all prior agreements, written or oral, between Contractor and University and will constitute the entire Agreement and understanding between the parties with respect to the subject matter of this Agreement. This Agreement and each of its provisions will be binding upon the parties and may not be waived, modified, amended or altered except by a writing signed by University and Contractor. No non-conforming terms of University’s purchase order, Statement of Work, request for proposal, bid request or other documentation shall control over the terms and conditions of this Agreement and all such documents are hereby amended and superseded.
36. **VENUE, GOVERNING LAW** – Travis County, Texas, will be the proper place of venue for suit on or in respect to this Agreement. This Agreement and all of the rights and obligations of the parties and

all of the terms and conditions will be construed, interpreted and applied in accordance with and governed by and enforced under the laws of the State of Texas. Nothing in this Agreement or any attachments hereto shall be construed as a waiver of the constitutional, statutory, or common-law rights, privileges, immunities or defenses of the parties.

37. **WAIVERS** – No delay or omission in exercising any right accruing upon a default in performance of this Agreement will impair any right or be construed to be a waiver of any right. A waiver of any default under this Agreement will not be construed to be a waiver of any subsequent default under this Agreement
38. **RIGHT TO AUDIT; INDEPENDENT AUDITS** – Contractor understands that acceptance of funds under this Agreement constitutes acceptance of the authority of the State of Texas Auditor's Office or any successor agency ("**Auditor**"), to conduct an audit or investigation in connection with those funds pursuant to Sections 51.9335(c), 73.115(c) and 74.008(c), *Texas Education Code*. Contractor shall cooperate with any authorized agents of the State of Texas and shall provide them with prompt access to all of the Work as requested. Contractor's failure to comply with this requirement shall constitute a material breach of Agreement and shall authorize University and the State of Texas to assess immediately appropriate damages for such failure. Contractor acknowledges and understands that the acceptance of funds under Agreement shall constitute consent to an audit by the State Auditor, Comptroller or other agency of the State of Texas. Contractor shall ensure that this paragraph concerning the State's authority to audit funds received indirectly by subcontractors through Contractor and the requirement to cooperate is included in any subcontract it awards. Furthermore, under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the State Auditor must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit.
39. **BINDING EFFECT** – Subject to the reservations stated in paragraph 35, this Agreement is binding upon and inures to the benefit of the parties and their respective permitted successors and assigns.
40. **APPOINTMENT** – University hereby expressly reserves the right from time to time to designate by notice to Contractor a representative to act partially or wholly for University in connection with the performance of University's obligations hereunder. Contractor will act only upon instructions from that representative unless otherwise specifically notified to the contrary.
41. **RECORDS** – Contractor agrees that University, or any of its duly authorized representatives, at any time during the term of this Agreement, will have access to, and the right to audit and examine, any pertinent books, documents, papers, and records of Contractor (such as sales receipts, salary lists, itemized expenses and disbursements, time reports, equipment charges, overtime reports, etc.), and related Contractor's charges incurred in its performance under this Agreement. Such records will be kept by Contractor for a period of four years after Final Payment under this Agreement. Contractor agrees to refund to University within thirty days of being notified by University of any overpayments disclosed by any audits.
42. **NOTICES** –Except as otherwise provided in this Section, all notices, consents, approvals, demands, requests or other communications provided for or permitted to be given under any of the provisions of this Agreement will be in writing and will be sent via registered or certified mail, overnight courier, confirmed facsimile transmission (to the extent a facsimile number is set forth below), or email (to the extent an email address is set forth below), and notice will be deemed given (i) if mailed, when deposited, postage prepaid, in the United States mail, (ii) if sent by overnight courier, one business day after delivery to the courier, (iii) if sent by facsimile (to the extent a facsimile number is set forth below), when transmitted, and (iv) if sent by email (to the extent an email address is set forth below), when received:

or other person or address as may be given in writing by University to Contractor in accordance with this Section.

43. **SEVERABILITY** – In case any provision of this Agreement, for any reason, will be held invalid or unenforceable in any respect, the invalidity or unenforceability will not affect any other provision of this Agreement, and this Agreement will be construed as if the invalid or unenforceable provision had not been included.
44. **ASSIGNMENT OF OVERCHARGE CLAIMS** – Contractor hereby assigns to University any and all claims for overcharges associated with this Agreement arising under the antitrust laws of the United States, 15 U.S.C.A., Sec. 1 et seq., or arising under the antitrust laws of the State of Texas, *Texas Business and Commerce Code*, Sections 15.01, et seq.
45. **ETHICS MATTERS, NO FINANCIAL INTEREST** – Contractor and its employees, agents, representatives and subcontractors have read and understand University's Conflicts of Interest Policy available at <http://facultystaff.lamar.edu/human-resources/policy-manual/hr-manual-sec2-23.html>. The Texas State University System Rules and Regulations, Chapter VIII, and applicable state ethics laws and rules, including Senate Bill 20 (84th Texas Legislature, 2015). Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University employees to violate University's Conflicts of Interest Policy. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this

Agreement.

46. **FORCE MAJEURE** – Except as otherwise provided, neither Contractor nor University, shall be liable to the other for any delay in, or failure of performance, of a requirement contained in this agreement caused by Force Majeure. The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed, provided the non-performing party exercises all reasonable due diligence to perform. “Force Majeure” is defined as acts of God, war, strike, fires, explosions, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome. Each party must inform the other in writing with proof of receipt within three (3) business days of the existence of such Force Majeure or otherwise waive this right as a defense.

47. **ALTERNATIVE DISPUTE RESOLUTION** – *The dispute resolution process provided for in Chapter 2260 of the Government Code shall be used, as further described herein, by University and Contractor to attempt to resolve any claim for breach of Contract made by Contractor:*
 - 47.1 Contractor’s claim for breach of Contract that the parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, subchapter B, of the Texas Government Code. To initiate the process:
 - 47.1.1 Contractor shall submit written notice, as required by subchapter B, to University’s representative.
 - 47.1.2 This notice shall specifically state that the provisions of Chapter 2260, subchapter B, are being invoked.
 - 47.1.3 A copy of the notice shall also be given to all other representatives of University and Contractor otherwise entitled to notice under the parties’ Contract.
 - 47.1.4 Compliance by Contractor with subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, subchapter C, of the Government Code.
 - 47.2 The contested case process provided in Chapter 2260, subchapter C, of the Government Code is Contractor’s sole and exclusive process for seeking a remedy for any and all alleged breaches of Contract by University if the parties are unable to resolve their disputes under subparagraph (A) of this paragraph.
 - 47.3 Compliance with the contested case process provided in subchapter C is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the Civil Practices and Remedies Code. Neither the execution of Contract by University nor any other conduct of any representative of University relating to Contract shall be considered a waiver of its defenses, privileges, immunities including its sovereign immunity to suit.
 - 47.4 The submission, processing and resolution of Contractor’s claim is governed by the published rules adopted by the Attorney General pursuant to Chapter 2260, as currently effective, hereafter enacted or subsequently amended.
 - 47.5 Neither the occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by Contractor, in either whole or in part.
 - 47.6 The designated individual responsible on behalf of University for examining any claim or counterclaim and conducting any negotiations related thereto as required under §2260.052 of

the Texas Government Code shall be University's representative named herein.

48. **CAPTIONS** – The captions of sections and subsections in this Agreement are for convenience only and will not be considered or referred to in resolving questions of interpretation or construction.
49. **INTENTIONALLY OMITTED**
50. **NOTICES TO CAMPUS** – At no time shall the Contractor send notices, by email or other methods, to campus staff, other than direct correspondence related to specific projects, without the express written approval from the Office of Procurement and Strategic Sourcing.
51. **PARKING** – Information regarding parking and fees may be viewed at <http://universitypolice.lamar.edu/parking/index.html>.
52. In accordance with Texas Education Code Section 51.9335 (h), any Contract for the acquisition of goods and services to which an institution of higher education is a party, a provision required by applicable law to be included in the Agreement or Contract is considered to be a part of the executed Agreement or Contract without regard to:
 - 52.1 Whether the provision appears on the face of the Agreement or Contract; or
 - 52.2 Whether the Agreement or Contract includes any provision to the contrary.
53. **Ethics Provision:** Ruffalo Noel Levitz, LLC acknowledges that the Texas Government Code, Section 2261.251(a) and 2261.252 require an initial determination in this higher education contract that no Texas State University System Regent, the Chancellor, Vice Chancellor and General Counsel, the University President or Director of Procurement has a 1% interest (or other interest prohibited by law) in ___or any affiliated company. The Parties also assert that this Agreement complies with Texas Government Code, Section 2252.908 which requires a business entity to submit a Disclosure of Interested Parties (Disclosure), as prescribed by the Texas Ethics Commission, to the government entity (University) at the time the signed contract (or amendment) is submitted. Within 30 days after the Disclosure is filed, the University will file a copy of the Disclosure with the Texas Ethics Commission.
54. Pursuant to Texas Government Code, Section 2270.002, RNL represents and warrants that: 1) it does not boycott Israel; and 2) will not boycott Israel during the term of the Agreement.
55. **Covered Information Security**
 - A. RNL acknowledges that it may obtain Covered Information (defined below) during the performance of the Agreement. “**Covered Information**” shall mean any personally identifiable financial information that is not publicly available, including but not limited to, social security numbers, credit information and payment card information such as account and card numbers, verification numbers, and expiration dates, whether in paper, electronic or other form, that is obtained, handled, accessed or maintained by RNL on behalf of Client, or exchanged between Client and RNL, in the performance of this Agreement.
 - B. Both parties will implement and maintain a data security plan to protect Covered Information in accordance with the then current Payment Card Industry Data Security Standard (“**PCIDSS**”), including Quarterly Network Scans.
 - (i) The parties agree that when a party is processing, storing, caching and initiating or engaging in transmission of Covered Information on such party's network, or servers located on such party's network, that party is responsible for maintaining compliance with the PCIDSS and other pertinent statutes and regulations applicable to Covered Information.

- (ii) The parties agree further that to the extent that a party's employees, contractors and agents are handling or processing Covered Information in any form, that party is responsible for maintaining compliance with the PCIDSS and other pertinent statutes and regulations applicable to such Covered Information.
- (iii) RNL shall provide Client with information concerning such safeguards implemented and maintained to protect Covered Information as Client may reasonably request.
- (iv) The parties agree further that neither party shall have any obligations or responsibility regarding or related to the other party's facilities, network, servers or equipment, or the management of any of them.
- (v) RNL intends to make information available to Client by granting Client, and individuals designated by Client, with password restricted access to a RNL SFTP server and in the event any individual with such access ceases to be under the direction and control of Client then Client will notify RNL in writing of such event and RNL may require a modification in the password for such access.
- (vi) The parties agree to implement the following network and data security practices in connection with this Agreement:
 - a) Basic Security Actions: Each party will install and maintain a security device, firewall, controls or rules, that isolates, regulates and controls all of such party's facilities, network, servers and equipment used in connection with the Services ability to access, utilize or connect to or through the Internet. Each party will install and maintain anti-virus software on such party's servers and workstations used in connection with the Services. Each party will require either (1) require strong passwords to log on to any computer or server used in connection with the Services, or (2) tightly restrict the physical and network access any computer or server used in connection with the Services to only certain selected and clearly defined networks, servers and services. Strong passwords have a mix of letters and numbers or symbols. Each party will control access to the Internet from those specific servers, workstations and ports that are necessary for use in connection with the Services as necessary to conduct business, by installing and maintaining the firewall as provided above.
 - b) Access Regulation: To the extent a party has access to any call center workstations used to provide any Services, such party will not use, nor allow such call center workstations, to access any Internet location or site other than Client's approved payment processing site.
 - c) Databases: Neither party will store Payment Card Information in a database created and maintained exclusively through any RNL software.

C. In the event of a suspected or confirmed security breach involving Covered Information, both parties shall, to the maximum extent possible, take immediate action to limit the breach and shall immediately notify the other and any relevant financial institutions and payment card companies. Both parties shall, at its own cost, provide any relevant payment card company and the associated financial institution and their respective designees access to its facilities and all pertinent records to conduct a review of RNL's compliance with the PCIDSS requirements. Each of the parties agrees that it will fully cooperate with any reviews of its facilities and records provided for in this paragraph.

D. In the event either party fails to meet the obligations of this Section 15, then the party failing to meet such obligations hereby affirmatively waives all claims and rights it might otherwise have or assert against the other party to the extent such claims relate in any way to such failure.

E. For any Services requiring the direct receipt of Covered Information from third-parties by RNL,

Client will allow RNL to make use of an Online Giving Interface (“OGI”) for, and in connection with, such Services. Client may, at its election, make Client’s OGI available, or may implement an OGI from a list of vendors who provide such an interface that can be used with RNL’s current software, which list will be provided upon request. Client acknowledges that RNL’s recommended system design does not include storage of credit card information on any RNL server.

F. RNL will provide Client a copy of Attestation of compliance annually.

G. RNL will not utilize the University wireless infrastructure to transmit cardholder related data to services provided.

56. Changes in any Statement of Work or Change Orders must be presented to the Chancellor for his review and approval and will not exceed his authority.

THE FOLLOWING LIST OF ATTACHMENTS ARE INCORPORATED INTO THIS AGREEMENT BY REFERENCE. ANY DISCREPANCIES BETWEEN ATTACHMENTS AND AGREEMENT, AGREEMENT TERMS AND CONDITIONS WILL PREVAIL.

Statement of Work Agreement #1

1 OVERVIEW

This Statement of Work Agreement (“**SOW**”) describes services to be provided by Ruffalo Noel Levitz, LLC (“**RNL**”), to Lamar University (hereafter referred to as “**Client**” or “**University**,” and together with RNL referred to as the “**Parties**”) and is made pursuant to the November 15, 2017 Services Agreement between the Parties (“**Agreement**,” and collectively with this SOW the “**Agreement**”). In the event of any conflict or ambiguity between this SOW and the Agreement, the Agreement shall govern and control.

2 TERM

The term of this SOW starts on November 15, 2017 and ends on December 1, 2019 (“**Term**”).

Client will have the option to renew for up to three (3) renewal periods of one (1) year upon mutual written consent.

3 SERVICES

During the Term, RNL will provide the services below (“**Services**”):

- A. Two years of the Advanced FinAid Solutions is used to advise the Client regarding the formulation and implementation of financial aid awarding and packaging strategies designed to support new, first-year graduate student enrollment and revenue goals. This includes up to nine (9) service days per year, comprised of a mix of on-site consulting, data analysis, and telephone consulting. Specifically, for each academic year of service this includes:
 - i. An initial telephone or webinar conference with Client to discuss data set requirements;
 - ii. A historical analysis of Client enrollment trends;
 - iii. A competitor benchmarking study;
 - iv. A review of data collection requirements, and discussion to understand Client’s institutional goals, current financial aid strategies and operations, and other related enrollment practices;
 - v. An econometric (logistic regression) model to measure first-year graduate student price sensitivity and the impact of current awarding strategies and other factors on enrollment behavior. Note: Where insufficient data prevents the development of a stable predictive model, RNL will use descriptive univariate analysis to determine where pilot programs would help identify opportunities to use financial aid to increase enrollment and net tuition revenue or to further shape the class;
 - vi. Revenue optimization and awarding simulation testing to explore the impact of alternative awarding strategies on enrollment behavior and better evaluate the tradeoffs among aid expenditures, net tuition revenue, quality, and other first-year graduate student enrollment goals;
 - vii. An onsite or webinar consultation to assist with Client admission/financial aid goal setting and award strategy development, including presentation of RNL’s recommendations for specific policy changes;

- viii. Review of sample financial aid packages to be sure that the recommendations are being interpreted correctly; and
 - ix. Available for periodic phone conferences to track progress toward goals.
- B. Year one -An Enrollment Projection Model to assist Client in forecasting the impact of demographic changes on enrollment for new students, using demographic variables, Client data, and certain data supplied by RNL, including:
- i. Projections, by county in Client’s primary and secondary markets, of the size of the new first-year students class and Client’s expected share from each county;
 - ii. Projections for new transfer students based on the size of the market for prospective transfer students in each county; >>
 - iii. Projections for new first-year students and new transfer students will include:
 - a. Baseline with no change in market share;
 - b. "Best case" with increase in market share and likely trend in market size; and
 - c. "Worst case" with loss in market share and likely trend in market size.
- C. Year One- Recruitment Consulting (“Consulting”) with nine (9), two-day, on-site visits, and up to eighteen (18) service days comprised of a combination of travel, report generation, analysis, and telephone support, including:
- i. Assistance with the Client’s development of an annual marketing and recruitment plan;
 - ii. Ongoing strategy development and implementation assistance;
 - iii. Identification of custom enrollment strategies; and
 - iv. Staff training and development workshops, with the number and topics agreed to in writing by both parties in advance.
- D. Year Two- Strategic Enrollment Planning Consulting (“SEP Consulting”) to develop a strategic enrollment plan. SEP Consulting includes up to nine (9) visits on-campus and up to eighteen (18) service days comprised of a combination of travel, report generation, analysis, and telephone support. The SEP Consulting includes:
- i. Preparation, including organization for SEP and identification of key performance indicators, and data analysis of Client-provided enrollment and market data Strategy development and prioritization of potential SEP initiatives, including consideration of return on investment for each potential initiative;
 - ii. Enrollment goal setting and plan finalization; and
 - iii. Advising on plan implementation and modification.
- E. All Services purchased must be consumed within the Term. Any Services not consumed within the Term will be forfeited by Client.

4 CLIENT RESPONSIBILITIES

- A. The provision of Services by RNL is conditioned upon Client providing the following (“**Client Responsibilities**”):
- i. To provide the data requisite for the Services in a timely manner and in a form specified by RNL.
 - ii. Data received after the agreed upon deadline will impact RNL’s ability to complete the analyses and recommendations and an alternate delivery timeline will be developed.
 - iii. Updated or additional data received after analyses and reporting has begun may impact the

output, timing, and incur an additional Client expense;

- iv. RNL will not be required to deliver those components of the Solutions where data is not received from Client;
- v. To participate, coordinate and cooperate with RNL in all phone conferences, on-campus visits, and provide requested information;
- vi. That a reasonable number of revenue optimization scenarios will be run to support Client goals. Excessive scenarios may incur an additional Client expense;
- vii. That all financial aid goal setting, awarding, packaging, and net revenue decisions that are made are the Client's decisions;
- viii. To take full responsibility for the actual mailing, communication, goal setting, awarding, packaging, and net revenue decisions and their outcomes; and
- ix. That RNL shall not be responsible for reviewing or providing any advice regarding the Client's compliance with any Federal, state, or local statutes or regulations or athletic conference rules pertaining to financial aid programs.
- x. Identification of a person who will serve as the client's on-site lead for the project.
- xi. Timely coordination with RNL for implementation of Services.
- xii. A data file necessary for implementation of Services in the file format requested by RNL and in a timely manner.
 - a. If Client provides the data file in a format other than RNL's requested format, the Client will have the option to either (1) incur an additional fee upon mutual written agreement corresponding to the additional services required to manipulate the file, or (2) resend the data file in accordance with RNL's requested format.

- B. **Specific Representations and Warranties.** Client acknowledges that RNL is not responsible for reviewing or providing any advice regarding the Client's obligations under or compliance with any federal, state, or local laws or regulations or collegiate athletic rules pertaining to financial aid programs.

5 FEES & EXPENSES

- A. Client shall pay RNL \$372,750 (Three hundred seventy two thousand, seven hundred fifty dollars) for Services, pursuant to the payment schedule provided in this SOW.
- B. RNL is responsible for its travel expenses incurred within the scope of Services. If the Client requests additional travel pursuant to a Change Order, Client shall pay RNL for its necessary travel expenses. The University will pay for authorized travel related expenses in accordance with State of Texas Travel Guidelines.
- C. Sales tax is not included in the pricing and will be added where applicable unless an exemption certificate is provided to RNL. University, an agency of the State of Texas, is exempt from Texas Sales & Use Tax in accordance with Section 151.309, Texas Tax Code, and Title 34 Texas Administrative Code ("TAC") Section 3.322.

6 PAYMENT SCHEDULE

A. Client shall pay for Services in accordance with the following payment schedule:

Year 1:	<u>Amount</u>
<u>Payment due date</u>	
November 1, 2017	\$94,687
January 1, 2018	\$47,344
March 1, 2018	<u>\$47,344</u>
TOTAL YEAR 1	\$189,375

Year 2:	<u>Amount</u>
<u>Payment due date</u>	
November 1, 2018	\$91,687
January 1, 2019	\$45,844
March 1, 2019	<u>\$45,844</u>
TOTAL YEAR 2	\$183,375

B. Payment of amounts due following resolution of disputed billings and invoices, if any, are due thirty(30) days following resolution.

7 CLIENT INFORMATION

A. Client primary contact for SOW:

Deidra Mayer, Director for Strategic Implementation
4400 Martin Luther King Parkway
PO Box 10009
Beaumont, Texas 77710
Phone: 409.880.7870
Email: deidra.mayer@lamar.edu

B. Invoices shall be sent to the following address: Name: __

Title: _____

Address: _____

City, State, Zip: _____

Phone: _____

Email: _____

Client may revise the above contact information at any time upon written notice to RNL.

8 GENERAL PROVISIONS

A. **Amendments.** Any amendments to this SOW will require a Change Order ("CO") substantially similar to RNL's current standard CO form included in Appendix 1. No services are required to be rendered

or provided beyond the scope of services described in this SOW, without a CO or separate SOW.

- B. **Service Conditions.** If any of the Client Responsibilities or payment obligations described above (the “**Service Conditions**”) are not satisfied, then RNL may suspend provision of the Services and may terminate this SOW without penalty to RNL. Any decision by RNL to forego suspension or termination of this SOW in the event of an unsatisfied Service Condition shall not be construed as a waiver of RNL’s right to later terminate this SOW if the unsatisfied Service Condition remains uncured, or for any other unsatisfied Service Condition, all in RNL’s sole discretion.
- C. **Other Provisions.** If there is any conflict between the terms of this SOW and the Service Agreement, the terms of the Service Agreement shall govern and control. This SOW, the Service Agreement, and invoices arising under them (“**Relevant Documents**”) are the Parties' entire agreement relating to the subject matter of the Relevant Documents. Any modifications to the Relevant Documents or Change Orders must be in writing, signed by both Parties, and specifically reference this SOW. Obligations in the Service Agreement or this SOW which by their nature are continuing, shall survive termination or expiration of the Agreement. The Parties agree that additional, conflicting, or different terms on existing or future Client or third-party purchasing documents are expressly rejected and shall be void.
- D. **Electronic Business.** The Parties agree that this SOW may be manually-executed or executed using an electronic or digital signature. The Parties further agree that manually-executed counterparts may be delivered in faxed or scanned electronic form, each of which (whether originally executed or faxed or scanned electronically) will be deemed an original, and all of which together will constitute one and the same agreement.

Statement of Work Agreement #1 - Demand Builder

1 OVERVIEW

This Statement of Work Agreement (“**SOW**”) describes services to be provided by Ruffalo Noel Levitz, LLC (“**RNL**”) to Lamar University (hereafter referred to as “**Client**” or “**University**”, and together with RNL referred to as the “**Parties**”) and is made pursuant to the November 15, 2017 Services Agreement between the Parties (“**Agreement**,” and collectively with this SOW the “**Agreement**”). In the event of any conflict or ambiguity between this SOW and the Agreement, the Agreement shall govern and control.

2 TERM

The term of this SOW starts on November 15, 2017 and ends on December 1, 2019 (“**Term**”).

Client will have the option to renew for up to three (3) renewal periods of one (1) year upon mutual written consent.

3 SERVICES

- A. During the Term, RNL will provide the services described in Appendix 1 in the following quantities for up to 125,000 (One Hundred Twenty Five Thousand) Search Records (“**Services**”):

Program Inclusions	Quantity Per Program Year
Marketing Campaign to New Records Purchased	
Campaign Launches	4 to 6
Outreach Email Templates	2
Outreach Email Versions (2 series of 9 emails)	18
Outreach Email Dynamic Content for Affordability Messaging (Jr & Soph)	9
Outreach Email Versions (Srs)	5
Fulfillment Email Templates	1
Fulfillment Email Versions	5
Phone Campaign Launches	0
Calling Segments	0
Dedicated Calling Hours	0
Direct Mail Launches	4 to 6
Direct Mail Templates	1
Direct Mail Versions	2
Direct Mail Volume	100% with valid address
Text Message Reply Mechanism	Included
RNL Digital Advertising Impressions	1,000,000
Display Ad Templates for Digital Advertising	8
Display Ad Versions for Digital Advertising	Up to 3
Modeling Analytics	
Search Model (4 Distinct Markets)	1
ForecastPlus™ Inquiry to Enrollment Model	1
RNL Affordability Predictor	1
SMART Approach Model	0

Consulting, Reports & Support	
Campus Visits	Up to 2
Program Reporting	RNL Standard Reports
Program Management and Consulting	Included

Service Name	Qty Per Program Year
Standard Parent Affordability Packet-Creation & Design	1
Standard Parent Affordability Packet (Product/Fulfillment) (Qty Represents 1,000 Per Count)	20

- B. RNL manages the creative process as applicable to the Services in two (2) revision rounds before Client approval. A revision round is text and design change requests for any and all creative components communicated by Client to RNL, and then completed by RNL before the Campaign Launch. After these revision rounds and Client approval on text and design, Client-requested changes may be completed for an additional fee and based on RNL creative team availability, pursuant to a Change Order.
- C. To assist the Client in segmenting its scored data, RNL grants to the Client a non-exclusive and non-transferable license to use *ForecastPlus* during the Term of this SOW for internal purposes only.
- D. All Services purchased must be consumed within the Term. Any Services not consumed within the Term will be forfeited by Client.
- E. Definitions.
- i. **Search Records:** Student records purchased by Client through a third party such as College Board, National Research Center for College and University Admissions (NRCCUA), Act, Inc., and/or College Bound Selection Service (CBSS).
 - ii. Any terms or phrases undefined in this SOW shall have the meaning given them in the Agreement.

4 CLIENT RESPONSIBILITIES

- A. The provision of Services by RNL is conditioned upon Client providing the following (“**Client Responsibilities**”):
- i. Data necessary for the analysis and research components of the Services, in the format requested by RNL and in a timely manner.
 - ii. Client Materials necessary for the Services.
 - iii. Timely coordination with RNL for implementation of Services.
 - iv. Except to the extent otherwise expressly provided in this SOW or waived in writingsigned by both Parties, Client shall deliver Client Materials to an RNL provided SFTP server.
- B. RNL may use and provide additional data (the “Additional Data”) to augment Client’s data during the building of the historical models and the ranking of the Client database if such Additional Data proves to be predictive. The Additional Data is currently provided to RNL by a third-party vendor pursuant to a license agreement (the “Third Party Data License Agreement”). RNL does not make any guarantees or warranties, nor accepts any responsibility, regarding the accuracy or completeness of the Additional Data. In addition, RNL cannot assure Client that any or all of the Additional Data will continue to be available to RNL pursuant to the Third Party Data License Agreement. The Client agrees that Additional Data, provided by RNL, is confidential and may be only used within the United States and at Client’s facilities in the United States in accordance with the following:

- i. At the Zip+4 level in the clients direct marketing recruiting campaigns conducted in the United States.
- ii. Client may not sell or otherwise provide the Additional Data to any third party. Notwithstanding the foregoing, Client may provide the Additional Data to its third party contractors performing services on behalf of Client (at such third party contractors' facilities within the United States for use only within the United States); provided that prior to delivery of such Additional Data to such third party contractors, Client shall have obtained third party contractors' written agreement to: (a) hold the Additional Data in strict confidence; (b) use the Additional Data only in connection with such third party contractors' performance of services on behalf of Client as permitted herein; (c) not translate the information contained in the Additional Data into another format or language, or decompile or reverse engineer the information within the Additional Data, and (d) not sell, rent, or otherwise provide the Additional Data or any portion thereof to any third party.
- iii. Client may not use the Additional Data as a factor in establishing an individual's creditworthiness or eligibility for (i) credit or insurance, or (ii) employment.
- iv. All marketing communications shall (i) be devoid of any reference to any selection criteria or presumed knowledge concerning the intended recipient of such solicitation; (ii) comply with all applicable federal and state laws, rules, and regulations; and (iii) comply with all applicable privacy policies, ethical use, and Fair Information Practices published by the Direct Marketing Association.
- v. Client shall not use any Additional Data to advertise, sell, or exchange any products or services relating to illegal or illicit activities, including, without limitation, sexual products or services, illegal drug products or services, pornographic materials, weapons, or involving credit repair services.
- vi. Upon expiration or termination of this SOW, Client shall not be entitled to receive any additional Data from RNL, but may retain its then current copy of the Additional Data for Client's internal archival and/or historical purposes; provided, that in no event may Client use the Additional Data for any other purposes whatsoever. Further, Client shall maintain the Additional Data as confidential information subject to the terms and conditions of this SOW, the relevant portions of which shall continue to survive, and shall govern Client's obligations with respect to such limited use of the Additional Data.
- vii. Client strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information under the Texas Public Information Act, Chapter 552, Texas Government Code. RNL is required to make any information created or exchanged with the state pursuant to this contract, that is not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state. The following format(s) shall be deemed to be in compliance with this provision: electronic files in Word, PDF, or similar generally accessible format.

5 FEES & EXPENSES

- A. Client shall pay RNL \$314,340 (Three Hundred Fourteen Thousand, Three Hundred Forty Dollars and No Cents) for Services, pursuant to the payment schedule provided in this SOW.
 - i. All pricing is subject to adjustment based on any increase in any applicable minimum wage law, regulation, or policy, including without limitation: federal, state, provincial, and local laws, as well as Client policies or procedures applicable to wages (individually a "**Required Wage Increase**"). In the event of a Required Wage Increase, RNL may increase all pricing and fees based in any manner on wages, by an amount equal to the Required Wage Increase plus the reasonably estimated taxes imposed on such Required Wage Increase, in its discretion, and such increase shall be added to the total price as additional fees to be paid

by Client. RNL will provide written notice ninety (90) days prior to any increase.

- B. Client shall pay current US Postal Service rates for all postage charges incurred through delivery of the Services (“**Postage Fees**”). RNL’s good faith estimate of Postage Fees is \$30,500 (Thirty Thousand Five Hundred Dollars and No Cents) annually.
- C. Sales tax is not included in the pricing and will be added where applicable unless an exemption certificate is provided to RNL. University, an agency of the State of Texas, is exempt from Texas Sales & Use Tax in accordance with Section 151.309, Texas Tax Code, and Title 34 Texas Administrative Code (“TAC”) Section 3.322.
- D. RNL is responsible for its travel expenses incurred for Campus Visits within the scope of Services. If the Client requests additional Campus Visits pursuant to a Change Order, Client shall pay RNL for its necessary travel expenses for such Campus Visits. The University will pay for authorized travel related expenses in accordance with State of Texas Travel Guidelines.
- E. Client shall pay applicable vendors for fees it incurs for purchase of Search Records. RNL’s good faith estimate of such fees is \$52,500.00 (Fifty-Two Thousand Five Hundred Dollars and No Cents) annually.

6 PAYMENT SCHEDULE

- A. Client shall pay for Services and estimated Postage Fees in accordance with the following payment schedule:

Year 1

<u>Payment Due Date</u>	<u>Services Fees</u>	<u>Postage Fees</u>	<u>Total (Services + Postage) Fees</u>
November 1, 2017	\$78,585	\$15,250	\$93,835
January 1, 2018	\$39,293	\$7,625	\$46,918
March 1, 2018	<u>\$39,292</u>	<u>\$7,625</u>	<u>\$46,917</u>
TOTAL	\$157,170	\$30,500	\$187,670

Year 2

<u>Payment Due Date</u>	<u>Services Fees</u>	<u>Postage Fees</u>	<u>Total (Services + Postage) Fees</u>
November 1, 2018	\$78,585	\$15,250	\$93,835
January 1, 2019	\$39,293	\$7,625	\$46,918
March 1, 2019	<u>\$39,292</u>	<u>\$7,625</u>	<u>\$46,917</u>
TOTAL	\$157,170	\$30,500	\$187,670

- B. Annually, if the Postage Fees incurred by RNL is greater than the amount paid to RNL by Client, RNL will invoice Client for the remaining amount of Postage Fees. If the Postage Fees incurred by RNL is less than the amount paid to RNL by Client, RNL will refund the difference to Client.
- C. Payment of amounts due following resolution of disputed billings and invoices, if any, are due thirty (30) days following resolution.

7 CLIENT INFORMATION

- C. Client primary contact for SOW:

Deidra Mayer, Director for Strategic Implementation
4400 Martin Luther King Parkway

- D. Invoices shall be sent to the following address: Name: __
Title: _____
Address: _____
City, State, Zip: _____
Phone: _____
Email: _____

Client may revise the above contact information at any time upon written notice to RNL.

8 GENERAL PROVISIONS

- A. **Service Conditions.** If any of the Client Responsibilities or payment obligations described above (the “**Service Conditions**”) are not satisfied, then RNL may suspend provision of the Services and may terminate this SOW without penalty to RNL. Any decision by RNL to forego suspension or termination of this SOW in the event of an unsatisfied Service Condition shall not be construed as a waiver of RNL’s right to later terminate this SOW if the unsatisfied Service Condition remains uncured, or for any other unsatisfied Service Condition, all in RNL’s sole discretion.
- B. Specific Representations and Warranties.
- i. Client represents and warrants that:
 - a. It will adopt and maintain an appropriate privacy policy to which Client’s constituents will have reasonable access; and
 - b. It will only import, access, or otherwise use data for which all individuals have consented to receive correspondence (through any and all relevant methods (e.g., email, call, text)) from Client in connection with Client’s use of the Services.
 - ii. Client further represents and warrants the following regarding its use of email, if any, in connection with the Services:
 - a. It is the sole or designated “sender” (as such term is defined in the CAN-SPAM Act of 2003 and any rules adopted under such act (“CAN-SPAM”)) of any email message sent on Client’s behalf;
 - b. The “from” line of any email message sent by Client using the Services will accurately and in a non-deceptive manner identify Client’s organization, Client’s product, or Client’s service;
 - c. The “subject” line of any email message sent by Client using the Services will not contain any deceptive or misleading content regarding the overall subject matter of the email message;
 - d. It will include in any email message sent by Client using the Services, Client’s valid physical address, which may be a valid post office box meeting the registration requirements established by the United States Postal Service; and
 - e. It must include an opt-out mechanism as required by CAN-SPAM.
 - iii. Client further represents and warrants that:
 - a. It has a current privacy policy posted on all of its websites; and

- b. Its privacy policy addresses the use of user data by its service providers both in general and with regard to the specific remarketing and retargeting services including the use of cookies, tracking pixels, and web beacons.
- c. **Other Provisions.** If there is any conflict between the terms of this SOW and the Service Agreement, the terms of the Service Agreement shall govern and control. This SOW, the Service Agreement, and applicable invoices (“**Relevant Documents**”) are the Parties' entire agreement relating to the subject matter of the Relevant Documents. Any modifications to the Relevant Documents must be in writing, signed by both Parties, and specifically reference this SOW. Obligations in the Service Agreement or this SOW which by their nature are continuing, shall survive termination or expiration of the Agreement. The Parties agree that additional, conflicting, or different terms on existing or future Client or third-party purchasing documents are expressly rejected and shall be void.
- d. **Electronic Business.** The Parties agree that this SOW may be manually-executed or executed using an electronic or digital signature. The Parties further agree that manually-executed counterparts may be delivered in faxed or scanned electronic form, each of which (whether originally executed or faxed or scanned electronically) will be deemed an original, and all of which together will constitute one and the same agreement.

Appendix 1 to SOW (Description of Services)

A. Marketing Campaign to New Records Purchased

- i. **Campaign Launch:** Commencement of activities pursuant to the SOW designed to generate applicant interest in the Client.
 - a. RNL manages list purchase for each Campaign Launch on behalf of Client.
 - b. Creation of online inquiry form to capture responders.
 - c. RNL and Client will collaboratively determine the focus of each Campaign Launch, between high school student records.
- ii. **Outreach Email Template:** The design prototype for an **Outreach Email** or Outreach Email series.
 - a. **Outreach Email:** Emails sent with a call to action intended to generate applicant interest in the Client.
- iii. **Outreach Email Version:** An Outreach Email Template with specific outreach messaging (e.g., a nine (9) email series can have nine (9) versions of text in one (1) Outreach Email Template).
- iv. **Outreach Email Dynamic Content for Affordability Messaging (Jr & Soph):** Based on the Affordability Predictor Category of HIGH; Dynamic Content text providing detailed financial aid information are merged into the Outreach Emails.
 - a. **Dynamic Content:** Variable text content based on variable applicant and/or prospective applicant data.
- v. **Outreach Email Versions (Srs):** An Outlook Email Version specific to high school seniors.
- vi. **Fulfillment Email Template:** The design prototype for a **Fulfillment Email** or Fulfillment Email series.
 - a. **Fulfillment Email:** Emails sent in response to an action by an applicant or prospective applicant, with information intended to further generate applicant interest in the Client.
- vii. **Fulfillment Email Version:** A Fulfillment Email Template with specific fulfillment messaging (e.g., a six (6) email series can have six (6) versions of text in one (1) Fulfillment Email Template).
 - a. Fulfillment Emails to High School Juniors and Sophomores and targeted selection of non-responders.
 - b. Fulfillment Email to all responders for the purpose of thanking them for their response.
- viii. **Phone Campaign Launch:** Commencement of activities pursuant to the SOW designed to generate applicant interest in the Client by phone.
 - a. Phone Campaign Launches: one (1) for High School Juniors and one (1) for High School Seniors OR two (2) for High School Juniors, as determined by the RNL enrollment consultant based on Client goals and unique characteristics.
 1. RNL will run phone append process to append available phone numbers to records.
 2. All records with phone numbers are loaded into phone campaign: high propensity and moderate propensity with dedicated calling hours assigned to all records.
- ix. **Calling Segment:** Defined sets of applicant or prospective applicant data records grouped by one or more common attributes.
- x. **Dedicated Calling Hours:** The number of hours the RNL call center provides for calls after the Phone Campaign Launch.

- xi. **Direct Mail Launch:** Period of time in which **Direct Mail** is initiated to be printed and mailed.
 - a. **Direct Mail:** A letter, brochure, or postcard designed to communicate with applicants or prospective applicants. Direct mail is personalized and provides specific content relevant to the campaign.
- xii. **Direct Mail Template:** The design prototype for a Direct Mail piece.
- xiii. **Direct Mail Version:** A Direct Mail Template with specific text for a Direct Mail piece.
- xiv. **Direct Mail Volume:** The number of pieces of Direct Mail printed.
 - a. Direct Mail to records within the scope of the SOW, in the form of self-mailer brochure OR letter package.
 - 1. Specifications for letter package:
 - 8.5 x 11 letter and reply sheet
 - Data personalized on one side
 - Return BRE
 - Closed-face envelope
 - Mailing services
 - 2. Specifications for the self-mailer brochure:
 - Multi-panel color brochure on cover-weight stock
 - Data personalized on one side
 - Mailing services
- xv. **Text Message Reply Mechanism:** The opportunity for a student to reply to a Direct Mail piece and/or email, as applicable, by text message to Client.

B. Modeling Analytics

- i. **Search Model:** Logistic regression analysis from inquiry to application for market analysis that prioritizes four (4) geographic markets in a predictive model, and, when available to RNL, is based on three (3) years of historical Client data.
- ii. **ForecastPlus™ Inquiry to Enrollment Model:** A logistic regression analysis from inquiry to enrollment identifying a student's propensity to enroll at Client based on one (1) year of historical Client data.

C. Consulting, Reports & Support

- i. **Campus Visit:** A visit to the Client's campus to facilitate delivery of Services, including consulting, training, and/or delivery report reviews.
- ii. **Program Reporting:** Reporting on campaign progress and results during and after the campaign.
- iii. **Program Management and Consulting:** Services provided by RNL to manage the program details and provide training and relevant consulting.

D. Additional Services (if any and to the extent not defined above)

- i. **RNL Digital Advertising Impression:** A single display of an **Ad** on a webpage, mobile app, or other delivery medium.
 - a. Impressions of Targeted Display Advertising in the form of display marketing to new records. Matching new records for display advertising, **Geo-fencing** and **Retargeting**.
 - b. **Ad:** A digital advertisement designed for mobile, display, or social networks.
 - c. **Geo-fencing:** A mobile advertising strategy that targets a user's current location (based off of a phone's active GPS), and serves them Ads via mobile applications while they are in the geo-fenced location.

- d. **Retargeting:** Retargeting is an online advertising strategy that involves serving website visitors Ads based on their prior Internet use. For example, retargeting allows a college or university to advertise to individuals across the web that have previously visited select pages of their .EDU site. The strategy involves using cookies.
- e. **Targeted Display Advertising:** Matching individuals across devices to deliver Ads to them on the websites and social media outlets (including Facebook, and Instagram) that they visit.
- ii. **Display Ad Template For Digital Advertising:** Design prototype for digital Ads.
- iii. **Display Ad Version For Digital Advertising:** A Display Ad Template for Digital Advertising with specific text.
 - a. Display Ad Versions for Digital Advertising will be allocated as follows: Two versions for A/B testing purposes and the third version for Geo-fencing, if applicable.
- iv. **Standard Parent Affordability Packet:** Direct Mail to parents/families within the scope.
 - a. Specifications for the Parent Affordability Packet:
 1. 8.5 x 11 letter and insert
 2. Data personalized on one side
 3. Closed-face envelope
 4. URL for parents to request more information for their student
 5. Mailing Services

SHSU: Authorization to Purchase Real Estate Located at 1619 Sam Houston Avenue, Huntsville, Texas

Sam Houston State University is authorized to purchase the property located at 1619 Sam Houston Avenue, Huntsville, Texas, including seller's mineral interests, for a purchase price of \$257,000; subject to approval as to legal form by the Vice Chancellor and General Counsel.

EXPLANATION

The property is located immediately adjacent to property owned by Sam Houston State University and is in the long-term development area of the University as developed in the Campus Master Plan Update approved by the Board of Regents. (see map following)

The agreed upon purchase price of the property is \$257,000 and will be funded from designated tuition. The University obtained a professional appraisal that states an appraised value of \$215,000.

The property description is Huntsville Townsite (Commercial), Block 31, Lot 2, Acres.056 according to Walker County Appraisal District records. The metes and bounds description is on the following pages.

The University has no immediate plans for this property and will hold it in its current condition until appropriate use is identified and funding is available.

The form 1295 – Disclosure of Interested Parties – has been completed by the seller and received by the University.

PURCHASE AND SALE AGREEMENT

This Purchase and Sale Agreement is made and entered into as of the date of full and final execution below, by and between Sam Houston State University, a member of the Texas State University System (“Buyer”), and Vance Howard (“Seller”) with respect to the surface together with the building, permanent improvements, and any fixtures or equipment attendant to the operation of the building, and any mineral and/or royalty interests owned by the Seller of real property located at 1619 Sam Houston Avenue, Huntsville, Walker County, Texas, with legal descriptions as follows:

Huntsville Townsite (Commercial), Block 31, Lot 2, Acres .056, according to Walker County Appraisal District records (the “Property”).

RECITALS

Buyer agrees to purchase the Property, subject to Seller’s ability to convey indefeasible title to all fee simple interest in the Property, and Buyer’s acceptance of a survey, environmental assessment and title commitment provided by Walker County Title Company. The parties wish to document their agreement with respect to the sale of the Property.

IT IS AGREED:

1. Texas State University System Review and Approval. This Agreement is subject to and contingent upon the review and approval as to legal form of the Vice Chancellor and General Counsel and approval of the Texas State University System Chancellor and Board of Regents.

2. Recitals. All recitals set forth above are, by this reference, incorporated into and made a part of this Purchase and Sale Agreement.

3. Purchase and Sale. Seller hereby agrees to sell and convey the Property to Buyer by General Warranty Deed, and Buyer hereby agrees to purchase the Property, including all right, title, and interest in and to all improvements, easements and mineral rights including, without limitation, mineral, royalty and oil and gas rights, if any, owned by Seller.

4. Purchase Price; Payment; Closing. The purchase price for the Property shall be TWO HUNDRED FIFTY-SEVEN THOUSAND AND NO/DOLLARS (\$257,000) (the “Purchase Price”), paid in full in cash at closing. The sale of the Property shall close on or

before January 15, 2018 (the “Closing Date”). Real property taxes, utilities, and all other items commonly prorated in commercial real estate transactions shall be prorated as of the Closing Date.

5. **Earnest Money.** Buyer shall deposit TWO THOUSAND FIVE HUNDRED AND NO/DOLLARS (\$2,500) as earnest money with Walker County Title Company, within ten (10) business days of full execution of this Agreement and receipt of approvals required by paragraph one (1) above.

6. **Escrow; Title Insurance.** The sale shall be closed in escrow with Walker County Title Company in its offices at 1109 University Avenue, Huntsville, Texas 77340. At closing, Seller will execute and deliver to Buyer, at Seller’s expense, a General Warranty Deed, and affidavit acceptable to the title company as to tax status, and any other document required by this Agreement or the title company. Seller shall furnish to Buyer at Seller’s expense, an owner policy of title insurance (“Title Policy”) issued by Walker County Title Company in the amount of the Purchase Price, insuring marketable title to the Property in Buyer, subject only to those exceptions of record. Seller hereby covenants to remove before or at closing, any liens encumbering or any cloud on the title of the Property. Walker County Title Company shall issue a preliminary title report, and Buyer may terminate this Agreement without liability within twenty (20) days after receipt of such preliminary title report if Buyer objects to any matter of record appearing on such report.

7. **Expenses.** To the extent the following fee allocations do not contradict other terms of this Agreement, the closing cost and fees shall be apportioned as follows: Buyer shall secure, at Buyer’s expense, a survey and an environmental assessment of the property. Seller shall purchase the Title Insurance as provided in Paragraph 5 and pay the cost of deed preparation. Seller and Buyer shall each pay one-half of the escrow fee, and any transfer, excise or documentary stamp taxes.

8. **Possession.** Buyer shall be entitled to, and Seller shall surrender, possession of the Property on the Closing Date.

9. **Risk of Loss.** If, prior to transfer of legal title or possession of the Property to Buyer, any buildings or other improvements on the Property are fully or materially destroyed by fire or other casualty without fault of Buyer, Buyer may terminate this Agreement without

liability and receive a refund of any portion of the Purchase Price and/or earnest monies paid. If damage to the Property does not constitute material destruction of it, this Agreement will remain in effect, but the total Purchase Price shall be reduced by the dollar amount of the damage, as determined by appraisal by a disinterested third party as selected jointly by Seller and Buyer.

Until closing and funding, Seller must maintain with a qualified and rated insurance company fire and extended casualty insurance covering the building, other improvements, and all personal property of Seller on the premises for the full value of it.

10. Non-foreign Status. Seller is not a foreign person as that term is defined in Section 1445 of the Internal Revenue Code.

11. Dispute Resolution. If a dispute, or controversy, or claim arises out of or relates to this Agreement, the parties will make a good faith attempt to resolve the issues. If the dispute cannot be settled by the parties, the parties agree to follow the dispute resolution process in Chapter 2260 of the Texas Government Code.

12. Notices. All notices between the parties under this Agreement must be in writing are effective when hand-delivered, mailed by certified mail, return receipt requested, or sent by scanned e-mail to the addresses below:

1605 Sam Houston Avenue,
Huntsville, Texas

THE STATE OF TEXAS
COUNTY OF WALKER

I, the undersigned, JOE A. FULLER, Registered Professional Land Surveyor, do hereby certify that the following field notes represent a survey made on the ground of the following described tract or parcel of land situated in Walker County, Texas:

Being 0.641 acre of land, more or less, situated in Block 31, City of Huntsville, P. GRAY SURVEY, Abstract No. 24, Walker County, Texas and being all of the following tracts or parcels of land: (1) a called 0.502 acre tract as described in a Deed from Thomas R. Renfro to Wayne L. Rainwater, dated August 26, 1994 and recorded in Volume 232, Page 369, Official Records, and (2) a tract or parcel of land as described in a Deed from Chevron U.S.A., Inc. to Wayne L. Rainwater, dated May 15, 1991 and recorded in Volume 143, Page 828, Official Records, said two tracts being more definitely described as one contiguous tract of 0.641 acre as follows:

BEGINNING at the northwest corner of said Volume 143, Page 828, same being the intersection of the east right-of-way line of "Sam Houston Avenue (State Highway No. 75)" with the apparent south line of "16th Street", found "4" painted yellow, for the northwest corner of the herein described tract;

THENCE S89°39'09"E, with the north line of said Volume 143, Page 828 and the apparent south line of said 16th Street, for a distance of 75.80 feet to the northeast corner of said Volume 143, Page 828, same being the northwest corner of a tract or parcel of land as described in a Deed from Den O. Baird to the Sam Houston State Teachers College, dated December 20, 1962 and recorded in Volume 178, Page 692, Deed Records, found 1/2" iron rod for the most northerly northeast corner of the herein described tract;

THENCE S00°17'14"E, with the east line of said Volume 143, Page 828 and the west line of said Sam Houston tract, for a distance of 79.38 feet to the southeast corner of said Volume 143, Page 828, same being the southwest corner of said Sam Houston tract and also being the north line of said Rainwater 0.502 acre tract, found a 3/4" iron pipe for an interior corner of the herein described tract;

THENCE N89°44'36"E, with a north line of said 0.502 acre tract and the south line of said Sam Houston tract, for a distance of 23.94 feet to the northeast corner of said 0.502 acre tract, same being the northwest corner of a tract or parcel of land conveyed to Sam Houston State Teachers College in Volume 176, Page 285, Deed Records, found a 5/8" iron rod with an aluminum cap for the most easterly northeast corner of the herein described tract;

THENCE South, with the east line of said 0.502 acre tract, for a distance of 218.93 feet to its southeast corner, same being the west line of a tract or parcel of land as described in a Deed from the Texas Commission on Campus Ministry of the United Methodist Church, Inc. to the Board of Trustees of Texas Conference of United Methodist Church, dated January 31, 1975 and recorded in Volume 276, Page 539, Deed Records and also being the northeast corner of a tract or parcel of land as described in a Deed from Jerry Leon Channell to Travel N' More, dated March 24, 1984 and recorded in Volume 426, Page 680, Deed Records, found a 5/8" iron rod with an aluminum cap for the southeast corner of the herein described tract;

THENCE N89°43'30"W, with the south line of said 0.502 acre tract and the north line of said Travel N' More tract, for a distance of 100.14 feet to the southeast corner of said 0.502 acre tract, same being the northwest corner of said Travel N' More tract and also being the east right-of-way line of said Sam Houston Avenue, found a 5/8" iron rod with an aluminum cap for the southwest corner of the herein described tract;

PURCHASE AND SALE AGREEMENT

This Purchase and Sale Agreement is made and entered into as of the date of full and final execution below, by and between Sam Houston State University, a member of the Texas State University System (“Buyer”), and Wayne L. Rainwater (“Seller”) with respect to the surface together with the building, permanent improvements, and any fixtures or equipment attendant to the operation of the building, and any mineral and/or royalty interests owned by the Seller of real property located at 1605 Sam Houston Avenue, Huntsville, Walker County, Texas, with legal descriptions as follows:

Huntsville Townsite (Commercial), Block 31, Lot 3, 4 & 5, Acres 0.502; and
Huntsville Townsite (Commercial), Block 31, Lot 6, Acres 0.145, according to
Walker County Appraisal District records (the “Property”).

RECITALS

Buyer agrees to purchase the Property, subject to Seller’s ability to convey indefeasible title to all fee simple interest in the Property, and Buyer’s acceptance of a survey, environmental assessment and title commitment provided by Walker County Title Company. The parties wish to document their agreement with respect to the sale of the Property.

IT IS AGREED:

1. **Texas State University System Review and Approval.** This Agreement is subject to and contingent upon the review and approval as to legal form of the Vice Chancellor and General Counsel and approval of the Texas State University System Chancellor and Board of Regents.
2. **Recitals.** All recitals set forth above are, by this reference, incorporated into and make a part of this Purchase and Sale Agreement.
3. **Purchase and Sale.** Seller hereby agrees to sell and convey the Property to Buyer by General Warranty Deed, and Buyer hereby agrees to purchase the Property, including all right, title, and interest in and to all improvements, easements and mineral rights including, without limitation, mineral, royalty and oil and gas rights, if any, owned by Seller.

4. **Purchase Price; Payment; Closing.** The purchase price for the Property shall be NINE HUNDRED FIFTY THOUSAND DOLLARS (\$950,000) (the "Purchase Price"), paid in full in cash at closing. The sale of the Property shall close on or before January 15, 2018 (the "Closing Date"). Real property taxes, utilities, and all other items commonly prorated in commercial real estate transactions shall be prorated as of the Closing Date.

5. **Earnest Money.** Buyer shall deposit FIVE THOUSAND AND NO/DOLLARS (\$5,000) as earnest money with Walker County Title Company, within ten (10) business days of full execution of this Agreement and receipt of approvals required by paragraph one (1) above.

6. **Escrow; Title Insurance.** The sale shall be closed in escrow with Walker County Title Company in its offices at 1109 University Avenue, Huntsville, Texas 77340. At closing, Seller will execute and deliver to Buyer, at Seller's expense, a General Warranty Deed, and affidavit acceptable to the title company as to tax status, and any other document required by this Agreement or the title company. Seller shall furnish to Buyer at Seller's expense, an owner policy of title insurance ("Title Policy") issued by Walker County Title Company in the amount of the Purchase Price, insuring marketable title to the Property in Buyer, subject only to those exceptions of record. Seller hereby covenants to remove before or at closing, any liens encumbering or any cloud on the title of the Property. Walker County Title Company shall issue a preliminary title report, and Buyer may terminate this Agreement without liability within twenty (20) days after receipt of such preliminary title report if Buyer objects to any matter of record appearing on such report.

7. **Expenses.** To the extent the following fee allocations do not contradict other terms of this Agreement, the closing cost and fees, shall be apportioned as follows: Buyer shall secure, at Buyer's expense, a survey and an environmental assessment of the property. Seller shall purchase the Title Insurance as provided in Paragraph 5 and pay the cost of deed preparation. Seller and Buyer shall each pay one-half of the escrow fee, and any transfer, excise or documentary stamp taxes.

8. **Possession.** Buyer shall be entitled to, and Seller shall surrender, possession of the Property on the Closing Date.

9. **Risk of Loss.** If, prior to transfer of legal title or possession of the Property to Buyer, any buildings or other improvements on the Property are fully or materially destroyed by fire or other casualty without fault of Buyer, Buyer may terminate this Agreement without

liability and receive a refund of any portion of the Purchase Price and/or earnest monies paid. If damage to the Property does not constitute material destruction of it, this Agreement will remain in effect, but the total Purchase Price shall be reduced by the dollar amount of the damage, as determined by appraisal by a disinterested third party as selected jointly by Seller and Buyer.

Until closing and funding, Seller must maintain with a qualified and rated insurance company fire and extended casualty insurance covering the building, other improvements, and all personal property of Seller on the premises for the full value of it.

10. Non-foreign Status. Seller is not a foreign person as that term is defined in Section 1445 of the Internal Revenue Code.

11. Dispute Resolution. If a dispute, or controversy, or claim arises out of or relates to this Agreement, the parties will make a good faith attempt to resolve the issues. If the dispute cannot be settled by the parties, the parties agree to follow the dispute resolution process in Chapter 2260 of the Texas Government Code.

12. Notices. All notices between the parties under this Agreement must be in writing are effective when hand-delivered, mailed by certified mail, return receipt requested, or sent by scanned e-mail to the addresses below:

SHSU: Authorization to Purchase Real Estate Located at 710 University Avenue, Huntsville, Texas

Sam Houston State University is authorized to purchase the property located at 710 University Avenue, Huntsville, Walker County, Texas, 77320, together with any mineral interests in the property that may be owned by seller, for a purchase price of \$275,000; subject to approval as to legal form by the Vice Chancellor and General Counsel.

EXPLANATION

While this property is not in the long-term development area of the University as developed in the Campus Master Plan Update approved by the Board of Regents, its close proximity, size and price point are appropriate for supporting certain activities. (see location map on the following pages) The University plans to relocate the Natural History Museum, Horace Burke Library of Natural History Exploration and the Satellite Art Gallery that are currently housed in leased spaces. The resultant savings in lease expense will result in an ROI of approximately 2.5 years.

The property will be purchased using designated tuition at the agreed upon price of \$275,000. The Walker County Appraisal district states a market/appraised value of \$274,050.

The property description is Huntsville Townsite (Commercial), Block 58, Lot 1, Approximately 1.1 acres, according to Walker County Appraisal District records. A detailed property description can be found in the metes and bounds document on the following pages.

The form 1295 – Disclosure of Interested Parties – has been completed by the seller and received by the University.

PURCHASE AND SALE AGREEMENT

This Purchase and Sale Agreement is made and entered into as of the date of full and final execution below, by and between Sam Houston State University, a member of the Texas State University System (“Buyer”), and David Adickes. (“Seller”) with respect to the surface together with all permanent improvements including the sculpture located in the front of the building, and any fixtures or equipment attendant to the operation of the improvements, and any mineral and/or royalty interests owned by the Seller of the real property located at 710 University Avenue, Huntsville, Walker County, Texas, 77320 (the “Property”). The legal description of the entire Property as of the effective date of this document is:

Huntsville Townsite (Commercial), Block 58, Lot 1, approximately 1.1 acres, according to Walker County Appraisal District records (the “Property”).

RECITALS

Buyer agrees to purchase the Property, subject to Seller’s ability to convey clear title to all fee simple interest in the Property, and an acceptable survey. The parties wish to document their agreement with respect to the sale of the Property.

IT IS AGREED:

1. Texas State University System Review and Approval. This Agreement is contingent upon the review of the Vice Chancellor and General Counsel and approval of the Texas State University System Chancellor and Board of Regents.

2. Purchase and Sale. Seller hereby agrees to sell and convey the Property to Buyer by General Warranty Deed, and Buyer hereby agrees to purchase the Property including all right, title, and interest in and to all improvements, including the sculpture located in the front of the building, easements, and mineral rights including, without limitation, mineral, royalty and oil and gas rights, if any, owned by Seller.

3. **Purchase Price; Payment; Closing.** The purchase price for the Property shall be TWO HUNDRED SEVENTY FIVE THOUSAND DOLLARS (\$275,000) (the “Purchase Price”), paid in full in cash at closing. The sale of the Property shall close on or before January 15, 2018 (the “Closing Date”). Real property taxes, utilities, and all other items commonly prorated in commercial real estate transactions shall be prorated as of the Closing Date.

4. **Earnest Money.** Buyer shall deposit FIVE THOUSAND AND NO/DOLLARS (\$5,000) as earnest money with Walker County Title Company, within ten (10) business days of full execution of this Agreement and receipt of approvals required by paragraph one (1) above.

5. **Escrow; Title Insurance.** The sale shall be closed in escrow with Walker County Title Company in its offices at 1109 University Avenue, Huntsville, Texas 77340. At closing, Seller will execute and deliver to Buyer, at Seller’s expense, a General Warranty Deed, and affidavit acceptable to the title company as to tax status, and any other document required by this Agreement or the title company. Seller shall furnish to Buyer at Seller’s expense, an owner policy of title insurance (“Title Policy”) issued by Walker County Title Company in the amount of the Purchase Price, insuring marketable title to the Property in Buyer, subject only to those exceptions of record. Seller hereby covenants to remove before or at closing, any liens encumbering or any cloud on the title of the Property. Walker County Title Company shall issue a preliminary title report, and Buyer may terminate this Agreement without liability within twenty (20) days after receipt of such preliminary title report if Buyer objects to any matter of record appearing on such report.

6. **Expenses.** To the extent the following fee allocations do not contradict other terms of this Agreement, the closing cost and fees, if applicable, shall be apportioned as follows: Seller shall purchase the Title Insurance as provided in Paragraph 5 and pay the cost of deed preparation. Seller and Buyer shall each pay one-half of the escrow fee, and any transfer, excise or documentary stamp taxes.

7. **Possession.** Buyer shall be entitled to, and Seller shall surrender, possession of the Property on the Closing Date.

8. Risk of Loss. If, prior to transfer of legal title or possession of the Property to Buyer, any buildings or other improvements on the Property are fully or materially destroyed by fire or other casualty without fault of Buyer, Buyer may terminate this Agreement without liability and receive a refund of any portion of the Purchase Price and/or earnest monies paid. If damage to the Property does not constitute material destruction of it, this Agreement will remain in effect, but the total Purchase Price shall be reduced by the dollar amount of the damage, as determined by appraisal by a disinterested third party as selected jointly by Seller and Buyer.

Until closing and funding, Seller must maintain with a qualified and rated insurance company fire and extended casualty insurance covering the building, other improvements, and all personal property of Seller on the premises for the full value of it.

9. Non-foreign Status. Seller is not a foreign person as that term is defined in Section 1445 of the Internal Revenue Code.

10. Dispute Resolution. If a dispute, or controversy, or claim arises out of or relates to this Agreement, the parties will make a good faith attempt to resolve the issues. If the dispute cannot be settled by the parties, the parties agree to follow the dispute resolution process in Chapter 2260 of the Texas Government Code.

§ KNOW ALL MEN BY THESE PRESENTS,
COUNTY OF WALKER §

That the HUNTSVILLE INDEPENDENT SCHOOL DISTRICT, acting by and through its Board of Trustees whose mailing address is 441 FM 2821, Huntsville, Walker County, Texas 77340 (hereinafter called "Grantor"), in consideration of the sum of Ten & No/100 Dollars (\$10 00) and other good and valuable consideration in hand paid by DAVID ADICKES, whose mailing address is 2409 Kingston Street, Houston, Harris County, Texas 77019 (hereinafter called "Grantee"), the receipt of which is hereby acknowledged, and for which no lien, express or implied, is retained or shall exist, have GRANTED, SOLD and CONVEYED, and by these presents do GRANT, SELL and CONVEY unto the Grantee, all that certain property situated in Walker County, Texas, and described as follows:

FIRST TRACT:

BEING the same land and premises conveyed by Mrs Calhe F Young to Ishmael D Jackson and wife, Emma Lou Jackson, by Deed dated December 1, 1947, recorded in Volume 119, Page 414 of the Deed Records, Walker County, Texas, being all of Lot 499, Block 58, said Lot 499 having metes and bounds as follows.

BEGINNING at the Northeast corner of said Lot 499, Block No 58 on the West side of Avenue K (formerly Main Street)

THENCE West 173 feet to the Northwest corner of said Block on the East line of Avenue L,

THENCE South 66.9 feet to stake for corner,

THENCE East 173 feet to West line of Avenue K,

THENCE North 66 9 feet to the PLACE OF BEGINNING.

SECOND TRACT:

BEING the same land and premises conveyed by the City of Huntsville, Texas to Ishmael D Jackson and wife, Emma Lou Jackson, by Deed dated May 18, 1967, recorded in volume 206, Page 705 of the Deed Records, Walker County, Texas, and more particularly described by metes and bounds as follows

BEGINNING at the Northeast corner of Lot 499, Block 58, according to the map of the City of Huntsville, on the West side of Avenue K,

THENCE West with the North line of said Lot and Block to their Northwest corner on the East line of Avenue L,

THENCE North with the East line of Avenue L, 12-1/2 feet,

THENCE East parallel with the North line of said Block 58 to the West line of Avenue K,

THENCE South 12-1/2 feet to the PLACE OF BEGINNING

And being the same tracts of land described in a Deed dated February 12, 1971 from Ishmael D. Jackson and wife, Emma Lou Jackson to Huntsville Independent School District, recorded in Volume 233, Page 524 of the Deed Records, Walker County, Texas.

THIRD TRACT:

BEING all that certain lot, pieces and parcel of land lying and being designated as LOTS 500, 501 and 502, BLOCK 58, CITY OF HUNTSVILLE, P. GRAY LEAGUE, A-24, Walker County, Texas and having metes and bounds as follows:

BEGIN at the S E corner of Lot 502, Block 58, being the N W corner of the intersection of Main Street (Avenue K) and Milam Street (8th Street),

THENCE North with the West line of Main Street (Avenue K) 200-7/10 feet to a stake for corner at the S E corner of Lot 499,

THENCE West with South line of said last named lot, 225 feet, set stake for corner in East line of Jackson Street (Avenue L);

THENCE South with East line of said street 200-7/10 feet to the S W corner of Lot 502, Block 58, being the N E corner of the intersection of Jackson Street (Avenue L) and Milam Street (8th Street),

THENCE East with the South line of said lot and block 225 feet to the BEGINNING

And being the same tract of land described in Deed dated November 1, 1925 from T E Humphrey to the Huntsville Independent School District, recorded in Volume 68, Page 413 of the Deed Records, Walker County, Texas

together with all buildings, structures or other improvements located thereon or affixed thereto (the "Improvements"), and all of Grantor's right, title and interest in and to all easements, tenements, hereditaments, privileges and appurtenances in any way belonging to the land above described (the "Land") or Improvements, including, without limitation, (i) any land to the midpoint of the bed of any highway, street, road or avenue, open or proposed, in front of, abutting or adjoining the Land, (ii) any land lying in or under the bed of any creek, stream, bayou or river running through, abutting or adjacent to the Land, (iii) any riparian, appropriative, or other rights of Grantor appurtenant to the Land and relating to surface or subsurface waters, (iv) any strips, gores or pieces of property abutting, bounding or which are adjacent or contiguous to the Land, and (v) all easements, rights-of-way, rights of ingress or egress and reversionary interests benefitting the Land

This conveyance is made and accepted subject to (i) any and all restrictions, reservations, covenants, conditions, ordinances, easements, maintenance charges and the liens securing said charges, all mineral leases and outstanding mineral and royalty interests and all other matters, if any, affecting the property, premises or improvements conveyed herein and now of record in the Office of the County Clerk of said County, to the extent, but only to the extent, the same are now in force and effect and relate to said property, premises or improvements, (ii) all taxes, assessments for the year 2007 and all subsequent years and subsequent assessments for prior years due to change in land usage or ownership, which Grantee hereby assumes and agrees to pay, (iii) any and all laws, ordinances and governmental regulations now applicable to and enforceable against said property, premises or improvements, and (iv) all visible or apparent easements, encroachments and overlapping of improvements, if any

This conveyance is further made and accepted subject to the further covenant, consideration and condition is that the following restrictions shall in all things be observed, followed and complied with:

(a) *The above-described realty, or any part thereof, shall not be used in the operation of, or in conjunction with, any school or other institution of learning, study or instruction which discriminates against any person because of his race, color or national origin, regardless of whether such discrimination be effected by design or otherwise.*

(b) *The above described realty, or any part thereof, shall not be used in the operation of, or in conjunction with, any school or other institution of learning, study or instruction which creates, maintains, reinforces, renews or encourages, or which tends to create, maintain, reinforce, renew or encourage, a dual school system.*

These restrictions and conditions shall be binding upon Grantee, David Adickes, his heirs, personal representatives and assigns for a period of fifty (50) years from the date hereof; and in case of a violation of either or both of the above restrictions, the estate herein granted shall, without entry or suit, immediately revert to and vest in the Grantor herein and its successors, this instrument shall be null and void, and Grantor and its successors shall be entitled to immediate possession of such premises and the improvements thereon; and no act or omission upon the part of Grantor herein and its successors shall be a waiver of the operation or enforcement of such condition.

The restriction set out in (a) above shall be construed to be for the benefit of any person prejudiced by its violation. The restriction specified in (b) above shall be construed to be made for the benefit of any public school district or any person prejudiced by its violation.

With respect to the physical condition of the property covered hereby and included in this conveyance, it is conveyed by Grantor and accepted by Grantee in its present condition

TO HAVE AND TO HOLD the said premises, together with all and singular the rights, hereditaments and appurtenances there unto belonging unto the Grantee, his heirs, personal representatives, successors and assigns, forever, subject to the exceptions, easements, reservations, conveyances, conditions and limitations, if any, above set forth; and Grantor does hereby bind itself, its successors and assigns to WARRANT and FOREVER DEFEND all and singular the said premises unto the Grantee, his heirs and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Grantor but not otherwise subject to the exceptions, easements, conveyances, reservations, conditions and limitations, if any, above set forth.

TXST: Sales Order with Software House International Government Solutions, Inc. to Purchase Adobe Creative Cloud Software Licenses

Texas State University is authorized to enter into a sales order in an amount not to exceed \$1,495,680, with Software House International Government Solutions, Inc. to acquire Adobe Creative Cloud software licenses upon approval as to legal form by the Vice Chancellor and General Counsel.

Explanation

Texas State will act as the primary software license holder for Adobe, Inc. under a license, which other System Institutions may utilize, for the Adobe Creative Suite effective November 30, 2017, and will bill participating TSUS member schools for their share of the total licensing cost.

The Sales Order represents the most cost-effective approach to the procurement of the Adobe Creative Suite product.

Texas State is requesting authorization to purchase Adobe using Adobe's fulfillment agent Software House International as HUB reseller for a three-year period. The total cost of the Sales Order for three years to Texas State and participating TSUS institutions is \$1,495,680.

Texas State University will pay for its portion of the Sales Order with computer service fees.

Sales Order Terms and Conditions

1. All Products and Services are provided under the version of the Adobe Enterprise Licensing Terms as of the date Customer executes this Sales Order and available here: <http://www.adobe.com/legal/terms/enterprise-licensing.html>, including the General Terms and the applicable Product Specific Licensing Terms (collectively, the "Agreement").
2. Customer agrees to purchase the Products and Services set out in the Products and Services Pricing Detail section. All pricing and discounts described in this Sales Order are contingent upon Customer's execution and return of this Sales Order no later than 24 November, 2017 (unless countersigned by Adobe).
3. Adobe is not entering into a direct purchasing relationship with Customer for the Products and Services. Rather, Customer must utilize a Adobe Partner for placing its orders. The Adobe Partner is responsible for setting the terms of payment with Customer (including but not limited to when payments by Customer are due to Adobe Partner), but Customer must submit a second and third year purchase order on or before the second and third year anniversary of the start date of the License Term, respectively.

Adobe Partner Name: SHI INTERNATIONAL CORP.

Adobe Partner Address: 290 DAVIDSON AVE, SOMERSET NJ UNITED STATES 08873-4145

4. The following capitalized terms are defined as follows:
 - (A) "Enterprise" mean the entirety of Customer's organization, including its Affiliates that meet the education eligibility criteria for Adobe's education programs described at <http://www.adobe.com/education/administrators/how-to-buy-eligibility.edu.html>, but excludes any divested entities. Further, "Enterprise" specifically excludes Customer's organization and operations within certain nations that have service or functionality limitations as identified in the applicable PSLT.
 - (B) "FTE" means the number of full-time Faculty Members + (number of part-time Faculty Members ÷ 3) + number of full-time Staff Members + (number of part-time Staff Members ÷ 2).
 - (C) "Faculty Member" means a then-current employee or independent contractor of the Enterprise whose primary job duties consist of providing educational instruction to students.
 - (D) "Staff Member" means a then-current employee of the Enterprise that provides administrative support to the Enterprise's educational operations to faculty.
 - (E) "Student" means an individual enrolled part-time or full-time in a degree-granting program or an academic course of study conducted by Enterprise.
5. For those Products and Services identified as being licensed on an "Enterprise Wide" basis in the Products and Services Pricing Details, Customer may: (a) permit each Faculty Member and Staff Member to activate a copy of the On-premise Software associated with the Product and Service on up to two Computers which may be accessed by such Faculty Member or Staff Member using a unique log-in identifier; and (b) install a copy of the On-premise Software on any Enterprise-owned Computer located in computer labs and classrooms for use by Students, Faculty Members and Staff Members without the need for a unique log-in identifier; Customer represents and warrants that as of the Effective Date, its current FTE Count is 7,389 ; a non-binding estimate of Computers located in computer labs and classrooms on which Customer intends to install the Products and Services is 20,000; and a non-binding estimate of Faculty Members and Staff Members that Customer intends to authorize as a User of the Products and Services is 7,389. If Customer's FTE Count increases by 5% or more from the last established FTE Count ("Growth Event"), then Customer must notify Adobe in writing within 14 days. Adobe will invoice Customer for the additional license fees based on the unit price of the Products and Services set forth in the Products and Services Pricing Detail and pro-rated through the end of the then current License Term.

6. Customer may permit the deployment of the quantity of Products and Services identified in the Products and Services Pricing Details for use by Students. A Student is permitted to deploy the Products and Services on one non-Enterprise owned Computer which may be accessed by such individual using a unique log-in identifier. If an individual ceases to be a Student during the License Term, such individual must de-install its copy of the Products and Services and cease usage. Customer must manage the allocation of Student licenses through: (a) the use of the licensing console provided with the Products and Services (“Adobe Console”); or (b) a secure site managed by Kivuto Solutions, Inc. or another company designated by Adobe (“Vendor Dashboard”) in accordance with terms agreed to by Customer, Adobe and Vendor. Customer permits Adobe to obtain, and Vendor to release, any information relating to the use and deployment of the Products and Services by Students. If Customer is managing the Student licenses through the use of the Vendor Dashboard, Customer must purchase additional licenses for Student usage via written addendum to this Sales Order at the identified True-up Rates. If Customer is managing the Student licenses through the Adobe Console, Customer must report any deployment of the Products and Services in excess of the quantities previously purchased using the form found at www.adobe.com/go/trueup. Such reports are due to Adobe 14 days prior to each anniversary of the start date of the License Term. Customer will be billed in arrears for 50% of the license fee (“True Up Rates”) for each additional deployment identified in the report and must pay 100% of the True-up Rates for each year (if any) remaining under this Sales Order.

Product	True-up Rates Per Unit Annual Fee (Per License Metric, Per Year)
Creative Cloud Enterprise – Students	35.00

By signing below, each Party acknowledges that it has carefully read and fully understands this Agreement and each agrees to be bound by this Agreement. This Agreement becomes effective upon the date of the last signature (the “Effective Date”). The individuals signing this Agreement represent that they have the authority to bind the respective Parties to the terms of this Agreement.

TXST: Agreement with Texas A&M University-Corpus Christi to Purchase Ellucian Products

Texas State University is authorized to enter into an interagency agreement with Texas A&M University-Corpus Christi to purchase Ellucian products upon approval as to legal form by the Vice Chancellor and General Counsel in an amount not to exceed \$1,049,216.10.

Explanation

The Texas Connection Consortium (TCC) includes 40 state universities, colleges, and community college districts sharing the resources of a single Solution Center that maintains solutions from Ellucian. The solutions from Ellucian are comprised of the Banner Student Information System and multiple related software packages supporting student information, financial aid, finance, and human resources.

In 2002, the TCC entered into a Master Services Agreement (MSA) with Ellucian on behalf of the member institutions (which was subsequently updated in 2010). The MSA is administered and managed by Texas A&M University-Corpus Christi (TAMU-CC).

In 2009, Texas State University entered into an agreement to acquire its Banner solutions through the TCC, adopting the provisions of the 2002 Master Services Agreement. The original agreement was approved by The Texas State University System Board of Regents in 2009 and went into effect in 2010.

Every two years, Texas State is contractually required to reorder and pay for the software, services, and maintenance for its Ellucian products through this interagency agreement with TAMU-CC. All TSUS Institutions are members of TCC and have agreements with TAMU-CC to cover their Ellucian products. Texas State University's invoice from TAMU-CC for the biennium is \$1,049,216.10 (\$539,532.09 FY18 and \$509,684.01 FY19).

INTERAGENCY COOPERATION CONTRACT

**THE STATE OF TEXAS
COUNTY OF NUECES**

THIS CONTRACT AND AGREEMENT is entered into by and between the State agencies shown below as Contracting parties, pursuant to the authority granted and in compliance with the provisions of "The Interagency Cooperation Act," Texas Government Code, Ch.771.

I. CONTRACTING PARTIES:

The Receiving Agency: Texas State University
601 University Drive, JCK 920
San Marcos, TX 78666

The Performing Agency: Texas A&M University-Corpus Christi
6300 Ocean Drive – Unit 5748
Corpus Christi, Texas 78412-5748

II. STATEMENT OF SERVICES TO BE PERFORMED:

Texas A&M University-Corpus Christi will perform the services as Assignee/Contract Administrator as, described in the Amended 2016 Master Software License, Services and Maintenance Agreement ("The Agreement") by and between the State of Texas, acting by and through Texas A&M University-Corpus Christi, an institution of higher education for the State of Texas, for and on behalf of the Texas Connection Consortium ("TCC"); and Ellucian L.P as of June 1st, 2016.

"The Agreement" describes the Texas Connection Consortium or TCC. The Receiving Party may be referred to in "the Agreement" as a TCC member; the participating institutions may be collectively referred to as the TCC membership.

III. BASIS FOR CALCULATING REIMBURSABLE COSTS:

The Receiving Party may receive products, maintenance and professional support services through this agreement as the rates set forth in "the Agreement".

IV. CONTRACT AMOUNT:

Based on existing products, the total amount of this two (2) year Contract is estimated to be:

Annual Maintenance	\$	1,049,216.10
Subscriptions	\$	-0-
Total	\$	<u>1,049,216.10</u>

The purchase of additional software licenses, subscriptions and associated maintenance fees during the term of this agreement will be added to the contract and billed by the Performing Party.

V. PAYMENT FOR SERVICES:

Receiving Agency shall pay for services received from appropriation items or accounts of the

Receiving Agency from which like expenditures would normally be paid, based upon special vouchers drawn by the Receiving Agency, or through electronic transactions, payable to Performing Agency. Payments for service performed shall be billed annually and upon placement of an order for additional software and the prorated maintenance or subscriptions.

Payments received by the Performing Agency shall be credited to its current appropriation item(s) or account(s) from which the expenditures of that character were originally made.

VI. TERM OF CONTRACT:

This Contract is to begin September 1, 2017 and shall terminate August 31, 2019. It is anticipated that the parties shall renew this agreement each biennium extending through August 31, 2021.

Software licenses, subscriptions and associated maintenance may be terminated during the term of this agreement upon written notice to the Performing Party, subject to the payment obligation provided for in Exhibit E, Attachment E1, and Exhibit F of "the Agreement".

THE UNDERSIGNED CONTRACTING PARTIES do hereby certify that: (1) the services specified above are necessary and authorized for activities that are properly within the statutory functions and programs of the affected agencies of State Government, and (2) the services, materials, or equipment contracted for are not required by Section 21 of Article XVI of the Constitution of Texas to be supplied under contract given to the lowest responsible bidder.

RECEIVING AGENCY further certifies that it has the authority to contract for the above services by authority granted in the Texas Education code, or the College District Charter.

PERFORMING AGENCY further certifies that it has authority to perform the services contracted for by authority granted in the Texas Education Code, §85.21 and §87.401.

The undersigned parties bind themselves to the faithful performance of this contract.

TXST: Extension of Facilities Lease with Landry's, Incorporated

Texas State University is authorized to amend and extend—for a two-year period with a three-year option—its June 23, 1997 Restaurant Facility Use Agreement, leasing to Landry's, Incorporated the facility currently known as the Salt Grass Steakhouse.

Explanation

In 1997, the Board of Regents authorized the lease of the restaurant building, acquired as a part of the Aquarena property purchase, to Landry's Inc. for 15 years with two five-year extensions. Landry's originally opened a Joe's Crab Shack, but converted it to a more profitable Salt Grass Steakhouse several years later. The second and final five-year extension is divided into a two-year extension, plus an option for three years.

The original contract established a fixed monthly rental amount of \$6,666.66 each month with a 10 percent increase every five years. Since 2012, the fixed monthly rental amount has been \$8,873.32. The original contract also provided for a monthly rental based on a percentage of the restaurant's "gross receipts." The percentage rental was triggered only when the gross receipts exceeded a certain amount.

The proposed amendment raises the fixed monthly rental to \$10,833.33 and eliminates the percentage rental. The Amendment also restructures the second five-year extension under the original contract into a two-year extension with a three-year renewal option.

Without this proposed amendment, the university estimates that the second extension under the original contract would have earned approximately \$123,000 per year including all amounts from the fixed monthly rental plus the percentage rental. After conducting extensive market research benchmarking and talking to numerous commercial realtors and restaurateurs, the University negotiated a higher total annual payment of \$130,000. This represents a 5.6 percent revenue increase over the amounts from the fixed monthly rental plus the percentage rental under the original contract

All other terms and conditions of the original contract remain the same.

Second Amendment to the Restaurant Facility Lease Agreement

This is the Second Amendment (Second Amendment) to the Restaurant Facility Lease Agreement (Agreement) executed on June 23, 1997, between the Board of Regents, The Texas State University System, on behalf of Southwest Texas State University, now known as Texas State University (TXST) and Landry's Inc. d.b.a. Joe's Crab Shack, a Texas Corporation, (Lessee.)

TXST and Lessee, also referred to herein as the Parties, agree to the following amendments to the Agreement.:

1. TXST agrees to lease the Leased Property to Lessee for a two-year period beginning December 29, 2017 and ending December 28, 2019.
2. The Parties agree that the lease may be renewed for an additional three-year period beginning on December 29, 2019 and ending on December 28, 2022, provided both Parties agree in writing to the additional three-year renewal period.
3. The Parties agree that this Second Amendment prevails over Section 1.04 of the Agreement and the First Amendment to the Agreement.
4. Lessee will pay TXST TEN THOUSAND EIGHT HUNDRED THIRTY-THREE DOLLARS AND 33/100 (\$10,833.33) each month on or before the first day of each month, beginning January 1, 2017 as a fixed minimum rent. Lessee will pay TXST this fixed minimum rent from December 29, 2017 through December 28, 2019.
5. If the Parties agree to the terms of paragraph #2 herein, Lessee will pay TXST an amount to be mutually agreed to by the parties, but which shall not be less than TEN THOUSAND EIGHT HUNDRED THIRTY-THREE DOLLARS AND 33/100 (\$10,833.33) each month on or before the first day of each month, beginning January 1, 2020 as a fixed minimum rent through December 28, 2022.
6. Rent for partial months shall be prorated. Lessee will make all payments at the office of:
Texas State University
Auxiliary Services
601 University Drive, LBJSC 3-2.5
San Marcos, TX 78666.
7. The Parties agree that this Second Amendment prevails over Section 2.01, Section 2.02 of the Agreement and the First Amendment to the Agreement.

All other terms and conditions of the Restaurant Facility Lease Agreement remain in effect.

Dated this 17 day of November 2017.

TXST: Pedestrian and Shared Use Path Easement Agreement with the City of San Marcos

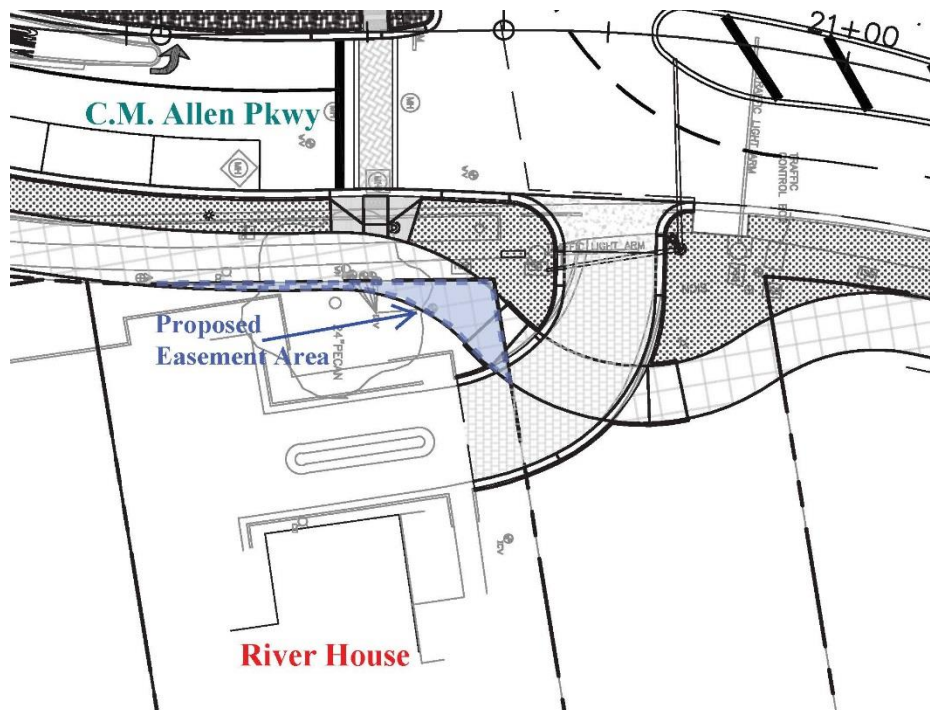

Texas State University is authorized to grant a pedestrian and shared use path easement agreement to the City of San Marcos and execute all documents and instruments necessary to carry out this transaction, subject to approval as to legal form by the Vice Chancellor and General Counsel.

Explanation

The City of San Marcos is rebuilding C.M. Allen Parkway including a section in front of the university River House located at 304 C.M. Allen Parkway at the intersection of University Drive. The C.M. Allen Road Reconstruction Project includes a new pedestrian and shared use path with a section crossing the corner of the River House property. The proposed easement will allow the City to construct and maintain a sidewalk and shared use path. The proposed shared use path is considered beneficial for student and public mobility in and around campus generally, and specifically increases access to the River House. The 480 square foot area has not been independently appraised.

A copy of the easement as reviewed and approved by the General Counsel is attached.

Map

Pedestrian and Shared Use Path Easement Agreement

This agreement, dated _____, 2017, is between **Texas State University (Grantor)**, 601 University Drive, San Marcos, TX 78666 and the **City of San Marcos (Grantee)**, 600 E. Hopkins Street, San Marcos, Texas 78666.

1. Easement Granted

- 1.01. Permanent Easement. For valuable consideration received, Grantor grants to Grantee a permanent easement and right-of-way (the "Easement") along, over, under and across the Grantor's property in San Marcos, Hays County, Texas, as described by metes and bounds in Exhibit "A" attached hereto and made a part of this easement for all purposes (the "Easement Area"), to have and to hold this easement to Grantee and Grantee's successors and assigns forever.
- 1.02. Easement's Purpose. This easement, with its rights and privileges, shall be used for the purposes of placing, constructing, installing, reconstructing, operating, repairing, maintaining, inspecting, replacing, modifying or removing (in whole or in part) sidewalk and shared use path improvements, and all related appurtenances and equipment (the "Facilities").
- a. Grantee shall have the right to cut, trim and remove trees, vegetation, undergrowth, structures, and other obstructions in the Easement Area as may injure, endanger, or interfere with the purposes of this easement. Grantee shall coordinate with Grantor prior to commencement of this type of work (except in cases of unscheduled emergency repairs needed to restore power and/or prevent imminent threat to public safety, e.g., severed power lines on the ground, in which case, Grantor will be contacted as soon as is reasonable under the circumstances).
 - b. Grantor may not place, erect or maintain in the Easement Area (i) any permanent structures, including, but not limited to habitable structures such as residential dwellings or offices, (ii) any structure of any kind, in such proximity to the Facilities as would constitute a violation of the National Electric Safety Code in effect at the time the structure is erected, nor, (iii) without Grantee's prior written approval, any structure, including, but not limited to, drainage, filtration or detention ponds, or changes in grade, elevation or contour of the land which would impair Grantee's access to its Facilities.

2. Easement's Duration

- 2.01. Duration. This easement shall continue for as long as Grantee shall operate permitted facilities in the Easement Area.
- 2.02. Automatic Termination. This easement will terminate when the purpose of the easement as described in section 1.02 ceases to exist, is abandoned by Grantee, or becomes impossible of performance for 180 consecutive days. Upon termination Grantee will execute such documents as Grantor may require in order to show that Grantee has abandoned the easement.
- 2.03. Discretionary Termination. If Grantee violates any of the terms of this agreement, then Grantor may terminate this easement after giving Grantee written notice of default.

Upon receipt of written notice of default Grantee will have 30 days to remedy the violation. If the violation remains after 30 days from the date of notice of default, the easement will terminate and the Grantee will have 60 days from the date of termination to remove its property from the Easement Area.

3. Grantor's Rights Reserved

- 3.01. Grantor reserves, subject to the limitations herein, the right to use the sub-surface and aerial area in excess of 12 feet above the surface of the Easement Area for any purpose that does not interfere with Grantee's use of the Easement Area.

4. Mutual obligations

- 4.01 Damage to Property. Except as otherwise provided herein, each party agrees that it shall be responsible, to extent permitted by law, for the cost of repairs and replacement of any property of the other damaged by such party's activities in the Easement Area.
- 4.02 Coordination. The parties will endeavor to coordinate all of their activities within the Easement Area and to cooperate so that Grantor's activities in the Easement Area do not interfere unreasonably with the purposes of this easement and Grantee's activities do not interfere unreasonably with Grantor's activities on Grantor's property.

5. General Provisions

- 5.01. Entire Agreement. This agreement contains the entire agreement of the parties relating to this subject. Any oral representations or modifications concerning this agreement shall not be effective. Any subsequent modification of this agreement must be in writing and signed by representatives of both parties.
- 5.02. Choice of Law. The parties will construe this easement according to the laws of the State of Texas and will perform all of their obligations under this easement in Hays County, Texas.

LSC-PA: Beverage Vending, Pouring, and Sponsorship Rights

1. Lamar State College-Port Arthur is authorized to execute a contract for beverage vending, pouring, and sponsorship rights with Pepsi Beverages Company.
2. The contract is subject to review and approval as to legal form by the Vice Chancellor and General Counsel.

Explanation

Lamar State College Port Arthur solicited Requests for Proposals for the selection of a Beverage Vending, Pouring, and Sponsorship Rights on September 21, 2017. The evaluation committee received a submission from Pepsi Beverages Company to replace our current vending company. The proposed contract includes an annual sponsorship fee, promotional goods, and a commission on soft drinks and sports drinks. The projected revenue from this contract over five years is \$177,500. The anticipated contract term is for a period of five years with an optional renewal period of up to three years.

LSC-PA: Purchase of a City Lot at 1605 5th Street, Port Arthur, Texas

Lamar State College Port Arthur is authorized to purchase real property located at 1605 5th Street, Port Arthur, TX from a Jefferson County Tax Sale. Higher Education Funds (HEF) will be used for the purchase subject to review by the Vice Chancellor and General Counsel.

Explanation

The .1607-acre lot is adjacent to our new Industrial Technology Center and is part of our Campus Master Plan for future site development. The minimum bid starts at \$1,000 and the property has a delinquent tax balance of \$1,728.11. Comparables for property purchased within the same block range from \$3,500 to \$5,665.

TSUS: Purchase of Property and Authorization for Improvements – Terlingua Ranch Tract 1713, Brewster County, TX

The Texas State University System is authorized to purchase the five-acre Terlingua Ranch, Brewster County, Texas tract of unimproved real property—described as BLK G4, SEC 57, TR 1713 W2-SE4-SW4-SE-4 and depicted in the attached aerial photograph and surveyor’s topographical map—subject to approval of the property contract as to legal form by the Vice Chancellor and General Counsel.

Explanation

Texas State University System is requesting the authorization to purchase a five-acre tract of land located close to the system’s Christmas Mountains property in Brewster County, Texas, near Big Bend National Park. The property is strategically located next to the Terlingua Ranch Airport, the Terlingua Ranch Office, and the Bad Rabbit Café, which provides meals to Terlingua Ranch visitors, as well as to the main road that leads to the summit of Christmas Mountains.

The Vice Chancellor for Academic Affairs, working collaboratively with system Chief Research Officers, has developed a concept for creating a small field station on the property to stimulate increased usage of the Christmas Mountains property by faculty and students for research and educational outreach purposes.

The improvements to the property would be subject to Chancellor spending-level approval and likely include cost-effective modular or other buildings that could support classroom and lab space for approximately 20-30 students with basic lab equipment, including microscopes, tables, chairs and standard classroom technology, as well as basic bunk space to provide an affordable lodging option for faculty and students during their field experience.

Currently, when faculty and students utilize Christmas Mountains, they have no indoor space to examine specimens, discuss findings, and hold classes related to what they are studying in the field. In addition, lodging is extremely limited due to the remote nature of the property and its proximity to Big Bend National Park.

The purchase of a small property for the field station is necessary because the Conservation Fund Gift deed between Texas State University System and the General Land Office guarantees that the asset be maintained in as pristine condition as possible and prohibits buildings, structures and improvements directly on the approximately 9,000 acres that makes up Christmas Mountains.

TSUS: Campus Commerce and Payment System Contract

Upon motion of Regent _____ seconded by Regent _____
it was ordered that:

1. The Texas State University System (TSUS) is authorized to execute a contract for Campus Commerce and Payment System with TouchNet Information Systems, Inc.; and,
2. The contract is subject to review and approval as to legal form by the Vice Chancellor and General Counsel.

Explanation

TSUS solicited Requests for Proposals for the selection of a Campus Commerce and Payment System that will serve all Component Institutions, and has determined the “best value” proposal was received from TouchNet Information Systems, Inc. (TouchNet).

The proposed contract term is five years and the anticipated initial value of the contract is estimated at \$600,000 annually. Funds for the payment of this contract is anticipated to be Designated Funds.

The proposed contract form is based off the 2016 contract between TouchNet and The University of Texas System for the same services.

Each Component Institution currently contracts with TouchNet for these services at the combined annual rate of approximately \$630,000.

CONSENT - PERSONNEL

TSUS: Personnel Actions

Recommendation

The proposed Personnel Actions for the Texas State University System components are approved.

Background

In accordance with the System *Rules and Regulations, Chapter III, Section 1.2 Personnel*, the following actions shall be submitted to the Board of Regents for approval.

PERSONNEL REPORT - LAMAR UNIVERSITY
November 2017

FACULTY PERSONNEL CHANGES

RESIGNATION

1. Arterbury, Elvis; Professor, Ed Leadership, effective August 31, 2017.
2. Bronson, Eric; Assoc Prof, Soc/SW/CJ, effective August 16, 2017.
3. Chiasson, Cain; Instructor, Deaf Stud/Ed, effective August 31, 2017.
4. Davis, Randy; Assist Prof, C & SP, effective August 31, 2017.
5. Holm, Matthew; Instructor, Music, effective July 1, 2017.
6. Knight, Daniel; Visit Assist Prof, Chem Engr, effective August 31, 2017.
7. Moore, Ruth; Dist Clinic Prof, C & SP, effective July 18, 2017.
8. Tchernookov, Martin; Assist Prof, Physics, effective August 28, 2017.
9. Wei, Tao; Assist Prof, Chem Engr, effective August 31, 2017.
10. Whitaker, Rachael; Assist Prof, C & SP, effective August 31, 2017.

RETIREMENT

1. Corder, Paul; Professor, Mech Engr, effective August 31, 2017.
2. Kemble, Joe; Assist Prof, Coll Readiness, effective August 31, 2017 with Option II.
3. Priest, Dale; Professor, English/M Lang, effective May 31, 2018 with Option I.

SEPARATION

1. Gilcrease, Jack; Instructor, Math, effective May 31, 2017.
2. Su, Dan; Visit Assist Prof, Civil/Envir Engr, effective August 15, 2017.
3. Yang, Hao; Visit Assist Prof, Civil/Envir Engr, effective August 1, 2017.

TERMINAL CONTRACT

None to report

LEAVE OF ABSENCE

1. Cavaliere, Frank; Professor, Acct & Bus Law, returned from FMLA, effective April 10, 2017.
2. Cocke, David; Professor, Chem Engr, Voluntary Modification of Employment, effective September 1, 2017.
3. Doering, Carmen; Assoc Professor, Library, begin FMLA, effective August 7, 2017.
4. Doerschuk, Peggy; Professor, Computer Sci, return from Fac Dev Leave, effective May 31, 2017.
5. Forret, Jeffrey; Professor, History, begin Fac Dev Leave, effective September 1, 2017.
6. Grothe, Joel; Assist Prof, Theatre/Dance, begin Fac Dev Leave, effective September 1, 2017.
7. Hoch, Matthew; Assoc Prof, Biology, begin Fac Dev Leave, effective September 1, 2017.
8. Laidacker, Michael; Assoc Prof, Math, begin Fac Dev Leave, effective September 1, 2017.
9. Mann, Jim; Assoc Prof, Soc/SW/CJ, begin Fac Dev Leave, effective September 1, 2017.
10. Simmons, James; Professor, Music, Voluntary Modification of Employment, effective September 1, 2017.
11. Wei, Suying; Assoc Prof, Chem/Biochem, begin Fac Dev Leave, effective September 1, 2017.

The following faculty received a salary supplement for teaching one course during the 2017 May Mini session.

ADMINISTRATIVE AND UNCLASSIFIED PERSONNEL CHANGES

ADDITIONS

1. Bissing, Blake S., B.E., Human Resources Analyst, Human Resources, at a 12-month rate of \$49,540,000, on a full-time basis, effective August 21, 2017.
2. Burns, Rosemary T., M.A., Academic Advisor I, PACE Advising Center, at a 12-month rate of \$32,000, on a full-time basis, effective August 28, 2017.
3. Caldwell, Whitney S., M.Ed., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
4. Carson, Gay L., M.S.N., Nurse Practitioner, Student Health, at a 12-month rate of \$90,000, on a full-time basis, effective August 28, 2017.
5. Cathcart, Cassie D., M.A., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
6. Duncan, Kegan D., M.B.A., Undergraduate Admissions Counselor, Office of Undergraduate Admissions, at a 12-month rate of \$38,000, on a full-time basis, effective August 7, 2017.
7. Garcia, Robert J., M.Ed., Student Development Specialist I, Office of Student Diversity and Inclusion, at a 12-month rate of \$38,471, on a full-time basis, effective June 5, 2017.
8. Hickman, Kimberly E., M.S., Program Staff, Counseling Center, at a 12-month rate of \$30,000, on a full-time basis, effective August 14, 2017.
9. Mason, Preston D., B.E., Assistant Coach, Football, at a 12-month rate of \$50,000, on a full-time basis, effective July 27, 2017.
10. McCarthy, Colleen J., M.S., Program Staff, Counseling Center, at a 12-month rate of \$30,000, on a full-time basis, effective August 14, 2017.
11. Middlebrook, Alexandra D., B.B.A., Coordinator, Employer Outreach, Career Services, at a 12-month rate of \$43,008, on a full-time basis, effective June 26, 2017.
12. Miller, Nathan A., M.S., Program Staff, Counseling Center, at a 12-month rate of \$30,000, on a full-time basis, effective August 14, 2017.
13. Mooring II, Issac, B.S., Assistant Coach, Football, at a 12-month rate of \$85,000, on a full-time basis, effective June 14, 2017.
14. Morice, Kaelyn D., M.L.I.S., Librarian, University Library, at a 12-month rate of \$43,155, on a full-time basis, effective June 26, 2017.
15. Nolan, Christy D., Ph.D., Director, Campus Recreation, Campus Recreation, at a 12-month rate of \$95,000, on a full-time basis, effective August 7, 2017.
16. Ohlendorf, Julie A., B.S., EEO Compliance Specialist, Equity and Access, at a 12-month rate of \$61,992, on a full-time basis, effective July 17, 2017.
17. Pitti, Margarita, B.B.A., Manager, Shuttle Services, Transportation Services, at a 12-month rate of \$64,800, on a full-time basis, effective August 14, 2017.
18. Ramos, Reymundo, M.Ed., Director, PACE Advising Services, PACE Advising Center, at a 12-month rate of \$38,000, on a full-time basis, effective July 1, 2017.
19. Randles, Rachel J., M.A., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
20. Reyes, Sylvia, M.S.Ed., Student Development Specialist II, Student Center, at a 12-month rate of \$39,960, on a full-time basis, effective June 26, 2017.
21. Rodriguez, Amelia, M.Ed., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
22. Sloan, Jacob M., M.Ed., Residence Hall Director, Department of Housing and Residential Life at a 12-month rate of \$32,028, on a full-time basis, effective July 31, 2017.
23. Stephens, Jocelyn., B.Comm., Head Coach, Strutters/Ticket/Mktg/Cheer, at a 12-month rate of \$27,500, on a full-time basis, effective August 22, 2017.
24. Terry, Colean M., M.A., Academic Advisor I, PACE Advising Center, at a 12-month rate of \$32,000, on a full-time basis, effective July 31, 2017.
25. Teymer, Nathan M., M.Ed., Assistant Coach, Women's Basketball, at a 12-month rate of \$39,000, on a full-time basis, effective June 26, 2017.

26. Titus, Chelsea E., M.Ed., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
27. Treadwell, Alan W., M.S., Programmer Analyst II, Learning Applications Solutions, at a 12-month rate of \$67,200, on a full-time basis, effective July 31, 2017.
28. Vollrath, James E., M.S., Director, Utilities Operations, Utility Operations, at a 12-month rate of \$118,000, on a full-time basis, effective August 28, 2017.
29. Walker, Danielle A., M.Ed., Residence Hall Director, Department of Housing and Residential Life, at a 12-month rate of \$30,216, on a full-time basis, effective July 10, 2017.
30. Waugh, Laura S., M.S., Librarian, University Library, at a 12-month rate of \$52,218, on a full-time basis, effective August 14, 2017.

ADMINISTRATIVE AND UNCLASSIFIED PERSONNEL CHANGES

ADDITIONS

1. Robinson, Cheymere, M.Ed., Coordinator of Student Activities, at an annual salary of \$31, 224, effective

DISMISSALS

1. None to report

RETIREMENTS

1. None to report

RESIGNATIONS

1. Pigao, Lana, M.A., Executive Director of Marketing and Communications, effective 09/29/2017
2. Smith, Robert, B.S., Director of Regional Police Academy, effective 10/15/2017

CHANGES IN STATUS/TITLE

1. Stretcher, Nancy, Ed.D., Interim Dean of Instruction to Instructor I, at an annual salary of \$56,475, effective 07/31/2017

LEAVE OF ABSENCE

1. Manley, Michael, N/A, EMS Instructional Staff Coordinator, effective 10/4/2017 and returned effective 10/09/2017
2. Marsh, Christine, B.B.A., Coordinator of Institutional Effectiveness, effective 09/25/2017

Lamar State College-Orange

FACULTY PERSONNEL CHANGES

ADDITIONS

1. Collen Baker, Adjunct Instructor, Dental Assisting, effective 9/1/17
2. China Burks, Adjunct Instructor, Mathematics, effective 9/1/17
3. Camie Colley, Adjunct Instructor, Dental Assisting, effective 9/1/17
4. Yokishia Hope, Adjunct Instructor, Education, effective 9/1/17
5. Elizabeth Pressler, Adjunct Instructor, Dev. Reading/Writing, effective 9/1/17
6. Shawn Smith, Adjunct Instructor, Dev. Reading/Writing, effective 9/1/17

RETIREMENTS

1. Linda Carroll, Adjunct Instructor, Vocational Nursing, effective 9/1/17

PROMOTIONS

1. None to report.

LEAVE OF ABSENSE

1. None to report.

TERMINATIONS

1. None to report.

NON-REAPPOINTMENTS

1. Jeffrie Duberville, Adjunct Instructor, Upward Mobility Nursing, effective 8/31/17
2. Shawn Oubre, Adjunct Instructor, Government, effective 8/31/17
3. John Smith, Adjunct Instructor, History, effective 8/31/17
4. Justin Smith, Adjunct Instructor, Education, effective 8/31/17

RESIGNATIONS

1. Christopher 'Todd' Kennaugh, Adjunct Instructor, Mathematics, effective 8/22/17
2. Stacie Latham, Adjunct Instructor, Dental Assisting, effective 8/11/17

CHANGES IN STATUS

1. None to report.

WITH TENURE

1. None to report.

CONSENT – MISCELLANEOUS

TSUS: Acknowledgement of Gifts and Gifts-in-Kind

Recommendation

The Board of Regents acknowledges and approves receipt of the gifts and gifts-in-kind received by the Texas State University System components.

Background

In accordance with the System Rules and Regulations, Chapter III, Section 1.(12) Gift Acceptance, Subsection 1.(12)3 The President of each Component will report all gifts with a value of at least \$5,000 (including cash, personal property, and intellectual property) to the Chancellor for reporting publicly to the Board. Upon written request of the donor, the Board report and minutes shall not state the donor's name and/or the gift's value.

Lamar University

The following gifts of \$5,000 or more were made payable to Lamar University.

DATE	DONOR	AMOUNT	BENEFICIARY(IES)
6/1/17	Motiva Enterprises LLC	\$5,000.00	College of Engineering – Marketing
6/16/17	Mr. and Mrs. Billy Cheshire	\$5,000.00	College of Education and Human Development

Estate of Mary Ann Faust

\$1,133,802.74

Mary Ann and Lawrence E. Faust
Endowed Professorship in Engineering

Total: \$2,651,302.74

Explanations

The following gifts of \$5,000 or more were made to Lamar University.

- Motiva Enterprises LLC gave \$5,000.00 to the College of Engineering for recruiting and marketing their career fair and student events.
- Mr. and Mrs. Billy Cheshire gave an unrestricted gift of \$5,000.00 to the College of Education and Human Development.
- CommunityBank of Texas, N. A. gave \$21,800.00 to the Department of Athletics for the 2017-2018 Football Suite.
- The Echo Group gave \$21,800.00 to the Department of Athletics for the 2017-2018 Football Suite.
- CommunityBank of Texas, N.A. gave \$10,000.00 to add to the CommunityBank of Texas, N.A. Scholarship.
- Mr. and Mrs. Mike Burrow gave \$6,000.00 to the College of Engineering Classroom Renovation Project.
- Marden Five, LP, on behalf of Mr. and Mrs. J. Mark Smith, gave \$21,800.00 to the Department of Athletics for the 2017-2018 Football Suite.
- Trans-Global Solutions, Inc. gave \$25,000.00 to the Department of Athletics for the 2017-2018 Football Suite.
- Mr. and Mrs. Arun H. Magia gave \$7,500.00 to the Dr. G. N. Reddy Green Projects Fund in Electrical Engineering.
- Beaumont Elite Emergency Center, LLC gave \$13,058.00 to the Department of Athletics for a 2016-2017 Corporate Sponsorship.
- AT&T gave \$16,460.00 to the Department of Athletics for the 2016-2017 Corporate Sponsorship.
- Frost National Bank, on behalf of the Charles and Susan Gordon and Julia Gordon Gray Memorial Trust, gave \$486,873.00 to the Charles & Susan Gordon & Julia Gordon Gray Memorial Scholarship.
- Chartwell's gave \$34,000.00 to add to the Chartwell's Scholarship in Hospitality Administration; Chartwell's Scholarship in Dietetics; and the Chartwell's Scholarship in Marketing.
- Dr. Thomas M. Hayes gave \$100,000.00 to the Dr. Edwin S. Hayes Scholarship in Pre-Med.
- Market Basket Stores gave \$5,000.00 to the Department of Athletics for the 2017-2018 Corporate Sponsorship.
- Universal Coin & Bullion, Ltd. gave \$12,322.00 to the Department of Athletics for the 2017-2018 Corporate Sponsorship.
- GHS Foundation, on behalf of Mr. Gerald H. Smith, gave \$542,000.00 for the Smith-Huston Scholarship.
- Gulf Coast Electric Co., Inc. gave \$7,000.00 to the Department of Athletics for the 2017-2018 Corporate Sponsorship.

- The Sidney and Charline Dauphin Foundation gave \$11,000.00 to the Department of Athletics for Football.
- ExxonMobil Corporation gave \$90,000.00 to the Greater South Park Neighborhood Partnership; the College of Business for the Center for Innovation, Commercialization & Entrepreneurship; College of Engineering Dynamic Simulations and Advanced Process Control, Engineering Student Showcase, Engineering Undergraduate Research, Lamar Introduction to Engineering (L.I.T.E.) Program, and the Recruiting Early Identification Program.

The following Gifts-in-Kind valued at \$5,000 or more were given to Lamar University.

- University of Akron gifted Near Infrared Cavity Ring Down Spectrometer equipment with component pieces originally secured from a National Science Foundation Grant to the College of Arts and Sciences to be used by the Chemistry Department for faculty led student research.
- Mr. J. Rob Clark and Mr. Jerry L. Thacker gave a David Shapiro painting to the College of Fine Arts and Communication.

The following gifts of \$5,000 or more were made to the Lamar University Foundation.

- Press Club of Southeast Texas gave \$5,000.00 to add to the Press Club of Southeast Texas Memorial Scholarship.
- The Gill Foundation of Texas, on behalf of Dr. and Mrs. Jack M. Gill, gave \$5,000.00 to the College of Education and Human Development for the Texas Governor's Program.
- The T. Rowe Price Program for Charitable Giving, upon the advisement of Mr. and Mrs. Ron Robins, gave \$5,000.00 for the Robins Award for Academic Excellence.
- Beaumont Realty, Inc., on behalf of Mr. and Mrs. Greg Austin gave \$5,000.00 to the Department of Athletics for the LU Golf Practice Facility.
- Mr. and Mrs. Dan S. Hallmark gave \$10,000.00 to the Dan S. Hallmark Endowment in Business.
- The Community Foundation of Louisville, upon the advisement of Mr. and Mrs. Hunter W. Henry, gave \$5,000.00 to Lamar University as a leadership gift for the new Comprehensive Campaign.
- Mr. and Mrs. Bill Mitchell gave an IRA disbursement of \$10,000.00 to the William B. and Mary G. Mitchell Endowed Scholarship in Engineering and to the William B. and Mary G. Mitchell Endowed Scholarship in Fine Arts.
- Mr. and Mrs. David J. Beck gave \$5,000.00 to the College of Education and Human Development for the Texas Governor's Program.
- Carol Tyrrell Kyle Foundation, on behalf of Mrs. Emilie K. Chenault, gave \$5,000.00 to the College of Education and Human Development for the Texas Governor's Program.
- Dr. MaryE Wilkinson and Mr. Grady L. Dorrough gave \$5,000.00 to add to the MaryE Wilkinson Scholarship.
- Mr. Grant V. Lovelady gave \$5,000.00 to establish the Victor L. Lovelady Memorial Scholarship in Engineering.
- An anonymous donor gave \$5,000.00 to establish the Angela Blanchard Scholarship.
- Mr. and Mrs. William L. Thacker III pledged \$20,000.00 for the William and Susan Thacker Scholarship.
- Mr. and Mrs. Don C. Marshall gave \$7,500.00 to complete funding of the Don C. and Ann Benton Marshall Scholarship in Accounting.
- Mr. and Mrs. Herman T. Wilson, Jr. pledged \$1,250,000.00 to create the Herman T. Wilson, Jr. Student

Success Fund in Business.

- Ms. Mary J. Jamison gave \$100,000.00 to establish the Dr. William Pearson Innovation Fund.
- Helen Caldwell Locke & Curtis Blakely Locke Charitable Trust, on behalf of Mr. and Mrs. Charles B. Locke, gave an additional \$50,000.00 to The Locke Family Regents Scholarship in Theatre and Dance.
- Post Oak Bank pledged \$15,000.00 to create the Post Oak Bank Scholarship in Business.
- Bank of America Charitable Foundation, Inc., upon advisement of Mr. and Mrs. Craig Fecel, matched the Fecel Family Partnership LTD gift of \$5,000.00 to the College of Business Financial Markets Education Fund.
- The Estate of Mary Ann Faust gave a bequest of \$1,133,802.74 to establish the Mary Ann and Lawrence E. Faust Endowed Professorship in Engineering.

Lamar University

Texas State University System Regents' Report for the period June 1, 2017 – August 31, 2017

Discrepancy Between Millennium Reports
dated September 11, 2017
and the Regents' Report Presented in November 2017

Total Amount Discrepant from Millennium Report to Regents' Report:
\$ 4,000.00 (University)
\$ -7,500.00 (Foundation)

UNIVERSITY GIFTS:

- a) Mr. and Mrs. Mike Burrow pledged \$12,000.00 to the College of Engineering Classroom Renovation Project, \$6,000.00 was previously reported on August 2017 Regent's Report.
- b) Dr. Ruhai Wang gave ten money orders in the amount of \$1,000.00 each to the Phillip M. Drayer Department of Electrical Engineering for research on satellite and space communications, computer networks and deep-space communications. These gifts did not appear on the Millennium Report because each of the ten money orders were less than \$5,000.00.

The net result of the university discrepancy was that the report run from Millennium dated September 11, 2017 is \$4,000.00 more than the Regents' Report submitted for the November 2017 meeting.

FOUNDATION GIFTS:

- a.) Mr. and Mrs. Don C. Marshall pledged \$15,000.00 to establish the Don C. and Ann Benton Marshall Scholarship in Accounting. The Marshalls requested that their December 2016 donation of \$7,500.00 be applied to this pledge. That gift was previously reported, so the amount given in June 2017 is \$7,500.00 on this Regents' Report.

The net result of the above Foundation discrepancy was that the report run from Millennium dated September 11, 2017 is \$7,500.00 less than the Regents' Report submitted for the November 2017 meeting.

EXPLANATION

Sul Ross State University:

Mrs. Ruth Bowman Russell of San Antonio, TX through The San Antonio Area Foundation, donated \$5,004.04 to the BRI Last Frontier Campaign. Borderlands Research Institute's ongoing campaign.

Mr. Don Green of Alpine, TX donated \$10,000 to the Museum of the Big Bend's Museum Advantage Fund. This fund supports educational and preservation programs for the Museum of the Big Bend.

The Horizon Foundation of Plano, TX donated \$10,000 to the Borderlands Research Institute Fund. The Borderlands Research Institute provides leadership in science based land stewardship. This donation helps to strengthen the Borderlands programs by funding innovative research, collaboration and experiential learning opportunities at Sul Ross.

Mr. and Mrs. Rick Stephens of Alpine, TX donated \$10,000 to the Sully Fund for Excellence to support the university feasibility study.

Mr. and Mrs. Marty Davis of Dallas, TX donated \$5,500 to the Museum of the Big Bend's Museum Advantage Fund. This fund supports educational and preservation programs for the Museum of the Big Bend.

Mr. and Mrs. Bob Hayter of Fort Stockton, TX donated \$5,000 to the Jackson Field Turf Project. This fund will artificially turf Jackson Field in order to allow the University to conserve water and resources used to currently maintain the field as well as allow football players to practice and play in inclement weather.

Cactus Conservation Institute, Inc of Alpine, TX donated \$5,000 to the Klein Trust Botanical Research Fund. This fund helps to support biological research involving collaborative educational activities for our graduate students.

Safari Club International West Texas Chapter, Inc of Odessa, TX donated \$10,000 to the Borderlands Research Institute's Bighorn Sheep Restoration Project in support of the Borderlands study about the Bighorn Sheep productivity and survival in the Trans Pecos area.

Definitions of Terms	
Contact Hours	A unit of measure that represents an hour of scheduled instruction given to students of which 50 minutes must be of direct instruction. Also referred to as clock hour.
Flex-Entry	Means by which institutions can report and be funded for semester credit/contact hours in classes that were not organized by the census date (universities) or did not have its census date until after the census date of the term (CTC) but otherwise met the state-mandated funding requirements.
Full-Time Student Equivalent (FTSE)	Uses semester credit hours (SCH) to calculate the number of full-time equivalent students at an institution. The THECB uses the following formulas: 1 undergraduate FTSE student = 15 SCH (12 SCH in summer) 1 master's FTSE student = 12 SCH (9 SCH in summer) 1 doct-professional FTSE student = 12 SCH (9 SCH in summer) 1 doct-research FTSE student = 9 SCH (6 SCH in summer) 1 continuing ed FTSE student = 300 contact hours
Headcount	The unduplicated count of students enrolled in a semester or term.
Out-of-State/Online	Enrollment of a non-Texas resident living out-of-state in a fully online course.
Semester Credit Hour (SCH)	A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system.

Definition of Terms	
Contact Hours	A unit of measure that represents an hour of scheduled instruction given to students of which 50 minutes must be of direct instruction. Also referred to as clock hour.
Flex-Entry	Means by which institutions can report and be funded for semester credit/contact hours in classes that were not organized by the census date (universities) or did not have its census date until after the census date of the term (CTC) but otherwise met the state-mandated funding requirements.
Full-Time Student Equivalent (FTSE)	Uses semester credit hours (SCH) to calculate the number of full-time equivalent students at an institution. The THECB uses the following formulas: 1 undergraduate FTSE student = 15 SCH (12 SCH in summer) 1 master's FTSE student = 12 SCH (9 SCH in summer) 1 doct-professional FTSE student = 12 SCH (9 SCH in summer) 1 doct-research FTSE student = 9 SCH (6 SCH in summer) 1 continuing ed FTSE student = 300 contact hours
Headcount	The unduplicated count of students enrolled in a semester or term.
Out-of-State/Online	Enrollment of a non-Texas resident living out-of-state in a fully online course.
Semester Credit Hour (SCH)	A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system.

**Texas State University System
Request for Tuition or Fee Change**

1 **Institution** SRSU-Alpine

2 **Type of Revenue** Designated Tuition
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 **Justification** An \$7.67 increase in the Designated Tuition rate is being requested for SRSU-Alpine For FY2019 plus an increase of \$8.20 for FY2020. Overall cost increase to students taking 15 SCH will be 2.95% and 2.96%. These funds are needed to support general university operations including personnel, utilities, and maintenance and operations across all fund groups. New revenue from this fee is intended to provide a modest pay raise to faculty and staff. In addition, 15% of this revenue is set aside for financial aid and related programs.

4 **What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?**
Faculty and staff salaries have remained low when compared to other state higher education institutions. Staffing levels have remained stable or reduced. For FY2018, 26 positions, including 7 faculty were frozen in response to reduced appropriations. SRSU-Alpine has continued improvements in energy conservations as overall utilities budgets for 2018 were reduced from 2017. M&O budgets have been maintained at constant levels but should be enhanced in order to continue to provide quality service.

Texas State University System
Request for Tuition or Fee Change

1 Institution

2 Type of Revenue
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification A \$4 increase per semester in the Recreational Sports Fee is being requested for SRSU-Alpine For FY2019. This fee is currently at \$85 per semester. Overall cost increase to students taking 15 SCH will be 2.95% and 2.96%. These funds are used to support the Graves Pierce Recreational Sports facility and the new outdoor multipurpose recreational facility. Proceeds from this increase will be used to support the programming and equipping needs of these facilities.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?
A new outdoor recreational sports facility was constructed in summer 2016. The facility provides the recreational sports program with a modern facility available for student use on a 24/7/365 basis. This new concept eliminates much of the maintenance required for the old facility. Staffing has remained at minimal levels. Multiple intramural activities are conducted in the new facility. These programs have been very well received by students. Periodic upgrades of equipment for these programs and those in the Rec Sports Center are needed. The programs should be continually improved as they contribute to student satisfaction and retention.

Request for Tuition or Fee Change

1 Institution SRSU-Rio Grande College

2 Type of Revenue Designated Tuition
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification A \$5.30 increase in the Designated Tuition rate is being requested for SRSU-RGC for FY2019 plus an increase of \$5.40 for FY2020. Overall cost increase to students taking 15 SCH will be 2.96% and 2.93%. These funds are needed to support general university operations including personnel, leases of facilities, and maintenance and operations across all fund groups. New revenue from this fee increase is intended to provide a modest pay raise to faculty and staff. In addition, 15% of this revenue is set aside for financial aid and related programs.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?
Faculty and staff salaries have remained low when compared to other state higher education institutions. Staffing levels have remained stable or reduced. For FY2018, one VP and one Director position were frozen in response to reduced appropriations. SRSU-RGC has made enhancements to its distance learning capabilities and is providing more instruction via distance learning, reducing travel costs while improving enrollments. M&O budgets have been maintained at constant levels but should be enhanced in order to continue to provide quality

Texas State University System
Request for Tuition or Fee Change

1 Institution Texas State University

2 Type of Revenue Designated Tuition
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification Texas State University continues to make significant investments in new academic programs, additional financial aid for students, and the essential new spaces in which to offer those new programs and serve those students. As part of our overall 2.95% proposed tuition and fee increase, Texas State is proposing a Designated Tuition increase of \$8.24 per semester credit hour.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?
Texas State remains committed to minimizing any increase to our students' cost of attendance. We considered delaying the employment of faculty this year, but to do so would make it nearly impossible to meet the needs of our growing student body in order to keep them on track to graduate on time. We also considered cutting academic and administrative departments' operating budgets, but with no budget increases for those departments for many years, those budgets already experience a significant reduction in per student spending power every year. Further reductions would risk jeopardizing the mission of the university.

Texas State University System
Request for Tuition or Fee Change

1 Institution Texas State University

2 Type of Revenue Student Center Fee
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification The Student Center was completed in 1998 when Texas State had 21,477 students. The University has 80 percent more students today, 38,849, than it did in 1998. A student referendum on February 25, 2016, approved an \$18 increase in the Student Center Fee in fiscal year 2018 and another \$18 increase in 2019. These increases will allow the LBJ Student Center to fund an expansion in order to provide more meeting rooms and spaces needed for student organizations and activities. The fee increases will be used to pay debt service for the expansion.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?
Texas State University has grown by many thousands of students since the Student Center was constructed. The demand for space in the current center long ago surpassed availability, but this proposed expansion has been delayed and put off as long as possible. The Student Center Fee was last increased in fiscal year 2010.

**Texas State University System
Request for Tuition or Fee Change**

1 Institution Texas State University

2 Type of Revenue Athletic Fee
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification The proposed \$1 increase in the Athletic Fee in each of the two years proposed will be used entirely to fund the debt service on the new University Events Center (UEC). It is important to note that the reason we are building the UEC is actually being driven by our core mission to serve students and to pursue the goals espoused in the Texas Higher Education Coordinating Board's 60x30TX strategic plan, not by any need of the athletics department.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?
Texas State remains committed to minimizing any increase to our students' cost of attendance. This is particularly true of an increase to our Athletic Fee. However, in this case, the fact that this increase is technically an Athletic Fee increase misses the fact that 100% of the funds will actually not go to the Athletic Department. Rather, the new revenue generated will be used to fund the debt service on the University Events Center which serves the entire university community by being the home of all convocation and commencement ceremonies. The UEC will also include a new dining location open to all, new meeting spaces open to all, and a significant new transit hub for our commuter students to access the university bus system. The parts of the new UEC that are dedicated to Athletic Department use were paid for in advance from the cash reserves of the Athletic Department.

1 Institution

2 Type of Revenue
(Designated Tuition, Student Service Fee, Athletic Fee, Residence Hall Rent, Meal Plan, Laboratory Fee, etc.)

3 Justification

Increase requested to cover yearly increases in operations for utilities, maintenance, and technical equipment. LIT has experienced an increase from FY16 to FY17 of 19% in utilities and maintenance.

4 What Cost-Reduction Initiatives did your Institution consider before deciding to request the increase?

Cost reduction initiatives include acquiring competitive bids and utilizing state contracts and co-ops on services to receive the best pricing. Demolition and renovation of out-of-date buildings and replacing with energy efficient buildings add to cost savings.

The Texas State University System Foundation, Inc.

Annual Foundation Report to the Board of Regents
As of August 31, 2017

Purpose of the Organization:

The Texas State University System Foundation, Inc., is a public nonprofit corporation that provides private financial support to the System and its member institutions. The Foundation is governed by an independent board of directors and provides funding to support an array of programs across the System including: a) capital projects, scholarships and academic initiatives at TSUS component institutions; b) awards for exceptional faculty, staff and students; c) System-wide scholarship programs; d) outreach and education programs benefiting the System.

Board of Directors:

Charlie Amato, Chairman
James Gaertner, Ph.D.
Dan Matheson
Ron Mitchell
Perry Moore, Ph.D.
William F. Scott
Donna N. Williams
Brian McCall, Ph.D. (Ex Officio)

Financial Information as of August 31, 2017:

Assets:	\$8,082,539
Income FY17:	\$716,282
Expenditures FY17:	\$1,173,947

Summary of Activities:

The Texas State University System Foundation, Inc., was established by the Board of Regents in 1977. The Foundation's Board of Directors holds regular meetings once per quarter and may occasionally meet telephonically for special called meetings to address time-sensitive items. In addition to approving an annual budget to support certain activities and initiatives of TSUS and its component institutions, the Board of Directors also selects the recipients of Regents' Awards given annually to exceptional faculty, students and staff. The Foundation pays an administrative fee to the System, determined annually, to compensate TSUS for the use of office space, information technology, supplies and staff time.

Lamar University Foundation, Inc.
Annual Report to the Board of Regents

Purpose:

The Lamar University Foundation is a non-profit corporation formed for exclusively charitable, educational, and scientific purposes. The Foundation is organized and operated to receive, hold, invest, reinvest and administer assets solely for the benefit of Lamar University. Under the control and direction of the Board of Trustees, the Foundation oversees the management and expenditure of funds for the purposes of assisting the University in obtaining and maintaining the best faculty, staff and students, and for the establishment and maintenance of facilities and laboratories to be used by the University; and for the advancement of research and other literary and scientific undertakings. The Foundation accepts donations, gifts and grants of money and property. The Lamar University Foundation manages the investments and serves as trustee of the endowment funds and other private assets contributed for the benefit of Lamar University.

Officers:

Sul Ross State University Friends of the
Center for Big Bend Studies

Annual Foundation Report to the Board of Regents
As of August 31, 2017

Purpose of the Organization:

The Sul Ross State University Friends of the Center for Big Bend Studies Foundation is a non-profit corporation created in September 2003 exclusively for charitable, educational, and scientific purposes in support of Sul Ross State University's Center for Big Bend Studies. These purposes include but are not limited to: a) raising funds to support the mission and programs of the Center including research, fieldwork and reporting on archeological studies of the Big Bend Region of Texas; b) promoting the Center for Big Bend Studies as it fosters interdisciplinary scholarship of the diverse prehistoric, historic and modern cultures of the borderlands region of the United States and Mexico; c) providing funds in support of the operations of the Center as well as special projects of the Center; d) assisting the Center in other endeavors as the Board may deem appropriate.

Board of Directors:

J. Travis Roberts, Jr., President
G.E. (Pete) Peterson, Vice President
Linda Duncan, Secretary
Homer Mills, Treasurer
David Cockrum
Manuel Ramos Medina
Roxana McAllister Richardson
Ike Roberts
Martha Vera

Financial Information as of August 31, 2017:

Assets:	\$254,872
Income FY17:	\$505,261
Expenditures FY17:	\$581,184

Summary of Activities:

The Sul Ross State University Friends of the Center for Big Bend Studies Foundation was incorporated in September 2003. The TSUS Board of Regents approved the Board of Directors at its August 2004 meeting and the Directors held their organizational meeting on September 8, 2004. Semiannual meetings have been regularly held each year in September, November, or March. The latest meeting was held on September 15, 2017. Since its inception, the organization's activities have been primarily fundraising to support the mission and programs of the SRSU Center for Big Bend Studies. All of the expenditures noted above were made to provide funds in support of the Trans Pecos Archeological Program of the Center for Big Bend Studies. In addition, a small administrative fee is paid to Sul Ross State University annually for managing all related transactions. This organization has been very instrumental and active in helping the Center raise funds to replace reduced appropriations and to support new initiatives. The Foundation's assets have remained stable.

Sul Ross State University Support Organization

Annual Foundation Report to the Board of Regents As of August 31, 2017

Purpose of the Organization:

The Sul Ross State University Support Organization is a non-profit corporation created in September 2003 exclusively for charitable, educational and scientific purposes in support of Sul Ross State University's programs and activities. These purposes include but are not limited to: a) raising funds to support the mission and programs of Sul Ross State University; b) promoting Sul Ross State University as it fosters and enhances higher education opportunities in its service region; c) providing funds in support of the operations, projects and programs of Sul Ross State University; d) assisting Sul Ross State University in any other endeavors as the Board may deem appropriate.

Board of Directors:

David Pohl
Laura Wood

Financial Information as of August 31, 2017:

Assets:	\$2,269,041
Income FY17:	\$ 210,265
Expenditures FY17:	\$ 117,255

Summary of Activities:

The Sul Ross State University Support Organization Foundation was incorporated in September 2003. The TSUS Board of Regents approved the Board of Directors at its August 2004 meeting and the Directors held their organizational meeting on November 1, 2004. Subsequent meetings were held on November 21, 2005 and September 2, 2008. During FY2014, the Board met four times. The organization's activities have been directed primarily at fundraising to support the mission and programs of the University. We continue to evaluate the Support Organization Foundation so that it can be a great asset in attracting funds in support of all the University's programs and activities. The Foundation in February 2012 received a donation of \$1 million in support of the Borderlands Research Institute and in February 2014 signed a Memorandum of Understanding with the Dixon Water Foundation establishing the *Clint Josey Endowed Chair for Sustainable Ranch Management*. The Dixon Water Foundation commitment is for \$1,200,000 to be paid over six years. The Board selected South Texas Money Management as its investment advisor and since November 2013 invests in equities, mutual funds, and fixed income investments. The Foundation assets continue to grow. Currently, these assets support four programs of the Borderlands Research Institute, the Dixon-Josey endowment, and other operating funds. The board is an active group and an asset as we continue to develop and enhance our fundraising campaigns.

Texas State University Alumni Association
Annual Report to the Board of Regents

Purpose:

The Texas State Alumni Association's vision is to connect Bobcats to serve, strengthen, support, and celebrate Texas State University by creating a community of alumni, students, and friends with a commitment to invest in the future of Texas State. The Association conducts programs and activities to create student engagement, heighten alumni affinity and connections, develop alumni leaders, and increase overall philanthropic support for Texas State.

Membership:

Membership in the Texas State Alumni Association is open to, and consists of, graduates of the University, former students, friends, parents, and current students. Property Deposit memberships are no longer collected by the University, and therefore, not reported as part of total memberships. Total memberships at the end of the University's fiscal year 2016 (FY16) were 4,879, compared to 4,702 at the end of FY17; representing a 3.6 percent decrease. The Alumni Association is governed by a volunteer Board of Directors and operates as a non-profit corporation organized under the Texas Non-Profit Corporation Act with a memorandum of understanding with Texas State University whereby the University recognizes the Association as the principal organization charged with responsibility for alumni relations.

Board of Directors Executive Committee:

- President – Ernie Dominguez, Austin
- First Vice President – Wes Agnew, Midland
- Second Vice President – Cindy Williams, New Braunfels
- Chief Finance Office – Holly Haseloff, Lubbock
- Immediate Past President – Andrae Turner, Houston
- Executive Director – Kim R. Gannon, New Braunfels

Financial Report:

The efforts and funds of the Texas State Alumni Association are dedicated to Texas State University, and are used to provide student scholarships, campus support, and alumni engagement activities.

During the University's FY17, (as of August 31, 2017), the Association awarded \$187,750 in student scholarships. This is an increase of \$87,750 over FY16 in scholarship awards from the Association.

At August 31, 2017, Texas State University held \$578,273 in deposits on behalf of the Association, including \$468,132 in Agency funds. Agency funds are assets not owned by the University, but held in custodianship, to be used or withdrawn by depositors at will. Agency fund resources, including those of the Association, are reflected in the University's financial records as cash and cash equivalents with a corresponding liability to the depositing organizations.

Current Assets

Cash and Cash Equivalents - Off Campus	\$ 69,341
Cash and Cash Equivalents - Held by University	\$ 578,273
Petty Cash	<u>\$ 100</u>
Total Current Assets	\$ 647,713

Investments

Total Liabilities and Net Assets \$ 3,272,957

**The investment policy established by the Alumni Association Board of Directors dictates that 50 percent of the endowment is to be invested in fixed income and 50 percent is to be invested in conservative equities. Investment decisions and purchases are handled by Frost Bank Trust Department, San Antonio, Texas.

Texas State University Development Foundation

Annual Report to the Board of Regents

Purpose:

The Texas State University Development Foundation is formed exclusively for educational and research purposes to manage endowment funds designated for the sole purpose of Texas State University.

Board of Trustees:

The trustees for the fiscal year ending June 30, 2017, were:

James S. Taylor, Chair	Susan Wittliff, Vice Chair	Patrick Rose, Treasurer
Elizabeth Tuttle, Secretary	Jesse Ancira, Jr.	Jamie Barshop
Gloria Campos Brown	Robert Derrick, Jr.	Dan Diepenhorst
Matt Edgar	Steve Harvey	Larry Herwig
Dottie St. Clair Hill	Will Holder	Carol Huntsberger
Rodney Keller, Jr.	Hope Koch	Paige Lueking
Jeff Novak	Lyndon Nugent	Brandey Orsag
Dan Pearson	Ann Roberts	Fred Weber, Jr.
Mitchell Ward		

Financial Information:

During the fiscal year ending June 30, 2017, the Texas State University Development Foundation remitted to the University \$1,580,970.84 for student scholarships and \$2,089,080.19 for other support. Contributions to the Foundation are permanently restricted gifts of \$5,110,774.63 and temporarily restricted gifts of \$1,040,646.32. The Foundation's ending net assets as of June 30, 2017, are \$82,699,626.70.

Atchley & Associates, LLP Certified Public Accountants, audited the statement of financial position as of June 30, 2016. It was determined that the results of the Foundation's operations and changes in net assets, and its cash flow for the year ended June 30, 2016, conformed with generally accepted accounting principles.

Summary of Activities:

The Foundation manages 472 endowments, 25 quasi-endowments, 45 non-endowment accounts and 12 annuities. Within the Foundation's endowments, 25 have fair market values less than \$10,000; 77 of the endowments have fair market values in excess of \$10,000 but less than \$25,000; 236 of the endowments have fair market values in excess of \$25,000 but less than \$100,000; and there are 134 endowments with fair market values in excess of \$100,000.

Texas State University McCoy College of Business Administration Development Foundation

Annual Report to the Board of Regents

Purpose:

The Emmett and Miriam McCoy College of Business Administration Development Foundation (Foundation) is approved by the IRS as an independent 501c.3 nonprofit corporation that serves exclusively for the benefit of the McCoy College of Business Administration (McCoy College). By Regental agreement, the Foundation is the primary recipient and fiscal manager of major gifts to the McCoy College.

Membership:

The Foundation Directors for the fiscal year ending August 31, 2017, were:

Mr. Brian F. McCoy, President, San Marcos, TX
Mr. Jesse C. Luxton, Vice President, Leakey, TX
Dr. William T. Chittenden, Secretary, Seguin, TX
Dr. Ann L. Watkins, Treasurer, New Braunfels, TX

Mrs. Miriam M. McCoy, Director, San Marcos, TX
Mr. C. Patrick Oles, Jr., Director, Austin, TX
Mr. R. Tom Roddy, Director, San Antonio, TX
Dr. Denise T. Smart, McCoy College Dean and Director, San Marcos, TX
Dr. Denise M. Trauth, University President and Director, San Marcos, TX
Mr. W. Kent Hamilton, Executive Director, New Braunfels, TX

Financial Report:

During fiscal year ending August 31, 2017, the McCoy College of Business Foundation remitted to the University \$890,900 for the support of the McCoy College in the form of scholarships and fellowships as well as student, faculty, program, and research support.

The Foundation currently manages 80 endowments with a fair market value totaling \$39,403,543.

The Foundation Board of Directors met quarterly during FY2017 to discuss and oversee the activities of the Foundation. The Foundation pays for its share of operating expenses (including staff salaries, accounting, supplies, and auditing) which totaled less than 0.5 percent of assets of the Foundation. Fees for investment management were approximately 1.0 percent of assets.

Atchley and Associates, LLP audited the Foundation's statement of financial position as of August 31, 2016. It was determined that the results of the Foundation's operations, changes in net assets, and cash flow for the year ended conformed to generally accepted accounting principles.

Texas State University Research Foundation

Annual Report to the Board of Regents

Purpose:

The Texas State University Research Foundation is organized and operated exclusively for charitable, scientific, and educational purposes under Internal Revenue Code §501(c)(3). The Foundation will facilitate acquiring sponsored research funds from public and private sources and manage such funds if requested to do so by the university, solicit donations to support activities of the Foundation, pursue appropriate legal protection for proprietary technologies developed through university research, hold and manage real and intellectual property assets on behalf of the university, and promote commercialization of research products and transfer of university technologies to appropriate partners for further development and commercialization.

Membership:

Board of Directors

Dr. Denise M. Trauth, Chair

Dr. Eugene Bourgeois, President

Dr. Walter Horton, Executive Director

Financial Report:

An Annual Financial Report for the fiscal year ended February 28, 2017, was reviewed and approved by the Foundation's Board members on 9/18/2017. Total revenues were \$41,732.97 and total expenditures were \$10,098.00 for the year.

Summary of Activities:

The following proposals were submitted through the Texas State Research Foundation during the period of September 1, 2016 through August 31, 2017 and categorized by their current funding status as of September 1, 2017.

Funded Activities:

- Ms. Vlasta Silhavy, Department of Theatre and Dance, was awarded \$5,000 by the City of San Marcos for a proposal entitled "LEAP: Leadership, Empowerment, and Art Programs" in September 2016.
- Dr. Ting Liu, Department of Health and Human Performance, was awarded \$5,000 by the City of San Marcos for a proposal entitled "Caminitos Collaborative/Center for P-16 Initiatives" in October 2016.
- Dr. Ting Liu, Department of Health and Human Performance, was awarded \$5,500 by The United Way of Hays County for a proposal entitled "Texas State University Autism Summer Camp" in November 2016.
- Dr. Kent Griffin, Department of Health and Human Performance, was awarded \$5,400 by The United Way of Hays County for a proposal entitled "Cycling 4Fitness and 4Life" in November 2016.
- Dr. Karen Meaney, Department of Health and Human Performance, was awarded \$5,500 by The United Way of Hays County for a proposal entitled "Fun & Fit 4 Life Summer Camp" in November 2016.
- Dr. Ting Liu, Department of Health and Human Performance, was awarded \$5,000 by the City of San Marcos for a proposal entitled "Texas State University Autism Summer Camp" in April 2017.

- Ms. Kim Porterfield, Office of Student Diversity and Inclusion in Student Affairs, was awarded \$1,935 by the City of San Marcos for a proposal entitled “Bobcat for a Day” in June 2017.
- Ms. Emily Warren, The Meadows Center for Water and the Environment, was awarded \$10,000 by the Shield-Ayers Foundation for a proposal entitled “Our Desired Future: Inspiring Texans to Keep Water Flowing for Future Generations” in June 2017.

Non-funded Activities:

- Ms. Vlasta Silhavy, Department of Theatre and Dance, submitted a proposal to the Best Buy Foundation for \$8,139 entitled “LEAP: Leadership, Empowerment, and Arts Program” that was not funded.
- Dr. Kent Griffin, Department of Health and Human Performance, submitted a proposal to the RGK Foundation for \$20,000 entitled “Cycling 4 Fitness and 4 Life” that was not funded.
- Dr. Lola Adepoju, School of Health Administration, submitted a proposal to the Austin Community Foundation for \$25,000 entitled “Improving Health Insurance Literacy Among Central Texans” that was not funded.
- Dr. Farzan Irani, Department of Communication Disorders, submitted a proposal to The Rachael and Ben Vaughan Foundation for \$4,300 entitled “Comprehensive Stuttering Therapy Program” that was not funded.
- Ms. Emily Warren, The Meadows Center for Water and the Environment, submitted a proposal to The Reese Foundation for \$40,000 entitled “Assess Regulatory Alternatives and Protect Water Supplies in the Texas Hill Country” that was not funded.
- Dr. Max Warshauer, Department of Mathematics, submitted a proposal to HEB Tournament for Change for \$16,000 entitled “2017 Junior Summer Math Camp” that was not funded.

Pending Activities:

- Mr. Aaron Swink, Edwards Aquifer Research and Data Center, submitted a proposal to the Texas Parks and Wildlife for \$49,650 entitled “Mobile Aquatic Science Community Outreach Trailer” that remains pending.
- Ms. Emily Warren, The Meadows Center for Water and the Environment, submitted a proposal to The Campbell Foundation for \$25,000 entitled “Anahuac Environmental Flows Wetland Restoration Project” that remains pending.

LAMAR INSTITUTE OF TECHNOLOGY FOUNDATION
Annual Foundation Report to the Board of Regents

Purpose:

The Lamar Institute of Technology Foundation was established as a nonprofit corporation under the laws of the State of Texas and is organized exclusively for charitable educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and its Regulations. The purposes of the Foundation are: (i) to provide support to Lamar Institute of Technology by soliciting, receiving, and accepting gifts of money and other property—tangible or intangible, real, and personal from the general public, including individuals, corporations, and other entities and sources; (ii) administer, manage, invest, and reinvest such money and property; (iii) apply and expend the income and proceeds thereof for such purposes, all to or for the benefit of the Lamar Institute of Technology; (iv) employ or retain any bank, trust company, or financial institution to guide the Foundation in the investment and management of its real and personal property.

Board of Directors:

Dr. Shawn Oubre, <i>President</i>	Bryan Canfield	David Parmer
Rod Carroll, <i>Vice President</i>	Alice Cater	J. Hoke Peacock II
Tim Sudela, <i>Treasurer</i>	Bessie Chisum	Vernon Pierce
Pat Avery, <i>Secretary</i>	Greg Gentry	Micki Carpenter Platt
Dean Robinson, <i>Past President</i>	Daryl Gilbert, Sr.	Raymond Polk
Ashley Alemayehu	Guy Goodson	Jim Rich
Eddie Arnold	Brandon Hebert	C.A. (Pete) Shelton
Danny Babineaux	Gisela Houseman	Rickey Simmons
A. B. Bernard	Kathleen Jackson	Dr. Joel Smith
Robert Bilnoski	Jean McFaddin	Herschel Stagner, Jr.
Dale Boothman	Bill Miller	David Thornhill
John Bussell	Mike Nemeth	Jerry Vandervoort

FY17 Financial Information:

Net Assets:	\$4,311,505.06
Income/Contributions:	\$731,352.21
Expenditures:	\$291,734.31

Summary of Activities:

The Foundation manages fifty-seven endowments. Five of the endowments have fair market values less than \$10,000; twenty-eight of the endowments have fair market values in excess of \$10,000; twenty-four of the endowments have fair market values in excess of \$25,000.

The target asset allocation of the Foundation portfolio recommended by the Board of Directors is that ten to fifteen percent is to be invested in cash and equivalents, thirty to fifty percent in fixed incomes, and sixty to seventy-five percent in equities. 12.3 percent was invested in cash and equivalents, 31.9 percent was invested in fixed incomes and 55.8 percent was invested in equities.

LAMAR STATE COLLEGE – ORANGE FOUNDATION, INC.

Lamar State College-Orange Foundation Annual Foundation Report to the Board of Regents

Purpose:

Lamar State College-Orange Foundation, Inc. is a non-profit organization, which was established in December 1983, to support the development and promotion of Lamar State College-Orange, its students, faculty, staff, and physical facilities, and to accept donations, gifts, and grants of money and property, to administer the same, and to expend funds upon an educational basis.

Board of Directors:

John Cash Smith, Chairman
Ron Borel, Vice-Chairman
Dan Mohon, Secretary/Treasurer
Courtney Arkeen, Director
Patty Cloeren, Director
Lana Fillyaw, Director
Kathy Gunn, Director

Gisela Housman, Director
Shane Johns, Director
David Jones, Director
Stephen Lee, Director
Shawn Oubre, Director
Ross Smith, Director

Net Assets as of December 31, 2016: \$5,263,457

Summary of Activities:

Scholarship Support:	\$150,000
Brown Estate Lawn Care:	\$39,956.64

LAMAR STATE COLLEGE-PORT ARTHUR
Port Arthur Higher Education Foundation, Inc.

Purpose of the Organization

The Port Arthur Higher Education Foundation is organized to support the development and promotion of the arts and sciences and programs of Lamar State College-Port Arthur, its students, faculty, staff and the people of this area and the State of Texas.

Board of Trustees

A. Morris Albright, Chairman
Floyd Marceaux, Vice Chairman
Edward Boone, Secretary-Treasurer
Sam Monroe, President
John Comeaux
William R. Coons
Leonard Gabriel, Jr.
Jeff Hayes
Brian McDougal
James W. Moore
Carl A. Parker
Verna Rutherford
George Taylor
Sheila Umphrey
Bill Worsham

Financial Information as of December 31, 2016

Assets:	\$5,559,486
Income:	\$ 889,415
Expenditures:	\$ 520,855

Summary of Activities

The Port Arthur Higher Education Foundation, Inc. raises and administers funds for the benefit of Lamar State College-Port Arthur. Current activities include the administration of endowed scholarships and prompt acquisition of property within the Campus Master Planning area to facilitate the development of the campus facilities.

The organization also administers scholarship funds for the Port Arthur Industrial Group awarded to students attending colleges and universities across the nation. Scholarships and special support for the athletic program and cultural events sponsored by the college were provided by the Foundation. The organization also sponsors community projects on behalf of Lamar State College-Port Arthur.

Scholarship Management, September 2016	<p>Documented procedures detailing the scholarship management process should be developed and utilized for all scholarships awards. The following specific factors should be considered:</p> <ul style="list-style-type: none"> • Establish minimum requirements for selecting award recipients when endowment agreements or other guidelines (such as NCAA requirements) are not available. • Where appropriate, consider establishing a rubric to weight the qualifications of all eligible students and/or consider additional criteria that may impact college readiness for scholarship awards (e.g., employment, leadership positions, clubs and organizations, community involvement, attendance, high school GPA) • Designate committees to select recipients for all scholarship awards (i.e., a single individual should not have the authority to make autonomous award decisions). The selection committees should document the committee meetings and specifics of the evaluation/awarding processes (e.g., why one student was selected for a scholarship over another). • Remove identifying data (e.g., name, school, city, etc.) prior to submitting applications to the scholarship committee(s). • Notify all students of the open application period in a consistent manner (e.g., email). 	<p>While awaiting the finalization of a Scholarship Policy and Procedure manual, the Office of Financial Aid and Scholarships has taken the following actions:</p> <ul style="list-style-type: none"> • A Senior Specialist/Scholarship Coordinator was hired in May 2016 to oversee the <i>myScholarships</i> system process and train the Colleges and Departments on its use. The <i>myScholarships</i> system has allowed the office to streamline the scholarship awarding process across the University. During Summer 2016 and throughout the 16-17 academic year, multiple trainings were held with Account Managers across campus. New scholarship timelines and consistent procedures for awarding were established for both incoming and current student awards. • As of Fall 2016, every endowed scholarship, as well as most annually funded scholarships, were set up in <i>myScholarships</i> with the corresponding agreement requirements. As new endowments are approved and signed, the Office of Scholarships and Financial Aid will work directly with the Office of Advancement to include the new awards in the <i>myScholarships</i> system with corresponding agreement requirements. • Beginning with award year 2017-2018, <i>myScholarships</i> was set up to use imported student information from Banner to automatically review all current and future 	Implemented

	<ul style="list-style-type: none"> Utilize <i>myScholarships</i> or a similar scholarship management program for all endowed scholarships. 	<p>students for all awards and auto-match them based on the specified criteria. A supplemental application is setup in the <i>myScholarships</i> system to prompt students to complete for more specific ‘apply to’ awards.</p> <p>The Office of Scholarships and Financial aid created a Scholarship Policy and Procedure Manual that is applicable to all account managers and college committees. Requirements included in the policy follow:</p> <ul style="list-style-type: none"> When an endowment agreement does not include specified requirements and/or preferences, the Office of Scholarships and Financial Aid will use the criteria for the University Academic Excellence awards. These standards have shown to aid in retention and 4-year graduation rates. For current students, the minimum criteria will be at least sophomore status and a cumulative GPA of 3.0. College and departmental scholarship committees will be set by the central scholarship coordinator for each of the five colleges. The committees will consist of account managers and/or other selected staff as chosen by the College. The committees will review and approve the selections within their respective college. The committee meetings will be documented with specifics about the awarding process. Also, the University Scholarship Committee that approves all University awards will be documented as well. When presenting the final awards to each scholarship committee for approval, it will include student name, High School and/or city. Certain endowment agreements require students to graduate or live in a particular geographic location. This information will be required to make sure the endowment requirements are met. Also, we have spoken to other Universities and it is not common practice to remove student names when completing the awarding process. The Office of Scholarships and Financial Aid has implemented additional controls by working with

STATUS OF IMPLEMENTATION OF AUDIT RECOMMENDATIONS FOR REPORTS ISSUED THROUGH SEPTEMBER 2017**

Audit Report	Recommendations	Management’s Most Current Response	Status (*)
	<ul style="list-style-type: none"> University management should consider its exposure related to the December 2016 Tall City audition and camp whereby participants may not be refunded and may associate the event with the University for recoupment of fees paid. Music Department management should instruct all faculty that musical instruments are not to be loaned out, whether for rent or not, unless the proper protocol is followed. Music Department management should ensure faculty are aware of University Policy Number: 2.23 – Code of Ethics with regard to disclosure of perceived or actual conflicts of interest and with the TSUS <u>Rules and Regulations</u>, Chapter VIII, Paragraph 4.2, Prohibited Actions of Employees. Music Department management should remind faculty to disclose any outside relationships with vendors or other organizations, whether receiving any compensation or not. Music Department management should notify faculty to disclose any outside employment and activities as required by University Policy Number: 5.3 – Outside Employment, Dual Employment, and Other Activities. 	<ul style="list-style-type: none"> Finance management has considered the exposure and will respond to any requests for reimbursement appropriately. The Music faculty were notified on July 5, 2017, and will be reminded at the beginning of each academic year, regarding the University’s strict policies on loaning equipment. The faculty will also be instructed to disclose all outside relationships with vendors and other organizations at the beginning of each academic year as directed by the University Policy No. 2.23 and TSUS Rules and Regulations, Chapter VIII, Paragraph 4.2. <p>Person Responsible: E. Craig Ness, Vice President for Finance and Operations, and Dr. Brian Shook, Music Department Chair Timetable for Completion: Finance Corrective Action Plan: Completed Music Department Corrective Action Plan: October 30, 2017</p>	<p>Implemented</p> <p>In Progress</p>
	<p>University management should cease all private music lessons held at the University. However, if deemed desirable and appropriate to allow students or faculty to provide private music lessons using University facilities and instruments or equipment, the University should implement a process supported by policy that allows for the protection of the University and remuneration to the University for the use of its facilities, instruments, and equipment. This process would need to include following required policy with regard to minors on campus.</p>	<ul style="list-style-type: none"> The Music Department Chair will survey peer institutions regarding their policies for conducting both student and faculty music lessons on university grounds and using University equipment. At the conclusion of this survey, a proposal will be drafted to include the results and provide potential solutions that operate in accordance with University policy. Administrative Services has been assigned the responsibility for review. Draft of amended policy provided via email to Audit on October 13, 2017. Revised date for adoption of policies: February 28, 2018. 	<p>In Progress</p> <p>In Progress</p>

STATUS OF IMPLEMENTATION OF AUDIT RECOMMENDATIONS FOR REPORTS ISSUED THROUGH SEPTEMBER 2017**

Audit Report	Recommendations	Management’s Most Current Response	Status (*)
		<p>DRC staff met with management from the Division of Distance Learning on August 25th to discuss current issues and needs regarding our online students with disabilities. From this meeting, it was determined that the DRC has still been providing adequate support. There were two items identified that were mentioned could help improve accessibility. 1) Add majors to the DRC’s Access Information Management (AIM) database so additional search filters are able to be implemented allowing more detailed data regarding the need for captioning. (DRC management contacted AIM to explore how to make this change and is waiting for additional information.) 2) Add additional information on accommodation letters for teaching assistants regarding information sharing. These two action items should allow use of the AIM database to more accurately track and identify distance learning courses in advance in regards to the need for captioning or some aspect of communication access. Potential access issues will also be able to be addressed proactively as a result.</p> <p>To also help further evaluate our technology for making online accessible course content needs, the DRC will be hiring an hourly employee who has an extensive back ground in Assistive Technology for deaf/hearing loss students to identify and document potential needs.</p> <p>Person Responsible: Kyle Mutz, Director for DRC, and Brenda Mendoza, Communication Access Coordinator for DRC Timetable for Completion: November 1, 2017</p>	In Progress
	<p>Since the University moved to a bi-weekly payroll system for all non-exempt staff, students, and hourly employees effective July 1st, 2017, this will now eliminate the need for one-time payments to staff interpreters for time worked over 30 hours within a week. Instead, time worked over 30 hours per week will now be included in their total hours submitted during each bi-weekly period. However, DRC management should review and evaluate their own internal processes for ensuring that their employees are paid on time for work performed.</p>	<p>DRC Management has switched over to the new bi-weekly payroll system as of July 1st, 2017, eliminating the need for a separate one-time pay time system. Staff are keeping individual track of assignments and we have added calendar reminders for staff to help keep track. Supervisory staff attended the bi-weekly payroll training provided by human resources on July 13th, 2017.</p> <p>Additionally, DRC management is currently reviewing our front desk staffs responsibilities and planning to also make</p>	<p>Implemented</p> <p>In Progress</p>

Audit Report	Recommendations	Management’s Most Current Response	Status (*)
SUL ROSS STATE UNIVERSITY			
Clery Act Compliance Audit, February 2015	A list of CSAs (Campus Security Authorities) for each campus should be compiled and maintained. CSAs should be notified as to their status as CSAs. Additionally, CSAs should receive training on how and when to report crimes. Periodic confirmation from CSAs should be obtained to verify that there were no crimes to report for a specific date range.	UDPS is in the process of reassessing the CSA listing to make it more manageable and to still continue to serve the Clery process and the students at SRSU. The continued effort on training will be an on-going process. Person Responsible: Kent Dunegan Timetable for Completion: December 31, 2017	In Progress
Staff Development Audit, April 2017	Representatives of the Cashier’s Office, Human Resources, and the Registrar’s Office should review the forms when they are asked to sign and to verify that all necessary signatures have been obtained. If a department is unable to sign because criteria has not been met, that should be duly noted on the form before proceeding with the process. This will be particularly important with the Cashier’s Office as it should be the last place to handle the documentation.	The Tuition and Fee Waiver forms will be carefully reviewed by departments as signatures are obtained for approval. The Cashier’s office will be responsible for making sure the form is complete and all signatures are obtained since it is the final opportunity for review and where the completed form is stored. Another audit covering short courses and compliance with THECB rules is in process. Following this audit, procedures and/or policies will be amended as appropriate. Person Responsible: Alpine Santiago Castillo Director of Accounting Services / Teresa Salas Head Cashier; RGC Cashiers / Delia Ramirez, RGC Business Services Director Timetable for Completion: June 27, 2017	Verification of Implementation pending end of Fall 2017 semester
	SRSU and RGC should establish a period for reporting completion information to the Cashier’s Office regarding those employees who do not successfully complete one or more courses and require reimbursement by a designated deadline.	Timelines for reporting course completion information from the Registrar’s office to the Cashier’s office have been established. The Registrar’s office will report employees taking classes who did not successfully complete the class to the Cashier’s office one week after final grades are due or within one week of a student dropping a class or withdrawing from all classes. The Cashier’s office and the Financial Assistance Office will have the student’s tuition and fees charged back to the employee’s account and the employee notified of the charges no later than two weeks after the notification has been made to the Cashier’s Office. 	Employee Request for Registration Fee Waiver and Tuition Scholarship forms should agree with the courses taken by the employee. If a class is changed, a new form should be prepared showing the new course, the impact on the employee’s work schedule, and proper approvals obtained from the supervisor, Human Resources, Registrar, and the Cashier.	Employees are required to attach their full class schedule to the Tuition and Fee Wavier Form. Students changing their schedules will be required by the Registrar’s office to complete a new form, and reprocess the request for the waiver beginning with obtaining approval from their supervisor. Tuition and Fee Waiver forms will also include a deadline for the form to be turned in to the Registrar’s office for Certification no later than three (3) business days before the first day of classes to obtain the benefit. Person Responsible: Alpine: Pam Pipes Registrar; RGC: Dr. Claudia Wright RGC Director of Admissions, Records and Student Services Timetable for Completion: May 15, 2017	Verification of Implementation pending end of Fall 2017 semester

APPENDIX – PLANNING AND CONSTRUCTION

EXECUTIVE SUMMARY

This utility infrastructure master plan update was performed for Sam Houston State University – Huntsville in 2017. EEA Consulting Engineers’ scope included thermal water systems (chilled and heating water) and the medium-voltage electrical system, and MWM Design Group’s scope included domestic water, sanitary sewer, and storm drainage. The intent of this update was to identify and understand the effects of various system modifications that had been implemented since the previous utility master plan in 2012, and to look ahead through the remainder of the existing campus master plan and provide recommendations as needed to ensure continuity of distributed utility service. Major findings of this report are summarized below.

CHILLED WATER SYSTEM

The East and West Plants provide chilled water service to much of the campus. Both plants are near their maximum load capacity and lack equipment redundancy. Additional chillers are required at both plants over the course of the remaining master plan to adequately serve existing and new buildings, and provide major equipment redundancy. The new chilled water distribution loop is anticipated to be complete in 2018, and the East and West Plants will be connected by the end of 2017. This will provide added operational flexibility and reliability to the chilled water system.

HEATING WATER SYSTEM

The East Plant heating water system has been decommissioned, and modular heating water boilers have been installed at all buildings formerly served by this system. The West Plant’s heating water system will be relocated to make room for the additional required chilled water capacity. Any future buildings are to be provided with highly efficient independent heating water boilers.

ELECTRICAL SYSTEM

Currently there is adequate electrical capacity on campus and a high level of redundancy at the building service level exists due to the current loading of the system. An additional pair of medium-voltage circuits are recommended for the master plan update, as well as the reconfiguring of several existing circuits to provide added redundancy at the campus level and decrease the amount of new infrastructure required. Extensive renovations to Manhole #1, or an alternate distribution system out of the main switchgear, are also recommended to improve reliability and resiliency of the campus medium voltage electrical system.

DOMESTIC WATER SYSTEM

Domestic water pressure is an existing issue at several campus buildings. Hydraulic models of the system show that in a peak usage fire demand condition, many of the campus buildings do not have adequate water pressure for operation of plumbing fixtures in 2nd story floors and higher. The primary limitation of the system is the domestic water source pressure available from the City of Huntsville. Depending on the completion of a city bond funded project to increase the upper pressure plane elevation, a combination of booster pumps and/or elevated storage tanks are recommended for comprehensive improvement of campus domestic water pressures.

SANITARY SEWER SYSTEM

The campus’s sanitary sewer system is generally adequately sized for current campus loads as well as future anticipated loads. Several isolated sections of main lines appear overloaded at peak usage conditions, due to either pipe size or low slope. Improvements to these sections are recommended.

STORM DRAINAGE SYSTEM

The campus’s storm drainage conveyance system is adequately sized for both 25-year and 100-year storm events, with only a few exceptions. Improvements to these areas are recommended or are already in planning.

A summary list of the major recommended utility projects (and their current status) is provided below:

Phase I

- CHW: Increase West Plant usable capacity (to 2,200 tons)To be Completed in 2017
- CHW: Piping Chemistry Building to Avenue I.....To be Completed in 2017
- CHW: Piping from Avenue I to Bobby K. Marks Drive.....To be Completed in 2017
- CHW: Piping from Bowers Blvd. to East Plant.....To be Completed in 2017
- CHW: Piping from East Plant to Avenue I (17th Street) In Design (Arts Bldg)
- CHW: East Plant Capacity Increase (~1,800-ton)..... In Design (Arts Bldg)
- CHW: Program Plant and Building Peak Load Tracking Sequences.....
- ELEC: Route Circuits #9 & #10 from switchgear building to East Plant..... In Design (Arts Bldg)
- ELEC: Manhole #1 Circuit Segregation..... In Design (Arts Bldg)
- DW: Install recommended booster pumps and elevated storage tanks..... *(further study required)*
- SAN: Improve existing sanitary lines at noted locations.....
- STORM: Improve existing storm system at Areas J, N, and A.....

Phase II

- CHW: North Residence Hall piping
- CHW: Install additional 2,500-ton chiller at West Plant
- HHW: Relocate West Plant HHW System to Thomason Hall.....
- ELEC: Redundant electrical feed to HKC and Coliseum.....
- ELEC: Migrate existing buildings from overhead electrical to buried.....

Phase III

- CHW/ELEC: Indoor Multi-Purpose Facility piping and electrical.....

Modular Student Rooms

BUILDING HISTORY

Blanco Residence Hall opened in 1987. It is located on west campus near Harris Dining Hall and the Student Recreation Center, in between newly constructed Falls-Sayers Residence Hall and the Moore Street Housing project. Originally designed for 616 residents, at over 200,000 gross square feet, Blanco Hall is the largest residence hall on campus. It contains 300 student rooms with an en-suite bathroom in each room. In addition to the student rooms, there are 4 open lobbies with 2 front desks and 2 mail rooms, 2 communal kitchens, 4 laundry rooms, 8 study rooms, 2 staff apartments, and multiple offices, storage, custodial and mechanical spaces.

Since its construction over 30 years ago, Blanco Hall has had very few updates. The building's original mechanical, electrical, and plumbing (MEP) infrastructure has never been replaced or updated. This project is predominantly the renovation of the MEP systems and the installation of new fire suppression and new fire alarm systems.

The student room wings of the hall were built using a modular construction method. Each student room was formed and poured as a singular concrete unit. The individual units were then stacked like building blocks to form the hall. Due to this modular construction method, few changes are proposed to the building's general layout or exterior.

However, on the interior, the building is refreshed with all new finishes throughout.

The photograph above is of the construction of the Hilton Palacio del Rio Hotel in San Antonio, Texas. The hotel was built for the 1968 Texas World's Exposition using a similar modular concrete unit method as was used to construct Blanco Hall. In the photograph, one of the individual concrete hotel room units is being hoisted into place. Similarly, at Blanco Hall, the individual student rooms were hoisted in place.

Tab 2: Architectural Floor Plans

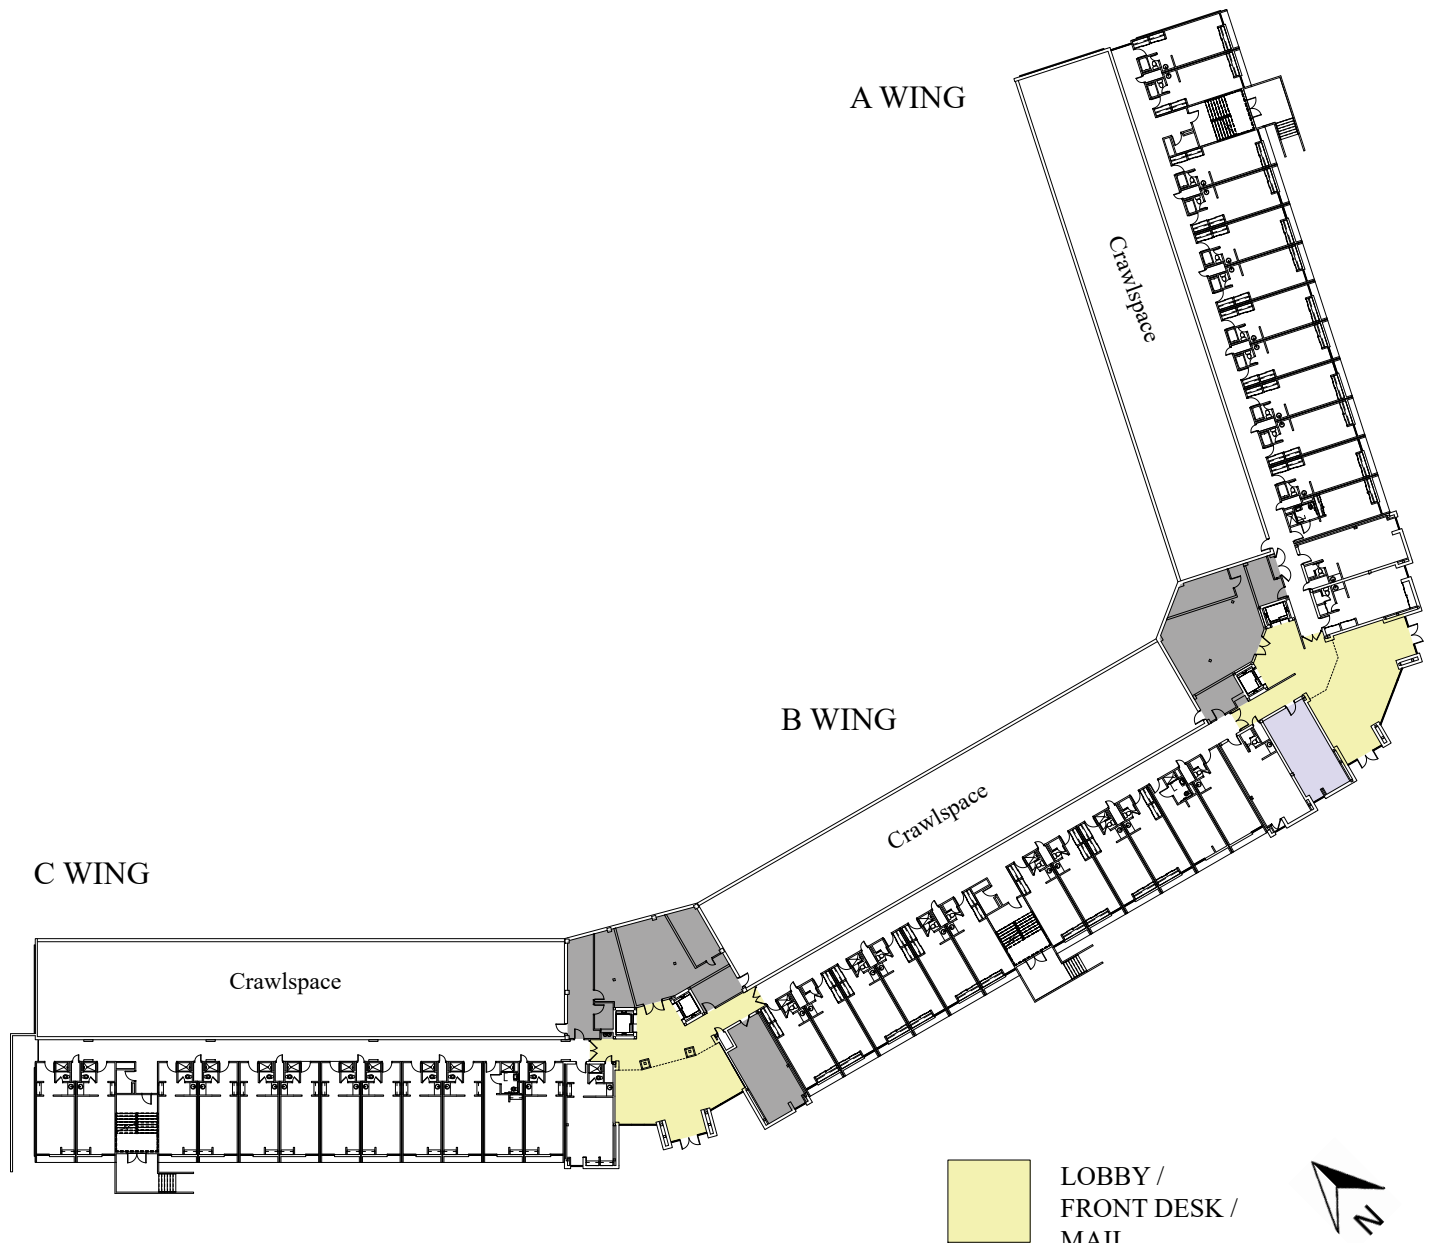

BUILDING ORGANIZATION

Blanco Hall is arranged in 3 wings of approximately 100 modular student rooms each. Wings A, B, and C are connected by 2 “knuckle” spaces. In these knuckles are the communal and support spaces, including lobbies, mail rooms, laundry rooms, kitchens, study rooms, offices, and storage, MEP, and custodial support spaces.

The residence hall is 5 stories tall in total. However, as it sits on a steeply sloping site, from the down side of the slope, Blanco Hall appears to have 5 floors, while on the up side of the slope, it appears to have only 3 floors. The hall is entered from both

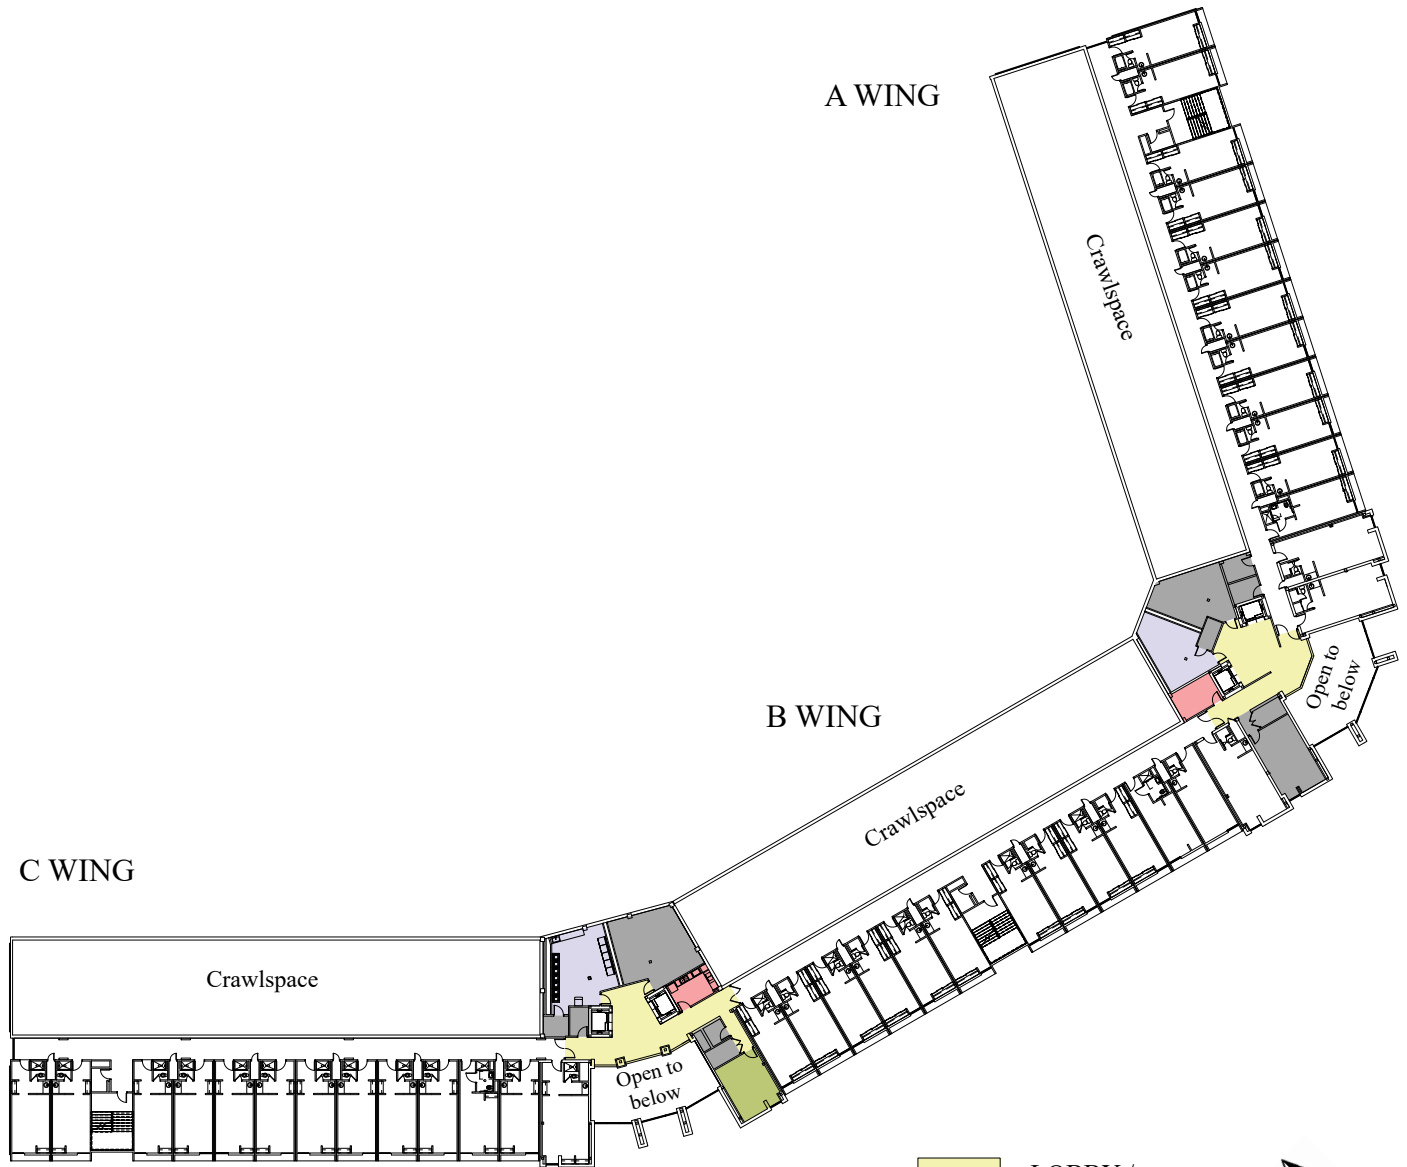

the 1st floor at the down side (south) and from the 3rd floor at the up side (north). A tall crawlspace, or basement, at the 1st and 2nd floors houses much of the hall’s mechanical and plumbing infrastructure.

FIRST FLOOR PLAN

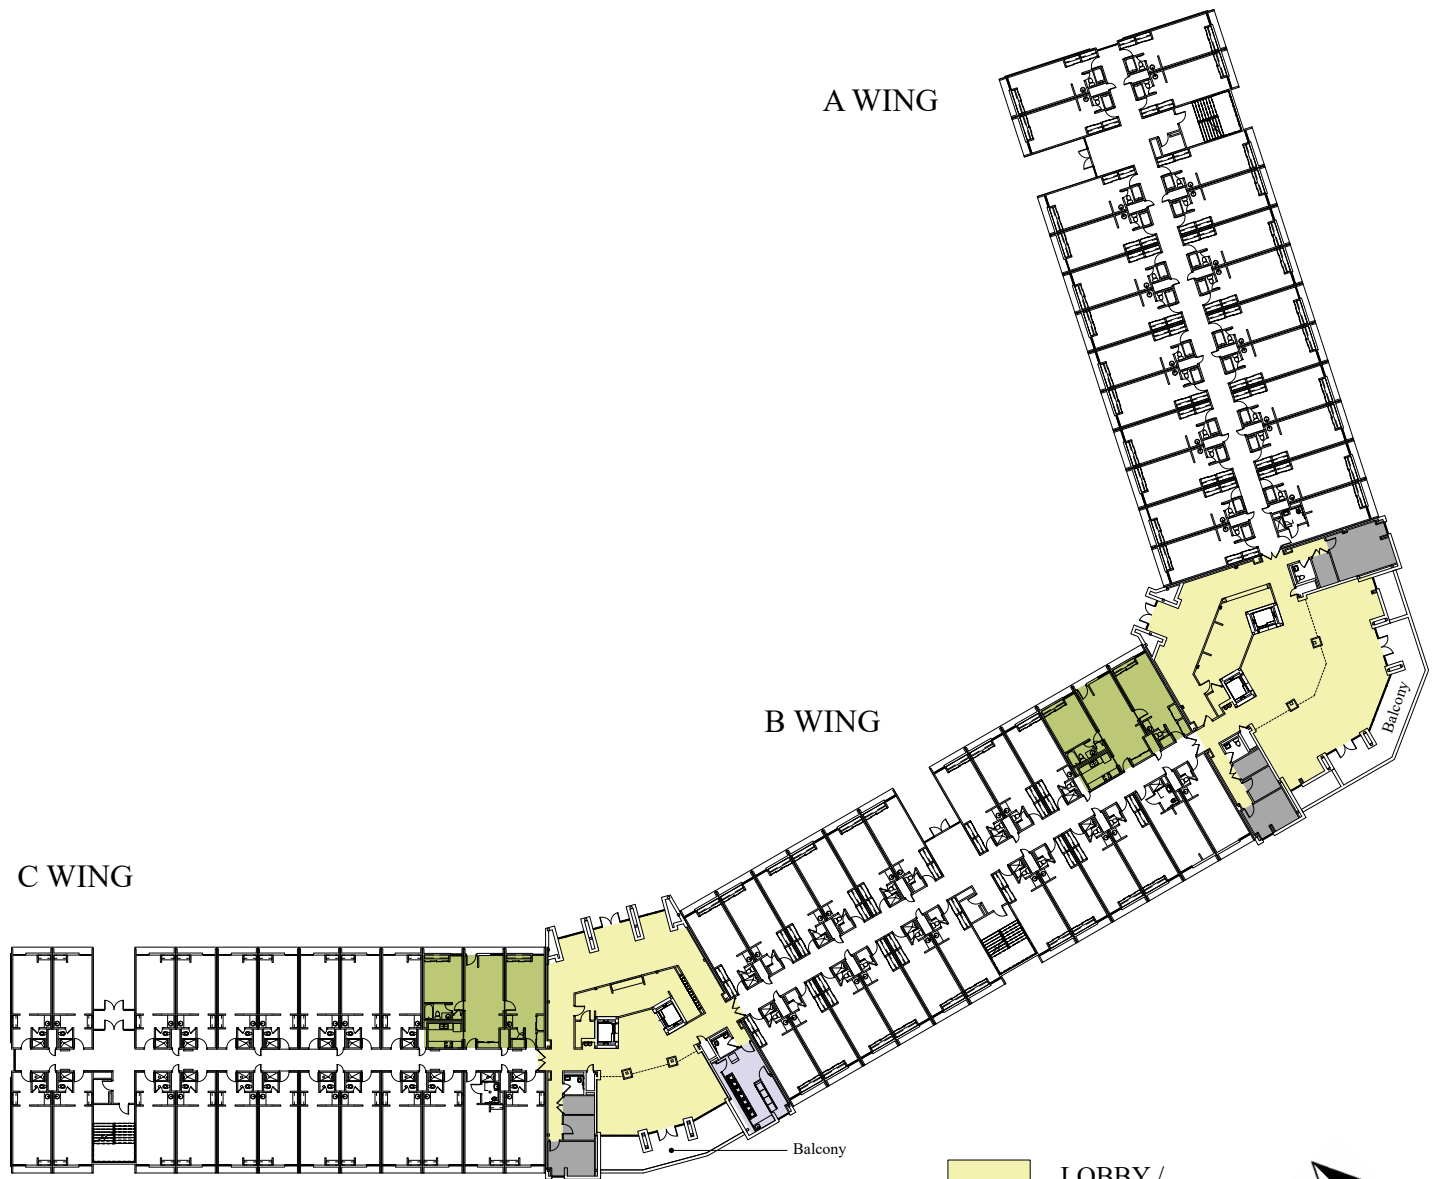

The first floor is 31,592 gross square feet (not including nearly 16,000 additional square feet of crawlspace). It houses 41 student rooms accounting for 86 beds. In the “knuckles”, there is 1 Laundry Room and 2 double-height Lobbies. The other spaces there on this floor are mostly for MEP equipment.

SECOND FLOOR PLAN

The second floor is 31,604 gross square feet (not including nearly 16,000 additional square feet of crawlspace). It houses 40 student rooms accounting for 84 beds. In the “knuckles” there are 2 Elevator Lobbies, 2 Laundry Rooms, 2 Kitchens, and 1 Study Room.

THIRD FLOOR PLAN

The third floor is 47,837 gross square feet. It houses 67 student rooms accounting for 134 beds. In the “knuckles” there are 2 double-height Lobbies, 2 Front Desks, 2 Mail Rooms, 2 Balconies, 1 Laundry Room, and several Offices.

On the third floor there are no Study Rooms. Here, the green color indicates the locations of the Hall Director’s and Graduate Hall Director’s apartments.

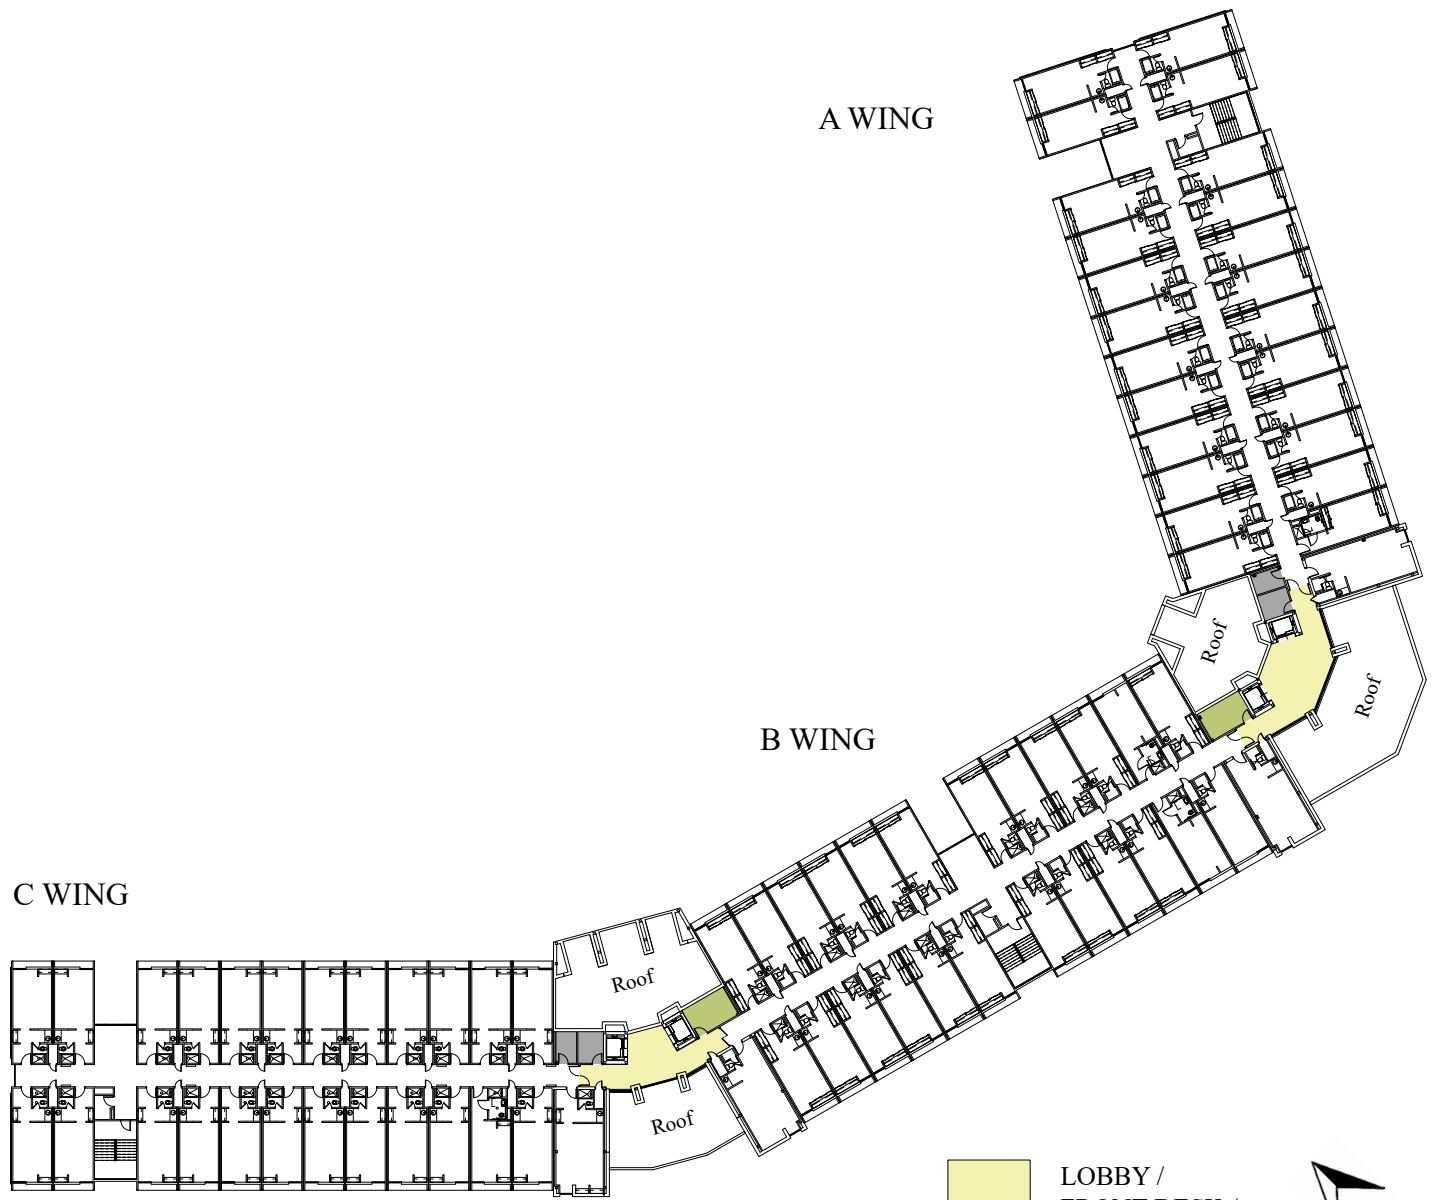

FOURTH FLOOR PLAN

The fourth floor is 45,866 gross square feet. It houses 76 student rooms accounting for 156 beds. In the “knuckles” there are 2 Elevator Lobbies and 4 Study Rooms.

- MEP / SUPPORT

Construction Phasing Plan

CONSTRUCTION SCHEDULE & PHASING

The renovations are taking place over a period of 20 months beginning in November 2017. The construction is phased per wing and begins with C Wing.

Wings not under construction are fully occupied. For example, while C Wing is under construction, A Wing and B Wing are fully occupied. Temporary fire separation walls, means of egress, and temporary fire alarm systems within the construction areas are provided.

The renovations are completed for full occupancy in Fall of 2019.

TAB 3

**ENLARGED ARCHITECTURAL FLOOR
PLANS**

C Wing 1st Floor Lobby

DESIGN SCOPE

Originally constructed in 1985, Blanco Hall has had minimal renovation since its construction. The design scope replaces the existing paint, ceilings, lighting, MEP, and signage which refreshes and revives the hall.

The new design leaves the existing brick intact and refurbishes a significant portion of the existing wood

wall finish and trim. The wood left is refinished giving it an updated, modern feel.

With just a few finish changes, Blanco Hall has become a more modern and inviting place. This, in turn, encourages the students to get out of their dorm rooms and use the newly updated areas.

View A

C WING 1ST FLOOR LOBBY

Below are images of the existing lobby conditions. The images show that the space was heavy, uninviting, and outdated. Above is the refreshed lobby space, which is the exact opposite of what it used to be.

By simply updating the finish of the wood, adding new lighting and replacing the flooring, it becomes a more open, bright, and inviting area. The new lobby encourages students to make use of their common spaces.

Existing Photos

New Carpet Tile

New Walk-Off Carpet

New Floor Tile

Key Plan

View B

TYPICAL CORRIDOR

The images below show that the existing corridors were outdated. With a few cost-effective solutions we are able to achieve an updated, modern feel. The wood chair rail is removed and the remaining wood trim is refinished to match the newly painted walls.

New arch ways are added in order to disguise the electrical chases and to break up the long corridor. New ceilings are installed, and the lighting is updated to a low-profile LED fixture. This allows ample space above for MEP needs and access.

Existing Photos

Typical Corridor

New Carpet Tile

Key Plan

View C

C WING 3RD FLOOR ENTRY

The photo below shows how dark, underutilized, and closed off the existing space felt. The existing third floor entry had two unused window nooks at the North entrance. The design scope utilizes all available space and creates study nooks in these areas with the addition of furniture and carpet.

The wood panels at the walls and wood railings are refinished. This, combined with the new flooring, paint and lighting, brightens and enlivens the space. The renovation of this area encourages students to use the otherwise underutilized space.

Panorama Photo of Existing Entry

New Carpet Tile

New Walk-Off Carpet

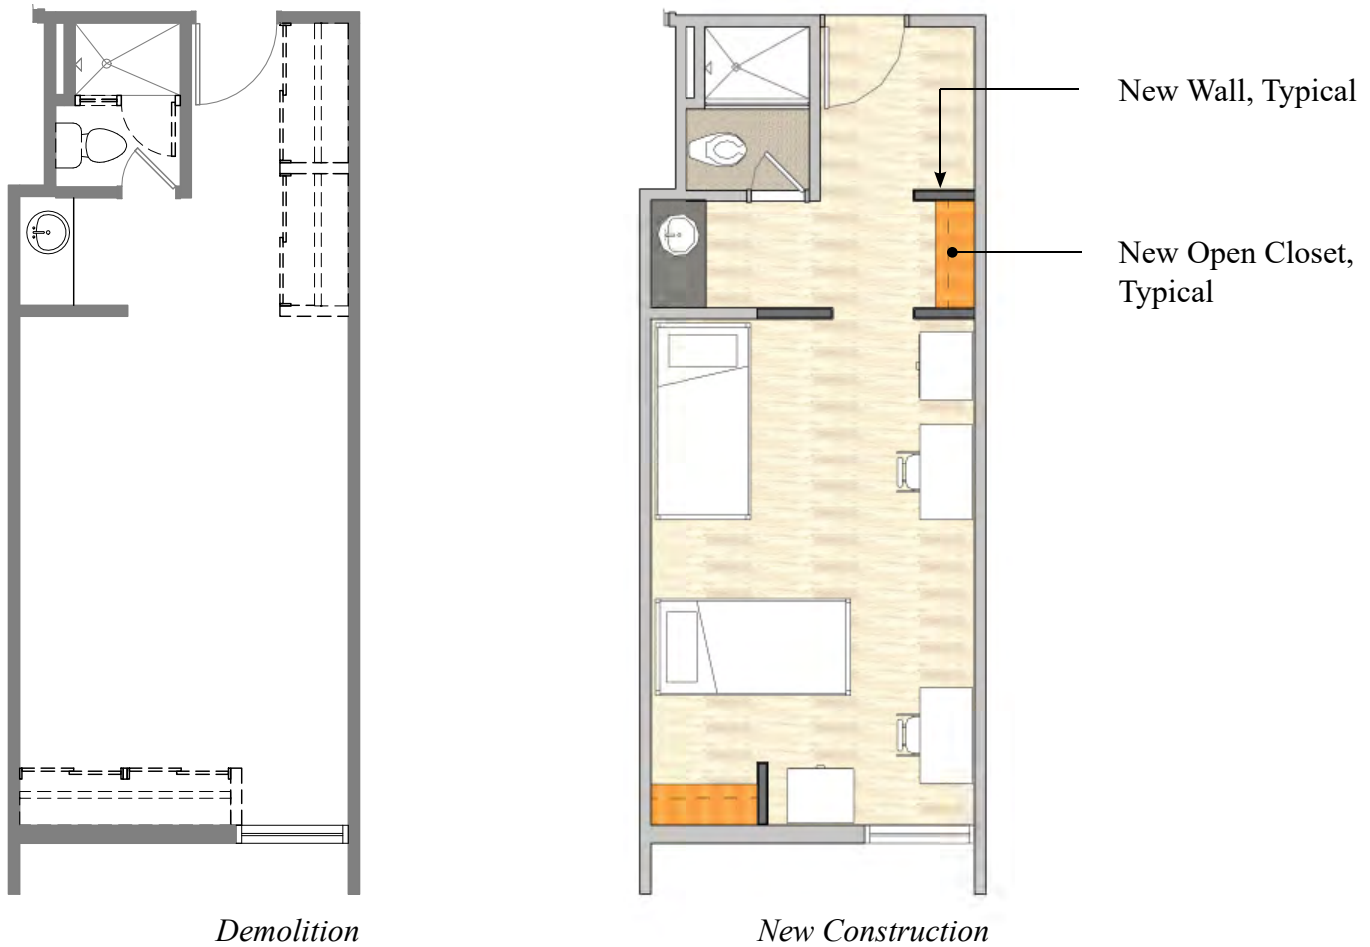

New Floor Tile

Key Plan

Tab 3: Enlarged Architectural Floor Plans

TYPICAL STUDENT ROOM

As the existing concrete walls at each student room constrain any change to the room's perimeter, small interior changes are made that simultaneously increase both the openness and the privacy in each room. The bulky closets that intrude upon both the entrance door and the one and only window in each room are removed. Two new open closets, that allow for fire sprinkler coverage inside the closets themselves, are located farther away from both the entrance door and the window. The "wing" wall adjacent to the sink in each room is extended to provide more privacy to both the vanity area and the bathroom entrance. This move also provides more wall space within the room, thereby increasing furniture placement flexibility.

Also in every room, all existing finishes are removed and replaced with new. The rooms and bathrooms get all new flooring, and all walls get new paint. Also in the bathrooms, the cumbersome shower door is removed and replaced with a shower rod and curtain. All suspended tile ceilings are removed and replaced with new, and any light fixtures within those ceilings are also replaced with new LED fixtures.

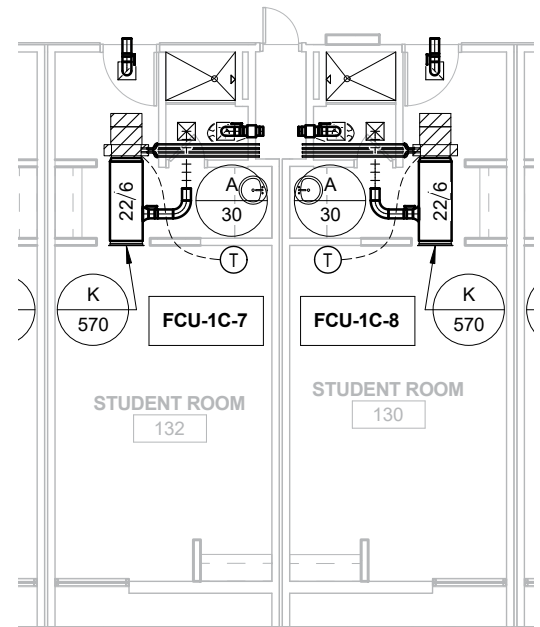

The rooms also receive all new furniture. The plan above shows one possible furniture arrangement, but now the rooms offer more flexibility for each student to arrange their room as they like.

TAB 4

MAJOR BUILDING SYSTEMS

NEW INFRASTRUCTURE DIAGRAM

This diagram illustrates the replacement of all HVAC and plumbing infrastructure in every shared chase between every student. This scenario is repeated at nearly 40 shared chases in Blanco Hall.

MECHANICAL PLAN

Typical Shared Chase

ARCHITECTURAL PLAN

ARCHITECTURE / INTERIORS

Reference TABS 2 and 3 for design narratives, finishes, and systems related to the architecture and interiors.

CIVIL ENGINEERING

CIVIL / UTILITIES

A new fire sprinkler service line will be added to the existing building. Flow test results indicate that sufficient water pressure is available to support the fire sprinkler service. Modifications to the existing water system are designed in accordance with the current Texas State University Design Guidelines and the Texas Commission on Environmental Quality (TCEQ) standards.

STRUCTURAL ENGINEERING

The existing Blanco Hall building at Texas State University was built in 1985 and is constructed primarily of precast concrete modular units at the three main wings. Lobbies connecting the three main wings are constructed with steel wide-flange beams supporting a concrete slab on metal deck. Structural modifications to the building are limited to new openings and cores through the precast concrete units as required for new MEP systems. Typical details are provided for patching and reinforcing the existing as required to maintain the integrity of the structure.

New platforms are designed for the existing vertical MEP chases consisting of metal grates supported by steel angles.

Several concrete perimeter soil retainers have settle at the existing mechanical crawlspaces. These retainers have been braced and the reinforcing is holding. Measures to reinforce soil retainers with utility penetrations that have yet to settle are undertaken.

MECHANICAL ENGINEERING

The mechanical infrastructure is replaced with new or refurbished. The mechanical scope includes the following:

- New outside air handling units are provided and installed in the mechanical crawlspaces (3 units total)
- All existing air handling units on the 2nd and 3rd floors are refurbished by the manufacture (5 units total)
- All existing fan coil units in each student room are removed and replaced with new units (+/- 300 units)
- New vertical in-line pumps and all related piping are installed in each existing mechanical room
- All existing ductwork, primarily in the Lobby portions of the building, are cleaned
- New conditioned fresh air supply is provided to all student rooms and to the corridors
- New direct digital controls (DDC), or computerized operations and monitoring, are installed at all new outside air handling units
- C Wing steam to hot water converter is re-tubed
- All toilet exhaust fans are replaced
- All ventilation fans are replaced
- All dryer exhaust ducts are replaced

CHILLED WATER SYSTEM

The campus chilled water loop is currently serving the building. The building chilled water distribution is through decoupled end suction pumps with variable frequency drives. The chilled water capacity is approximately 945 tons, resulting in a chilled water flow of 1,418 GPM @ 16°ΔT (42°F - 58°F). The chilled water cooling capacity is metered for each wing (A, B, and C). Chilled water is supplied to all fan coil units and air handling units. For redundancy, N+1 chilled water pumps are provided. The mechanical room in 'C' serves the 'C' wing, and the mechanical room located in 'A - B' lower level serves the 'A' and 'B' wings.

HEATING WATER SYSTEM

Heating water is provided by steam to hot water heat exchangers using steam from the campus loop. The building heating water distribution is through decoupled end suction pumps with variable frequency drives. The heating water capacity is approximately 5,800,000 Btuh, resulting in a steam flow of 6,395 lbs/hr and a hot water flow of 580 GPM @ 30°ΔT (180°F - 150°F). The heating water consumption is metered for each wing (A, B, and C). Heating water is supplied to all fan coil units, 100% OA pretreatment air handlers, and all other air handling units.

HVAC SYSTEMS

HVAC systems consist of 100% outside air units for each wing (A, B, and C); fan-coil units for each resident room; fan-coil units and air handling units for common areas; roof mounted toilet exhaust fans; and crawl space ventilation fans. All new fan coil units are provided with 3-speed PSC motors. Ventilation air is supplied to each fan coil unit. Building exhaust is provided with roof mounted fans controlled to maintain a positive building pressure with respect to the outside. In addition to providing building pressure control, these fans exhaust toilet rooms, kitchenettes, janitor rooms, and other spaces requiring exhaust. Exhaust quantities for these spaces are based on the requirements of ASHRAE 62.1 - 2010. The mechanical design is providing 2 CFM/S.F. or approximately 100 CFM/unit which exceeds ASHRAE 62.1 requirements.

VENTILATION

Ventilation air is provided to each space as required by ASHRAE 62.1. Ventilation air is distributed to the residence fan coil units via 100% OA pretreatment air handlers (OAHU's). The outside air to the residence units is "neutral" dehumidified air to maintain low humidity and ventilation re-

quirements in the spaces. The pretreated outside air supplied to the air handler is mixed with return air, treated to remove any space latent heat, and delivered to each zone.

HVAC CONTROLS

Each residence unit fan coil has a thermostat located in the space. The thermostat prevents residence unit occupants from being able to adjust more than, Temperature: Within a pre-set range, Unit Mode: Heat/Cool/Fan/Off and Fan Speed: Low/Medium/High.

Other areas are controlled with thermostats located in each zone.

DESIGN CONDITIONS

Summer Outside 100° F D.B. 78° F W.B.
 Summer Inside 75° F D.B. 50% relative humidity
 Winter Outside 20° F D.B.
 Winter Inside 72° F D.B.

ELECTRICAL ENGINEERING

ELECTRICAL UTILITIES

The existing Blanco Hall is served by two (2) pad mounted transformers, a 1,000 KVA and a 750 KVA transformer. These transformers are served by the existing campus wide 15 KV primary distribution system. The secondary voltage of these transformers is 120/208 volt, 3-phase, 4-wire.

The 750 KVA transformer serves a 2,000 amp, 120/208 volt, 3-phase, 4-wire fusible switchboard, switchboard "N".

The 1,000 KVA transformer serves a 3,000 amp, 120/208 volt, 3-phase, 4-wire fusible switchboard, switchboard "S".

The existing pad mounted transformers and existing electrical services are remaining.

INTERIOR ELECTRICAL DISTRIBUTION SYSTEM

There are two (2) main electrical rooms in the existing Blanco Hall, north electrical room and south electrical room.

Existing 2,000 amp, 120/208 volt, 3-phase, 4-wire fusible switchboard "A" is located in the north electrical room. Existing 3,000 amp, 120/208 volt, 3-phase, 4-wire fusible switchboard "B" is located in the south electrical room. Existing switchboard "A" and switchboard "B" are remaining.

Existing motor control center "MCCS" is located in the south electrical room. Motor control center "MCCS" is 400 amp, 120/208 volt, 3-phase, 4-wire. Motor control center "MCCS" is being removed and replaced with a new 400 amp, 120/208 volt, 3-phase, 4-wire distribution panelboard.

Existing motor control center "MCCN" is located in the north electrical room. Motor control center "MCCN" is 200 amp, 120/208 volt, 3-phase, 4-wire. Motor control center "MCCN" is being removed and replaced with a new 225 amp, 120/208 volt, 3-phase, 4-wire distribution panelboard.

There are sixteen (16) existing 400 amp, 120/208 volt, 3-phase, 4-wire distribution panelboards served from existing switchboard "S". These sixteen (16) distribution panelboards are serving the existing dorm rooms 60 amp, 120/208 volt, 1-phase, 3-wire load centers. The existing 400 amp distribution panelboards are being removed and replaced with new 400 amp, 120/208 volt, 3-phase, 4-wire distribution panelboards.

There are eight (8) existing 400 amp, 120/208 volt, 3-phase, 4-wire distribution panelboards served from existing switchboard "A". These eight (8) distribution panelboards are serving existing dorm rooms 60 amp, 120/208 volt, 1-phase, 3-wire load centers. The existing distribution panelboards are being removed and replaced with new 400 amp, 120/208 volt, 3-phase, 4-wire distribution panelboards.

In accordance with Texas State Construction Standard Section 26 24 16, paragraph 3.01.M, all new distribution panelboards rated 400 amp and up are being provided with 10 inch gutter space on both sides.

The existing dorm rooms 60 amp, 120/208 volt, 1-phase, 3-wire load centers are being removed and replaced with new load centers. Arc-fault circuit-interrupter overcurrent protective devices are being provided in accordance with NEC 2017, Article 220.12.B.

All new wiring is copper 98% conductivity. All wiring insulation is THHN/THWN. All wiring is being installed in metallic conduits, rigid galvanized conduit (RGC), intermediate conduit (IMC) or electric metallic tubing (EMT). RGC or IMC

is being used in exposed exterior areas. PVC conduits are being used underground, in wet or corrosive areas.

GROUNDING SYSTEM

Blanco Hall has an existing grounding electrode system. The new main water pipe is being bonded to the main grounding electrode. Cathodic protection is being provided on the building steam line, chiller water supply and return lines, condensate and domestic water lines, and shut-off valves.

New electrical feeders and branch circuits include a separate insulated equipment grounding conductor.

INTERIOR LIGHTING SYSTEMS

New LED lighting is being provided in the following areas:

- All dorm room bathrooms.
- All corridors.
- All study rooms.
- All lobbies.

New emergency means of egress lighting is being provided in lobbies, corridor areas, all building exterior doors, all exterior landing.

All existing exit lights are being removed. New LED type exit lights are being provided.

Emergency lighting systems are being provided with built-in battery back-up systems.

New emergency lighting systems comply with the requirements of NFPA – 101 – Life Safety Code.

EXTERIOR LIGHTING SYSTEM

New LED lighting is being provided at all exterior egress areas.

FIRE ALARM SYSTEM

The existing fire alarm system and existing fire alarm devices are being removed. A new analog point addressable multiplex fire alarm and supervisory alarm system is being provided.

The fire alarm systems consist of, but is not limited to, new area smoke detectors, heat detectors, manual pull stations, speakers, speaker/strobes, visual and audio-visual devices, etc. Three (3) fire alarm control panels are being provided one (1) fire alarm control panel per wing. The three (3) fire alarm control panels are being interconnected.

The fire alarm system is a voice evacuation type system per Campus Standards and Code requirements.

The fire alarm system is a digital addressable type.

PLUMBING ENGINEERING

SANITARY WASTE AND VENT SYSTEMS

All existing sanitary piping is removed. A complete new sanitary waste and vent system is provided for all plumbing fixtures. All water closets are replaced with new.

DOMESTIC WATER SUPPLY SYSTEM

All existing domestic water piping is removed. A complete new domestic water distribution system is provided for all new and existing plumbing fixtures requiring water connections in the building. The system consists of hot, cold and hot water return piping systems sized adequately to maintain water flow velocities at or below 5-feet per second. Domestic supply water is softened (by existing softeners) in a vertical pressure type water softener for supply to the domestic hot water generators. Discharge water pressure to plumbing fixtures does not exceed 80 PSIG. Water mains are routed vertically at the stacked toilet rooms in each residence hall. Each level has shut-off valves for maintenance purposes and is equipped with appropriate water hammer arresters to control hydraulic pressures due to water hammer. All piping is insulated.

DOMESTIC HOT WATER SYSTEM

Existing steam to hot water generators provide hot water to the building. Thermostatic mixing valves are included in the hot water heating system. A new domestic hot water distribution system is provided for all plumbing fixtures requiring hot water connections. See description of domestic water supply above for routing through building. The system consists of a hot water supply and return piping system sized adequately to maintain water flow velocities at or below 5-feet per second and to maintain adequate pressure throughout the system. The hot water system includes balancing valves

to maintain hot water temperatures throughout all loops. Discharge water temperature does not exceed 140 F. All piping is insulated.

An electric water heater provides for apartment units and is in series with the building domestic hot water supply distribution system. These water heaters are glass-lined tank with an alkaline borosilicate composition that has been fused to steel. Extruded aluminum, sacrificial anode rods, required piping, piping connections, ASME rated ANSI Z 21.22 temperature and pressure relief valve, drain valve, and thermometers are provided.

FIRE PROTECTION

A complete new wet pipe combination automatic fire sprinkler/standpipe system is provided. All portions of the building are protected by new automatic fire sprinklers except for the crawl space. The fire protection system includes a standpipe system with hose connections at each intermediate stair landing and floor control valves.

TOTAL PROJECT COST

**DHRL: BLANCO HALL RENOVATIONS
Total Project Budget**

Total Estimated Construction Cost	\$20,649,451.00
Add Alternates as listed below	\$ 3,419,100.00
Construction Cost Limitation (CCL):	\$20,589,566.00
CMR Pre-Construction Services:	\$59,885.00
Owner's Construction Contingency	\$1,441,270.00
Architect/Engineer Fees:	\$1,974,870.00
Furnishings and Equipment:	\$00.00
Owner Contracted Services / Other Work:	\$3,256,020.00
Owner Provided Services / Miscellaneous:	\$310,902.00
Project Contingency:	\$1,105,353.00
Project Management Administrative Fees:	\$862,134.00
Landscape Enhancement: (Not Applicable)	0.00
Public Art: (Not Applicable)	0.00
Estimated Total Project Cost:	\$29,600,000.00

This budget represents the University's best estimate of project costs at this stage of design, based upon third-party construction estimates reconciled between the Architect's cost estimating consultant, Project Cost Resources; and the Construction Manager-at-Risk, SpawGlass Contractors, Inc.

Alternates include:

Add Alternate #1 - Select Plumbing fixture replacement in student bedrooms	\$1,170,000
Add Alternate #2 - Data & CATV Changes	\$401,400
Add Alternate #3 - Electrical Upgrades	\$1,204,800
Add Alternate #4 - Renovate existing unlevelled transformer pad	\$66,100
Add Alternate #5 - Crawlspace weatherproofing	\$482,300
Add Alternate #6 - Replace leaking windows at the ends of Wings A & C.	\$94,500

TAB 7

COST COMPARISON

PROJECT DESCRIPTIONS

MOORE HILL DORMITORY RENOVATIONS - University of Texas (UT) Austin

Moore Hill Dormitory was built from 1939 to 1956 to accommodate 390 residents in double rooms. The Project involved a complex two-phase renovation of four floors. The first phase of work involved replacing all the fan coil units and replacing major MEP infrastructure. The second phase included all new interior finishes, minor space reconfigurations and ADA upgrades.

This project is considered a close programmatic comparison to the Blanco Hall renovation with similar finishes, equipment, and phasing.

JESTER TOWERS EAST & WEST RENOVATIONS

- University of Texas (UT) Austin

Jester Residence Towers were built in 1969 to accommodate nearly 3,000 residents in multiple room configurations. The Projects included the complete renovations of all residential floors (10 floors at the East Tower and 14 floors at the West Tower). Work included, but was not limited to, all new interior finishes, new MEP systems, minor reconfiguration of spaces, ADA upgrades, and new exterior fenestrations to provide additional daylighting. The construction was phased for work to be completed during the summers of 2009 until 2019.

This project is considered a close programmatic comparison to the Blanco Hall renovation with similar finishes, equipment, and phasing.

BRACKENRIDGE, ROBERTS & PRATHER RESIDENCE HALLS RENOVATIONS

- University of Texas (UT) Austin

Brackenridge, Roberts and Prather were built in 1933, 1936 and 1939, respectively, to provide nearly 400 student rooms. The Project involved the renovation of all student bathrooms, the replacement of all fan coil units, the replacement of a majority of all MEP infrastructure including all air handling units. The Project was phased for completion over the course of two summers.

This project is considered a close programmatic comparison to the Blanco Hall renovation with similar finishes, equipment, and phasing.

Cost per SF	\$160.25	\$77.14	\$116.57	\$101.50	\$102.95

* Per The Associated General Contractors of America (AGC), renovation construction costs increased at the following rates:

2013: 2.0%

2014: 2.0%

2015: 2.0%

2016: 2.0%

2017: 2 - 3.0% (forecasted)

TAB 8

ENVIRONMENTAL IMPACT

ENVIRONMENTAL IMPACT

ASBESTOS ABATEMENT

Asbestos containing insulation was found on the piping in the existing vertical plumbing chases between each student room. This material is removed prior to the start of construction at each phase.

ENERGY CONSUMPTION

Blanco Hall's energy consumption is reduced due to the new LED lighting in the corridors, the new pretreated outside air handling units with energy recovery, the new pumps with VFD's, and the new positive building pressure. The new design complies with the state energy code.

WATER CONSUMPTION

Over 300 tank-type water closets are replaced with new low-flow flush-valve water closets. This, along with the replacement of the plumbing infrastructure, results in a significant reduction in water consumption.

LIFE SAFETY

With the installation of a new fire sprinkler system and modern fire alarm system, Blanco Hall is a safer place to live.

AIR QUALITY

With the replacement of the majority of the mechanical infrastructure and the introduction of fresh air into the system, as required by today's Codes, the air quality at Blanco Hall is significantly improved. The new 100% outside air pretreat air handling units provide outside air quantities per ASHRAE 62.1 and also provide pressurization for the building to reduce infiltration. In addition, the outside air handling units filter the outside air with 80% efficient filters.

QUALITY OF LIFE

In addition to the infrastructure improvements, the renovations to the interiors at Blanco Hall transform the 30-year-old dormitory into a modern residence hall befitting Texas State University, an emerging leader in higher education.

CIP Project Information Form

Project Name: Workforce Education Building Renovation

Component: Lamar State College - Orange

Program Year: 2018

New or Amended: New

On Campus Master Plan? No

Project Type: Classroom, General

Gross square footage: 16,223

Site/Location: 320 West Green Avenue

Project Need: Post Hurricane Ike, it was decided to demolish the Green Avenue Building (GAB). The Barnes and Noble bookstore and print shop were both located in this building in addition to other departments. The Dental program was moved from the GAB to the Allied Health building, 2nd floor. The Human Resources department and the computer technology program were moved to the Academic building. An opportunity arose to purchase this building from Workforce Solutions. Additionally, the campus was starting a new Physical Therapy program and needed a location for the program. The bookstore and the print shop are scheduled to relocate to this renovated Workforce building. There was no other campus space to relocate the bookstore. Due to the needs of the new program and the need to relocate the bookstore, this opportunity appeared to be a reasonable solution to the space need.

Preliminary Project Cost: \$1,965,021

Source(s) of Funding: HEF \$1,856,320; Bookstore fund balance \$108,701

Comments: The preliminary project cost is based on a third-party estimate.

CIP Project Information Form

Project Name: Spindletop Gladys City Museum Restoration

Component: Lamar University

Program Year: 2018

New or Amended: New

On Campus Master Plan? Yes

Project Type: Renovation/Repair/Maintenance

Gross square footage: 15,259

Site/Location: 5550 Jimmy Simmons Boulevard

Project Need: 2026 will mark the 125 year anniversary of the first discovery of oil in Texas at the Spindletop Hill salt dome near Beaumont, Texas on January 10, 1901. The Lamar University Spindletop Gladys City Boomtown Museum will also mark its 50th anniversary that year. Established in 1976 to commemorate the event and to create a replica of the bustling Gladys City boomtown of 1901, the museum consists of 14 period buildings. Over the years, a series of several severe weather events have taken a toll on the integrity of most of the buildings. They are in need of restoration, modernization of infrastructure and especially effective humidity control to preserve the building interiors and the historical contents. Routine maintenance is performed to keep the buildings functional but is not sufficient to address the deterioration that has occurred over time.

Preliminary Project Cost: \$1,235,000

Source(s) of Funding: Auxiliary funds \$617,500; Gifts \$308,750; Designated funds \$308,750

Comments: The preliminary project cost is based on an internal, preliminary estimate.

CIP Project Information Form

Project Name: Hurricane Harvey Repairs

Component: Sam Houston State University

Program Year: 2018

New or Amended: New

On Campus Master Plan? No

Project Type: Repairs

Gross square footage: N/A

Site/Location: Various

Project Need: Thirteen buildings on the campus were damaged by Hurricane Harvey. The University is working with its insurance carrier to determine the scope of work and the estimated cost.

Preliminary Project Cost: \$3,000,000

Source(s) of Funding: Insurance proceeds and HEF

Comments: The preliminary project cost is based on a preliminary internal estimate.

CIP Project Information Form

Project Name: Museum of the Big Bend Annex

Component: Sul Ross State University

Program Year: 2018

New or Amended: New

On Campus Master Plan? No

Project Type: Other

Gross square footage: 10,000

Site/Location: Directly behind the Museum of the Big Bend

Project Need: The Museum of the Big Bend currently houses a permanent display area, small rotating exhibit space, conference room, offices, education room, gift shop and limited collection storage. Expansion is needed for additional exhibition space to showcase the Museum's extensive Texas map collection, visiting exhibitions and a permanent exhibit of the work from the Center for Big Bend Studies, additional education space for museum programs and events as well as museum standard collection storage.

Preliminary Project Cost: \$8,000,000

Source(s) of Funding: Gifts

Comments: The preliminary project cost is based on an internal estimate.

EXECUTIVE SUMMARY

Planning and Construction Report

November 2017

Following this Executive Summary are the following items:

1. Spreadsheet summarizing the status of TSUS capital projects as of October 3, 2017.
2. Brief summaries of project status for each TSUS project, listed by Component and current phase of project.

The spreadsheet reflects a 3.5% decrease in overall project value from the previous report.

TSUS presently has thirteen projects valued at approximately \$239 million in the planning stage, an increase of 3% from the previous calendar quarter. Eight projects are in design, valued at approximately \$108 million, a 37% decrease in value over the previous quarter as major projects have now moved into construction. Fourteen projects valued at approximately \$487 million are in various stages of construction prior to substantial completion, down 16% from the figure reported in August. A number of projects reached substantial completion since the previous quarterly report.

Currently, excluding projects that have reached substantial completion, we have approximately \$835 million in projects in planning, design or construction that are moving forward, a decrease of approximately 11% from the previous calendar quarter. Of this number, twenty-two projects valued at \$595 million are currently in design or construction. The preceding summary excludes most projects under \$1 million that are proceeding under Presidential authority.

November, 2017

Data is as of October 3, 2017

**Lamar Institute of Technology
Summary
(as of October 3, 2017)**

I. Project Planning & Programming

1) Student Service Learning Center

Programmer: Facility Programming & Consulting Est. Cost: \$24,040,200

Phase 3 of 3 of the Programming is 100% complete. Programming has been approved by the Institute. This project is on the Capital Improvements Program and is on hold pending funding.

2) TA Buildings 1, 4, 5 Renovations/Replacement

Programmer: Facility Programming & Consulting Est. Cost: \$7,324,394

As part of our master plan, this project is approximately 16,763 square feet. It will provide space for a one stop shop for student services. The proposed occupants of this building will be Student Success, Admissions, Student Government Association, Financial Aid, Career Services, Teaching and Learning Center, Testing and support spaces. This project includes the demolition of the existing TA 1 Building. Buildings TA 4 (15,716 square feet) and TA 5 (10,272 square feet) will be renovated to update/repair doors, ceilings, lighting, HVAC, windows, and add a bathroom to TA 4.

Phase 1 programming is complete. Phase 1 Environmental and Geotechnical have been done for this project.

II. Design and Construction Document Phase

N/A

III. Construction Phase

3) TA Buildings 2, 3 Renovations/Replacement

Architect: PBK Architects, Inc. Est. Cost: \$15,723,701
Contractor: SETEX Construction Corp. Completion: August 2017

In keeping with the Institute's master plan, this project is a 38,298 square foot, two story building that will provide instructional spaces for the growing diverse student body. The preservation and renovation of the existing glycol unit will offer students a hands-on instructional experience. Tuition Revenue Bond funding in the amount of \$12,500,000 was obtained for this project. Design Development documents and total project cost were approved at the May 2016 Board meeting. Construction began on September 26, 2016. New chillers have been set and were placed into service in late January. The building is complete, on schedule and within budget. The punch list is

95 percent complete, and the landscaping is nearing completion (delayed by Hurricane Harvey). Balancing and testing of the HVAC system is nearing completion.

IV. Completed Projects

4) Utility Corridor for the Renovation/Replacement of TA Buildings

Architect: PBK Architects	Est. Cost:	\$1,661,497
Contractor: SETEX Construction Corp.	Completion:	February 2017

This project reroutes all electrical service and chilled water lines for two existing buildings in preparation for the Technical Arts building project. Substantial completion occurred on February 9, 2017. We are in close out phase.

5) The Technology & Training and Education Buildings

Architect: LaBiche Architects	Est. Cost:	\$2,790,000
Contractor: SETEX Construction Corp.	Completion:	August 12, 2013

The project was completed August 12, 2013. The buildings were dedicated in a ceremony on October 2, 2013 and named the Tommy Williams Technology Training and Education Buildings. No close-out documents have been submitted to the System Office.

III. Construction Phase

1) Multipurpose Education Building

Architect: PBK Architects, Inc.

Est. Cost: \$12,323,431

Contractor: SpawGlass Construction Corp.

Completion: July 2017

The Multipurpose Education Building will contain educational classroom space for the Mathematics, College Success, and Leisure Learning departments. The building will also include a large meeting space for multipurpose functions. The building is a two story building similar in style to the recently constructed Nursing/Classroom building. Structural steel erection is 100% complete. The second floor deck, parking lot and fire lane have been poured/installed. Exterior metal framing installation is complete. Sheathing, waterproofing and window framing detail are complete. Masonry installation is 100% complete. The exterior plaza bronze and stainless steel sculpture, "Standing Flowers and Eyes" was installed on July 17th. Furniture installation took place the first week of August. Faculty have already occupied their offices. Classes began in the building on September 18th. Final finishes are still taking place because of pushback from Hurricane Harvey. The project is within the budget.

III. Construction Phase

1) Industrial Technology Center

Architect: Johnston, LLC	Est. Cost:	\$12,818,000
Contractor: SpawGlass Construction Corp	Completion:	August 2017

The project is currently in the post construction/closeout phase. The project achieved substantial completion on August 9, 2017 for the interior and August 24, 2017 for the landscaping and Promenade portion of the project. SpawGlass is roughly 80% complete with the interior and exterior punch list. The project will reach final completion with closeout by the end of October.

II. Design and Construction Document Phase

N/A

III. Construction Phase

1) Classroom, Office and General Building Upgrades 2017

Engineer: Dabhi Engineers	Est. Cost:	\$1,700,000
Contractor: Gulf Coast Electric	Est. Completion:	March 2018

The scope entails upgrades to common area lighting in eight academic buildings. Of the areas affected, approximately 70% of the scope entails replacement of fluorescent lamps with high efficiency LED lamps in existing fixtures, while the remaining 30% will be complete replacement of older inefficient fluorescent or incandescent fixtures with LED fixtures. The areas affected in each building include classrooms, labs, conference rooms, restrooms and other common areas. Due to funding limitations, at this time the scope does not entail lighting upgrades in private offices. Materials were ordered late but have now been received and inspected. Since the fall semester is underway, installation will shift to nighttime and weekends to work around scheduled classes. Work is now expected to be complete in March 2018.

2) Mary & John Gray Library Renovation/Starbucks

Architect: PDG Architects	Est. Cost:	\$925,000
Contractor: Setex Construction Corp./Chartwells	Est. Completion:	November 2017

This project entails renovation and modernization of the lobby of the Mary & John Gray Library in the heart of the Lamar campus. The library was constructed in the 1970s and has not received significant upgrades since then. A new central entrance will be created with new storefront systems. Lobby finishes and building systems will be upgraded and the circulation desk will be reconfigured and relocated. One third of the lobby has been reserved for construction of a Starbucks coffee shop. Lamar's food service vendor, Chartwells/Compass Group, is funding and will manage the build-out of the Starbucks with their own contractor. Starbucks costs are currently estimated at approximately \$700,000. The University has completed infrastructure for the coffee shop and Compass Group is working on utility connections within their space. The lobby ceiling and lighting is complete; new storefront at the Library entrance is scheduled to begin early October. New tile flooring will begin early October. The existing steel that was supporting the old roof was found to be misaligned and not capable of supporting the new skylight system, so new steel was

ordered and will result in the new skylight installation being delayed until winter break; however, this will not affect opening the lobby in the interim. Hurricane Harvey has impacted overall progress of the work by two weeks. Estimated completion date for the lobby and Starbucks opening is now early November. Overall, the lobby renovation is approximately 60% complete and the Starbucks build-out is about 20% complete.

3) Unit Operations Lab Renovation

Architect: VLK Architects	Est. Cost:	\$1,800,000
Contractor: Setex Construction Corp.	Est. Completion:	November 2017

This project entails the renovation of approximately 3,200 sq. ft. of laboratory space in the Lucas Engineering Building for the Department of Chemical Engineering's Unit Operations Lab. The existing lab was built in the late 1950's for other purposes and has not undergone a major renovation since. The Unit Operations Laboratory, created in 1978, has introduced scores of chemical engineering students to various types of industrial units, including distillation, absorption and cooling towers, as well as heat exchangers and gas separation membrane units. Advances in technology and automation, and the need to simulate the challenges facing the chemical process industry today, make upgrading the laboratory an urgent need. The old space will be completely gutted and fully renovated with new building systems to comply with current building and life safety codes, as well as to accommodate the equipment planned for the space, including a distillation system to teach mass and energy balance, a shell and tube heat exchanger, a gas absorption system, membrane ultrafiltration system and modification of the existing fluid flow system. Steel structure for control room & new HVAC units is complete; electrical, plumbing and natural gas infrastructure is 50% complete; new masonry walls are 80% complete; new storefront is expected to arrive on site in early October. Hurricane Harvey has impacted the schedule by two weeks and construction is now estimated to be complete mid-November.

4) New Science & Technology Building

Architect: M. Arthur Gensler Jr. and Associates	Est. Cost:	\$60,000,000
Contractor: Vaughn Construction	Est. Completion:	November 2018

Lamar University received Tuition Revenue Bond authorization from the Texas Legislature in the spring of 2015 to plan, design, and construct a new Science & Technology building, the first academic building to be constructed on Lamar's campus in several decades. The new facility will allow Lamar University to better serve student and faculty across all science disciplines and form strategic partnerships for various research initiatives. The building will be approximately 83,000 gross square feet and will include multiple upper level biology instructional labs, interdisciplinary flexible research labs, an innovation space to build and prototype special projects focused on energy, sustainability, medical devices and global health at the undergraduate level, a multipurpose space, faculty offices, a senior leadership suite with lab and building support spaces, and an exterior greenhouse. It will be located on a highly visible, prominent site on the south end of campus. As a platform for research creativity, this new facility will embody a new paradigm for interaction, instruction, and research at Lamar University. At the south

central plant expansion, structure, slab, block walls, waterproofing and new roofing are complete. New brick veneer is underway and is approximately 30% complete. The new cooling tower is installed; ductwork, exhaust fans and chilled water piping are underway and nearing completion. The new 800-ton chiller was scheduled to arrive on September 29 and new switchgear and transformer are scheduled to arrive in late October. Permanent power is scheduled to be energized in January 2018. At the new building site, the slab and concrete columns are complete; the second floor decks have been poured and the penthouse structure was scheduled for late September. Approximately 60% of all underground utilities are complete. Structural steel for the remainder of the building, exterior canopies and the exterior screen are scheduled to begin mid-October. The overall percentage of construction completed is about 25%.

5) Renovation of Setzer Student Center

Architect:	Kirksey Architecture	Est. Cost:	\$29,944,948
Contractor:	Skanska USA Building, Inc.	Est. Completion:	February 2018

This project entails selective demolition of older portions of the building that cannot be effectively repurposed, as well as renovation to the majority of the existing Setzer Student Center. A limited amount of new construction, including a new Quad façade, enhancements to the east façade to highlight the building entrance, and the introduction of more natural light, is also planned. The scope also includes replacement or upgrades to all major building systems, including HVAC controls and distribution, electrical service, security systems, voice/data/AV systems, fire alarm, and a new sprinkler system. The renovated building will include office spaces for Setzer Center administration and student organizations including SGA offices, multiple meeting rooms and student lounge areas, a revitalized dining room and new food service options, and a flexible multi-purpose room with pre-function space. Skanska mobilized in November 2016. The interior renovation continues to progress, the slab and floor decks of the new addition are complete, exterior framing of the new addition has begun, the new generator has been set in place, new switchgear is scheduled to arrive in early October and permanent power is expected to be energized in early November. Skanska has provided an updated schedule with impacts from Hurricane Harvey and construction is now estimated to be completed in late February, 2018. The food service provider, Chartwells/Compass Group, has identified their general contractor and mobilization has begun for the build-out of the food service area. The overall percentage of construction completion is about 55%.

IV. Completed Projects

6) Cardinal Village Annual Refurbishment

Architect:	PDG Architects	Est. Cost:	\$3,200,000
Contractor:	Setex Construction Corp.	Completion:	August 2017

Lamar elected to combine the phases planned for 2017 and 2018 into a single project in the summer of 2017, renovating interior finishes and exterior corridors in two of the residence halls, Combs and Morris Halls. Construction began on May 15 and was completed by the deadline of August 15. Minor repairs, annual maintenance and

summer cleaning were also completed on all five residence halls. The project is in the close-out phase.

7) Regional Center for Innovation and Commercialization

Programming/Architect: Long Architects Inc.	Est. Cost:	\$11,110,500
Contractor: BE&K Building Group	Completion:	February 2017

The Innovation and Commercialization Center houses a Technology Business Incubator with space and infrastructure to help develop and grow new technology-based businesses. The Center includes training facilities, a Small Business Development Center, the Institute for Entrepreneurial Studies, and several anchor tenants. Substantial Completion was achieved on November 30, 2016. The building is now occupied and in use for its intended purpose. The Grand Opening was held on April 5. The final Wage Compliance Report was approved by the grant administrator, Traylor & Associates on September 29, which allows BEK to submit their final pay application. Upon final payment, Lamar will begin the process of closing-out the project.

8) Wayne A. Reaud Administration Building (formerly Brooks-Shivers Renovation)

Architect: PageSoutherlandPage, LLC	Est. Cost:	\$25,028,340
Contractor: SpawGlass Construction Corp.	Completion:	September 26, 2016

The Wayne A. Reaud Administration Building houses the Lamar University President's Office, including all administrative support personnel that are under the President, Institutional Research & Reporting, Honors Student Program, general faculty and staff offices, an event lounge, a new campus data center and IT department offices, and a conference center. The project also includes new parking for staff and visitors, as well as a landscaped plaza for University events. Substantial Completion for the interiors was achieved on August 26, 2016 and for the exteriors on September 26, 2016, with a few specific items achieving completion on other various dates. The building is fully occupied, all punch list items are complete, all accessibility items noted on the TAS inspection have been corrected and the final deductive change order for \$1, 238,249 has been processed. The final pay application has been approved by the System office and payment is in process. Final close-out paperwork has begun.

V. Final Reports

N/A

Sam Houston State University
Summary
(as of October 3, 2017)

I. Project Planning & Programming

1) Coliseum Parking Structure

Programmer: Facilities Programming and Consulting Est. Cost: \$10,000,000

Programming is complete for the 500 car parking structure to be located adjacent to the Bernard Johnson Coliseum. This will address the ADA issues to the Coliseum as well as alleviate the parking congestion on the south side of campus.

2) College of Osteopathic Medicine

Programmer: Facilities Programming and Consulting Est. Cost: \$50,000,000

Programming started September 21, 2017 for a 75,000 gross square foot building to be located at a satellite campus in Conroe, Texas that is the former site of Camp Strake, Boy Scout Camp.

3) North Residential District

Programmer: Facilities Programming and Consulting Est. Cost: \$60,616,724

Programming is complete on Phase 2 of the North Residential District for the additional beds needed per the 2012 Master Plan Update. It will include another residence hall on the north side for 600 beds with both single and shared units. The 500 car parking structure project has been relocated to the center of campus immediately west of the Bernard Johnson Coliseum to accommodate more pressing parking requirements and will be removed from this project's scope.

4) North Residential District Parking Structure

Programmer: Facilities Programming and Consulting Est. Cost: \$10,000,000

Programming is complete for the 500 car parking structure as an alternate to surface parking for the North Residential District. This also includes space for a future Transportation office.

II. Design and Construction Document Phase

5) Art Complex and Associated Infrastructure

Architect: Kirksey / Gund Partnership Est. Cost: \$33,600,000
Contractor: Manhattan Est. Completion: July 2019

Design development for this 71,000 gross square foot fine arts building is underway.

IV. Completed Projects

9) Fred Pirkle Engineering Technology Center

Architect: The Lawrence Group Architects Est. Cost: \$22,000,000
Contractor: The Whiting-Turner Contracting Co. Completion: November 16, 2016

This 53,000 gross square foot facility provides an emphasis on specialized instructional capabilities for a mix of engineering technology labs (e.g., prototype production/innovation, electrical, environmental design/sustainability, “solar” outdoor terrace) and agricultural science instruction labs (e.g., wildlife/physiology, animal science research). Distributed gathering spaces with exhibits from the works of Fred Pirkle and a showcasing of the technologies being taught in the facility have been interwoven throughout the facility. Construction is 100% complete with public art installations completed in June 2017. Financial close is in process.

10) South Dining

Programmer/Architect: Kirksey Architects Est. Cost: \$15,131,295
Contractor: BE&K Building Group Completion: December 22, 2016

This 29,000 gross square foot food service/dining facility is located adjacent to the existing South Paw Dining as an enhancement to support the south food service capacity. The existing bakery and food service offices have been moved from the Belvin basement to the new facility. The expansion is located over an existing parking lot. Construction is 100% complete. South Dining was renamed General’s Market and is in full operation. Financial close is in process.

11) South Residence Complex (Piney Woods Hall)

Architect: Stantec /Treanor Architects Est. Cost: \$67,400,000
Contractor: SpawGlass Contractors, Inc. Completion: June 2017

The project includes construction of a Living & Learning Community including 700-bed residence halls of approximately 233,000 gross square feet each. Large open green spaces and pedestrian walkways will provide ample access in both directions. The project will include a chiller plant and associated infrastructure to support the residence halls. The project is intended to create the south residential district of the Sam Houston campus. South Residence Complex was renamed Piney Woods Hall. Construction is 100% complete. Financial close is in process.

V. Final Reports

N/A

**Sul Ross State University
Summary
(as of October 3, 2017)**

I. Project Planning & Programming

1) Museum of the Big Bend Annex

Architect: TBD	Est. Cost: \$8,000,000
Contractor: TBD	Est. Completion: TBD

The Museum of the Big Bend is seeking to construct an annex. The annex would be located on the main campus directly behind the current museum and will include space for three exhibit areas to feature Yana & Marty Davis Map Collection, Tom Lea Regional Southwestern Art and an Archaeology Gallery that would feature the Livermore Cache in collaboration with findings from the Center for Big Bend Studies. Also included in the annex would be additional secure collection storage and facilities to expand the adult and children's educational programs.

II. Design and Construction Document Phase

2) Campus Access (Phase II)

Architect: ARTchitecture (IDIQ)	Est. Cost: \$2,101,000
Contractor: TBD	Est. Completion: TBD

As envisioned in the 2011 Master Plan, the Campus Access Project will be completed in three phases. The Campus Access II project addresses a walkway north of the Fine Arts Building to complete the pathway from Phase I, a plaza gathering space in front of Morelock Academic Building, enhancements to the circular drive in front of Briscoe Administration Building and landscaping improvements in front of the Fine Arts Building. This project is in the Design Development phase, and is currently on hold pending completion of Phase One. Concepts for the Centennial Logo artwork, to be located in the proposed plaza gathering space in front of Morelock Hall, have been forwarded to the Magnum Companies in Phoenix, Arizona for design input and preliminary pricing. The logo will be based on a black and white version of the Centennial Logo.

3) Campus Access (Phase III)

Architect: ARTchitecture (IDIQ)	Est. Cost: \$2,500,000
Contractor: TBD	Est. Completion: TBD

As envisioned in the 2011 Master Plan, the Campus Access Project will be completed in three phases. The Campus Access III project will better join the southeast end of campus to the main campus utilizing landscaping, pedestrian paths/walkways, incorporating way finding, student gathering sites and include an outdoor classroom and walking/jogging trail. We are currently in the schematic design phase. The Project is currently on hold pending completion of Phase One.

4) University Visitor Center

Architect: Vandergriff Group (IDIQ)	Est. Cost:	\$945,000
Contractor: TBD	Est. Completion:	TBD

As envisioned in the 2011 Master Plan, the new University Visitor Center will provide campus visitors and prospective students an easy-to-find gathering place for campus tours, University information and a variety of helpful resources when arriving on campus. The visitor center will be approximately 3,000 gross square feet to include a general information area, staff offices and conference/video room. The facility will be located southwest of Lawrence Hall near the campus' main entrance. The location allows it to be seen as visitors enter the campus off of East Highway 90, as well as the west entrance on E. Sul Ross Avenue. Vandergriff Group has replaced the architect previously under contract and is currently in the schematic design phase. Vandergriff is expected to make a presentation to the President's Executive Cabinet on October 3, 2017.

III. Construction Phase

5) Texas Native Seed Research Center (Phase I)

Architect: Vandergriff Group (IDIQ)	Est. Cost:	\$368,091
Contractor: Alpha Building Corporation	Est. Completion:	February 6, 2018

As envisioned in the 2011 Master Plan, the Texas Native Seed Research Center is Phase I of the Borderlands Research Institute (BRI). The center will be located on the proposed BRI site and will be an integral part of the education, research, and outreach mission of the University. Specifically, the center will provide opportunities for students to play an active role in the propagation and restoration of rangelands on private and public lands in west Texas. This project will be completed in three phases. Phase One consists of a new 1,433 greenhouse, an 1,100 square foot shaded work area, and a 400 square foot potting shed. Contracts have been signed with Alpha Building Corporation who will serve as the General Contractor. The project will be constructed across from the Range Animal Science Center.

6) Campus Access (Phase I)

Architect: ARTchitecture (IDIQ)	Est. Cost:	\$1,400,000
Contractor: Pride General Contractors	Est. Completion:	November 17, 2017

As envisioned in the 2011 Master Plan, the Campus Access Project will be completed in three phases. The Campus Access I project will better join the east end of campus to the main campus utilizing landscaping, pedestrian paths/walkways, vehicular traffic surfaces incorporating way finding, and student gathering sites. This project also includes the North Quadrangle Improvements and the inclusion of the Big Bend Law Enforcement Memorial monument. The project is 98% complete. Accessibility and design deficiencies are currently being corrected by Pride General Contractors. A summary document has been prepared outlining the remaining tasks for completion of the project and items requiring repairs or replacement. This document has been forwarded to the System office for review and comment. The

University will need to complete a survey of the canopy structure and additional wall footing explorations prior to contractor mobilizing.

IV. Completed Projects

7) Jackson Field Turf

Architect/Contractor: Hellas Construction	Est. Cost:	\$750,000
	Completion:	July, 2016

Jackson Field serves as the university football field and is used by the university and region for football and other purposes. The project includes a new artificial turf surface, new fencing, new goal posts and end zone and mid field logos. The project is 100% complete and we are awaiting final close-out.

8) Recreational Sports Facility

Architect/Contractor: Hellas Construction	Est. Cost:	\$1,600,000
	Completion:	June 2016

The facility, which is located within the Jackson Field complex between the Football Field and Track, features an artificial turf field permanently striped and lighted for 7-on-7 flag football, 4-on-4 flag football, kickball, softball, soccer, ultimate Frisbee, and other sports. It also provides a 90-yard football field for varsity practice. Students and the Board of Regents approved Recreational Fee and Athletic Fee increases to fund the project. The project is 100% complete and we are awaiting final close-out.

9) Motion Capture Lab

Architect: PBK Architects, Inc.	Est. Cost:	\$400,000
Contractor: Noble General Contractors	Completion:	April 2016

This structure is intended as a classroom and laboratory production space to expand curriculum and increase student enrollment for motion capture and video production classes as listed in the CSAT degree plan. Motion Capture, Basic Video Production, Advanced Video Production, Basic Audio Production, Advanced Audio Production, and Acting for Animators will all use this space. The project is in closeout phase. The 11-month inspection found that the septic system was damaged during construction.

II. Design and Construction Document Phase

1) O. Henry Hall Renovations

Architect: The Lawrence Group Architects of Austin, Inc. Est. Cost: \$4,985,000
Contractor: Flynn Construction, Inc. (Construction
Manager-At-Risk) Est. Completion: January 2018

The scope includes exterior modifications such as the window and door restoration as well as external signage that will be placed on the building face at Colorado and Sixth Street, as well as the HVAC Cooling Tower enclosure on the northeast side of the building. In addition, the project consists of a modernized kitchen to meet current health standards.

Site work associated with the stand-alone HVAC packaged plant is on-going. Delivery of the packaged plant is slated for November 10, 2017 and the new system will be controlling the environment inside the building by November 15, 2017. Tax credit application has been submitted to the Texas Historical Commission and is expected to take 30 days on their value determination for the project. Restoration of the exterior windows is ongoing. All demolition inside the building is complete and the build back process is commencing. Currently, the projected interior substantial completion date is December 8, 2017 with move-in activities to be completed by the Christmas holidays. Exterior substantial completion related to the window restoration will occur in late January 2018. The System plans to be operating from O. Henry Hall upon return from the Christmas holidays.

**Texas State University
Summary
(as of October 3, 2017)**

I. Project Planning & Programming

1) Albert B. Alkek Library Learning Commons – Phase One

Feasibility Study: Perry Dean Rogers Est. Cost: \$8,300,000
Programmer: Facility Programming & Consulting

The Albert B. Alkek Library Learning Commons has a total project cost of approximately \$8.3 million for Phase One to re-purpose space for creation of a Learning Commons on the second floor, and portions of the first, third, and fourth floors of the Library. The project is on the current Capital Improvements Program (CIP) at \$12,612,894. Brown Reynolds Watford, Dallas, Texas, is the design architect and JE Dunn Construction, Austin, Texas, is the Construction Manager at Risk. The design phase begins in October 2017.

2) Albert B. Alkek Library 7th Floor Wittliff Collections Expansion

Programmer: Facility Programming & Consulting Est. Cost: \$7,400,000

Texas State University worked with Facilities Programming and Consulting in converting the Albert B. Alkek Library 7th Floor Wittliff Collections Expansion Feasibility Study into a final Architectural Space Program. Total project cost is anticipated to be \$7.4 million. A Request for Qualifications for architects, issued in September 2017, is under review with a selection in October 2017.

3) DHRL New Residence Hall (Hilltop) Complex

Programmer: Facility Programming and Consulting Est. Cost: \$108,200,000

The New Residence Hall Complex project, which was planned to include the demolition of two existing residence halls (Burlison and Hornsby) and construction of a new complex with a total of approximately 1,025 beds on the Hilltop area of campus is ready for revised programming. Facility Programming and Consulting is preparing the new program. It is targeted for completion in November 2017.

4) Elliott Hall Repurposing

Programmer: VisSpiro Est. Cost \$6,500,000

Elliott Hall A and B are three-story buildings with 15,510 gross square feet (GSF) and 14,603 GSF respectively. Elliott Hall Administration is a two-story building with 7,180 GSF. Texas State wants to repurpose the buildings to achieve classroom and office space. The September 2017 Architectural Space Program, prepared by VisSpiro Consultants, is complete. The next milestone will be the selection of the architect and construction manager at risk via the posting of Requests for Qualifications in October 2017.

5) Health Professions Building Space Reconfigurations (Encino Hall)

Programmer: Facility Programming and Consulting Est. Cost: \$4,400,000

Facility Programming and Consulting is preparing the Architectural Space Program for the Health Professions Building Space Reconfigurations (Encino Hall) project. The scope of this project focuses on the repurposing and remodeling of spaces to be vacated summer 2017 in the existing building. Selection of the architect and contractor is targeted for November 2017. The design begins in spring 2018 and construction will commence in summer 2018 with an anticipated completion in summer 2019.

6) Hines Academic Center Structural Improvements

Programmer: N/A Est. Cost: \$6,000,000

Urgent repairs in an estimated amount of \$6 million are needed as part of the Hines Academic Center Structural Improvements project. The project will include rebuilding the exterior facade of one side of the building and making associated structural repairs. With the assistance of Jaster Quintanilla Structural Engineers, the University is working to establish the final scope of work and estimated construction cost. The project is on the current CIP.

7) Infrastructure Research Laboratory (formerly Ingram School of Engineering Structures Testing Laboratory)

Programmer: Facility Programming and Consulting Est. Cost: \$14,000,000

The project is targeted to be operational in time for the new Civil Engineering program, which will begin in fall 2019. The laboratory design will allow the testing of full-size highway bridge girders and may include both a strong wall and strong floor areas. The Architectural Space Program is being completed by Facility Programming and Consulting.

8) Jowers Center Renovation

Programmer: VisSpiro Est. Cost: \$3,500,000

Athletics will relocate their offices and other functions from Jowers to the newly expanded University Events Center in 2018. The vacated space in Jowers is for the Department of Health and Human Performance, and, Dance program in the Department of Theatre and Dance. The project will renovate 13,561 gross square feet of space. The Architectural Space Program, by VisSpiro Strategies, is targeted for completion in October 2017.

9) Round Rock Health Professions – 2 (Esperanza Hall)

Programmer: Facility Programming and Consulting Est. Cost: \$45,000,000

The fourth academic building on the Round Rock Health Professions campus will

include classrooms and offices to support four departments in the College of Health Professions, the Advising Center, and the Dean's Office. The building was re-programmed and a revised cost estimate was completed for possible funding by the Legislature. This program document served to guide Texas State in the preparation of a Tuition Revenue Bond funding request in July 2012 and again in July 2014. The project is on hold pending funding.

10) Roy F Mitte Space Reconfigurations

Programmer: Facility Programming and Consulting Est. Cost: \$5,400,000

Facility Programming and Consulting is preparing the Architectural Space Program for the Roy F Mitte Space Reconfigurations project, which is on the current CIP. The scope of this project will focus on the repurposing of the vacated spaces after selected departments relocate to the new Engineering and Science Building (Ingram Hall) in 2018. Design will begin by fall 2017 and construction will commence in summer 2018 with an anticipated completion in summer 2019. The Architectural Space Program, by Facilities Programming and Consulting, is targeted for completion in October 2017.

II. Design and Construction Document Phase

11) DHRL Blanco Hall Renovations

Architect: Pfluger Architects Est. Cost: \$29,600,000
Contractor: Spaw Glass Construction Est. Completion: August 2019

The scope of renovations and improvements to Blanco Residence Hall includes upgrades of the building utilities infrastructure; minor modifications to the main entry area, living rooms, bedrooms, and restrooms; and repairing/enhancing the exterior. Additionally, electrical distribution panels relocated; and new light fixtures installed in the corridors, bedrooms, bathrooms, and portions of the lobby as needed. The current scope of work is centered on the mechanical, electrical, plumbing infrastructure improvements. A Motion for approval of the project is on the agenda for the November 2017 Board of Regents meeting.

12) LBJ Student Center Expansion

Programmer: Facility Programming and Consulting
Architect: Atkins Architects, Inc. Est. Cost: \$31,200,000
Contractor: Vaughn Construction Est. Completion: April 2020

This project is still in design and the details below are subject to change. The budget is being reduced due to a lower than planned-for fee-paying enrollment forecast.

The existing LBJ Student Center will expand by 43,205 gross square feet and will include the renovation of an additional 42,939 gross square feet for a new total project area of 86,144 gross square feet. The new mechanical, electrical, and plumbing building infrastructure systems will integrate with the recently upgraded

building infrastructure that was part of the recent LBJ Student Center Renovations. The expansion will include a new main entry lobby, another ballroom, conference rooms, meeting spaces, shared spaces for informal student gatherings and study spaces, a new multi-cultural area, and improved circulation within the expansion and renovated areas. It will also expand and renovate the Welcome Center suite and create an Alumni Relations suite. The design approval for the project will be at the February 2018 Board of Regents meeting.

III. Construction Phase

13) Bruce and Gloria Ingram Hall (formerly Engineering and Science Building)

Architect: Treanor Architects/Alamo Architects	Est. Cost:	\$120,000,000
Contractor: SpawGlass Contractors, Inc.	Est. Completion:	July 2018

The Bruce and Gloria Ingram Hall (formerly Engineering and Science Building) total project cost is \$120 million at a total size of 166,851 gross square feet. Construction is approximately 30 percent complete and is on schedule. Occupancy is targeted for July 2018 to accommodate the students by August 2018.

14) LBJ Student Center Renovation

Architect: Atkins North America	Est. Cost:	\$20,113,150
Contractor: J.T. Vaughn Construction	Est. Completion:	May 2018

The scope of work on the LBJ Student Center Renovation includes repairs and upgrades of the infrastructure components and incidental interior/exterior renovations and repairs. Construction is underway and is approximately 45 percent complete. The anticipated completion date is May 2018.

15) University Events Center Expansion

Architect: Sink Combs Dethlefs	Est. Cost:	\$62,500,000
Contractor: Turner Construction Company	Est. Completion:	September 2018

This 81,282 gross square foot expansion includes space for commencement ceremonies and athletic programs. The project also includes a new chilled water plant, a new loading dock, access to the lower court level, a multi-purpose suite, locker rooms, and offices. Construction is underway and is approximately 15 percent complete with occupancy anticipated by fall 2018.

16) Willow Hall (formerly Round Rock - Health Professions Building 1)

Architect: Barnes Gromatzky Kosarek	Est. Cost:	\$67,500,000
Contractor: The Beck Group	Est. Completion:	May 2018

Willow Hall (Health Professions Building 1) has a total project cost of \$67.5 million at a total size of 107,708 gross square feet. Construction is underway and is approximately 40 percent complete. Occupancy is targeted for May 2018 to

accommodate use by the first cohort of students by June 1, 2018.

IV. Completed Projects

17) Albert B. Alkek Library Renovations

Architect: PBK Architects, Inc.	Est. Cost:	\$14,024,925
Contractor: J. T. Vaughn Construction	Completion:	June 2017

The Albert B. Alkek Library Renovations project includes the phased repairs and upgrades of electrical, information technology systems, and limited mechanical infrastructure components. The project reached Substantial Completion in June 2017. The Final Report is targeted for submittal to TSUS in February 2018

18) Archives and Research Center (formerly "Library Repository")

Architect: Harrison Kornberg Architects	Est. Cost:	\$15,415,900
Contractor: DPR Construction	Completion:	Summer 2017

The Archives and Research Center (ARC), located at the Science, Technology, and Advanced Research (STAR) Park, has a total project cost of \$15.4 million, which includes \$14.7 million for the construction of the building, and approximately \$700,000 for site development and utilities' infrastructure improvements. The project is complete. The completion of the ARC frees up space for renovation of the Albert B. Alkek Library featuring technology rich learning commons spaces. The Final Report is targeted for submittal to TSUS in February 2018.

19) Department of Housing and Residential Life: Moore Street Housing

Architect: SHW/Treanor Architects	Est. Cost:	\$59,834,337
Contractor: SpawGlass Contractors, Inc.	Completion:	May 2016

The Moore Street Housing (Angelina Hall and San Gabriel Hall) project is a 598-bed facility which reached Substantial Completion in May 2016. The project is to be submitted to the TSUS office for Final Close Out in February 2018.

20) DHRL Retama Hall Renovations

Architect: KSQ Architects, PC	Est. Cost:	\$9,000,000
Contractor: Flynn Construction, Inc.	Completion:	August 2017

Retama reached Substantial Completion in August 2017. The renovated residence hall opened its doors for occupancy for the fall 2017 semester as targeted. The Final Report is targeted for submittal to TSUS in February 2018.

APPENDIX – PRESIDENTS' REPORTS

President's Briefing
for The Texas State University System
Board of Regents
November 2017

RETENTION & RECRUITMENT:

Lamar University enrollment remains strong after Hurricane Harvey's impact on our region. LU is expected to experience only a slight drop of around 3 percent in enrollment for fall 2017 due to the effects of Hurricane Harvey on the region.

Using the most comparable data, due to the delayed start date, LU's enrollment is down about 3.2 percent with 14,516 students enrolled compared to 15,001 in fall 2016. Semester Credit Hours of 124,086 is also down 3.2 percent from the previous fall when students were enrolled for 128,191 credit hours.

After the storm, faculty and staff members and administrators responded swiftly and generously to encourage, accommodate and retain students. Three additional fall semesters, or "Harvey Sessions," were created with later start dates to give ample time for students to recover from the storm. Registration for fall was extended, late registration fees were waived, a revised academic calendar was developed and implemented and additional resources were provided.

Like millions of other Texans, Lamar University students faced mandatory evacuation, loss of electricity, non-potable water, unanticipated recovery costs and the loss of personal possessions. Therefore, the final impact on fall enrollments due to Hurricane Harvey must await the outcomes of additional semester start dates.

LU began the fall semester dedicated to providing the outstanding education we are known for far and wide. In spite of the setbacks caused by Hurricane Harvey and its aftermath, the university weathered the storm well and will continue supporting our students, faculty and staff.

Lamar University delayed the start of the fall 2017 semester to September 5 by initiating all courses online until they could be transitioned back to campus.

Although overall numbers will be down slightly, some areas still grew or remained steady. Occupancy in the university's residence halls, Cardinal Village, is at an all-time high, transfer student enrollment rose, the incoming freshmen class is among some of the best prepared students to date based on average SAT and ACT scores, while this fall's undergraduate student enrollment of 10,287 was virtually tied with 2016 numbers.

The University is proud of the individual and organized effort by numerous students and employees to assist those in need, both on campus and off, officials said. These efforts will continue for months to come partially facilitated by the Harvey Heroes, a community service internship available to all students.

Registration is continuing for fall 2017 special Harvey Sessions. Applications for spring, summer and fall 2018 are being accepted.

ACADEMIC AFFAIRS:

College of Arts & Sciences

Bachelor of Applied Arts and Sciences (BAAS) Interdisciplinary Degree Program

On August 9, 2017, Lamar University was selected by the Texas Higher Education Coordinating Board as one of only four Texas universities to participate in the relaunch of GradTX, a special project initiative under the umbrella of the *THECB 30x60*, which provides assistance for adult learners seeking to re-enter higher education. Lamar's BAAS program is specifically designed for adult learners seeking an interdisciplinary online pathway to degree completion, a pathway that underscores flexibility, academic support, career advancement and personal achievement. This partnership brings with it a \$50,000 grant to foster their success along the way.

Department of Chemistry and Biochemistry

Tanusree Sarker, a graduate student in the Department, was awarded a scholarship by Who's Who Among Students in American Universities and Colleges in April 2017.

Manish Dyaneshwar X Baviskar, a graduate student in the Department, was selected as one of the 20 recipients of the NASA Astrobiology Institute (NAI) Sponsorship for the Astrobiology Proposal Writing Retreat- 2017 and the Astrobiology Graduate Conference-2017. With this fully-funded sponsorship, Manish attended the Proposal Writing Retreat at the Green Bank Observatory in Green Bank, WV and presented his research results at the 2017 Astrobiology Graduate Conference at the National Radio Astronomy Observatory in Charlottesville, VA in June 2017.

Department of Computer Science

Dr. Jing Zhang, Dr. Sujing Wang, and Dr. Yueqing Li (Industrial Engineering) awarded an NSF MRI grant for High Performance Computing Cluster in the amount of \$ 516,031.00 with an effective date of 10/01/17. Dr. Zhang wrote: "We believe that this awarded grant will significantly enhance compute-intensive and data-intensive studies and greatly facilitate cutting-edge cross-disciplinary research and educational activities at LU by offering a shared state-of-the-art computing platform."

Department of Physics

The physics major, Zakary Noel is among the only 14 national internship recipients awarded by the Society of Physics Students (SPS) for summer 2017, which includes a \$5,000 stipend, plus commuting allowance, travel, housing, and participation to a national physics conference in the year following the internship. This 10-weeks internship program is especially designated for UG physics majors to get involved in national organizations from the Washington DC area.

College of Business

Two of our faculty members have been selected to as one of the Young Professionals of Southeast Texas' 40 Under 40 Young Professionals for 2017. They are Ricardo Colon, Assistant Professor of Accounting, and Hiroki Watanabe, Assistant Professor of Economics

College of Engineering

Department of Chemical Engineering

Honglin Qu, a Chemical Engineering PhD student supervised by Dr. Xu, won the 1st Place Award on the 2017 AIChE Process Development Division Student Paper Competition. The winning paper is entitled "Simultaneous 2D hoist scheduling and production line design for multi-recipe and multi-stage material handling processes," which is published in the Chemical Engineering Science [167 (2017) 251–264].

Ian Smith, Hermilo Duenez, and Trey Dobson, a team of three Chemical Engineering undergraduate students, won the 2nd Place Award on the ChemE Jeopardy Competition at the AIChE Southwest Student Regional Conference held at the University of Houston on April 8-10, 2017.

Dr. Rafael Tadmor, a Chemical Engineering Professor, received an NSF I-Corps Award for \$50,000 on January 27, 2017. His winning proposal is entitled: "Centrifugal Adhesion Balance."

Dr. Qiang Xu, a Chemical Engineering Professor, received the 2016 AIChE Process Development Division Research Award presented at the AIChE Annual Meeting held in San Francisco, CA on November 13-16, 2016. The previous three years' awards were all won by MIT professors.

Department of Electrical Engineering

Dr. Gagatay Tokgoz, assistant professor in Electrical Engineering, co-authored the 2nd Chapter of "Radar Hardware for Indoor Monitoring" in a book "Radar for Indoor Monitoring" by CRC Press. He received a summer faculty fellowship by the Air Force Research Laboratory for Summer 2017.

Senior Electrical Engineering student, Mason England won the second place for IEEE (Institute of Electrical and Electronics Engineers) Region 5 Student Paper Competition - Spring 2017

College of Fine Arts & Communication

Department of Art

Professor Prince V. Thomas

- Solo exhibition titled, *The Space Between Grief & Morning*, closed in May 2017 and was written about in two publications, the *Houston Chronicle* & *Glasstire: Texas Visual Arts Journal*. In October 2017, his video work is included in a public art exhibition that will be on display for two to three months in downtown Houston called *Art Blocks* sponsored by the City of Houston.

Professor Donna M. Meeks

- Had a work included in *Axis Gallery 12th National Juried Exhibition*, on view August 4th through the 27th, 2017 at *Verge Gallery* in Sacramento, California. Published in an accompanying catalog, her work was one of 49 works selected from 1,356 entries by 397 artists by juror Mat Gleason, Critic/Curator and Founder, *Coagula Art Journal*.

Professor Keith Carter

- Taught workshops in Cuba, Mexico, Maine, Colorado, and New Mexico in spring and summer 2017. He has been invited to jury upcoming applications for the National Endowment for the Arts, Washington D.C. Professor Carter exhibited work in Havana, Cuba in 2017, and has two upcoming solo exhibitions; *Stephen Clark Gallery*, Austin and Houston's *FotoFest* spring, 2018.

Dr. Stephanie Chadwick

- Published the latest of her contributions, "Introduction to Dada," on *Smarthistory*, a peer reviewed educational website that works in tandem with Khan Academy and is supported the Carnegie Mellon Foundation. <https://smarthistory.org/introduction-to-dada/> (Sept. 2017).
- Submitted the final draft of "Double Take: Jean Dubuffet's portrait of Antonin Artaud and the Balinese Theater," to the editor of *Two for One: The Double in Western Art from 1850 to 2010* (forthcoming, McFarland Press).

Profess Kurt Dyrhaug

- Will be coordinating the 10th *Keen Foundry Invitational Symposium*. This cast iron symposium will take place at *Keen Foundry* in Houston, Texas September 27-October 1.
- Currently has sculpture and drawing on display at the *Mönchskirche Museum* in Salzwedel, Germany.
- With Professor Luke Sides from Collin College recently completed a successful cast metal workshop at the *Atelierhaus Hilmsen Residency* in Hilmsen, Germany.
- Completed a successful artist in residency in Corme, Spain. Dyrhaug focused his research on metal coatings on paper and 3D prints. The sculpture and drawing completed during his residency is currently in the permanent collection of the *Museo de Arte Contemporano Costa da Morte* in Corme.

Mary and John Gray Library

Penny Clark received one of the inaugural fellowships from the Center for History and Culture of Southeast Texas and the Upper Gulf Coast. Her one-year fellowship will support her research on the life of Novaline James Baldwin, especially Baldwin's work to free Confederate prisoners of war from Union prisons during the Civil War. In the spring of 2018, Penny and other Center fellows will give a lecture, exhibition, or performance to Lamar faculty, students, and the public. Please join me in congratulating Penny.

Karen B. Nichols has Selected to mentor a member of the Class of 2017 TALL Texan Leadership Institute for the Texas Library Association. The TALL Texans Leadership Development Institute provides advanced leadership and management education in service to all the libraries of Texas and the communities they serve. Participants study strategic planning, risk-taking, conflict negotiation, team building, coaching, ethics, advocacy, personal career planning, and more. This transformational program helps attendees learn and embrace their potential to take new initiative for their institutions, their profession, and their stakeholders.

Mark Asteris served on the 2017 TLA District 8 Meeting planning Committee and was a Speaker at the TLA 2017 Annual Conference, in April 2017 in San Antonio, Texas.

UNIVERSITY ADVANCEMENT:

Lamar University Emergency Relief Fund. In response to the needs of students affected by the devastation of Hurricane Harvey throughout Southeast Texas, the University established the Cardinal Emergency Fund to help students with the greatest needs. Proceeds from the Cardinal Emergency Fund are assisting students who need them most as they are distributed by university financial aid officials who collect, review, and respond to requests for aid, with a goal of helping as many students as possible based on their degree of need. The response from alumni and friends of the University has been impressive, with many gifts from caring and compassionate friends of Lamar University.

Lamar University Alumni Affairs Advisory Board. The Lamar University Alumni Advisory has elected new officers to serve one-year terms, and new Directors who will serve three-year terms beginning on September 1, 2017.

Alumni Board President **Tony Landry '94** began his professional career as an Admissions Representative at Lamar University prior to transitioning to the insurance field for the past 20 years. He is currently a Claims Representative at Progressive Insurance. Tony is a member of Sigma Phi Epsilon and is currently serving as President of their Alumni Association.

Alumni Board President-Elect **Christopher Bates '08** obtained his Law Enforcement Certification from Lamar Institute of Technology and a bachelor degree from Lamar University. In May 2012, Chris won the Democratic Primary at the age of 26 and was sworn in as Jefferson County Constable Precinct 2 in January 2013. Chris is currently the youngest Constable in the State of Texas; the second youngest Constable in Texas history; the first African American Constable ever elected in his precinct; the youngest elected official in Jefferson County history; and the first Jefferson County official to receive the Constable of the Year Award for the State of Texas from the Justice of the Peace and Constables Association.

Meg (Baertl) Brown '15, is a registered nurse at Harbor Hospice in Beaumont. She is a member of the Junior League of Beaumont, Symphony of Southeast Texas, and Sea Rim Striders.

Amber (Alexander) Clark '11 is the Outreach Coordinator for The City of Beaumont Best Years Center in the Parks and Recreation Department. Amber is active in the community serving on the Walk to End Alzheimer's committee, Senior Mardi Gras committee, Court Appointed Special Advocates (CASA) Volunteer, and was awarded the Beaumont Chamber of Commerce's 40 Under 40 Award in 2015.

Cody Dishon '09 is a personal injury attorney at The Ferguson Law Firm, LLP in Beaumont. Cody grew up in Bridge City before attending Lamar University for three years, where he received his BBA and graduated summa cum laude. He went on to earn his Doctor of Jurisprudence from South Texas College of Law.

Nga "Tea" (Nguyen) Do '08 is an insurance agent specializing in personal lines and life insurance with Farmers Insurance. She serves on the Alumni Board of Alpha Chi Omega Sorority and is also a member of the Junior League of Beaumont.

Dr. Alex Edgerly '13 is a Dentist at Smiles by Design in Port Arthur. Alex graduated Magna Cum Laude with a BS in Biology. During his time at LU, Alex was a member of Lamar Ambassadors, Student Government Association, Tri-Beta Biology Honor Society, Phi Kappa Phi Honor Society, as well as many other student organizations. Upon graduating from LU, Alex spent four additional years in Houston where he attained his D.D.S. from UT Houston.

Christy (Coward) Hardt '95 is the Community Relations Director at Education First Federal Credit Union. Christy serves on the Greater South Park Neighborhood Partnership Committee and enjoys staying involved with LU

students through her company's Cardinal Kick-Off event on Freshman Move In Day and by tailgating with her co-workers at all home football games.

Dr. Derina Holtzhausen is the Dean and a Professor of the College of Fine Arts and Communication. Prior to joining Lamar University, Dr. Holtzhausen was director of the School of Media and Strategic Communication at Oklahoma State University. Dr. Holtzhausen serves as the 2017-2018 faculty representative of the Lamar University Alumni Advisory Board.

Alan Kondo '11 is a facilities planning engineer and part of the recruiting team at ExxonMobil and resides in Dayton, TX. While attending LU, Alan was involved with his fraternity Kappa Alpha Order, received the Plummer and Kemble Awards, and was a member of Phi Kappa Phi and Order of Omega National Honor Societies.

Chip Majors '93 is a CPA and the Managing Partner of Wathen, DeShong & Juncker, LLP. He is active in his community serving on various committees and volunteer boards including the Lamar Accounting Advisory Board and the Wesley Foundation. He is a Cardinal Club member and a LU Football season ticket holder.

Kim Pruitt '14 is a school counselor for Waller Independent School District and lives in Navasota. Kim is a graduate of Lamar University's online M.Ed. in School Counseling program and also serves as a member of the Counseling and Special Populations Advisory Board at Lamar University. She is a frequent speaker at the LU College of Education while being accompanied by one of her "co-counselors," her registered therapy dogs. Kim volunteers as a member of Intermountain Therapy Animals and affiliate group Montgomery Pet Partners.

John Ramsey '98 is the President/Owner of Kinsmen Homes LLC which builds homes in the Southeast Texas, Houston and Bryan/College Station areas. While at Lamar University, he was part of Sigma Phi Epsilon Fraternity, a Peer Advisor, Student Government Association, IFC, and was the C. Robert Kemble Award recipient. He currently serves on 4 boards in the Golden Triangle Area.

Amy (Babineaux) Tarver '99 is the Executive Director of Leadership Beaumont and the Beaumont Chamber Foundation for the Greater Beaumont Chamber of Commerce. Amy is passionate about personal and professional development and is very involved with the women's ministry at her church.

Phyllis (McAfee) Thibodeaux '00, '06 is an educational diagnostician for Beaumont ISD. She volunteers as a soccer coach, holds an office on the Parent Teacher Association (PTA) at her daughter's school, and co-leader of the Girl Scout Troop 130463.

CAPITAL IMPROVEMENTS:

Wayne A. Reaud Administration Building: Construction is complete and the building is fully occupied. A final deductive change of \$1,238,000, resulting from unused contingency and buy-out savings, is being processed. Record drawings have been received and all punch list items are complete. Warranty items are being addressed as they occur and the 11-month warranty walk is scheduled for late July. The project is in close-out phase.

Center for Innovation and Commercialization: Construction is complete and the building is occupied and in use for its intended purpose. The grand opening took place on April 5. The project team is working with the GLO to resolve documentation issues. Once resolved, the project can be closed out financially.

Setzer Student Center Renovation: The project budget is \$27.9M, which entails Lamar's direct costs for the renovation and new addition. All contaminated soil has been successfully remediated, site utilities and new building piers are complete, flatwork in the Quad has begun and the interior renovation continues to progress as scheduled, however, significant rainfall during the months of May and June has hampered progress on the new building slab and remaining flatwork. Construction is now estimated to be completed in early February, 2018. Lamar is waiting for the food service provider, Chartwells/Compass Group, to identify their contractor and mobilize them on-site to coordinate the build-out of the food service area with the rest of the work. Public art will be a sculpture located in the eastern end of the quad by James Surls.

Science and Technology Building: Substantial completion is scheduled for November 30, 2018. Vaughn Construction began mobilization in mid-March and work is progressing as scheduled at the south central plant and the new building site. Temporary replacement parking is complete and construction of the new surface parking lot has begun. Superstructure at the south central plant is complete; site utilities and drilled piers for the new building are underway. Lamar continues to await a proposal from Chartwells/Compass Group on the food service venue. Public art will be an interior, themed mosaic by Dixie Friend Gay.

Cardinal Village Improvements: Renovations of interior finishes and exterior corridors at Combs and Morris Halls is underway and will be complete by August 15. Minor repairs, annual maintenance and summer turn cleaning will also be complete by August 15.

Library Lobby Renovation/Starbucks: The lobby renovation has begun, work is progressing as scheduled and is expected to be complete in late October, 2017. The University will provide infrastructure and Chartwells/Compass Group will construct the Starbucks coffee shop in the northern third of the lobby. The University work includes a new storefront for the new entrance to the library, modernization of lobby finishes, infrastructure upgrades and modifications to the two east stairwells to make them compliant with current life safety codes. Lamar is waiting for Chartwells/Compass Group to identify their contractor and mobilize them on-site to begin the coffee shop build-out.

Chemical Engineering (ChE) Unit Operations Lab: Demolition and new infrastructure has begun. Construction is scheduled for completion in late October. The scope entails demolition and complete renovation of approximately 3,500 SF of lab space in the Lucas Engineering building. The lab will be used by the Chemical Engineering department to teach multiple industry processes. The renovation will include upgrades to the HVAC system, installation of fire suppression, new plumbing, electrical and telecommunications systems, and accessibility modifications.

Classroom, Office and General Building Upgrades 2017: New light fixtures and replacement lamps have been ordered and installation is scheduled to begin mid-August. Of the areas affected, approximately 70% of the scope entails replacement of fluorescent lamps with high efficiency LED lamps in existing fixtures, while the remaining 30% will be a complete replacement of older inefficient fluorescent or incandescent fixtures with LED fixtures. The areas affected in each building include classrooms, labs, conference rooms, restrooms, and other common areas. Due to funding limitations, at this time the scope does not entail lighting upgrades in offices. Work is expected to be complete in December, 2017.

INFORMATION TECHNOLOGY:

Completed projects include the deployment of technological components of the Science DMZ to support the high speed transfer of research data sets.

New projects include a refresh of classroom and class lab computers; the upgrade of technology in primary campus event spaces; and a recruiting process review with technology integration utilizing the CRM.

Current projects include EAB's student success collaborative; endpoint encryption; Qualtrics survey implementation (system-level collaborative project); digital signage; Banner 9 self-service modules; Banner 9 go-live for LIT and LSCO; data loss prevention; development of encryption standards; continued security camera and access control system deployment; IT risk assessment; and security and system management policy development.

Upcoming projects include: eSignature deployment (system-level collaborative project) and a customer portal for IT Service Management.

SAM HOUSTON STATE UNIVERSITY

President's Briefing for the TSUS Board of Regents November 2017

RECRUITMENT AND RETENTION

The National Science Foundation has awarded SHSU an intended total amount of more than \$2 million to support the project entitled, "A Comprehensive Model for Improving the Success of STEM Majors through the STEM Center." The project began September 1 and aims to increase the number of STEM graduates, as well as the quality of these graduates. The grant will establish a STEM Center; provide a summer bridge program for students to learn math and chemistry before the courses start; promote training for faculty on best practices, specifically for underprepared students; and offer students more resources for undergraduate research.

SHSU freshman golfer Hanna Alberto qualified for the U.S. Women's Amateur Championship with a score good enough to place her in a tie for third, earning one of the six advancing spots at the sectional qualifier. Over the summer, Alberto also claimed a pair of tournament titles, finishing in a tie for first at the Texas Golf Association 2017 Women's Stroke Play Championship, then winning the Houston Golf Association Eddie Burke Young Houstonian title.

INSTITUTIONAL DEVELOPMENT

Eight months into the "Honoring Traditions. Creating Futures Campaign," the university had received more than \$100 million in gifts, pledges, and verbal commitments. Hurricane Harvey caused a schedule adjustment, but the campaign will be back on track by December.

For the third consecutive fiscal year, more than \$16 million was contributed to Sam Houston State University as over 11,500 donors made nearly 26,000 gifts. Giving was slightly down due to the timing of major gifts received.

The Alumni Association has 12,500 members, including 2,950 Life Members. For the fiscal year, the Association held nearly 400 meetings and events, which involved almost 29,000 alumni and friends. An effective partnership with the Student Affairs Department produced a larger, more active Parents Association and Parent membership in the Alumni Association.

Marketing & Communications completed more than 6,000 projects during the year, and the university received nearly 41,000 media placements. SHSU has 80,000 Facebook Likes, with 176,000 monthly Facebook Users and more than 21,000 Twitter Followers.

The alumni-development database now stands at 140,000 valid addresses and nearly 133,000 telephone numbers. During 2016-17, the Advancement Services staff researched 10,000 potential major gift prospects to help better determine their giving capacity and potential. More than 2.1 million records were updated during the fiscal year.

SAM HOUSTON STATE UNIVERSITY

The Sam Houston Memorial Museum hosted more than 51,000 visitors on site to tour exhibits, enjoy the grounds, and attend special programs and events in the museum's facilities. The Walker Education Center was home to 374 events that welcomed over 23,000 guests. Nearly 90 schools and over 7,100 children toured the museum during the fiscal year, which ended on August 31, 2017.

CAPITAL IMPROVEMENTS

The Lowman Student Center Expansion is approximately 20% complete.

The Biology Laboratory Building is approximately 70% complete.

The Thomason Building Re-Purpose is approximately 80% complete.

INFORMATION TECHNOLOGY

SHSU completed conversion of the campus computing environment to Windows 10. This project involved a year of planning and over the summer, a roll-out of approximately 5,000 computers.

We also completed successful roll-out of Wi-Fi for all residence hall occupants. This project will be budget neutral through a phase-out of existing cable TV service expenditures and the previous phase-out of telephone service.

The secondary campus data center remains on schedule for substantial completion in October. SHSU will then begin installation of services with a target operational date of early Spring.

SHSU partnered with Dell to facilitate the gift of high-performance computing cluster. This will replace an outdated solution used by the Physics Department.

SHSU IT and Finance have begun the process of installing and configuring a new instance of the TSUS payroll solution to be hosted at and supported by SHSU. The January 1, 2018, Payroll is scheduled to be supported by this project.

SHSU off-campus dialing transitioned from a "dial 9" prefix to "dial 8" prefix. This change decreased accidental 911 calls from 373 in FY16 to 31 in FY17. This change enables PD dispatch to better focus efforts on actual life safety issues.

IT collaborated with Academic Affairs to facilitate the academic technology necessary for the start-up of the new SHSU Charter School at the off-campus locations.

CAMPUS SPECIFIC ITEMS

SAM HOUSTON STATE UNIVERSITY

A study conducted by SHSU researchers on eyewitness identification procedures used by the Robbery Division at the Houston Police Department received the 2017 Award of Excellence from Emerald Publishing. The study was published by “Policing: An International Journal of Police Strategies” and won the Award of Excellence from the journal. The research by William Wells, Bradley Campbell, Yudu Li and Stryker Swindle examined 975 witnesses who participated in eyewitness identification procedures, including photo spreads, live lineups and video lineups.

The One Asia Foundation, a Japanese organization that supports academic programs and research, recently awarded a \$50,000 “Grant for Opening a Course on the Asian Community” to history professors Eric Vanden Bussche and Thomas Cox to promote East Asian studies at SHSU. Vanden Bussche, a China scholar, and Cox, a specialist in early U.S.-China trade, used the grant to enhance instruction in their history capstone course on Modern East Asia this fall. They have invited 12 leading scholars in East Asian studies to share their research with students on a variety of topics, including the decline of the Qing dynasty, Japanese imperialism, the 1949 revolution in China, and the Korean War. SHSU is currently only one of three American universities to receive such a grant.

During Hurricane Harvey and its aftermath, university personnel and students exhibited tremendous dedication to our community and the impacted surrounding areas. Countless administrators and staff remained on duty during the week-long closure, and their outstanding efforts ensured the university continued running as smoothly as possible amid the crisis. SHSU facilities housed evacuees, military personnel and animals throughout the disaster.

SUL ROSS STATE UNIVERSITY
MEMBER THE TEXAS STATE UNIVERSITY SYSTEM™

President's Briefing for the Board of Regents
November 2017

Institutional Effectiveness

The Office of Institutional Effectiveness submitted the SRSU Compliance Certification report to the SACSCOC off-site committee on September 1, 2017. Planning is underway now for the SACSCOC on-site review that is scheduled for April 3-5, 2018.

Coordinators for the Quality Enhancement Plan, Dean April Aultman Becker and Dr. Dan Foley, have submitted nominations for the QEP Lead Reviewer to SACSCOC. *Navigating Excellence through Effective Communication* is the QEP theme, and subcommittees are working on developing the plan.

Institutional Effectiveness collaborated with the Office of Information Technology to revise the HB 2504 web pages on the SRSU web site. Course syllabi, faculty curriculum vitae, and student course evaluations are all easily accessible for students and the public now.

Following a visit from Tami Rice, Liaison to the TSUS IR Council, SRSU Institutional Research has expanded the availability of data for the university community on the SRSU website. This increased access provides administration, faculty, and stakeholders with timely and accurate high quality information to inform decision making and planning.

Retention and Recruitment

Sul Ross State University continues to experience positive enrollment growth at both the Alpine and RGC locations. Admitted freshmen students continue to matriculate at 40%, slightly higher than the national average, while transfers and graduate admits remained at approximately 66% rate of matriculation.

Additionally, our continued efforts in retention continued to pay off with a 12th class day rate of 59% for the fall 2016 cohort. Continuing freshmen remained enrolled at one of highest rates in the past three years.

The application for fall 2018 opened up on July 1, at the suggestion of the Apply Texas' Committee recommendations. To date, fall applications show an overall increase of 18% from the same date in fall 2017 with notable gains in freshmen and transfer applications. Enrollment Management continues to use the text platform, Mongoose, and effectively uses it to contact applicants about their application status. This, in conjunction with communication methods already in place, has more than doubled the number of admitted freshmen as compared to this time in fall 2017.

Additionally, the division continues to work on the testing and implementation of Ellucian's CRM product, Recruit.

University Advancement

The University received gifts from individuals and foundations totaling \$118,071 over this quarter, and continues to focus on strengthening alumni and major donor giving, as well as increased support from corporate and private foundations.

Rio Grande College

Holding raffles and finding donations, the Avalos Family in Uvalde recently donated funds for two RGC scholarships for the fourth consecutive year. The family-based, locally funded gifts celebrate

the life of Esmeralda Avalos, who longed to be a teacher, but was sidelined due to a chronic illness. All of the funds raised directly benefit RGC students and their families in a truly grassroots effort that yields exceptional results.

RGC's "Earth from Space", a poster display from the Smithsonian Institution that features full-color satellite photos of Earth, opened in September at the Uvalde site. Community members, students and one local Girl Scout troop have taken advantage of the self-guided tour. The exhibit is open to the public and will also be displayed at the Eagle Pass and Del Rio RGC sites before being loaned to the Universidad Autónoma de Coahuila in Mexico.

The Rio Grande College has been in conversations with the Kickapoo Traditional Tribe of Texas regarding educating tribal youth. Dr. Veronica Mendez, Dean of the College, and Dr. Claudia Wright, Director of Admissions/Records and Student Services, have provided the SRSU leadership to craft the initiative.

Capital Improvements

Preparation continues by architect and contractor on remediation work required on Phase One of the Campus Access Project. Site issues have been identified for repairs and for additional investigations to determine the extent of additional repairs. Pride General Contractors from El Paso is scheduled to be on site to begin demolition, repairs, and further testing by the end of October.

Campus Access Phase Two is at conclusion of the Design Development Phase and is temporarily on hold to allow for resolution of Phase One Issues. Campus Access Phase Three is also on temporary hold for the same Phase One concerns.

The Visitor Center has been reassigned to Vandergriff Group of Midland. Vandergriff has made an initial conceptual presentation and is working on revisions, updates, and a Statement of Probable Costs as a result of campus feedback.

The Texas Native Seeds Research Center has been awarded to Alpha Building Corporation of El Paso, Texas. Project funding is primarily private gift funds. The Pre-Construction Meeting was held on October 5, 2017, and construction is scheduled to commence the week of October 16th, 2017.

Vandergriff Group Architects have received preliminary cost information for the proposed renovations of the Kokernot Lodge and Amphitheater. Site investigations of the original grades and layout of the amphitheater indicate that excavation will be required to re-establish the previous elevation of the first rows and orchestra pit. During a non-profit event on campus, area foundations expressed interest in a community project in the Kokernot Lodge/Kokernot Field area. Property ownership for the entire area has been identified as requested.

Work on remediation of the damages resulting from the major hail storm suffered in summer 2014 continues. All damage to windows, skylights, and metal trim has been addressed including roof repairs at the University Center, the ANRS building, and the Industrial Technology Building. An RFQ for commercial roofing contractors is being prepared for the remaining buildings on campus. The remaining projects will be scheduled with funding received from insurance proceeds as the source of funds. Work is expected to begin on the Francois Fine Arts Building roof in the next few weeks.

Funds have been allocated and preliminary concept work on modifications to equine infrastructure

to accommodate the new Wagon Wheel Ranch quarter horse program has begun. Early modifications are needed to house the arrival of the first selection of horses under the program.

Information Technology

The Office of Information Technology completed the implementation of a new phone system for Sul Ross State University. In cooperation with the local service provider, Big Bend Telephone, we installed a new Private Branch Exchange (PBX), installed new Session Initiation Protocol (SIP) trunks, which allow communications signaling and multimedia communications for voice and video calls, installed new equipment for analog lines, allowing the continued use of fax capabilities and connections for fire alarm systems, and gave the institution Caller ID capabilities for the first time in several years.

Institutional Development

SRSU-Alpine has been awarded a grant for a Ronald E. McNair Postbaccalaureate Achievement Program through the Department of Education. This five-year grant will provide year-round services and activities to prepare 27 qualified, underrepresented and/or first generation and low-income, undergraduate students for a path to doctoral studies. (Appx. \$226,600 per year for 5 years).

The Center for Big Bend Studies continues to seek funding from various sources for the Trans-Pecos Archaeological Program (TAP) and for research of the historic period. The Center's 1,200+ page report for the long-term archaeological survey of Big Bend National Park is nearing completion; a draft of the final chapter is now complete and several chapters have undergone final edits.

The CBBS remains actively engaged in archaeological research on several private ranches, focusing on Pinto Canyon Ranch (PCR) and the 02 Ranch. On PCR, excavations are underway at Gateway Terrace and Cerro Hueco (from the Middle Archaic period—ca. 2500–1000 B.C.); Second Gate (Late Archaic period—ca. 1000 B.C.–A.D. 700); Briscoe Midden (terminal Late Archaic and early Late Prehistoric period—ca. A.D. 500–1535); Rattler Rings (Late Prehistoric period—ca. A.D. 700–1535); and several other sites that have yet to be dated. In addition, a database is being compiled for the many (n=272) structural remnants found on the ranch; and initial excavations at Spirit Eye—a large cave with two entrances, several tunnels leading to other rooms, and a tunnel emanating from the ceiling—are just about complete. Although looters have previously uncovered multiple mummies and a host of perishable artifacts from the cave, our work should provide a wide array of information not attainable at most open sites in the region. Ultimately, we hope to recover the mummies, conduct appropriate analyses (e.g., radiocarbon and DNA), then rebury these remains within the cave.

On the 02 Ranch a block excavation at the 11,000-year-old Genevieve Lykes Duncan (GLD) site continues through excavation of a mostly intact 10,600-year-old oven and deep testing. Importantly, an article on testing at the site is now finished and will appear in the next *Journal of Big Bend Studies*. Recently, a Late Paleoindian spear point (Dalton/Golondrina) was recovered from a cutbank at the Broke Tank site. The point was laying immediately adjacent to a hearth and we hope to recover charcoal for dating that would potentially give us the first date in our region for this type of point.

The CBBS continues to work on a searchable rock art database for the region. The *Journal of Big Bend Studies*, Volume 28, will be sent to the printer in the next week and CBBS staff are editing Volume 29. "In the Shadow of the Chinatis: A History of Pinto Canyon in the Big Bend of Texas,"

written by a CBBS staff member, will be published by Texas A&M Press early next year. Headway continues on several other publications.

The CBBS is engaged with several federal agencies in Mexico to collaborate on archaeological and historical projects along the Rio Grande/Río Bravo. On July 18, a memorandum of understanding (MOU) was signed by the head of Mexico's *Instituto Nacional de Antropología e Historia* (INAH) and Dr. Kibler that will allow collaborations on a number of projects; significantly, this is the only such agreement that INAH has ever had with any U.S. entity! In addition, efforts are underway by Mexican and Spanish archivists to find and translate Spanish documents concerning the Spanish period (ca. A.D. 1683–1760) at La Junta (area around the confluence of the Rio Grande and Rio Conchos of Mexico). These searches are underway in the *Archivo General de la Nación* (AGN) and the *Centro de Estudios de Historia de México*, and several repositories in Spain. A plan is being hatched for the CBBS to raise funds necessary for the digitization of all documents in the AGN that deal with Texas, New Mexico, Arizona, and California; digital copies would then be available from Sul Ross, the only outlet in the U.S.

Recent CBBS grants and in-kind donations received (Total=\$5,395):

\$3,995 received from individuals as donations

\$1,400 in-kind donations

(Received notification of a \$135,000 foundation grant, but have not yet received check)

Rio Grande Research Center personnel are involved in the ongoing study of the impact of the removal of invasive species (primarily giant river cane) in Boquillas canyon in Big Bend National Park. Our contributions include topographic surveys of sand and gravel bars in the canyon to monitor sediment mobility that should result from the removal of the cane.

RGRC is also continuing a sediment characterization study, “Quantifying Channel Morphologic Change along the Rio Grande in Boquillas Canyon within Big Bend National Park,” through continued support from the World Wildlife Fund.

The center is also applying similar technology (3D mapping and collection of aerial imagery) to upland tributaries to the Rio Grande (Terlingua creek and Alamito creek). We also assisted a Mexican agency in charge protected areas in Mexico (CONANP – Comision de Areas Naturales Protegidas) in a training seminar on aerial mapping technology. For this, we traveled to Cuatro Cienegas and assisted the CONANP personnel in mapping springs and dune fields.

Sam Burch, former RGRC technician and current BGPS graduate student, just returned from a summer internship with the USGS Columbia Environmental Research Center in Missouri. Burch was part of a National Association of Geoscience Teachers internship program where top Field Camp students are nominated for the USGS internships. Due to his Field Camp performance and his prior experience with the RGRC, Burch was the top pick for three different USGS offices in this national program. He chose the Missouri office so that he could conduct research on the Missouri and Yellowstone rivers.

The center staff are testing new equipment obtained recently from various Sul Ross grant opportunities for ongoing research projects. This equipment includes a ground based Riegl LiDAR instrument for high precision 3D mapping such as being conducted in Boquillas canyon, a multispectral infrared camera and drone for aerial imagery to add to the 3D maps, and a high precision RTK GPS unit to assist with georeferencing the 3D maps and aerial images. This equipment allows us to continue with state-of-the art 3D mapping and riparian / river system monitoring.

Borderlands Research Institute within the College of Agricultural and Natural Resource Sciences – mission: to help conserve the natural resources of the Chihuahuan Desert Borderlands through research, education, and outreach. To meet that mission the BRI plans and conducts research investigations on various aspects of the natural world and provides the results to the land managers so that they may more effectively manage the resources with which they are entrusted. Here are highlights for July through September 2017:

Grants/Gifts:

--BRI and the Geology Department were awarded a grant for \$90,000 from Desert LCC for Dos Rios Landscape Conservation Design

Events/Activities:

--BRI is featured in two films in Ben Masters' Wild Texas Film Tour; BRI researchers and staff attending several screenings across Texas, participating in Q&A sessions, and holding mixers in various cities in conjunction with the film tour

--BRI will celebrate our 10-year Anniversary at the Caldwell Ranch on October 21, 2017

--BRI Advisory Board Meeting, October 8th through 10th.

Faculty/Staff/Student Accomplishments:

--BRI hired full-time Philanthropy Coordinator Amanda Peppers

--BRI Graduate Student Kaitlyn Williams was awarded the Houston Gulf Coast Chapter Safari Club International Scholarship for \$2,000

Proposals being finalized:

A \$55,000 grant has been submitted to the American Chemical Society Petroleum Research Fund – Undergraduate New Investigator Grant Program, by Dr. Yanfeng Yue. This proposal, "Microporous Carbon Monolith Synthesis and Natural Gas Adsorption," seeks to open new avenues for improving the capacity for natural gas storage.

Campus Specific Items

SRSU McNair students present at McNair-Tafoya Symposium. Thirteen students delivered oral and poster presentations at the 10th annual McNair-Tafoya Undergraduate Research Symposium Monday, September 25. Held in the Espino Conference Center of the Morgan University Center, the annual event highlights undergraduate research projects conducted during the previous academic year. The annual symposium is also named in honor of the late Dr. Jesus Tafoya, Sul Ross Professor of Spanish and a long-time advocate of the program.

SRSU McNair Program receives renewal grant. Sul Ross received notification September 11 of continued funding of the Ronald E. McNair Postbaccalaureate Achievement Program for undergraduate research. million. "McNair has been successfully helping Sul Ross students for 10 years" said McNair Program director Dominique Vargas. "We are thankful for the opportunity to continue to work with our students, to foster growth and development and get them ready for the next step in their journey." The McNair Program is designed to encourage first generation, low-income students and minority undergraduates to consider careers in college teaching as well as prepare for doctoral study. Students who participate in the program are provided with research opportunities and are matched with faculty mentors.

Dr. Ryan Luna named Kelly R. Thompson Professor. The Borderlands Research Institute (BRI) at Sul Ross State University appointed Dr. Ryan Luna to the newly created Kelly R.

Thompson Professorship in Quail Research. The professorship was established earlier this year by Texas Parks and Wildlife Foundation in honor of Kelly R. Thompson, who served as chair of its board of trustees for six years. Thompson also serves on BRI's advisory board. Luna has served as a research scientist with BRI and an assistant professor of Wildlife Management in the Department of Natural Resource Management at Sul Ross since 2013.

Tutorial and Learning Center opens in Wildenthal Library. Located on the Wildenthal Memorial Library's first floor, the TLC officially opened Wednesday, August 30 with a ribbon cutting ceremony and reception. The TLC is funded from a grant to the Title V El Camino del lobo al exito, Lobo Road to Success. The campus-wide tutoring center houses peer tutors, the Peer Mentoring Program, the Sul Ross Writing Center and other departmental tutors.

Education Department hosts Region 18 Superintendents. On September 20, the Education Department hosted the TASA/ESC Region 18 Superintendents' Study Group for the southern most districts within ESC Region 18. The event provided opportunity for Sul Ross State University to provide a quality look at the SRSU campus.

Greenhand Day at SRSU. In September, the Department of Animal Science Hosted the Big Bend FFA District Greenhand Day. Seventy high school students in attended the event. Greenhand Day is an event that offers students an opportunity to learn more about the Future Farmers of America.

Sul Ross Student receives Chemistry award. Yelixza Avila, dual chemistry/biology major, received a NSF-REU award in chemistry at University of North Texas (UNT) and participated in an intensive ten-week summer research program at UNT during summer 2017.

Dr. Leaver presents at Washington, D. C. Conference. Dr. David Leaver, Assistant Professor of Chemistry, presented at the 254th ACS National Meeting and Exposition in Washington DC in the medicinal chemistry division. Dr. Leaver presented *Development and optimization of a selective MYST histone acetyltransferase inhibitor that induces cellular senescence*.

TEXAS STATE UNIVERSITY
President's Briefing
for the Board of Regents
November 16-17, 2017

PLANNING

Texas State University's 2017-2023 University Plan was published and became effective on September 1, 2017, with the final version, including the diversity and inclusion plan and division and college plans, posted on the 2017-2023 University Plan website (www.universityplan2023.avpie.txstate.edu). The University recently established Key Performance Indicators that will be used to report progress. This University Plan will be presented to the Board of Regents at the November meeting.

Annual progress reports for the 2012-2017 University Plan continue to be compiled and will be posted on the 2012-2017 University Plan website. A comprehensive progress report for the 2012-2017 University Plan will also be developed.

Planning is underway for the 2020 Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Reaffirmation. I along with four other members of the Texas State University SACSCOC Leadership Team will attend the SACSCOC Class of 2020 Orientation in Atlanta in January 2018 as part of our preliminary preparation for the 2020 SACSCOC Reaffirmation. Draft narratives addressing the proposed standards are being developed to meet the fall 2019 submission deadline.

RETENTION AND RECRUITMENT

Texas State University enrolled a record-setting freshman class of 5,875 for the 2017 fall semester, a 2.5 percent increase over the previous record set in 2016. Approximately 51 percent of incoming Texas State freshmen ranked in the top quartile of their high school graduating class, a quality metric important to the university's goal of achieving its status as a research university. Freshman applications for fall 2017 reached a record 32,165, an increase of 1,373 applications (+4.5 percent) over last year, while freshman acceptances numbered 15,798, an increase of 1,918 (+12.1 percent).

Overall, Texas State reported total enrollment of 38,694 students for fall 2017, which was relatively flat from a year earlier. The College of Science and Engineering showed continued growth as Texas State's largest college, reporting an all-time-high enrollment of 6,542 students - a gain of 289 students, or 4.6 percent, from last fall. The College of Health Professions experienced the largest percentage gain in enrollment, 4.7 percent, over last year. That represented an increase of 141 students.

Transfer enrollment was 3,659, a decrease of 138 (-3.6 percent). Transfer applications were 7,237, a decrease of 286 (-3.8 percent) over last year and transfer acceptances were 5,549, up 84 (+1.5 percent).

Fall applications for doctoral students totaled 253 which is an increase of 42 applications (+19.9 percent) over 2016. Doctoral acceptances were up by two students (+1.8 percent), totaling 114 students. Master's applications were 3836, an increase of 41 (+1.1 percent) over last year. A total of 1,946 master's students were accepted, which represents an increase of 55 students (+2.9 percent) over 2016. New graduate student enrollment, however, decreased by 10.5 percent. Specifically, 24 fewer doctoral students and 73 fewer master's students enrolled this fall in comparison to last fall. On a positive note, continuing graduate student enrollment increased by 1.4 percent.

CAPITAL IMPROVEMENTS

Status of Construction and Renovation Projects:

This status report is organized by the stage that each project is at in the development cycle. The stages include:

Planning and Programming Phase -- The process of identifying space needs and general magnitude of project cost;

Design Phase -- The process of developing detailed blueprints and cost estimates;

Construction Phase -- The entire process of building the project; and

Project Completion -- The construction is complete, the bills are all paid, the building has been turned over for our use, and The Texas State University System Planning and Construction office has officially approved project close out.

However, when multiple projects are underway in one building all projects will be presented together for ease of understanding, regardless of their stage in the development cycle.

Projects in the Planning and Programming Phase:

The Albert B. Alkek Library has multiple projects underway:

In the Planning and Programming Phase, Texas State University, working with Facilities Programming and Consulting, has completed the Architectural Space Program for the **Albert B. Alkek Library 7th Floor Wittliff Collections Expansion**. The Total Project Cost (TPC) is \$7.4 million. A Request for Qualifications (RFQ) for architects, issued in September 2017, is under review with a selection in October 2017.

In the Design Phase, the **Albert B. Alkek Library Learning Commons** has a TPC of approximately \$8.3 million for Phase One and is on the current Capital Improvements Program (CIP) at \$12,612,894. The scope of work includes the repurposing of space for creation of a Learning Commons on the second floor, and portions of the first, third, and fourth floors of the Library. Brown Reynolds Watford, Dallas, Texas, is the design architect and JE Dunn Construction, Austin, Texas, is the Construction Manager-at-Risk (CMR). The design phase began in October 2017.

In the Construction Phase, the **Albert B. Alkek Library Renovations** project includes the phased repairs and upgrades of electrical, information technology systems, and limited mechanical infrastructure components. Additional work to remove and replace the lower level roofs was completed. The project reached Substantial Completion. The Final Report to The Texas State University System will be issued in November 2017 and the project will be brought to the Board of Regents for close out in February 2018.

Elliott Hall Repurposing. Elliott Hall, which opened in 1963, is located next to McCoy Hall and has three freestanding buildings: two for student housing rooms and one for community/administrative functions. Elliott Hall A and B are three-story buildings with 15,510 gross square feet (GSF) and 14,603 GSF respectively. Elliott Hall Administration is a two-story building with 7,180 GSF. Texas State wants to repurpose the buildings to achieve classroom and office space. Programming is being done by VisSpiro and will determine the amount of space for each category of use. The 37,293 GSF building repurposing project has an estimated TPC of \$6.5 million. The September 2017 Architectural Space Program is complete. The next milestone will be the selection of the architect and CMR via the posting of RFQ.

Facilities Programming and Consulting is preparing the Architectural Space Program for the **Health Professions Building (Encino Hall) Space Reconfigurations** project which was added to the CIP in May 2015. The scope of this project focuses on the repurposing and remodeling of the vacated spaces in the existing building. User interviews have been completed and the program is being finalized for approval. Construction will commence in summer 2018 when departments relocate to the Round Rock Campus, with an anticipated completion in summer 2019. The anticipated TPC is \$4.4 million. The next milestone will be the selection of the architect and CMR via the posting of RFQ.

The **Hilltop Housing Complex** project, which includes the demolition of Hornsby and Burleson Halls and construction of a new housing complex on the Hilltop area of the San Marcos Campus, is ready for revised programming. The revised Architectural Space Program prepared by Facilities Programming and Consulting is underway. This project is on the CIP and the current TPC is approximately \$108 million.

Urgent repairs in an estimated amount of \$6 million are needed as part of the **Hines Academic Center Structural Improvements** project. The project will include rebuilding the exterior façade of one side of the building and making associated structural repairs. With the assistance of Jaster Quintanilla Structural Engineers, the University will establish the final scope of work and estimated construction cost. The project is on the current CIP.

The **Infrastructure Research Laboratory** is on the CIP. This project is targeted to be operational in time for the new M.S. in Civil Engineering program, which will begin in fall 2019. The laboratory design will allow the testing of full-size highway bridge girders and may include both strong wall and strong floor areas. The Architectural Space Program is being completed by Facilities Programming and Consulting. The TPC is targeted at \$14 million.

Jowers Center Renovation. The Department of Athletics will relocate its offices and other functions from Jowers Center to the newly expanded University Events Center in 2018. The vacated space in Jowers Center is much needed for the degree programs in the Department of Health and Human Performance and for the Dance program in the Department of Theatre and Dance. Renovated space will be used for faculty offices, classrooms, and laboratory/research space. The 13,561 GSF Jowers Center renovation project has a TPC set at \$3.5 million. The Architectural Space Program, by Facilities Programming and Consulting, is complete.

Facilities Programming and Consulting is preparing the Architectural Space Program for the **Roy F. Mitte Building Space Reconfigurations** project, which is on the current CIP. This project will focus on the repurposing of vacated spaces after selected departments/schools relocate to Ingram Hall in 2018. The anticipated TPC is \$5.4 million. Design will begin summer 2017 and construction will commence in summer 2018 with an anticipated completion in summer 2019. The Architectural Space Program, by Facilities Programming and Consulting, is complete.

Texas State Facilities Procurement issued an RFQ for design on the **Spring Lake Dam – Phase 1 Stabilization** project in July 2016. Dr. Thom Hardy, Chief Science Officer of The Meadows Center for Water and the Environment and Professor in the Department of Biology prepared the biological assessment. Dr. Todd Ahlman, Director of the Center for Archaeological Studies in the Department of Anthropology, prepared the archeological assessment. A report was issued to the Texas Historical Commission for concurrence. All preparatory work has been completed and the project is ready for issuance of a memorandum of agreement with all regulatory agencies. Dialogue with the Federal Emergency Management Agency (FEMA) continues as the university requests partial federal reimbursement for the project. An additional six-month extension was submitted and Texas State is waiting for approval. Texas State is on track for emergency funding from FEMA for stabilization funds. Freese and Nichols Engineering is under contract for services and an initial meeting was held in January 2017. The University, working with Freese and Nichols Engineering and FEMA, has completed preliminary design of the interim repair project and is starting final design and environmental coordination efforts for the project. This interim design followed a workshop on August 24, 2017, with officials and staff from Texas State University and the City of San Marcos, to allow each stake holder to have input into both the interim stabilization as well as long-term plans for dam repair and modernization. The Project Workbook has been completed with FEMA and is moving forward to facilitate the release of funding from FEMA for the stabilization.

Projects in the Design Phase:

The Feasibility Study for the development of the new multi-use **Campus Recreation Sports Fields** resolved basic inquiries regarding options for developing natural grass recreation playfields on a site previously used as the University's golf course. Sink Combs Dethlefs Architects of Denver, Colorado, completed design concepts for review in preparation for the construction bid documents.

Blanco Residence Hall Renovations. The TPC, for the phased project, is estimated to be \$29.6 million. The Scope of Work for Blanco Hall Renovations includes new air handling units along with a few selected refurbished units; new pumps; new fan coil units; and cleaning the existing air ducts in the lobby. It includes the replacement of plumbing in the vertical chases, domestic water piping, sewer piping, and water closets. Additionally, the project includes relocation of electrical distribution panels and installation of new light fixtures in the corridors, bedrooms, bathrooms, and portions of the lobby. Pfluger Associates of Austin, Texas, is the architect and SpawGlass is the CMR. The design approval for the project will be requested at the November 2017 Board of Regents meeting.

The **LBJ Student Center** has multiple projects underway:

In the Design Phase, the **LBJ Student Center Expansion** Architectural Space Program is complete and Design Development is underway. The new mechanical, electrical, and plumbing building infrastructure systems will integrate with the recently upgraded building infrastructure that was part of the recent LBJ Student Center Renovations. The expansion will include a new main entry lobby, a second ballroom, conference rooms, meeting spaces, shared spaces for informal student gatherings and study spaces, a new multi-cultural area, and improved circulation within the expansion and renovated areas. It will also expand and renovate the Welcome Center suite and create an Alumni Center for Alumni Relations. The design approval for the project will be requested at the February 2018 Board of Regents meeting with a TPC as yet undetermined.

In the Construction Phase, the scope of work on the **LBJ Student Center Renovation** project includes repairs and upgrades of the infrastructure components and incidental interior/exterior renovations and repairs. The TPC is \$20 million. Construction is underway and is approximately 45 percent complete. The anticipated completion date is May 2018.

Projects in the Construction Phase:

The **Engineering and Science Building (Bruce and Gloria Ingram Hall)** has a TPC of \$120 million at a total size of 166,851 GSF. Construction is approximately 30 percent complete and is on schedule. Occupancy is targeted for July 2018 to accommodate students by August 2018.

The **Health Professions Building #1 - Round Rock Campus (Willow Hall)** has a TPC of \$67.5 million at a total size of 107,708 GSF. Construction is approximately 40 percent complete and is on schedule. Occupancy is targeted for May 2018 to accommodate students by June 1, 2018.

The **University Events Center** project with a scope of work that also includes a new chilled water plant, a new loading dock with access to the lower court level, a multi-purpose suite, locker rooms, and offices, has a TPC of \$62.5 million and the total size of the expansion is 81,282 GSF. The expansion includes space for commencement ceremonies and athletic programs. Construction is approximately 21 percent complete. Occupancy is targeted for fall 2018.

Projects Completed:

The **Archives and Research Center (ARC)**, located at the Science, Technology, and Advanced Research (STAR) Park, has a TPC of \$15.4 million, which includes \$14.7 million for the construction of the building, and approximately \$700,000 for STAR Park site development and utilities' infrastructure improvements. The ARC houses and preserves valuable library collections, including items from The Wittliff Collections and the University Archives. The project is complete. The completion of the ARC frees up space for renovation of the Albert B. Alkek Library featuring technology rich learning commons spaces. The Final Report is targeted for submittal to TSUS in February 2018.

The **Retama Hall Renovations** project has a TPC of \$9 million. Retama reached Substantial Completion in August 2017. The renovated residence hall opened its doors for occupancy for the fall 2017 semester as planned. The Final Report is targeted for submittal to TSUS in February 2018.

INSTITUTIONAL DEVELOPMENT

The university closed fiscal year 2017 having raised \$37.1 million in fundraising. This is the third straight record year. Fundraising in fiscal year 2017 exceeded fiscal year 2016 by more than \$10 million. Gifts of \$100,000 or more continue to lead fundraising growth, increasing from 36 for approximately \$17 million in fiscal year 2016 to 52 for approximately \$29 million. During the same period, the number and value of gifts in the range of \$25,000 to \$99,999 have remained consistent across both years. In fiscal year 2017, the university added 18 new members of the Pillar Society, recognizing lifetime giving of \$100,000 to \$999,999. One new member of the Texas State Heroes giving society was added in recognition of a \$15 million estate gift to the university.

On September 22, 2017, the university held a launch event for a fundraising initiative focused on reaching the \$400 million endowment criterion for National Research University Funding (NRUF) eligibility. The goal of the initiative is to put a focus on the importance of endowment gifts toward raising \$25 million in new cash contributions to endowments between fiscal year 2017 and fiscal year 2020. University Advancement has projected that achieving this objective will help set the course to reach the NRUF target by 2026. At the event, I announced that the university had exceeded the fiscal year 2017 goal, raising a record \$8.4 million in new endowment contributions. Over 200 of the largest donors to university endowments attended the launch event held in the Performing Arts Center. We have planned 18 additional fundraising-focused events to be held around the state in fiscal year 2018 to support the \$25 million by 2020 initiative.

In September, the Alumni Association also began fundraising for a new alumni center to be included in the LBJ Student Center renovations. The total cost to the Association for the project is budgeted at \$1.2 million. The kick-off for alumni center fundraising began during Step Up for State, the second annual day-of-giving event which ran for 1,899 minutes from September 20-21, 2017. In total, \$260,000 was raised from 2,075 gifts, with approximately \$50,000 designated for the new alumni center. Other notable results from Step Up for State included \$26,000 raised for the Student Emergency Fund to benefit Texas State students affected by Hurricane Harvey, \$76,000 for South End Zone Complex Renovations to the football stadium, and \$22,500 to launch fundraising for the new Texas Music Collection at The Wittliff.

SPONSORED PROGRAM AWARDS - RESEARCH AND INSTRUCTIONAL

The initial analysis of research expenditures for FY17 show that new institutional benchmarks were achieved for both restricted research and total research and development expenditures. These two metrics are key components for establishing NRUF status for Texas State University and for determining our institutional allocation from the Core Research Support Fund. For FY17, total research and development expenditures, which reflect the entire research enterprise, were \$59.3 million, representing a 9.1 percent increase over last year. The restricted research expenditures were \$33.2 million, which is a 10.4 percent increase over last year. Furthermore, over the past 5 years, restricted research expenditures have increased by 59 percent and total research and development expenditures have increased by 60 percent, demonstrating consistent progress toward our institutional goals of achieving NRUF eligibility and R-1 status.

The list shown below represents sponsored programs awards valued at \$100,000 or greater received during the fourth quarter of FY17:

Recipient/Unit	Funding	Project Title and Purpose
Dr. Leslie Huling LBJ Institute for STEM Education and Research	\$999,995 Year 3 of 3, Total Award \$2,999,998 National Aeronautics and Space Administration	The STEM Teacher Excellence Project (STEP) The awarded funds will be used to deliver culturally-relevant, research-based professional development experiences for more than 1,500 pre-service educators and STEM teachers from Minority Serving Institutions around the country by providing science and mathematics standards-driven professional development that is framed within real-world contexts supported by NASA assets.
Dr. Todd Michael Ahlman Center for Archaeological Studies	\$938,101 U.S. Army Corp of Engineers	Survey/Inventory Update, Cultural Resources Historic Buildings and Archaeological The awarded funds will provide support for survey and inventory of archaeological resources and historic buildings located at various Air Force bases around the country.
Dr. John P. Blair Advanced Law Enforcement Rapid Response Training Center	\$763,724 Texas Engineering Extension Service	Homeland Security National Training Program The awarded funds will provide for the delivery of twelve courses to 660 emergency responders trained in active shooter incident management.
Mrs. Kathy Erin Martinez-Prather Texas School Safety Center	\$756,521 Texas Department of State Health Services	Tobacco Youth Prevention FY18 The awarded funds will provide tobacco prevention and content knowledge, strategy skills and teen leadership activities to youths.

Dr. Todd Michael Ahlman Center for Archaeological Studies	\$722,701 U.S. Army Corp of Engineers (USACE)	USACE Midwest Region Cultural Resources Support The awarded funds will allow completion of the historic building inventory at Peterson Air Force Base and also updating the integrated cultural resources management plans for the Mountain Home Air Force Base and U.S. Air Force Academy.
Dr. William Thomas Kaufhold School of Journalism and Mass Communication	\$636,280 Department of Aging and Disability Services	Medicare Improvements for Patients The awarded funds will support interdisciplinary investigators seeking to identify and eliminate cancer disparities in Texas.
Dr. Ronald B. Walter Xiphophorus Genetic Stock Center	\$579,475 Year 10, Total Award \$4,157,434 National Institutes of Health	Enhanced Development of the Xiphophorus Model System The awarded funds will continue to provide improvement of genomic capabilities for the Xiphophorus genetic system and produce new fundamental knowledge regarding shifts in the global transcriptional state of cells within the intact organism upon external stimulus, complex gene interactions brought about by interspecies hybridization, and the genetics underlying disease initiation and progression.
Dr. Liqin Du Department of Chemistry and Biochemistry	\$461,575 National Institute of Health-National Cancer Institute	Discovery of New Differentiation Agents for Neuroblastoma Therapy The awarded funds will discover new differentiation agents for cancer therapy including compounds from the Chembridge Diverset synthetic compound library and a natural product library using the high content screening approach.
Mrs. Rachael Weldon-Caron Office of Student Diversity and Inclusion (Instruction)	\$406,392 Year 2 of 5 Total Award of \$802,872 U.S. Department of Education	Educational Talent Search-Austin The awarded funds will be used to increase the secondary school graduation rates of its participants and to increase the percentage of low-income and first generation college students who successfully pursue post-secondary education in Austin, Texas.
Dr. Mark W. Holtz Department of Physics	\$332,086 U.S. Department of Defense	System for Integrated Characterization of Electronic Devices and Materials The awarded funds will be used to acquire sophisticated, state-of-the-art instrumentation for integrated characterization of electronic devices and materials.

<p>Mrs. Toni D. Moreno Office of Student Diversity and Inclusion (Instruction)</p>	<p>\$314,880 Year 2 of 5, Total Award of \$662,080 U.S. Department of Education</p>	<p>Rural Talent Search - San Marcos The awarded funds will be used to increase the secondary school graduation rates of its participants and to increase the percentage of low-income and first generation college students who successfully pursue post-secondary education in San Marcos, Texas.</p>
<p>Dr. Bahram Asiabanpour Ingram School of Engineering</p>	<p>\$250,000 Year 2 of 4, Total Award \$500,000 U.S. Department of Agriculture</p>	<p>EverGreen: A Cross-Disciplinary Research and Education Program on Soil-Free Farming Using Renewable Energy and Harvested Water for Hispanic Students The awarded funds will be used to overcome historic barriers related to low retention and graduation rates of Hispanic students in Agriculture and STEM fields. EverGreen's goal is to increase the number of Hispanic students with advanced technical degrees at the food-water-energy intersection.</p>
<p>Dr. Wilhelmus J. Geerts Department of Physics</p>	<p>\$225,330 National Science Foundation</p>	<p>Vibrating Magnetometer for Materials Research and Education The awarded funds will be used to acquire a MicroSense EZ-11 high field vector vibrating sample magnetometer for characterization of magnetic materials including powders, thin films and bulk magnetic materials.</p>
<p>Dr. John P. Blair Advanced Law Enforcement Rapid Response Training Center</p>	<p>\$225,000 Supplement Funding, Total Award \$2,025,000 Federal Bureau of Investigation</p>	<p>ALERRT Active Shooter Response Training for FBI The awarded funds will support the Active Shooter training for state, local, tribal and campus law enforcement. The purpose of the project is to document the steps which will be transferred from the FBI to Texas State and undertake the training program.</p>
<p>Dr. Ty Schepis Department of Psychology</p>	<p>\$206,810 Total Award \$572,757 National Institutes of Health</p>	<p>Prescription Drug Misuse Characteristics in Adolescents and Young Adults: Influence of School Enrollment The awarded funds will be used to further efforts to limit the prevalence and consequences of prescription drug misuses in the most affected groups: adolescents and young adults.</p>
<p>Dr. William J. Brittain Department of Chemistry and Biochemistry</p>	<p>\$200,000 Supplement Funding, Total Award \$3,353,000 National Science Foundation</p>	<p>Texas State PREM: Center on Interfaces in Materials. A Partnership Research Triangle MRSEC The awarded funds will pursue studies in colloid and protein assembly. Research will be integrated in education and outreach via Propagation of Knowledge through Shared Mentorship, a model for collaboration between education levels ensuring a pipeline for increased participation in the STEM disciplines.</p>

Dr. Michael Clay Green Department of Biology	\$199,990.74 Wildlife Management Institute, Inc.	Developing a Process and Conservation Application for Landscape Conservation Design for the Gulf Coast Prairie Landscape Conservation Cooperative The awarded funds will develop a process and conservation application for landscape conservation design for the Gulf Coast Prairie Landscape Conservation Cooperative.
Dr. Tongdan Jin Ingram School of Engineering	\$199,286 National Science Foundation	Me-Green: Manufacturing for Environment by Generating Renewable Energy in Enterprise Networks The awarded funds will support the design and operation a grid-connected onsite generation system featuring wind turbines and solar photovoltaics to realize zero-carbon manufacturing.
Dr. Kimberly Grau Talley Department of Engineering Technology	\$184,034 National Science Foundation	Collaborative Research: Changing Homework Achievement with Mechanix Pedagogy (CHAMP) The awarded funds will help understand what types of approaches enhance student's learning of statics and mechanics of materials.
Dr. Ty Schepis Department of Psychology	\$143,781 Total Award \$548,488 National Institutes of Health	Nonmedical Prescription Drug Misuse Among U.S. Older Adults: Subtypes, Motives, and Diversion Sources The awarded funds will be used to research non-medical use of opioid and tranquilizer prescription drugs by older U.S. adults.
Mrs. Meredith Ann Miller The Meadows Center for Water & the Environment	\$135,000 Texas General Land Office	Developing A Fully Approved Coastal NPS Pollution Control Program for the Coastal Zone Boundary The awarded funds will be used to develop an approved non-point source water pollution monitoring and prevention program.

INFORMATION TECHNOLOGY

The Information Technology (IT) Division has been engaged in numerous exciting projects over the past quarter, and as we approach the end of the fall semester, many of them will be going into production.

In addition to the ribbon-cutting celebration for the Archives and Research Center, other projects in the Albert B. Alkek Library are nearing completion: Collaborative Group Spaces and YouStar Studio (previously referred to as the One-Touch Studio.) The collaborative workspaces (four in total) were added to the main floor of the library and ready for the fall semester. These spaces represent the first major customization of the floor since we started the learning commons renovations. Students can reserve the spaces online and use these modern, technologically advanced spaces for group and team work. Nearly complete, the YouStar Studio will be online in November 2017, providing students and faculty a truly state of the art video studio for a variety of applications. The studio is built to be used without supervision or monitoring.

Building on our rollout of Digital Measures' Activity Insight in fall 2016, we are expanding the breadth of the initiative with the first major upgrade: Faculty Evaluation Workflow. The advanced, customizable workflow capability allows academic areas to complete faculty evaluations online with automated routing and approvals.

Regarding Mobile capability, Texas State is making excellent progress in its maturity of mobile services, with special attention being paid to the official Texas State Mobile App. In August 2017, a new release was made available, adding a variety of capabilities. Since the beginning of the calendar year, we have had over 20,000 downloads of our Apple and Android versions. During the fall 2017 semester, several additional capabilities will be released, including student balances and payments. As part of the mobile planning, we separated out our Learning Management System (LMS) capabilities (TRACS) into a separate mobile app. This was a strategic step, and aligns us with the inevitable and foreseeable need to replace our LMS in the next few years.

The IT Division has also been busy getting more familiar with the myriad of functionality we have available in Office 365. An education and awareness initiative relative to data analytics capability with Power BI (Microsoft's Data Analytics platform) is just getting underway. The IT division will be working on marketing and training efforts for our campuses beginning fall 2017. Many within the IT Division have already been trained and are using the tool today to gain experience in preparation of providing effective support for users.

Additionally, we continue to support our Enterprise Resource Planning systems (Banner, SAP). A significant effort is in progress with an upgrade to Banner 9, which must be completed and in production before December 2018, as that is the date targeted by Ellucian to end support of Banner 8.x.

CAMPUS SPECIFIC ITEMS

Award-winning playwright, Ms. Josefina Lopez, served as the guest artist at the 15th annual Black and Latino Playwrights Conference held September 4-10, 2017. Ms. Lopez is best known for her play, *Real Women Have Curves*, which was later turned into an award-winning movie starring America Ferrera (*Ugly Betty*) and Ingrid Oliu (*Stand and Deliver*). Texas State was recognized as one of the Top 100 Colleges and Universities for Hispanics by *Hispanic Outlook*. The rankings were compiled using data from the United States Department of Education and published in the August issue of the magazine.

The School of Social Work was awarded a four-year, \$1.9 million grant from the Health Resources and Services Administration agency of the U.S. Department of Health and Human Services. The "Behavioral Health Workforce Education and Training for Professionals" grant is intended to enhance services to rural and at-risk populations. When funded this award will be included on the quarterly report to the Board of Regents.

A study conducted by Dr. Amitai Abramovitch, Assistant Professor in the Department of Psychology, shows that obsessive-compulsive disorder was not associated with superior intelligence quotient, a myth dating back 115 years and popularized by Austrian neurologist, Sigmund Freud. The results appeared in the September 2017 issue of the journal, *Neuropsychology Review*.

The Center for International Studies announced a partnership with the Peace Corps to offer the Peace Corps Prep program. Peace Corps Prep is a certificate program for undergraduates that allows students to build on the four competencies that Peace Corps looks for in its applicants. The certificate also gives students a competitive edge when applying for Peace Corps service. The program is open to all majors but it is housed in the Center for International Studies.

The Association for Experiential Education (AEE) named Dr. Christine Norton, Associate Professor in the School of Social Work, as the recipient of the 2017 AEE Distinguished Researcher Award. Dr. Norton is the seventh recipient of the award, which will be presented to her in November during the 2017 AEE International Conference in Montreal, Canada.

Dr. Marialena Rivera, Assistant Professor in the Department of Counseling, Leadership, Adult Education, and School Improvement, has been named a Greater Texas Foundation (GTF) Faculty Fellow. Dr. Rivera is one of six fellows named for 2017. The GTF Fellows program aims to build the research and teaching capacity of tenure-track faculty at Texas colleges working in areas related to student success.

Lamar Institute of Technology Presidential Board Briefing (November 2017)

Enrollment Up despite Hurricane Harvey:

Despite Hurricane Harvey, LIT 12th Class Day enrollment was up 1.7% when compared to the same point in time last year. As a direct result of the hard work of faculty/staff, to date, 3,079 credit students have registered for the Fall 2017 semester. Even more impressive, Dual Credit (DC) and Early College High School (ECHS) enrollment is up 265%. Included in this overall enrollment increase for Fall 2017, there are 310 ECHS and DC students mainly from Beaumont ISD and Silsbee ISD. To retain students, we are beginning to expand our efforts towards better 'wrap-around' services and retention practices. These are all quintessential steps necessary to accomplish our Shared Vision, the TSUS Vision 2020, and the 60x30TX Plan.

Post-Hurricane Harvey (Party on the Quad):

As a Post-Hurricane Harvey stress-reliever and to celebrate our increase in enrollment, the President's Office hosted our first ever Party on the Quad designed for students, staff, and faculty on October 12. It should be noted that 100% of faculty and 97% of staff returned to work after the storm even though some faced their own challenges. To show my appreciation to our LIT Family, we enjoyed shaved ice, music, games, fellowship, and food on the campus quad. I personally helped serve the lunch. This event did not interrupt instruction or normal business operations. Everyone attended as their schedules permitted. The total turnout was amazing; an estimated 450 to 500 individuals participated.

Hurricane Harvey and BISD Students on Campus:

Due to hurricane related challenges at BISD's Central High School, LIT was asked to provide (classroom and office space) to 125 ECHS displaced students, nine (9) teachers, and four (4) staff. LIT moved quickly to find the accommodations, worked with TSUS legal for the appropriate policy review, and have a signed M.O.U with the district until the end of their school year 2018.

Dedication of the Petrochemical and Advanced Technology Center:

Thank you to Rep. Phelan, the Chair of the TSUS Board of Regents, the Chancellor, and System Staff for attending our October 20 building dedication. LIT's new **Petrochemical and Advanced Technology Center** is only one of four in Texas. This building is a 2-story, 38,300 sq. ft. instructional space that will primarily be home to LIT's two largest programs: Process Operating and Instrumentation. In addition, at my personal invitation, President Emeritus Paul and Connie Szuch were our special guests for the renaming of the Multi-Purpose Center in their honor. The TSUS Board approved this renaming motion in April 2016.

Other Capital Projects (T-1, T-4, and T-5):

In accordance with LIT's current Master Plan (2008-2018), the T-1 building will be demolished and replaced with a 16,763 sq. ft. "One Stop Shop" for Student Success.

This building will include areas for Admissions, Student Government Association, Financial Aid, Career Services, Teaching and Learning Center, adjunct space and the Testing Center. Some *renovations* will also be made to T-4 (15,716 sq. ft.) and T-5 (10,272 sq. ft.) updating classrooms and offices. The total cost for these projects is \$7,324,394. Of this amount, \$6,824,394 is dedicated for the replacement of T-1 alone.

Decrease in Default Rate (Financial Aid):

Since the implementation of mandatory face-to-face entrance and exit counseling, services provided by Inceptia, and our college success course (DORI 0200), LIT's student loan default rate continues to decrease from an all-time high of 34.9% for cohort year 2011, to 29.1% for cohort year 2012, 21.3% for cohort year 2015, and currently 11.6% for cohort year 2016. This decrease is yet another indication that LIT is on track to achieve targets set forth in TSUS Vision 2020 and the 60x30TX Plan.

The Teaching and Learning Center:

Since its official launch on June 22, faculty, staff, and ISDs partners (high school teachers) have participated in 33 sessions of professional development and staff training at the LIT Teaching and Learning Center (TLC). Much in line with the college's emphasis on, enrollment and retention, many of these sessions were aimed at providing faculty and staff with improved recruitment strategies. To aid LIT adjuncts, the TLC is providing important training and instructional strategies to assist them in maintaining a more effective classroom environment.

Welcome Week/Pizza with the President:

In terms of improving student engagement, we instituted Welcome Week for all Fall 2017 students September 18 thru 22. Some of the activities included my 'Pizza with the President,' a campus Scavenger Hunt, and donuts with the department chairs. We have found that these type of activities really do make a difference and better integrate our students into the college culture as well as link them to specific campus organizations.

Job Shadow the President:

Stephen Hudnall, Real Estate Instructor, job shadowed me on October 25. He stated, "I appreciate his willingness to be transparent and allow faculty and staff, myself included, to have insight into the inner sanctum of LIT." Stephen is my fourth Job Shadow and the opportunity is open to all faculty and staff at any level.

Development/Foundation:

Hurricane Harvey negatively affected two of LIT's major fundraising activities causing cancellation of both: the Salute to the Real American Heroes and the LIT Foundation Charity Golf Tournament. Fortunately, we were able to have our largest scholarship donor's banquet (the Smith-Hutson). In total, this scholarship has 21 students for Fall 2017.

**LAMAR STATE COLLEGE--ORANGE
PRESIDENT'S BRIEFING
TSUS BOARD OF REGENTS
November 16-17, 2017**

HURRICANE HARVEY

Hurricane/Tropical Storm Harvey began impacting the Orange County area in the early morning hours of August 30. Torrential rains overwhelmed drainage ditches, bayous, and rivers, causing extensive flooding. The initial flooding was compounded by runoff from rains to the north that pushed more water into the already flooded estuaries. It is currently estimated that 65 percent of the residences in Orange County were damaged by the storm.

LSC-O suspended classes on August 28 (first class day) in anticipation of the storm. The campus was inaccessible until September 1 at which time we found minimal damage. On September 2, water from the runoff began to rise in the downtown area and the campus was again cut off. The water reached a depth of 12" in the Wilson Building and 6" in the physical plant building but spared the rest of the campus. I secured a contractor to begin remediation and reconstruction as soon as the water receded. That work began on September 8.

Although damage to the campus was limited, the impact on students, faculty, and staff was severe. Homes and apartments were unlivable, personal property was gone, and automobiles were lost. Many who were not directly impacted had family and friends that needed assistance. Students with children faced day care dilemmas due to the prolonged closure of area schools. For these reasons, we delayed the reopening of the campus until September 20 and postponed the first day of class to September 25. Class schedules were modified to include longer class periods and the use of digital resources to make up for lost time.

I want to commend our students, faculty, and staff for handling these adversities without complaint. Although 70 percent of our campus community indicated that they were displaced for some period of time, everyone worked together to overcome the challenges posed by the storm. Normal operations have resumed and the semester will be completed as originally scheduled.

CAPITAL PROJECTS

The Cypress Center, our new multipurpose building, is fully operational and was not affected by the storm. The remodeled welding center is open and hosting classes. Renovations to the Workforce Education Building were completed in time to utilize that building to house classes that had been scheduled to meet in the flood-damaged Wilson Building.

ENROLLMENT

Prior to the arrival of Harvey, enrollment numbers were tracking ahead of 2016. Headcount enrollment was up 3.8 percent (number included some unpaid students). Realizing the burdens imposed by the storm, we made additional financial resources available to students who needed assistance. Lost textbooks were a major problem, and we provided over \$20,000 in book scholarships. Our twelfth day rolls indicate a headcount loss of 1.84 percent. Although the drop was disappointing, it was not as severe as the 8 to 10 percent loss we had anticipated. Our financial aid office and academic departments deserve credit for working with students to find workable schedules that allowed students to remain enrolled.

We are continuing to work with Ruffalo Noel Levitz to address opportunities to improve marketing and student success. We have also begun discussions with Blackboard about acquiring additional technical resources that focus on student success.

PLANNING/BUDGETING

You will recall that the FY18 budget you adopted in August delayed any salary administration pending the outcome of fall enrollment. Although we experienced an enrollment decline, I approved a 3 percent merit increase retroactive to September 1. This decision was based upon the extreme financial need faced by many members of our faculty and staff. Their positive attitude and willingness to be flexible made recovery much easier than it could have been. Realized revenue is tracking with our initial projections, and we anticipate no problem in meeting our revenue projections for the year.

INSTITUTIONAL DEVELOPMENT

The Lamar State College – Orange Foundation is investigating the possible purchase/donation of the Capital One bank property to the campus. The property would be used for additional parking.

INFORMATION TECHNOLOGY

The IT department worked diligently to move computers and reconfigure the network to accommodate moves necessitated by the storm. They also put in extra time with the installation of technology in the new Cypress Center. The campus is on schedule with the implementation of Banner 9 and a new threat management gateway to protect the campus network. We have also appointed David Johnson to serve as the LSC-O Information Security Officer.

LAMAR STATE COLLEGE PORT ARTHUR
President's Briefing
November 2017

HURRICANE HARVEY

On August 29th Hurricane Harvey entered Jefferson County, traveling across the county and leaving a path of destruction and catastrophic flooding. Two days later after the hurricane left the area, residents were trying to comprehend the damage done to the region by record rainfall. Approximately 80% of the homes in Port Arthur were damaged. Families in Port Arthur and the surrounding area lost their home, cars, and, in some cases, their job. Students were heavily impacted and many lost their home, car, job, books, school supplies, computer, and clothing. Early data indicated that 30% of the students and employees at LSCPA were impacted by Hurricane Harvey.

LSCPA has actively been involved in helping the community and its students and employees.

1. Housed about 300 evacuees for several days;
2. Worked with Seahawk Landing to provide temporary housing for first responders, along with reduced rates and short term leases for faculty, staff, and students;
3. Provided rental space for Port Arthur Independent School District and the Port Arthur Library;
4. Established a Seahawk Emergency Pantry for employees and students impacted by Harvey to obtain cleaning supplies, hygiene items, nonperishable food, and school supplies;
5. Assisted in the preparation of SBA grants for residents;
6. Implemented a carpool app to help students find transportation;
7. Worked with students to update the Financial Aid applications;
8. Helped clean three homes of faculty and staff;
9. Provided shelter in two historic homes for families;
10. Offered extended hours for the computer lab so students could log onto online courses and/or complete assignments;
11. Awarded over sixty Harvey Emergency Aid Grants to students;
12. Solicited funds to assist faculty and staff impacted by Hurricane Harvey;
13. Communicated information about a variety of support via email, text, Facebook, and phone calls.

The campus did not experience any flooding, however, the heavy rains exacerbated existing problems in two buildings, the Faculty Office Pavilion and the Ruby Fuller Building. The campus is exploring how to repair the buildings so they can be returned to service.

CAPITAL IMPROVEMENTS

Industrial Technology Center

The Sheila McCarthy Umphrey Industrial Technology Center construction was completed on schedule and was available for use on the first class day of the fall semester. The 31,000-square foot structure houses the Air Conditioning, Drafting, Instrumentation, and Process Technology

programs. Its labs and classrooms can also be used by other programs. The Legislature appropriated \$8,080,000 in 2015 for construction of a technology building. The Board approved design development documents and the guaranteed maximum price for the project in August 2016. Hill International served as project manager. Johnston LLC of Houston was awarded the contract for architectural services while SpawGlass, a Texas-based general contractor and construction manager, served as construction manager at-risk.

THE ASPEN PRIZE

Every two years The Aspen Institute College Excellence Program identifies the top 150 community colleges in the United States. Lamar State College-Port Arthur received this recognition in 2017 and has been informed it will be similarly recognized in the Class of 2019. The designation denotes LSCPA as a semifinalist and eligible to compete for the Aspen Prize for Community College Excellence, awarded biennially to 10 of the more than 1,000 two-year colleges in the United States. Selection for consideration was derived from an independent analysis of reported data and focused on retention, completion, transfer, improvement in performance over time, and equity as defined as performance outcomes for minority and low-income students. Only 15 of the 84 public two-year colleges in Texas were nominated.

In the category "Credentials Awarded per 100 FTE Students", Lamar-Port Arthur posted a figure of 81.6 degrees or certificates earned per 100 FTE. This was the highest ratio of any of the 150 semifinalists. The College's ratio of "Credentials Awarded per 100 FTE Minority Students" was 58.6/100, the second-highest nationally and the highest in Texas. The categories regarding first-year retention rate, three-year graduation rate, and rate of improvement in performance over time, were above the national average.

ACADEMIC AFFAIRS

The National Board of Surgical Technology and Surgical Assisting has recognized the LSCPA Surgical Technology Program for achieving a 100% graduate pass rate on the Certified Surgical Technologist Exam for 2016-2017. This is the third consecutive year the program has achieved a 100% passing rate.

The Texas Board of Nursing has commended the LSCPA Vocational Nursing Program for the performance of its summer graduates on the NCLEX-VN Exam. The students achieved a 100% passing rate.

Lamar State College Port Arthur and Port Arthur ISD welcomed 99 ninth grade students to the second year of the Wilson Early College High School (ECHS) on September 11th. An additional 84 tenth grade students returned for a total enrollment of 183. Enrollment stood at 195 on the Friday before Hurricane Harvey moved ashore in Southeast Texas. Ninth grade students are taking one three-hour course at the ECHS while the tenth grade students are enrolled for six semester hours on the LSCPA campus. A similar schedule will be repeated in spring 2018. The ECHS offers a general academic plan leading to an Associate of Arts degree. Students could graduate with an associate degree and a high school diploma during the same semester. An additional 90-100 ninth grade students are planned for each successive year until a capacity of up to 400 students in grades nine through twelve is reached in fall 2019.

In addition to its official mission of providing counseling, training, and technical assistance to small business owners and managers, the Small Business Development Center (SBDC) has been actively engaged in the community's recovery from Hurricane Harvey. The Small Business Administration (SBA) asked the SBDC to act as a Business Recovery Center. The two-person staff has assisted over 30 businesses and homeowners complete the SBA disaster loan application. The SBDC served as liaison between the SBA Disaster Public Information Officer and local economic development corporations and chambers of commerce. The SBDC also

served as a central point of information for Port Arthur-area residents about recovery and assistance from federal programs.

The U.S. Department of Education announced in July that its *Second Chance Pell* pilot program had been funded for a second year. *Second Chance Pell*, an initiative to test whether participation in high quality education programs increases after expanding access to financial aid for incarcerated individuals. The pilot program permits eligible incarcerated Americans to receive Pell Grants and pursue postsecondary education with the goal of helping them get jobs, support their families when they are released, and to reduce the risk of recidivism. The College was approved to award Pell Grants at the TDCJ Stiles Unit and two units at the Federal Correctional Complex-Beaumont. Academic transfer courses are being conducted at all three units as well as technical education courses in automotive mechanics and heating and air conditioning at Stiles.

Dr. Nancy Longlet, Associate Professor of Biology, is serving as an Accuracy Reviewer for the Pearson Anatomy & Physiology media team. She is reviewing new assets in Mastering A & P that are being incorporated into the 2nd edition of Amerman's *Human Anatomy and Physiology* textbook. She will be reviewing chapters weekly with a completion date of April 2018.

Grace Megnet, Associate Professor of Art, received first prize in the Creative Non-Fiction and Poetry competition sponsored by the Texas Association of Creative Writing and read her work in San Antonio in September. Also, a non-fiction piece and some of her poetry were published in the anthology *Writing Texas*.

Doneane Beckcom, Paralegal and Criminal Justice Instructor, has authored two books that are on the Amazon Best Sellers list: *Eat, Drink, & Be Merry Through Menopause* and *The Journey to Never Giving Up*. Writing as a Certified Nutritionist and Health and Wellness Coach, the books focus on those areas of her life. She is currently working on two companion volumes for *Eat, Drink, & Be Merry*, and a fiction book based on her career as a criminal prosecutor in state and federal courts in Texas.

LSCPA continues its five-year Quality Enhancement Plan (QEP) *Seahawks SOAR: Students Obtaining Achievement in Reading*. Activities associated with SOAR include student and faculty reading clubs, campus-wide events, and lectures by visiting authors and researchers. The QEP Student Book Club selection this semester is *East of Eden* by John Steinbeck. Seven student book clubs meet on campus, a club consisting of 41 dual enrollment students (High School Hawks) are engaged at Nederland High School, and another club interacts on Facebook. On November 6 students watched the film *East of Eden* starring James Dean. The Faculty Book Club is reading the same book.

WORKFORCE TRAINING AND CONTINUING EDUCATION

The Department has continued to offer Commercial Driver's License Training, Intermediate Welding Certificate program, Certified Nurse Aide classes, and a new Professional Sales and Business Marketing classes.

Two faculty development courses were offered in August for Port Arthur ISD this quarter with Susan Zimmerman, author of *The Mosaic of Thought*, and Dr. J. Allen Queen, author of *The Block Scheduling Handbook*, both offering training.

The Workforce Training and Continuing Education Department was awarded \$184,855 in Wagner-Peyser funding for a grant entitled "Building our Future". Funds will be used to create an Intermediate Certificate in Worksite Carpentry. Students in this program will also earn the NCCER CORE, NCCER Level 1 Certificate in Carpentry and NCCER Level 1 Certificate in Scaffolding.

The Department scheduled the first event in its "Legend Series" of training. Each training will emphasize the talents of an artist/speaker who has been recognized by the Museum of the Gulf

Coast. Several artists have committed to offer training in 2018 and the 2019 series is being created at this time.

Two conferences are under review for scheduling in the spring 2018 semester.

INSTITUTIONAL EFFECTIVENESS

The Office of Institutional Effectiveness (OIE) provided training for program-level unit managers to complete their 2016-17 Assessment Reports and to launch their respective 2017-18 Unit Plans. The OIE is researching, reviewing and drafting the campus Strategic Plan, which will include the previously approved value and mission statements. The OIE provided training for instructional department heads and faculty to complete the 2016-17 course-level IE Assessment Report for the Core Curriculum, and develop 2017-18 IE Annual Plans for course-level assessment. With the Hurricane Harvey interruption, the OIE has reconfigured the 2018 SACSCOC Fifth Year Interim Report timeline, aligned the selected newly proposed standards of the SACSCOC Principles of Accreditation to each responsible campus department, and has scheduled training for the implementation of the Compliance Assist Accreditation program. The Director of IE has been selected to represent LSCPA in the HECB Data Fellows program, which trains stakeholders to understand and leverage state data resources to support the state's strategic plan, 60x30TX.

STUDENT SERVICES

Hurricane Harvey brought many opportunities to serve our students. Several groups donated food, cleaning supplies, school supplies, food, bottled water, and personal hygiene items, including an 18 wheeler of donations sent from State Fair Community College in Sedalia, Missouri. We provided a Seahawk Emergency Pantry of food and school supplies for members of the campus community. We created and implemented an Emergency Aid Grant program from generous monetary donations from vendors, friends, and local companies, reviewing electronic applications and awarding over \$12,000 in emergency cash vouchers with the assistance of the Business Office. More awards will be made when additional funds are available. We also distributed 25 gift cards for a local restaurant donated by the State Fair Community College Foundation. We also worked with Public Information to provide information and resources on the LSCPA Harvey website.

Academic Advising and Retention

Additional Faculty Advisors were trained to assist in advising students. We were pleased to note an increase in the number of continuing students. Advising workshops, along with early interventions for students at risk continue to be a priority for the department. Over \$215,000 was awarded in scholarships for the fall 2017 semester.

A revamped new Student Orientation provided a useful and exciting program for 250+ new students, with a 99.9% satisfaction from participants.

Disability Awareness Day was re-scheduled due to Hurricane Harvey, however, a very successful event was held in September thanks to the Advising, Retention and Disability Services Staff, along with several community agencies.

Enrollment Services

Enrollment for fall 2017 is 2,294 compared to 2,051 in fall 2016, an annual increase of 12% and an increase of 27% from fall 2015. Contact hour production was up by 11% and credit hours increased by 10% when compared to fall 2016. Enrollment of academic transfer majors increased by 12% and enrollment of technical education majors increased by 9% from last fall. Fall 2017 semester also saw a 22% increase in the number of continuing students when compared to the fall 2016 semester.

A new Enrollment Counselor, Sarah Norville, began work in September and there is a plan to conclude the search for a new Director of Enrollment Services shortly. A second Enrollment Counselor search is underway and this will complete our all new Enrollment Services team.

Financial Aid

Training continues to implement best practices and remove barriers to enrollment. We are pleased to see a notable increase in the number of students using Self-Service to check and accept financial aid online. October 1st was the opening of the FAFSAs for the 2018-19 school year.

Admissions and Registration

Admissions and Records moved all degree plans to fillable PDFs online, which allows students to access and update their work prior to meeting with Advisors. All schedule building for the spring 2018 semester is now paperless and online. The Registrar's team is looking forward to implementing Degree Works™ in the upcoming year.

Student Activities

Welcome Week was a success. Information stations across campus assisted students with questions and directions. The Seahawk Emergency Pantry would not have been possible without the help of the Student Government Association, who provided countless hours staffing the pantry and collecting school supplies. The search is nearing completion for our Director of Student Activities.

INFORMATION TECHNOLOGY SERVICES

Information Services

In the last quarter, Information Services installed 48 Ellucian and Texas Connection Consortium software releases.

(TCC) software releases in the test environment with planned production installs in the 4th quarter. The releases consist of bug fixes or enhancements. Banner 9 test environment has been rolled out to key functional users for testing and operating preparation plans continue when TCC reduces its support of Banner 8. Payroll continues to work with TCC on upcoming changes for ERS and Texas Success Initiative.

Infrastructure Services

Information Technology Service completed all infrastructure upgrades for the new Industrial Technology Building. That included 90 computers, partial wireless access points, switches, and telephones. The Office of Information Technology Service has begun the process of upgrading all campus computers to Microsoft Windows 10 and Office 2016. This project is planned to be completed by the 3rd quarter of 2018.

APPENDIX – REPORT TO SAB

MEMORANDUM

TO: Student Advisory Board Members

FROM: Brian McCall, Ph.D., Chancellor

RE: Response to August 18, 2017, report to the Board of Regents

This memorandum responds to your August 2017 report to the Board of Regents. The System Office compiled this report with assistance from the component institutions. The topics included in your report to the Board of Regents, and the System's responses, where appropriate, are listed below.

Campus Updates and Initiatives for the Upcoming Semester

Thank you for the time and effort that you have invested in serving your respective institutions and fellow students. The initiatives that you outlined at the Board of Regents meeting in Alpine—while unique to each campus—have a common goal: to improve the student experience across our System and remove potential barriers to students' success. The Board of Regents and I appreciate your leadership.

Civil Unrest Readiness Plan and Recommitment to First Amendment

At a time when political and ideological divisions seem to have deepened across the country, it is critical that students like you voice your commitment to freedom of speech and expression. I commend you for working to reinforce the values of diversity, inclusion and respectful discourse that are so important to the success of our colleges and universities.

Earlier this month, I assembled a working group consisting of System Office personnel to conduct a review of the System's and component institutions' policies related to free speech, and to work with campus law enforcement and student affairs personnel to ensure they are well-trained to handle potential conflicts properly.

Community Service Project

Food insecurity, the lack of reliable access to affordable, nutritious food, is common at colleges and universities across the country, potentially undermining the success of thousands of students. Studies released this year by the College and University Food Bank Alliance and the Community College Equity Assessment Lab found food insecurity was more common among students of color, community college and first-generation students.

Your efforts to address food insecurity on our campuses and in the surrounding communities will help ease the financial burden on students who may be struggling to put food on the table.
