**SECTION 1 – GENERAL INFORMATION & REQUIREMENTS**

- 1.1 **GENERAL INFORMATION:** The Texas State University System (“Owner”) on behalf of **Sam Houston State University**, is soliciting Statements of Qualifications (“Qualifications”) and Pricing and Delivery Proposals (“Proposals”) for the selection of a Construction Manager-at-Risk firm for the **Bowers Stadium Press Box Replacement and Stadium Improvements** (“Project”), on the Sam Houston State University, Huntsville, Texas campus. This solicitation sets forth the terms, conditions, and requirements for prospective Construction Manager-at-Risk entities (“CMR” or “CMRs”) to be considered for this work. (Prospective CMRs submitting their Qualifications and Proposals in response to this solicitation are hereinafter referred to as “Respondents”). **The Owner is requiring that the Qualifications, Proposals, and HUB Commitment Letter (HCL) be submitted at the same time, but in separate, sealed packages.**
- 1.1.1 The evaluation of Qualifications is the first stage the Owner will take in a one-step process for selecting a CMR for the Project as provided by *Texas Education Code* §51.782(e). This Request for Qualifications/Proposals (“RFQ/P”) solicitation package provides the information necessary to prepare and submit Qualifications for consideration and initial ranking by the Owner. During this first stage in the selection process, Owner will evaluate and rank Respondents according to fixed evaluation criteria, considering only their qualifications and independent of any cost and compensation considerations.
- 1.1.2 In the second stage of the process, Owner will open and evaluate the Proposals submitted in accordance with Section 4 of this RFQ/P. The results of the Qualifications and the Proposals evaluations will then be combined to determine the “most qualified” Respondent providing the “best value” proposition for the Owner. The Owner may select up to five (5) of the most qualified Respondents to participate in an interview with the Owner to confirm their Qualifications and Proposal and answer additional questions. The Owner will then rank the interviewed Respondents in order to determine a single most qualified Respondent providing the best value proposition to the Owner. **The Owner reserves the right to conclude the evaluations and make a best value selection without conducting interviews.**
- 1.2 **PUBLIC INFORMATION:** All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the solicitation is completed. The Owner complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ/P information. Additionally, pursuant to the provisions of *Texas Government Code* Section 2261.253, the contract resulting from this solicitation will be posted on the Owner’s website.

- 1.3 **TYPE OF CONTRACT:** Any contract resulting from this solicitation will be in the form of the Owner’s Standard Construction Management-at-Risk Agreement (“Agreement” or “Contract”), a copy of which is posted on Owner’s website at: <http://www.tsus.edu/offices/finance/capital-projects.html>
- 1.3.1 The Agreement should be viewed as a draft and is subject to change. The 2022 Uniform General Conditions for Construction Contracts referenced in the Agreement may be viewed on the Owner’s website at:  
<http://www.tsus.edu/offices/finance/capital-projects.html>
- 1.4 **CLARIFICATIONS AND INTERPRETATIONS:** Discrepancies, omissions or doubts as to the meaning of RFQ/P documents shall be communicated in writing to the Owner for interpretation. Any responses to inquiries, clarifications or interpretations of this RFQ/P that materially affect or change its requirements will be issued formally by the Owner as a written addendum. All such addenda issued by the Owner before the Qualifications are due become part of the RFQ/P. Respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications submittal. Respondents shall be required to consider only those clarifications and interpretations that the Owner issues by addenda. Interpretations or clarifications obtained in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications. It is the responsibility of all Respondents to check the status of formal addenda regularly and five (5) days before the submission deadline.
- 1.4.1 The deadline for the receipt of written questions is stated in Section 2.5.
- 1.4.2 **ADDENDA AND AWARD INFORMATION, WILL BE ISSUED BY THE OWNER FOR THIS RFQ VIA THE ELECTRONIC STATE BUSINESS DAILY WEBSITE AT THE FOLLOWING LINK:** <http://www.txsmartbuy.com/sp> REFERENCE “*BOARD OF REGENTS/TEXAS STATE UNIVERSITY SYSTEMS – 758*” AND THE RFQ NUMBER PROVIDED IN THIS RFQ.
- 1.5 **SUBMISSION OF QUALIFICATIONS, PROPOSAL, AND HUB COMMITMENT LETTER:**
- 1.5.1 The Qualifications, Proposal, and HUB Commitment Letter (“HCL”) must be received **at the address specified in Section 1.5.2 prior to the stated date and time deadline**. Please note that overnight deliveries such as FedEx and UPS arrive at a central campus location but are not usually delivered to the specified location until after the time deadline, and Respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the responses a day earlier than usual. The Owner will not consider any response to this solicitation that is not received at the address specified by the deadline, regardless of whether it has been received by the University.
- 1.5.2 **DEADLINE AND LOCATION:** The Owner will receive Qualifications, Proposals, and HCL at the time and location described below.

- 1.6 **POINT-OF-CONTACT:** The Owner designates the following person as its representative and Point-of-Contact for this RFQ/P. Respondents shall restrict all contact with the Owner and direct all questions regarding this RFQ/P, including questions regarding terms and conditions, **in writing to the Point-of-Contact person, via email only.**

Jennifer Niemiec, Assistant to the Director, Facilities Planning and Construction  
Email: [jjn014@shsu.edu](mailto:jjn014@shsu.edu)

- 1.7 **EVALUATION OF QUALIFICATIONS AND PROPOSAL:** The evaluation of the Qualifications and Proposals shall be based on the requirements described in this RFQ/P. All properly submitted Qualifications, Proposals and HCL will be reviewed, evaluated, and ranked by a Selection Committee appointed by the President of **Sam Houston State University**, or their designee. Typically, that committee will include both future users of the facilities developed by the Project and facilities professionals, as well as representation from The Texas State University System Administration. The top five (5) or fewer ranked Respondents may be selected by the Owner for further consideration by participating in an interview wherein Qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the Respondent.

1.7.1 Qualifications packages shall not include any information regarding Respondent's fees, pricing, or other compensation. Such information shall be kept separate from the Qualifications and should be submitted as a separate Proposal package according to this RFQ/P.

- 1.8 **OWNER'S RESERVATION OF RIGHTS:** The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all responses to the current solicitation and reissue a completely new solicitation involving the same Project, or to simply reject any and all responses and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement for any project with any Respondent to this RFQ/P and no such representation is intended or should be construed by the issuance of this RFQ/P.

- 1.9 **ACCEPTANCE OF EVALUATION METHODOLOGY:** By submitting its Qualifications, Proposal, and HCL in response to this RFQ/P, Respondent accepts the evaluation process and acknowledges and accepts that determination of the "most qualified" firm(s) will require subjective judgments by the Owner. The results of this most qualified determination will be combined with the Proposal evaluation results to determine the best value proposition for the Owner. Determinations by the Selection Committee will be subjected to routine administrative review by the Owner's executive officers but, once a selection is announced, it will not be subjected to further review.

- 1.10 **NO REIMBURSEMENT FOR COSTS:** Respondent acknowledges and accepts that any costs incurred from the Respondent's participation in this RFQ/P process shall be at the sole risk and responsibility of the Respondent. Respondents submit Qualifications, Proposals, and HCL at their own risk and expense.

- 1.11 MANDATORY PRE-SUBMITTAL CONFERENCE: A mandatory Pre-Submittal conference will be held at the time and location described below.

**March 11, 2024 – 10:00 a.m. (C.D.T)**

Sam Houston State University  
2424 S. Sam Houston Ave., Sam South Building 2, FM Training Room 165  
Huntsville, Texas 77340

- Questions regarding the pre-submittal conference may be directed to:  
Jennifer Niemiec  
Email: [jjn014@shsu.edu](mailto:jjn014@shsu.edu).
  - A guided tour of the building site will be included as part of the conference agenda.
- 1.12 ELIGIBLE RESPONDENTS: Only individual firms or lawfully formed business organizations may apply. (This does not preclude a Respondent from using consultants.) The Owner will contract only with the individual firm or formal organization that submits a Qualification, Proposal, and HCL.
- 1.13 HISTORICALLY UNDERUTILIZED BUSINESSES SUBMITTAL REQUIREMENTS: It is the policy of the Owner and each of its Member institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (“HUB” or “HUBs”) in all contracts. Accordingly, specific plans and representations by Respondents that appear to facilitate the State’s commitment to supporting HUB enterprises are required in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program and will disqualify the Respondent. A HUB Subcontracting Plan (HSP) **is not** required by Respondents as part of the RFQ/P submission. The HSP will be required by the selected team only, following the approval of a Guaranteed Maximum Price proposal. Submit a Letter of HUB Commitment to describe how your firm will participate and demonstrate a good faith effort in achieving the Owner’s HUB goals.
- 1.13.1 STATEMENT OF PROBABILITY. The Texas State University System has determined that subcontracting opportunities are probable in connection with this procurement solicitation. Therefore, a HUB Commitment Letter is required as a part of the Respondent's Qualifications.
- 1.13.2 A sample HUB Commitment Letter is attached to this solicitation.
- 1.13.3 Submit one (1) original, one (1) copy, and one (1) electronic copy of the HUB Commitment Letter **in a separate sealed package apart from the submittal of Qualifications and apart from the Proposal**, as stated in Paragraph 1.5.5 of this RFQ/P.
- 1.14 CERTAIN PROPOSALS AND CONTRACTS PROHIBITED: Under Section 2155.004, *Texas Government Code*, a state agency may not accept a proposal or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the proposal or contract is based. All vendors must certify their eligibility by acknowledging the following statement, "Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is

inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

- 1.15 SALES AND USE TAXES: Section 151.311, *Texas Tax Code*, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include the Owner. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site. "In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."
- 1.16 CERTIFICATION OF FRANCHISE TAX STATUS: Respondents are advised that the successful Respondent will be required to submit certification of franchise tax status as required by State Law (*Texas Tax Code* Chapter 171). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.
- 1.17 REQUIRED NOTICES OF WORKERS' COMPENSATION INSURANCE COVERAGE: The Texas Workers' Compensation Commission has adopted a rule, Texas Administrative Code Title 28, Part 2, Chapter 110, Subchapter B, Rule 110.110, relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS FOR GOVERNMENTAL ENTITIES. The rule implements sec. 406.096, *Texas Labor Code*, which requires workers' compensation insurance coverage for all persons providing services on a building or construction project for a governmental entity. The requirements of the rule are set forth in the 2022 Uniform General and Supplementary General Conditions for the Texas State University System Building Construction Contracts.
- 1.18 INSURANCE REQUIREMENTS: Bonds and insurance requirements are provided in Article 5 of the Uniform General Conditions and in the Owner's Standard Contractor Contract as denoted in Article 1.3 of this RFQ/P. The Owner intends to provide Builders Risk insurance coverage for this Project.
- 1.19 PREVAILING MINIMUM WAGE RATE DETERMINATION: Respondents are advised that the Texas Prevailing Wage Law will be administered. The penalty for violation of prevailing wage rates has been increased from \$10.00 per underpaid worker per day or portion thereof to \$60.00. The Prevailing Wage Rate for Walker County, Texas, can be found on the following website: <https://sam.gov/search/?index=sca&page=1&pageSize=25&sort=-modifiedDate>
- 1.20 DELINQUENCY IN PAYING CHILD SUPPORT: Under Section 231.006, *Texas Family Code*, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.
- 1.21 NONDISCRIMINATION: In their execution of this agreement, Respondent, consultants, their respective employees, and others acting by or through them shall comply with all federal and state policies and laws prohibiting discrimination, harassment, and sexual misconduct. Any breach of this covenant may result in termination of the Agreement.

- 1.22 NON-BOYCOTT ISRAEL VERIFICATION: To the extent required in Chapter 271, Texas Government Code, by executing this Agreement, Respondent hereby certifies that it does not boycott Israel and will not boycott Israel during the term of the Agreement. "Boycott Israel" shall have the meaning set forth in Section 808.001, *Texas Government Code*.
- 1.23 CYBERSECURITY TRAINING PROGRAM: Pursuant to Section 2054.5192, *Texas Government Code*, Contractor and its subcontractors, officers, and employees who are provided credentials granting access to Member's computer system also known as Member's information system, must complete a cybersecurity training program certified under Section 2054.519, *Texas Government Code* as selected by the Member. The cybersecurity training program must be completed during the term and any renewal period of this Agreement. Contractor shall verify in writing completion of the program to the Member within the first thirty (30) calendar days of the term and any renewal period of the Agreement. Failure to comply with the requirements of this section are grounds for termination for cause of the Agreement.
- 1.24 FIREARM ENTITIES AND TRADE ASSOCIATIONS DISCRIMINATION: Pursuant to Chapter 2274, *Texas Government Code*, Respondent verifies that (i) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association; and (ii) will not discriminate during the term of the Agreement against a firearm entity or firearm trade association.
- 1.25 ENERGY COMPANY BOYCOTTS: Pursuant to Chapter 2274, *Texas Government Code*, Respondent certifies that it (i) does not boycott energy companies as defined in Section 809.001 (1)(a) *Texas Government Code* (i.e., fossil fuel companies); and (ii) will not boycott energy companies during the term of the Agreement.
- 1.26 VACCINE PASSPORT PROHIBITION: Pursuant to Section 161.0085, Texas Health and Safety Code (as enacted in SB 968 in the 87<sup>th</sup> Regular Legislative Session [2021]), Respondent hereby certifies that it does not require its customers to provide any documentation certifying the customer's COVID-19 vaccination or post-transmission recovery on entry to, to gain access to, or to receive service from Respondent's business. Respondent acknowledges that such a vaccine or recovery requirement would make Respondent ineligible for a state-funded contract and shall be grounds for termination of this Agreement for cause.
- 1.27 CRITICAL INFRASTRUCTURE AFFIRMATION: Pursuant to Section 2274.0102, *Texas Government Code*, Respondent certifies that neither it nor its parent company, nor any affiliate of Respondent or its parent company, is (i) majority owned or controlled by citizens or governmental entities of China, Iran, North Korea, Russia, or any other country designated by the Governor under Section 2274.0103, *Texas Government Code*, or headquartered in any of those countries.

## SECTION 2 – EXECUTIVE SUMMARY

- 2.1 HISTORICAL BACKGROUND: Founded in 1879, Sam Houston State University ("SHSU") is the third oldest public university in Texas. During its 145 years of service, the University has touched the lives of generations of Texans while helping shape the educational, social, economic, and cultural development of the state. Sam Houston State University is a doctoral-granting university located in the rapidly growing I-45 corridor north of Houston. Currently, Sam Houston State has approximately 21,500 students enrolled in one of our 90 undergraduate or 70 graduate programs offered by eight colleges. This year we have ten doctoral programs.

2.2 MISSION STATEMENT: Sam Houston State University is a student-centered, community engaged institution whose mission is to offer accessible, quality higher education. The university offers a variety of innovative and flexible degree programs at the undergraduate, graduate, and professional levels focused on career readiness, personal and professional development, and service. SHSU provides integrated academic and student success services designed to support traditional and non-traditional students from diverse backgrounds.

2.3 PROJECT DESCRIPTION, SCOPE, AND BUDGET: The project will completely replace the existing press box with a modern five story building of approximately 47,060 Gross Square Feet (GSF) with 13,300 covered exterior square feet, for a total building size of 60,360 square feet. The new building will include updated concessions and restrooms, premium seating, luxury and presidential suites, and a club area with access to outdoor balcony seating, as well as a new media center to enhance game-day coverage for television, radio, and print.

The Ground Level, which houses the main elevator lobby, ticketing office, and apparel shop will be directly accessible from the main public parking lot. The Concourse Level, which includes the main public restrooms and concessions for the stadium, is directly accessible from the concourse at the top of the stadium seats and provides the main food and beverage service for the stadium. It is the largest floor, acting as a podium for the tower above.

The tower portion of the building is divided by floor into the Club, Suite, and Press levels. The third floor is the Club Level – an open floor concept with catering, beverage service, and outdoor balcony. The fourth floor is the Suite Level, which includes 10 luxury suites, two small suites, the president’s suite, catering staging, and an outdoor balcony. The fifth floor is the Press Level, which includes the film deck, control room, game day operations, coaches’ suites, press boxes, and visiting Athletic Director suite.

Stadium improvements are informed by an overall study of the stadium and its infrastructure conducted as part of the programming process. Summary recommendations from the stadium study are included in the program of requirements (PoR). The full study is an appendix to the PoR that will be made available to short-listed firms. The press box’s final design will need to be integrated with the recommendations of the stadium study. As the Mafrige Field House has been recently renovated, the stadium study focused primarily on the overall stadium complex with an emphasis on infrastructure and ADA compliance including IT/AV infrastructure, stadium lighting, exterior ramps, and other critical components. As the Press Box is currently the infrastructure hub of many of the Stadium’s electronic and IT elements, connection of these systems to the new press box must be addressed by the project.

Although it is anticipated that the Notice to Proceed to Construction Services will be issued in October 2024, on-site mobilization cannot occur until December 2, 2024; after the Bearkats’ last home game of the 2024 Season.

**The total Construction Cost Limitation for the project is \$44,866,000.**

**I. GENERAL:**

**A.** Below are the questions that were presented along with answers to each in relation to this RFQ as of March 28, 2024, 12:00 p.m.:

**1. Question:** Could you clarify SHSU's plans for the 2025 football season? Specifically, we need to know if there will be a requirement for temporary facilities at the stadium or if there's an alternative strategy in place. This information will provide clarity regarding scheduling and cost.

**Answer:** The University desires to play the 2025 Football Season at Bowers Stadium, if technically and economically feasible. The selected A/E firm and CM@R will be asked to present options to facilitate this during the initial stages of Schematic Design, for the University's consideration. Costs for implementing any option will be considered Cost of Work.

**2. Question:** In Section 2 – Executive Summary / 2.5 there are two line items for Occupancy. Can you please distinguish the difference between line item 2.5.16 Occupancy and 2.5.18 Occupancy?

**Answer:** Section 2.5.16 is removed from the Schedule.

<del>2.5.16 Occupancy .....</del>	<del>07/29/2026</del>
2.5.17 Final Completion .....	07/29/2026
2.5.18 Occupancy.....	08/03/2026
